The intention of these rules is to provide additions to the basic rules to create a smooth-running,	Deleted: in order
spectator-friendly, well-resourced elite sports event. Where there is a discrepancy between the Rules of Beach Ultimate and the Appendix, the Appendix takes precedence. These rules set the standard for World Flying Disc Federation (WFDF) events, but should also guide best practice for non-WFDF events. Specifically, these rules should be applied at the following events:	
World Beach Ultimate Championships,	
World Masters Beach Ultimate Championships,	
Continental Beach Ultimate Championships (e.g. Pan-American Beach Ultimate Championships, Asia-Oceanic Beach Ultimate Championships, All Africa Beach Ultimate	Deleted: <#>World Beach Ultimate Club Championships,¶ World Masters Beach Ultimate Club Championships,¶
Championships),	Deleted: <#>n
ANOC World Beach Games (along with other changes as mandated by WFDF and/or event	Deleted: IWGA
hosts),	
For non-WFDF events, a selection or modification of these rules may be added to the basic rules of • • play, according to the level of resources available and the standard of play.	Formatted: No bullets or numbering, Tab stops: Not at 2.54 cm
	Deleted: Basic modifications for a non-WFDF event may include: ¶ playing surface, ¶ number of players, ¶ size of field, ¶ length of game, and ¶ field markings.

AI. Playing Field

A1.1. The entire surface of the field of play must be sand.

- A1.2. Playing field dimensions:
 - Al.2.1. The playing field is seventy-five (75) metres long by twenty-five (25) metres wide. Al.2.2. The central zone is forty-five (45) metres long, and the two end zones are fifteen (15) metres deep at each end of the central zone.
- AI.3. A restraining line must be established a minimum of three (3) metres from the perimeter line. All persons from the active teams must remain outside this line during play. A second restraining line must be established a minimum of two (2) meters from the first restraining line. These restraining lines may be increased by a WFDF Official at their discretion. All other persons, apart from permitted officials, and equipment must remain outside this line during play.
 - A1.3.1. Where a second restraining line is used, the distance for calling a sideline obstruction according to Rule 2.7 is increased from three (3) metres to five (5) metres.

- AI.4. The minimum distance between adjacent fields must be three (3) metres.
 - A1.4.1. If the distance between adjacent fields is less than six (6) metres a maximum of two (2) non-players per team are allowed between the fields during play. No other persons or equipment, apart from permitted officials, are allowed between the two fields during play.
- A1.5. A WFDF Official must approve in writing any reduction to the location of the restraining line, any further reduction to distance between two adjacent fields, or any reduction to the field size.
- A1.6. To allow a field to fit in a smaller playing area an exemption may be requested to reduce the field size, with the minimum width being twenty-five (25) metres and the minimum length being seventy (70) metres. End zones may be reduced to <u>a</u> minimum size of <u>twelve and a half (12.5</u>) metres.

A5.3. At the start of a half of play:

A5.3.1. The timekeeper will signal:

A5.3.1.1. Sixty (60) seconds prior to the start of a half.

A5.3.1.2. The start of a half.

A5.4. At the start of a point, and prior to the subsequent pull to begin play:

- A5.4.1. Offence
 - A5.4.1.1. After forty-five (45) seconds from the start of a point all offensive players should stand with one foot on their defending goal line without changing position relative to one another, until the pull is released.
 - A5.4.1.2. The offensive team should ensure that the defensive team has an unobstructed view of the offensive players.
 - A5.4.1.3. The offensive team has sixty (60) seconds from the start of a point to signal readiness to receive the pull. The offence must be legally positioned and all non-players from the offensive team must be off the playing field before the offence can legally signal readiness.
 - A5.4.1.4. If the offence fails to legally signal readiness in time the opposition should call a "pre-pull time limit violation" and play must stop until both teams acknowledge the violation. This violation must be called prior to the pull.

A5.4.2. Defence

A5.4.2.1. The defensive team has seventy-five (75) seconds from the start of a point to pull the disc, or fifteen (15) seconds after the offense has legally signalled readiness, whichever is later.

- A5.4.2.1.1. All non-players from the defensive team must be off the playing field before the pull is released. If non-players from the defensive team are not off the field, this is to be treated as an offside violation.
- A5.4.2.2. If the defence fails to pull in time the opposition should call a "pre-pull time limit violation" and play must stop until both teams acknowledge the violation. This violation must be called prior to the pull.
- A5.4.3. Mixed division
 - A5.4.3.1. In a mixed division, if applicable, the relevant team has fifteen (15) seconds from the start of a point to indicate whether it will play with three (3) females or three (3) males.
 - A5.4.3.2. The relevant team must indicate the gender mix ("three women" or "three men") verbally and by using the appropriate hand signal.
 - A5.4.3.3. If the relevant team fails to indicate gender mix in time, the same gender mix as the previous point will be assumed, or, if at the start of a half, a gender mix of two (2) females and three (3) males will be assumed.
- A5.4.4. The timekeeper will signal:
 - A5.4.4.1. In a mixed game, if applicable, fifteen (15) seconds after the start of the point (relevant team must indicate gender mix).
 - A5.4.4.2. Forty-five (45) seconds after the start of the point (15 second warning for offence).
 - A5.4.4.3. Sixty (60) seconds after the start of the point (15 second warning for defence).
 - A5.4.4. Seventy-five (75) seconds after the start of the point, or fifteen (15) seconds after the offense has legally signalled readiness, whichever is later (play must start).
 - A5.4.4.5. If a series of whistles are used to indicate the time limits, the time limit is not considered to have been reached until the first sound of the last whistle.
- A5.4.5. Restarting play after a "pre-pull time limit violation"
 - A5.4.5.1. On the first instance of a "pre-pull time limit violation" for a team, or if the violation is contested, no penalties apply. The offence must signal readiness within fifteen (15) seconds of the violation call, and the pull must be released within thirty (30) seconds of the violation call, or fifteen

	<u>A5.4.5.3.</u>	However, if the infringing team has no time-outs left:	
		A5.4.5.3.1. If the offence is the infringing team, the pull occurs as usual,	
		and then the thrower must establish a pivot point as per 7.9,	
		7.10. 7.11 or 7.12 and then play restarts as soon as possible	
		<u>as if a time-out had been called at that spot (unless 7.8</u>	
		<u>applies).</u>	
		A5.4.5.3.2. If the defence is the infringing team, the pull occurs as usual

- A5.7.2. After forty-five (45) seconds, if the issue is not resolved, the play will be considered contested. The disc must be returned to the last non-disputed thrower.
 - A5.7.2.1. If there is a significant language barrier between the two teams, a WFDF official may allow an additional fifteen (15) seconds to resolve issues and to restart play.
- A5.7.3. After one (1) minute play must be restarted.
- A5.7.4. The timekeeper will signal forty-five (45) seconds after play stopped, and will repeat the signal every fifteen (15) seconds if play has not restarted.
- A5.8. If an injury stoppage is called whilst a time limit is in place, the time limit shall be paused while the injury is addressed or until the injured player is removed from the playing field.
- A5.9. The preferred method of signalling by a timekeeper should be the use of a whistle, possibly assisted by verbal information and hand signals, following procedures outlined in the WFDF Tournament Director's Manual.
- A5.10. If a team chooses to assess a time violation, they must call "violation" and should use Hand Signal No. 14.

A6. Mixed Division

A6.1. Events must specify which of the following ratio rules will be used to determine if points are played with a ratio of three (3) females and two (2) males, or with a ratio of two (2) females and three (3) males.

A6.1.1. <u>Ratio Rule A will be used for all WFDF Events (including all National Events, Club</u> <u>Events, Continental Events).</u>

- A6.2. Ratio Rule A ("prescribed ratio" rule):
 - A6.2.1. At the start of the game, after the first disc flip, an additional disc flip happens with the winner selecting the gender ratio for the first point. For the second and third points the ratio must be the reverse of the first point. For the fourth and fifth points the ratio must be <u>the</u> same as the first point. This pattern of alternating the ratio every two points repeats until the end of the game (half time has no impact on the pattern).
- A6.3. Ratio Rule B ("end zone decides" rule):
 - A6.3.1. At the start of the game, after the first disc flip, an additional disc flip happens with the winner selecting which end zone is "End zone A", with the other end zone becoming "End zone B". At the start of each point the Team that is at End zone A must choose the gender ratio. This process applies for the first half. For the second half, at the start of each point the Team that is at End zone B must choose the gender ratio.

A6.4. Upon request by the opposing team captain, offensive players should await the pull, after signalling readiness, in such a way that the defence can easily determine gender matchups.

A7. Teams

- A7.1. A team must have one designated team captain and one designated spirit captain per game. A7.1.1. The team captain is a team member, who is eligible to participate in the game, and has been designated to represent the team in decision-making on behalf of the team before, during, and after a game.
 - A7.1.2. The spirit captain is a team member, who is eligible to participate in the game, and has been designated to address, discuss, and resolve spirit issues at any point throughout the competition with opponents, teammates, coaches, and game or event officials.
- A7.2. A team may have a coach or coaches to assist their team. Coaches are people who are not eligible to participate in the game and are considered to be Non-playing Team Support. If a team has more than one (1) coach, they must have one (1) designated coach per game to represent the team in decision-making on behalf of the team before, during, and after a game. All coaches are expected to abide by the Spirit of the Game.
- A7.3. A team must have five (5) players available for every point. A team in the mixed division must have three (3) female and three (3) male players available for every point. A7.3.1. If a team does not fulfil the requirements of A7.3 they must lose a time-out, and the start of the point will be delayed for seventy-five (75) seconds.
 - A7.3.2. If the team has no time-outs left, their opposition must be awarded a goal, and the start of the point will be delayed for seventy-five (75) seconds.

Moved up [1]: <#>The offence must signal readiness within fifteen (15) seconds of the contested violation call, and the pull must be released within thirty (30) seconds, or fifteen (15) seconds after the offense has legally signalled readiness, whichever is later.

Deleted: <#>Offside

The pull must be repeated (a 're-pull') for an offside violation if the violation is contested.

Prior to a re-pull, time-outs and substitutions are not permitted, unless in accordance with rule 19.1. The offence must signal readiness within fifteen (15) seconds of the contested violation call, and the pull must be released within thirty (30) seconds, or fifteen (15) seconds after the offense has legally signalled readiness, whichever is later. ¶

For any uncontested offside violations by a team:

If the receiving team is called for offside: the thrower must establish a pivot point as per 7.9, 7.10, 7.11 or 7.12 and then play restarts as soon as possible as if a time-out had been called at that spot (unless 7.8 applies).¶ If the pulling team is called for offside: the receiving team may let

If the pulling team is called for offside: the receiving team may let the disc hit the ground untouched and then choose to treat it as if a brick had been called and restart play at the brick mark. No check is required. \P

Receiving Fouls

The following rules are in addition to those in rules 17.2, 17.6 and 17.10.

Contact with an opponent's arms or hands, that occurs after possession has been reasonably determined, is not sufficient grounds for a defensive or offensive receiving foul, but should be avoided (excluding contact related to rule 17.5 Strip Fouls).¶ Offsetting fouls (as defined by rule 17.10) that occur after possession has been reasonably determined must be treated as Indirect fouls.¶

Notes regarding A7.2 and A7.3:

Possession is deemed to have been reasonably determined once the disc has been caught, or has been contacted in such a way that the pass will result in a turnover, regardless of any subsequent actions.[¶]

As per rule 17.1, Dangerous play supersedes rules A7.2 and A7.3. Moved (insertion) [3]

However this may only occur if the outcome will be to the detriment of their own team. A10.2. Teams may use a non-player as a translator to assist in communication during a stoppage. Translators should act in good faith to translate as accurately as possible. People who are translating should clearly announce to both teams when they are translating and when they are instead providing advice on a call. The time limits detailed in section A5.7.2.1 will apply if a translator is being used for a discussion. A11.1. Players may view photographic or video footage of a call if it is available. B3. Ranking Criteria and Tie Breakers

- B3.1. After round robin pool play, rank all teams in each pool by the number of games won.
- B3.2. If teams are tied, break that tie using the ranking criteria.
- B3.3. Each ranking criterion is used to rank all of the tied teams, not just to determine the highest ranked team.
 - B3.3.1. If, after the application of a ranking criterion, all of the teams remain tied, go to the next criterion.
 - B3.3.2. If not all teams remain tied, but one or more subgroups of the teams remain tied, separate these subgroups from the ranking. Each subgroup is then to be ranked separately, starting with the first ranking criterion.
- B3.4. Ranking criteria, in order:
 - B3.4.1. Number of games won, counting only games between the teams that are tied.
 - B3.4.2. Fewest games forfeited.
 - B3.4.3. Goal difference, counting only games between the teams that are tied.
 - B3.4.4. Goal difference, counting games against all common opponents.
 - B3.4.5. Goals scored per game, counting only games between the teams that are tied.
 - B3.4.6. Goals scored per game, counting games against all common opponents.
 - B3.4.7. Each team nominates one player to throw one disc from behind the goal line to the far brick point on a regulation playing field. Throwing order is determined randomly, by disc toss or otherwise. Teams are ranked in order by the distance from the resting place of each disc to the brick point, from closest to furthest.

B4. Inclement Weather Rules B4.1. Pre-emptive rescheduling

- B4.1.1. WFDF Officials will monitor weather forecasts at least twenty-four 24 hours ahead of each day's play.
- B4.1.2. If inclement weather is predicted for a day of play, Officials may inform all captains of a modified schedule of play no later than twelve (12) hours before the new scheduled commencement of play on that day.
- B4.1.3. The modified schedule may include an earlier start time, shorter breaks between games, lower time caps and/or a lower target. Shortened game times should only be used where there is high likelihood of interruption and little capacity to catch up any delayed game on a subsequent day (eg if it is the final day).
- B4.1.4. In extreme cases, the modified schedule may include pre-emptively cancelled games to provide space for more important games to be rescheduled.
- B4.1.5. Play may also be allowed to finish later in the day in the case of a delay.

B4.2. Lightning

- B4.2.1. On-site risk identification
 - B4.2.1.1. On a day where thunderstorms are predicted, Officials will access live weather observations, such as on-line weather radars or radio weather warnings, to anticipate the arrival of thunderstorms at the venue.
 - B4.2.1.2. If a thunderstorm is imminent, Officials <u>should</u> inform all captains and officials on site that there is a possibility of play being suspended and to reiterate the WFDF rules regarding risk identification and response. Captains and officials should also inform players and other persons on the field of the correct risk identification and response procedures if possible.
 - B4.2.1.3. If lightning is observed or thunder is heard, a WFDF Official will count the time between the lightning (flash) and the thunder (bang). If the time delay is less than thirty (30) seconds then the strike was closer than ten (10) kilometres and the playing area will be cleared immediately.

Deleted: interest

Deleted: interest

- B4.2.1.4. If lightning technology is present at the venue then B4.2.1.3 does not apply and WFDF Officials may act based on the advice of the venue officials.
- B4.2.1.5. If anyone observes hair standing on end, hears crackling or hears static on electronic devices, a lightning strike may be imminent, and all people in the vicinity should be alerted.
- B4.2.2. Response to observed risk
 - B4.2.2.1. Upon a lightning risk being identified, an Official must immediately alert both team captains. Play must be immediately suspended and the disc left where it lies. Any play after a captain has been informed of the suspension will be deemed null and void.
 - B4.2.2.2. All people should seek appropriate shelter.
 - B4.2.2.3. If people are caught exposed in a thunderstorm and cannot seek appropriate shelter, they should crouch into a ball, preferably in a hollow in the ground, and remove any metal accessories.
- B4.2.3. Resuming play
 - B4.2.3.1. Players must only return to the playing field once thirty (30) minutes has elapsed since lightning or thunder was last observed and after official notice from WFDF Officials that return to the field is permitted.

B4.3. Hot weather

- B4.3.1. During each days play WFDF Officials will determine if extreme hot weather will pose a risk to players of heat-related illness and injuries.
- B4.3.2. On days where extreme hot weather is predicted WFDF Officials should inform all captains and officials on site and convey appropriate methods for dealing with hot weather. Captains and officials should also inform players and other persons on the field of these methods.
- B4.3.3. In the case of extreme hot weather, play may be adjusted in the following ways: B4.3.3.1. Additional stoppages may be added between points to allow players to rest and re-hydrate.
 - B4.3.3.2. Play may be rescheduled to avoid playing in the hottest time of the day.
 - Game length and points cap may be reduced. B4.3.3.3.
 - Play may be suspended or cancelled if conditions are deemed by the B4.3.3.4. TRG/TTD/CMO to be too extreme.

B5. Suspended or Cancelled Play

B5.1. Designated WFDF Officials may suspend or cancel any game if they have a reasonable reason to do so. The reason/s must be communicated to the teams affected.

- B5.1.1. If WFDF Officials determine that a game is to be suspended or cancelled, the following rules outline how play can be continued and appropriate results determined.
- B5.1.2. If play is suspended mid-point, a WFDF Official will take note of the disc position at the time of the suspension.
- B5.1.3. If play is suspended between a goal being scored and the ensuing pull, then the offence will be free to choose a new line-up, even if those had been already signaled at the time of the suspension.
- **B5.2.** Rescheduling
 - B5.2.1. During a period of suspended play all team captains present at the venue must meet with WFDF Officials to discuss the process for rescheduling games. Where possible games will be rescheduled. Time caps and points caps may be reduced to allow games to be rescheduled.
- B5.3. Resumption of suspended play
 - B5.3.1. If rescheduling allows for the suspended game to be continued, then play should resume where possible with the disc in the approximate position it was when the field was cleared. Play restart as if a time-out had been called (as per Rule 20.3).
 - B5.3.2. Teams will be allowed ten (10) minutes to warm-up prior to the resumption of play, once allowed onto the playing field.
- B5.4. Determine results of suspended and cancelled games
 - B5.4.1. If rescheduling does not allow for suspended games to be continued, or games are cancelled, the following rules must be used to determine the outcome of the games:

Appendix C: Uniform Requirements

CI. Purpose

- C1.1. The primary purpose of these uniform requirements is to distinguish between players on opposing teams, and to identify individual players. This allows players, officials and spectators to follow and interpret the game correctly.
- C1.2. They also aim to protect player safety and comfort, and fairness in the competition.
- C1.3. Additionally, better quality uniforms are expected to convey a better image of our sport to the world, taking advantage of the media and spectator opportunities of WFDF events.
- C1.4. These requirements aim to minimize the costs to players of meeting their primary purpose. If resources allow, teams are encouraged to exceed the minimum requirements of these rules in order to maximise the benefits to our sport.
- C1.5. WFDF requires teams to consider the <u>rules and public</u> image of the sport when designing uniforms for WFDF events.
- C1.6. WFDF reserves the right to require a team to alter or replace text or graphics on a garment or to replace an entire garment.

C2. General

- C2.1. A uniform must consist of, at minimum, a shirt to cover the chest and abdomen, and clothing to cover the lower torso and upper legs.
- C2.2. A single item of clothing is allowable as a uniform if it meets the requirements of the two separate items as expressed in these rules.
- C2.3. A team must bring at least two distinct sets of shirts to each game (this distinction should include taking into account colour vision deficiency).
- C2.4. All uniform items must be of professional quality and must not negatively impact the image of the sport.

C3. Home and Away

- C3.1. An event schedule may designate a "home" and "away" team for each game.
- C3.2. WFDF may designate team colour for certain games.
- C3.3. If the event schedule does not designate home and away teams, the team captains will determine which team is the home team before the game by a disc toss or other fair method.
- C3.4. The home team has the first choice of shirt colour.
- C3.5. Prior to arriving at a game, a team may tell their opponent which shirt is their "home" shirt, and they are bound by that decision.

C4. Shirts

- C4.1. All players on a team must wear shirts that match in colour and pattern (sleeve lengths may vary).
- C4.2. Each player in a team for a particular game must be designated by a unique integer between 0 and 99 inclusive.
- C4.3. The shirt that a player wears in that game must bear their number, expressed only in Arabic numerals, with an optional leading zero for numbers between 0 and 9 inclusive.
- C4.4. The number must be sewn or printed onto the back of the shirt. Each digit in the number must be a minimum of sixteen (16) centimetres high and have a minimum line width of three (3) centimetres wide.
 - C4.4.1. The number may also appear elsewhere on the shirt.
- C4.5. The numbers must be clearly visible from a distance, entirely one colour, and of a significantly different colour from the background shirt colours.
- C4.6. There must not be any overlaid design or characters obscuring the numbers.

C5. Pants

- C5.1. Pants are deemed to be any clothing that covers at least the lower torso and upper legs
- C5.2. All players on a team must wear pants that match in colour and pattern.
- C5.3. Pants must have numbers sewn or printed on the front left leg. The number must match that of the player's shirt.

C6. Optional Features

C6.1. If the team is a national team, the uniform may also include the International Olympic Committee three letter <u>country</u> code representing that country and/or its national flag. <u>C6.2.</u> Shirts may have player names printed on them.

C6.3. Uniforms may have a sponsor name or logo printed on them.

C7. Undergarments

- C7.1. Players may wear clothing under their uniform in order to protect them from injury, temperature, sunlight, etc.
- C7.2. WFDF considers that if any exposed parts of undergarments are black, white, or matching the main uniform colours, this will improve the image of the sport.

C8. Gloves

I

- C8.1. Players may wear gloves, but they must not in any way damage the disc or leave any residue on the disc.
- C8.2. Players are prohibited from applying any substance to their hands, for the purposes of enhancing grip, which can transfer to the disc during the course of play.

C9. Headgear

- C9.1. Players may wear hats, caps or other headgear to protect them from sun exposure, the weather, injury or for personal comfort.
- C9.2. If players on a team wear hats, all hats must be similar in style and colour. For the purposes of this rule, visors and hats are considered to be of similar style.
- C9.3. Headgear must not display non-related commercial logos or other non-related sports team logos.

CI0. Socks

- C10.1. If players on a team wear long socks, WFDF considers that matching those socks will improve the image of the sport.
- C10.2. Socks and stockings must not display non-related commercial or other non-related sports team logos.

CII. Footwear

C11.1. Footwear with soles thicker than 3 millimetres, or non-bendable footwear, is not allowed.

CII.2. Socks must not have studs or ridges on the soles.

C12. Additional Uniform Requirements for Players

- C12.1. Players must not wear anything that is dangerous to other players.
- C12.2. Players must not wear anything that gains an advantage by substantially enhancing the physical presence of the player.
- C12.3. Team uniforms must comply with the WFDF Event Social Justice Policy.
- C12.4. Players, substitutes and team officials must not use any equipment that amplifies their

voices.

C12.5. Players, substitutes and team officials may be requested to refrain from using, or restrict the location of, any props that could negatively impact the image of the sport.

CI3. Coaches and Support Staff

- C13.1. Coaches and support staff must wear appropriate attire when on the sideline, preferably in a similar style to their team, <u>but preferably in a colour that distinguishes them from their</u> <u>players</u>.
- C13.2. Coaches and support staff may be requested to change their attire, where possible, if, for example, it clashes with that of relevant WFDF Officials.

Appendix E: Seeding, Schedule and Event Bids

El.Seeding for National Team Events (per division)

- E1.1. Use final standings of the previous instance of event being seeded to determine the top eight (8) teams.
- E1.2. For remaining countries not included in E1.1, determine the seeding by using the average score of:
 - E1.2.1. the final standings of the previous instance of the event being seeded, and
 - EI.2.2. the current WFDF World Ultimate Rankings.
 - E1.2.3. Where a country did not attend the previous instance of the event being ranked, use only that countries current World Ultimate Ranking.
- E1.3. All countries with a zero (0) score from E1.2 will be ordered at the bottom of the seeding list by random draw.
- EI.4. Re-seeding for European Teams

EI.4.1. WBUC: Reorder European Teams, keeping relative position to non-European Teams, based on most recent European Beach Ultimate Championships.

E2.Seeding Pools (Semi-Random Seeding)

E2.1. Pools will be seeded using a traditional "snake" numbering system. Example:

Pool A	Pool B	Pool C	Pool D
I	2	3	4
8	7	6	5
9	10	П	12
16	15	14	13
17	18	19	20

E2.2. In situations where pools have an uneven number of teams, the pools with fewer teams will correspond with the pool with the #1 seed, then the pool with the #2 seed and so on. Example:

 npic.			
Pool A	Pool B	Pool C	Pool D
Ι	2	3	4
8	7	6	5
9	10	П	12
16	15	14	13
		17	18

- E2.3. The #1 seed for each pool gets placed according to the ranking list of teams.
- E2.4. The next "n" number of teams from the ranking list, where "n" = the number of pools, are randomly drawn into the next "n" number of positions.
 - E2.4.1. For systems with 4 or more pools "n" is always a minimum of 4 and a maximum of 50% of the number of pools (while enough unplaced teams remain)
- E2.5. Repeat step E2.4 until all teams are placed.

E3.Bids to National Team Events (WBUC)

- E3.1. For each division, where space is available, all WFDF <u>National</u> Federations indicating an expression of interest for each division will receive one (1) bid in each playing division for each event.
- E3.2. Where events have limitations on the number of teams or participants, WFDF will reduce the number of bids offered to <u>National</u> Federations by the following criteria implemented in

Deleted: <#>If the placement of a set of teams results in a country having more than two (2) teams in a single pool WFDF may adjust the random draw of that set of teams to avoid this situation. Teams may only be moved within their random draw pot of "n" teams (see E3.4) to achieve this goal.[]

World Ultimate Rankings
The World Ultimate Rankings are rankings
that are based on the finishing position of
each country's top team in each playing
division over the last four years from the
most recent WFDF Ultimate events. 🤋
World Ultimate Ranking Points are
calculated by using the following formula
for each team participating in all eligible
divisions for all eligible events:¶
Points = (MAX Points/Teams in Division) X
((Teams in Division - Team Rank)+1)¶
For Club Events, only a country's top
placing team will collect points. Lower
ranked teams from the same country will be
removed from the list of teams for the
purposes of calculating the "Teams in
Division".¶
A country's World Ultimate Ranking is the
sum of all points collected by all that
country's from all eligible
events/divisions.¶
World Ultimate Rankings are calculated
using the most recent occurrence of all
eligible events.¶

To the extent this Public License may be interpreted as a contract, You are granted the Licensed Rights in consideration of Your acceptance of these terms and conditions, and the Licensor grants You such rights in consideration of benefits the Licensor receives from making the Licensed Material available under these terms and conditions.

Section I – Definitions.

- Adapted Material means material subject to Copyright and Similar Rights that is derived from or based upon the Licensed Material and in which the Licensed Material is translated, altered, arranged, transformed, or otherwise a. modified in a manner requiring permission under the Copyright and Similar Rights held by the Licensor. For purposes of this Public License, where the Licensed Material is a musical work, performance, or sound recording, Adapted Material is always produced where the Licensed Material is synched in timed relation with a moving image.
- Adapter's License means the license You apply to Your Copyright and Similar Rights in Your contributions to b. Adapted Material in accordance with the terms and conditions of this Public License.
- Copyright and Similar Rights means copyright and/or similar rights closely related to copyright including, с. without limitation, performance, broadcast, sound recording, and Sui Generis Database Rights, without regard to how the rights are labeled or categorized. For purposes of this Public License, the rights specified in Section 2(b)(1)-(2) are not Copyright and Similar Rights.
- Effective Technological Measures means those measures that, in the absence of proper authority, may not be d. circumvented under laws fulfilling obligations under Article 11 of the WIPO Copyright Treaty adopted on December 20, 1996, and/or similar international agreements.
- **Exceptions and Limitations** means fair use, fair dealing, and/or any other exception or limitation to Copyright and Similar Rights that applies to Your use of the Licensed Material. e.
- f. Licensed Material means the artistic or literary work, database, or other material to which the Licensor applied
- this Public License. Licensed Rights means the rights granted to You subject to the terms and conditions of this Public License, which g. are limited to all Copyright and Similar Rights that apply to Your use of the Licensed Material and that the Licensor has authority to license.
- h Licensor means the individual(s) or entity(ies) granting rights under this Public License.
- Share means to provide material to the public by any means or process that requires permission under the Licensed Rights, such as reproduction, public display, public performance, distribution, dissemination, communication, or importation, and to make material available to the public including in ways that members of the public may access the material from a place and at a time individually chosen by them. **Sui Generis Database Rights** means rights other than copyright resulting from Directive 96/9/EC of the

The Licensor waives and/or agrees not to assert any right or authority to forbid You from making technical modifications necessary to exercise the Licensed Rights, including technical modifications necessary to circumvent Effective Technological Measures. For purposes of this Public License, simply making modifications authorized by this Section 2(a)(4) never produces Adapted Material.
 - 5. Downstream recipients.
 - Offer from the Licensor Licensed Material. Every recipient of the Licensed Material Α. automatically receives an offer from the Licensor to exercise the Licensed Rights under the terms and conditions of this Public License.

- B. <u>No downstream restrictions</u>. You may not offer or impose any additional or different terms or conditions on, or apply any Effective Technological Measures to, the Licensed Material if doing so restricts exercise of the Licensed Rights by any recipient of the Licensed Material.

b. Other rights.

- Moral rights, such as the right of integrity, are not licensed under this Public License, nor are publicity, privacy, and/or other similar personality rights; however, to the extent possible, the Licensor waives and/or agrees not to assert any such rights held by the Licensor to the limited extent necessary to allow You to exercise the Licensed Rights, but not otherwise.
- 2. Patent and trademark rights are not licensed under this Public License.
- 3. To the extent possible, the Licensor waives any right to collect royalties from You for the exercise of the Licensed Rights, whether directly or through a collecting society under any voluntary or waivable statutory or compulsory licensing scheme. In all other cases the Licensor expressly reserves any right to collect such royalties.

Section 4 - Sui Generis Database Rights.

Where the Licensed Rights include Sui Generis Database Rights that apply to Your use of the Licensed Material:

- a. for the avoidance of doubt, Section 2(a)(1) grants You the right to extract, reuse, reproduce, and Share all or a
 - substantial portion of the contents of the database;
- b. if You include all or a substantial portion of the database contents in a database in which You have Sui Generis Database Rights, then the database in which You have Sui Generis Database Rights (but not its individual contents) is Adapted Material; and

Where a limitation of liability is not allowed in full or in part, this limitation may not apply to You.
- c. The disclaimer of warranties and limitation of liability provided above shall be interpreted in a manner that, to the extent possible, most closely approximates an absolute disclaimer and waiver of all liability.

Section 6 - Term and Termination.

- a. This Public License applies for the term of the Copyright and Similar Rights licensed here. However, if You fail to comply with this Public License, then Your rights under this Public License terminate automatically.
 b. Where Your right to use the Licensed Material has terminated under Section 6(a), it reinstates:
- b. Where Your right to use the Licensed Material has terminated under Section 6(a), it reinstates:

 automatically as of the date the violation is cured, provided it is cured within 30 days of Your discovery of the violation; or
 - 2. upon express reinstatement by the Licensor.

For the avoidance of doubt, this Section 6(b) does not affect any right the Licensor may have to seek remedies for Your violations of this Public License.

c. For the avoidance of doubt, the Licensor may also offer the Licensed Material under separate terms or conditions or stop distributing the Licensed Material at any time; however, doing so will not terminate this Public License.
 d. Sections 1, 5, 6, 7, and 8 survive termination of this Public License.

Section 7 - Other Terms and Conditions.

- a. The Licensor shall not be bound by any additional or different terms or conditions communicated by You unless expressly agreed.
- b. Any arrangements, understandings, or agreements regarding the Licensed Material not stated herein are separate from and independent of the terms and conditions of this Public License.

- a. For the avoidance of doubt, this Public License does not, and shall not be interpreted to, reduce, limit, restrict, or impose conditions on any use of the Licensed Material that could lawfully be made without permission under this Public License.
- b. To the extent possible, if any provision of this Public License is deemed unenforceable, it shall be automatically reformed to the minimum extent necessary to make it enforceable. If the provision cannot be reformed, it shall be severed from this Public License without affecting the enforceability of the remaining terms and conditions. On term or condition of this Public License will be waived and no failure to comply consented to unless expressly
- agreed to by the Licensor.
- d. Nothing in this Public License constitutes or may be interpreted as a limitation upon, or waiver of, any privileges and immunities that apply to the Licensor or You, including from the legal processes of any jurisdiction or authority.
