30 July 2024

Dear WFDF members:

The 2024 WFDF Congress will take place on Friday and Saturday, 30-31 August 2024 prior to the beginning of the WFDF 2024 World Ultimate Championships and World Guts Championships in Gold Coast, QLD, Australia on a hybrid (in-person and virtual) basis. I am hopeful that you and your association are doing well and have returned to "normal" in the level and breadth of your flying disc activities in your country post-COVID. Coming off of a very busy and successful WFDF World Championship event calendar in 2023, we are excited to be in the midst of it in 2024 under our new agenda of WFDF 3.0.

Our formal Congress meetings will be held Friday afternoon from 15:45-18:00 and Saturday morning 07:45-10:00 Gold Coast time at the Gold Coast Performance Centre, Conference Room - GOLD. I know it is tough with time zone differences, but we tried to limit the middle of the night timing around the globe for those joining online as best we could (without total success unfortunately).

Our Annual Congress is composed of several types of discussions. As always, the primary focus of the meeting will be the business matters of the federation requiring voting approval of the members: approval of the proposed budget, acceptance of the financial statements and audit, approval of the Auditor, several Bylaws revisions, new member applications, and the annual risk assessment. We also received two member proposals that will be considered.

Second, there are a variety of presentations made to apprise you of our activities: reports from the President and Secretary General, the Census, WFDF sanctioned events, the disc sport committees, marketing and broadcast, the work of the Commissions, development work, and anti-doping issues. We will present these both in-person and in written form, and you can read all of these final reports in this briefing book. All of the voting will be consolidated in the morning session Gold Coast time on Saturday.

Although we have a very packed agenda, we will set aside 15 minutes to discuss our Olympics and Multi-Sports Games Involvement and get your input at the end of the session.

As always, thanks for your support and I look forward to speaking with many of you in person or online on the 30th and 31st of August.

Very truly yours,

NOB

Robert "Nob" Rauch
President

WFDF 2023 Annual Congress
Nottingham, UK
Saturday, July 01, 2023

Minutes of the 2023 WFDF Congress Meeting

1 Call to order

President Rauch opened the meeting at 11:10 am BST and welcomed all attendees, both in person and online.

2 Voting Protocol

Secretary Griesbaum gave an introduction to the voting protocol and explained the technical requirements.

3 Roll call of National Associations present / confirmation of votes allotted

See Annex 1 – list of participants.

4 2022 Congress Minutes

The 2022 Congress Minutes were presented and approved before the meeting via online vote.

5 Decisions taken by Congress between 2022 and 2023

The annual elections of WFDF Board members and Ultimate Committee members took place according to the bylaws of WFDF. Congress also approved the membership change of Italy and Malta, the new membership proposals of Saudi Arabia, Ecuador and Monaco, and the 2022 Congress Minutes.

6 Report by the President

In his report President Rauch highlighted the successful return of in-person events in 2022 including the WMUCC in Limerick, WUCC in Cincinnati, the WJUC in Wroclaw, and the World Team Disc Golf Championships in Croatia, which saw record-breaking participation of 25 countries. At the World Games in Birmingham, AL, USA, Flying Disc was 7th in attendance of 43 events and gained the most views of any sport (223,792 views including live streams and highlights) of the total accumulated 557,559 views on the Olympic Channel, 40% of all views. Federation membership growth had almost reached the same level as pre-COVID, with significant growth and interest in countries such as China. During COVID Disc Golf had received a strong surge of interest.

Although Flying Disc events had successfully restarted, WFDF is facing many challenges, e. g. ongoing effects of the pandemic, the global energy crisis and economic conditions. WFDF needed more and more resources to cope with increasing demands regarding athlete safeguarding, non-discrimination, transgender matters, anti-doping fight and equality, sustainability, conservation and mitigation of climate change.

Rauch discussed strategic plans for 2023-2028, which revolve around youth development, increased membership, sustained partnerships, and the ongoing recognition from events like the World Games.

WFDF's position with respect to the ongoing situation in Ukraine remains unchanged from the board policy articulated in March 2022 as nothing had materially changed since then.

7 Report by the Secretary General

General Secretary Bernardi reported that the federation counts a total of 110 member associations from 106 countries. Since the Congress in 2022, three more countries have been accepted - Saudi Arabia, Ecuador, and Monaco.

Bernardi highlighted the increase in National Olympic Committee recognitions in the last year, emphasizing the importance of these recognitions for the federation's status in the Olympic Movement. He encouraged all members and attendees to work closely with WFDF for further recognitions.

He thanked the Deputy Secretary General of the Chinese Flying Disc Administration Committee, Xue Zhixing, for their support in introducing Disc Golf in Chengdu World Games China. The success of this effort was attributed to the joint efforts of the federation, the WFDF disc golf committee, PDGA, and other partners.

Bernardi mentioned the federation's involvement in the International Masters Games Association and spoke about the successful European Masters Games held in Tampere, Finland. This engagement demonstrated the federation's effort in identifying the most suitable Flying Disc discipline for specific multisport games.

On the topic of anti-doping efforts, Bernardi detailed the federation's long-standing constructive relationship with the World Anti Doping Agency (WADA)and expressed pride in the federation's success in avoiding any positive doping cases since 2011. He touched upon the ongoing challenges with WADA's increasing demands and reiterated the federation's commitment to maintaining its status as a low-risk sport.

Bernardi encouraged all member federations and associations to propose suitable individuals for the federation's various commissions, highlighting the importance of WFDF’s volunteer network.

8 Review of 2023 Member Census

President Nob Rauch emphasized the value of the annual census for the WFDF. The comprehensive survey covers areas such as membership numbers, governance, and

financial metrics, development programs, communications, official recognition, sponsorship, anti-doping, and discipline-specific data. He underlined the importance of this data in shaping WFDF's decision-making.

Rauch also highlighted the summary of the global disc community survey, which collects demographic information and activity-related data. He thanked federations for their participation, stressed the need for timely responses, and welcomed any queries or comments on the survey.

9 Annual Risk Assessment

WFDF President Nob Rauch discussed the annual risk assessment process initiated around eight or nine years ago to identify key risks faced by the organization. This process, reviewed by the officers and board, aims to maintain a proactive approach to potential challenges. Rauch noted the eight risk areas:

1. Improving the quality and consistency of event delivery.
2. Ensuring the safety of participants, coaches, officials, spectators, and volunteers.
3. Recruiting and retaining sufficient volunteers for all activities.
4. Maintaining and increasing membership and participation.
5. Sustaining and improving financial viability.
6. Protecting and improving the public image and reputation.
7. Maintaining the Spirit of The Game, a key component of flying disc sports.
8. Applying good governance principles, including compliance with regulatory requirements.

Rauch also discussed the substantial impact of the COVID-19 pandemic on the WFDF, noting the financial repercussions due to the cancellation of events, the suspension of sponsorships, and the voluntary 50% reduction in member dues. Despite these challenges, the WFDF was able to continue its operations thanks to a strong cash balance, staff adjustments, and the addition of new members.

Congress then voted on the question: “Do you approve the proposed Annual Risk Assessment?”

10 Event Manager Report

WFDF Managing Director Events & Operations Woldt recapped the 2022 WFDF events and TWG 2022. After a two year hiatus due to the COVID 19 pandemic, WFDF’s major events were able to take place successfully in 2022 even with short planning time and extremely tight deadlines with a reliance on strong and experienced LOCs. The WMUCC in Ireland attracted more athletes than expected. WUCC in Cincinnati ran smoothly at full capacity. WFDF teamed up with EUF to combine WJUC U20 and the EYUC U17 events in Wroclaw, Poland, maximizing the

efficiency of sharing logistics with one venue and one host. The World Team Disc Golf Championships (WTDGC) 2022 in Croatia was the biggest gathering of international players for any DG event ever, with 25 countries attending. The IWGA World Games took place in Birmingham, Alabama, USA, with eight countries competing in the Flying Disc Ultimate discipline.

During 2022, WFDF piloted a fee collection process which for the first time saw WFDF collect all fees for all events in US Dollars and then distribute back to the LOC in monthly instalments based on cash flow projections and accurate payment requirements. WFDF are currently exploring options to automate registration sign-ups for teams, automatic invoicing and cash reconciliations.

Woldt stressed the importance of communication between the WFDF events team and the national federations, particularly in relation to upcoming events and the release of relevant bulletins and dates.

All events for 2024 have been contracted and the dates are firm. Federations needed to stay on top of bulletins and meet deadlines promptly. Stricter rules will be implemented around payments for team fees and minimum rosters to confirm bids, as well as late fees for those missing deadlines.

WFDF is currently accepting bids for events in 2025 and 2026 across all disciplines. All federations interested in hosting events are invited to reach out to the WFDF, enabling them to build a database of potential hosts. WFDF is interested in moving events around globally, inviting even those tournament hosts without a full team setup or previous hosting experience to consider submitting a bid.

Woldt announced a proposal to increase the sanctioning fee for WFDF Continental events from US$15 to US$25 per player which would be voted on as part of the WFDF budget for 2024. African events would remain exempt from WFDF fees.

The WFDF Events Team had recently been joined by intern Yenny Pardo to support Woldt and WFDF Event Coordinator Patrick Fourcompré-Maye.

Following the report a discussion started about topics such as different player’s fees for different disc sports disciplines, how fluctuating exchange rates could negatively impact WFDF collecting all event fees, and plans for qualification events should future WFDF championships be over-subscribed.

Fourcampré-Maye added a brief report about the upcoming registration system for WFDF events which will include payments, player registrations, and document signings, providing a simpler and more intuitive registration experience.

11 Ultimate Committee Report

The Chair of the WFDF Ultimate Committee, Brian Gisel, thanked the WFDF Events Team for its hard work to ensure events were running as smoothly as possible. The Ultimate Committee had met several times in 2022 to review and revise the Championship Appendix as guidebook for running world championship events. Significant changes included the lowering of the Maximum Roster Size from 28 to 26

and the Gender Pulling Rule for all mixed gender events starting in 2023. The committee continues to revise the appendix. A major goal is the convergence of the WFDF and USAU set of rules and both sides are making steps forward.

With WFDF collecting all event fees, this has increased oversight around the finances of events and helps to safeguard funds gathered from teams and athletes. It allows for better post-event accounting with LOCs as well as other partners and stakeholders. The system also takes a significant portion of the burden off of LOCs by allowing the accounting of the events to rest with WFDF. Gisel asked all national federations to consider to bid to host events. With WFDF taking over more of the event management LOCs have a lower work load and risk.

The WFDF Ultimate Committee continued its oversight of the Game Advisor Working Group and is recruiting new GAs in regions where WFDF events are taking place. After a break during COVID-19 deliver Game Advisor Clinics are being held in 2023 in Thailand, India, Colombia and Germany. In 2023 WFDF will send Game Advisors to all four WFDF Ultimate events.

12 Disc Golf Committee Report

The Chair of the WFDF Disc Golf Committee, Charlie Mead, highlighted the growth in Disc Golf in countries such as Colombia, Mexico, Mauritius, and the Philippines, noting the positive impact the Ultimate community has had on this expansion. The number of countries participating in the World Team Disc Golf Championships had increased to 25 at last year's event in Croatia. The next WTDGC, the first in the southern hemisphere in Perth, Australia, was expected to attract new countries from the Asian-Oceanic region.

Disc Golf will make a return to The World Games 2025 for the first time since 2001. Mead thanked all who helped to achieve this, especially General Secretary Bernardi. This achievement, Mead believes, will significantly catalyze the growth of Disc Golf within WFDF's national members.

The Pan American Team Disc Golf Championships 2023 are scheduled to take place in Georgia (USA) and the Asian Oceanic championships in Chinese Taipei were still in discussion.

WFDF's relationship with the Professional Disc Golf Association (PDGA) was good, with an ongoing constructive dialogue.

The introduction of a Spirit of the Game score at TWDGC in 2022 had been received by athletes very well. Mead also noted the positive impact of the WFDF Event Team's work.

13 Reports from Other Disciplines Various

a) Beach Ultimate

The WFDF Beach Ultimate Committee Chair, Sheilla Quintos, discussed the upcoming World Beach Ultimate Championships scheduled for November 2023, which will include 44 teams across five divisions. Additionally, there's an International Beach Ultimate Mixed Club Challenge (IBUXCC), featuring approximately 14 teams, though this isn't fully confirmed as of yet. Future events in 2024 are the European Beach Ultimate Championships (EBUC) in France and the Asian Oceanic Beach Ultimate Championships (AOBUC) in Japan.

b) Freestyle

Rauch reported on behalf of the Freestyle Committee's Chair Lori Daniels. He noted the committee's composition and their newly compiled "Spirit of the Jam", a promotional brochure to explain the meaning of Freestyle. The highlight event of 2023 was the Freestyle Players Association World Championships (FPAW 2023) set for late August in Medellin, Colombia. FPA has had a recent change in leadership and the WFDF Freestyle Committee hoped to renew relationships with the new leaders.

c) Guts

The WFDF Guts Committee Chair, Steve Taylor, reported that after the pandemic break Guts had slowly regained its participation numbers. Guts teams from five countries were expected to participate at the Asia Oceanic Ultimate and Guts Championships 2023 in the Philippines. A US team of young players would be part of this event, but not able to earn a spot for medals. In 2024 the World Guts Championships would take place alongside the World Ultimate Championships in Gold Coast, Australia. There were plans for a women's Guts division at WGC. Taylor also reported on the state of Guts in various countries.

d) Overall/Field Events

Nob Rauch reported for the Overall Committee Chair Rob McLeod, noting that the committee is reconstituting to become more active and tackling several key tasks. They aim to get the overall championship schedule back on track and discussing reconfiguring the World Overall Championship to enhance its accessibility and encourage participation in various of its key seven sub-disciplines. McLeod was still working on videos to display and explain each Flying Disc discipline.

e) Parasports - Wheelchair Ultimate

Para-sport Committee Chair Volker Bernardi reported that the International Olympic Committee confirmed WFDF's status as an IPC recognized Federation. He also noted that WFDF will be holding its first Wheelchair Ultimate Championship in Italy from September 28 to October 1, 2023. Bernardi encouraged all countries to show interest and register their teams.

14 WFDF Anti-Doping Program and WADA Compliance

Volker Bernardi presented the Medical and Anti-doping Committee Report, underscoring the committee's multifaceted mandate that extends beyond mere anti-doping issues to other medical matters, including injury prevention and discussions around concussions, largely driven by learnings from American football.

Bernardi noted that WFDF follows a strong educational anti-doping program which helps limit tests and the size of a testing pool comprising athletes from the top six countries in the Ultimate ranking. The six athletes chosen for the testing pool represent thousands of athletes participating in WFDF events, and their compliance is crucial for the anti-doping system to function effectively.

15 WFDF Membership Updates

WFDF now counts 106 national members. The membership structure has been simplified as the status Provisional Member is given to all new members and changes to Member status automatically after two years.

General Secretary Bernardi saw the potential of 19 new countries to apply for membership in the coming years with WFDF possibly reaching 120 members by the end of 2024. There were new contacts in Tajikistan and Turkmenistan and huge potential in Africa.

16 Financial Report Treasurer

a) 2023 Dues Update

WFDF Treasurer Kate Bergeron reported that the current dues income was higher than at the same time in the year before.

b) Presentation of year end 2022 financial report
the 2-year disruption from COVID-19 and Bergeron was cautiously optimistic that this trend would continue. It was noted that the high amount of cash on the balance sheet was due to WFDF collecting all event fees which eventually would be passed on to the respective local organizing committees.

c) Vote: Approval of 2022 Audited Financial Statements

The independent Auditor's written report was presented and reviewed. There were no adverse findings.

A motion was made by Sam Callan to approve the 2022 Audited Financial Statements, seconded by Felix Nemec. The motion was approved unanimously, no abstentions.

d) Interim 2023 report

WFDF had spent US$5,000 more so far in 2023 as budgeted. Congress expenses were higher due to the Face-to-Face meeting which took place in April 2023 in New York.

e) Vote: Approval of 2024 budget

Bergeron presented the 2024 budget. The location of events influences expenses and expected income through athlete participation. For 2024 she expected a shortfall of US$130,000, but this could be compensated by the cash at hand. Besides travel expenses for the Events Team visiting upcoming locations the president and the General Secretary attend international sports meetings to represent WFDF. Anti-Doping is another cost factor, which so far could be kept considerably low.

A motion was made by Simon Hill to approve the 2024 WFDF Budget, seconded by Kathryn Pohran. The motion was approved unanimously, no abstentions.

f) Vote: Approval of 2023 Auditor

Bergeron presented the auditing firm McMillen & Company, which has been WFDF's auditor in the past. She proposed to approve of this firm for the 2023 audit.

A motion was made by Simon Hill to approve the 2023 Auditor, seconded by Felix Nemec. The motion was approved unanimously, no abstentions.

17 Marketing and Broadcast Report

The Managing Director of Marketing and Broadcasting, Tim Rockwood, updated Congress on WFDF's successful joint venture with Ultiworld to stream the upcoming WU24 in Nottingham, broadcasting tests for the Olympic Channel, and the "players play, viewers pay" model. They introduced a multi-tiered pricing model with special geo-based packages for the Philippines, Kenya, and Colombia. One game will be offered for free daily and selected games will be aired by the Olympic Channel. They have also arranged a streaming deal with China via Tencent. The overall goal is to recover streaming production costs for future events. In addition, a new sponsorship deal was recently confirmed with XCOM, a Chinese footwear company.

18 Spirit of the Game Committee Report

WFDF SOTG Committee Chair José Amoroso highlighted ongoing efforts including youth recruitment and development of multilingual resources. The committee focuses on reaching children and schools via educational materials, promoting the Spirit of the Game, and using data from tournaments to enhance the game spirit. Collaboration with initiatives like ERASMUS+ by the EU has facilitated new projects.

19 University and School Sport / Youth and Sport Commission

José Amoroso is developing an early childhood disc sports book aiming for inclusivity and has begun translating existing educational materials into multiple languages. He noted the rising popularity of Disc Golf and is focused on understanding and improving the perception of disc sports among PE teachers worldwide.

20 Women in Sport Commission

Nob Rauch presented the Women's Sports Commission report by Caz Malone, discussing two sexual assault allegations against ultimate players in South America and a need to address 'macho mentality'. The Gender Equity Toolkit was being reviewed and the committee invited feedback. A study by Swansea University revealed that 50% of respondents had witnessed negative attitudes towards individuals with DSD, but disc sports were still viewed as more inclusive than other sports. The Women's Sports Commission proposed WFDF form an EDI committee to better oversee diversity, equity, and inclusion.

21 Athletes' Commission Report

Nob Rauch presented the Athletes Commission report by Caroline Tisson. The WFDF Board has accepted three new members from Turkey, including disc golfers, and aims to include more youth and Asian Oceanic representation. The commission is focusing on broadening diversity beyond gender, working more closely with other WFDF committees, and better representing underrepresented regions. They plan to develop a mission and vision statement, contribute to WFDF's strategic plan, enhance their global recognition, and improve voter turnout for the 2024 elections.

22 Continental Association Reports

a) Africa - AAFDF

Moses Njatha, the AAFDF General Secretary, highlighted the All African Ultimate Championships set for October 2023 in Kisumu county, Kenya. He also talked about efforts to distribute more discs across Africa. There were notable developments in Ghana, where the NOC recognized the federation, and disc development, gender promotion, and peace initiatives are underway. Future goals include coaching certification, school and college outreach, skills development, disc sports promotion, and organizing more events.

b) PanAmericas - PAFDF

Vanessa Rincones updated on the activities of the Pan American Flying Disc Federation. They have added new members such as Peru, El Salvador, Ecuador, and Haiti, and are developing a toolkit to help nascent disc sport nations. A congress focusing on youth development was held, and Argentina and Panama took part in the World Championship for the first time. Despite challenges in connecting with the National Olympic Committees, they're continuing their efforts. A new website is under development, and they're working with the American School Foundation to introduce Ultimate in schools.

c) Asia/Oceania - AOFDF

The Asian-Oceanic Flying Disc Federation, which includes 26 Asian and 3 Oceanic countries, accounts for 27% of all World Flying Disc Federation (WFDF) members. An online election is due for the end of the year to select new leadership as the current president, Fumio Morooka, is retiring after 13 years in the role.

Although championships were put on hold during the COVID-19 pandemic, they kept engagement high through online meetings and webinars. For 2023, they're supporting the WFDF Asian-Oceanic Ultimate and Guts Championships in Manila and sanctioning the Asian-Oceanic Juniors and Masters Ultimate Championships in Kuala Lumpur.

The Federation is working towards participation in Asian Games, Asian Beach Games, and Southeast Asian Games as demonstration sports.

Significant progress has been made in promoting Disc Golf. It is set to return to the World Games in Chengdu, with efforts underway to increase its popularity across China. New Disc Golf courses are being built in various Chinese cities.

The Chinese Ultimate League has seen an impressive amount of viewership, with the final being viewed by over 100 million people on national TV stations (CCTV five and the CCTV Olympic). The entire Chinese Ultimate League attracted 1.3 billion viewers in total, demonstrating the growing popularity of disc sports in China.

They are also organizing national championships across 24 provinces out of the total 33 in China. Looking ahead, the Federation is hopeful about the Asian Games 2026 in Nagoya, Japan, and the further promotion of Ultimate.

Following the report from the Asian-Oceanic Flying Disc Federation (AOFDF), WFDF President Nob Rauch took the opportunity to recognize and thank Fumio Morooka, who is retiring after over 30 years of significant contributions to the development of flying disc sports both in Japan and globally. Morooka, instrumental in integrating WFDF into the Global Association of International Sports Federations (GAISF) and the International World Games Association (IWGA), was presented with a plaque. Rauch acknowledged Morooka's considerable impact on the sport, noting his role as a wise counselor, great friend, and driving force in the global development of flying disc sports.

d) Europe - EFDF

Nob Rauch delivered the European Flying Disc Federation report by Haude Hermand. Freestyle was included in the 2022 TAFISA Europe, Sport for All Games in Perugia. Contracts were signed for the inclusion of ultimate in the 2024 European University Sports Association Games. European Masters Games by IMGA (International Masters Games Association) in summer 2023 in Finland will propose Disc Golf as a new discipline. The EFDF, in partnership with TAFISA and the German Federation, got approval for the INTERACT Plus project from the European Union. An MOU was signed between EFDF and the BULA for the 2023 and 2026 European Club Championship for beach ultimate. The EFDF, which held its congress in January 2023 and now has 31 members, established an Athlete's Commission. The report concluded with an extensive list of upcoming events across Europe.

23 Open Discussion

- Olympics and Multi-Sports Games Involvement

Nob Rauch acknowledged that Flying Disc as a relatively new sport did not make the shortlist for the LA28 program. Since in a survey of 2400 responses a combined 75% supported the pursuit of Olympic recognition, with only 5.5% against, WFDF would continue to pursue the path to the Olympics. To support this, WFDF would maintain a high level of transparency with gender equality and equity and sustainability. Furthermore, the awareness of Flying Disc needed to be raised through media and social media. These efforts should would complement WFDF's overall efforts to develop and grow the sport. In response to a question, he stated that referees were not a requirement to be included in the Olympics, as the use of Game Advisors at TWG has shown that SOTG along with GA support works quite well. WFDF plans to help national federations to strengthen their leadership and governance and to achieve recognition by their respective NOCs.

Since the Olympics had a strict athletes' quota, for Ultimate to be included, WFDF needed to keep the team size as low as possible, e. g. to four-on-four as already suggested. This format needed to be used at events for athletes to get used to it. Trying to enter the Olympics by proposing Disc Golf was an alternative with even lower quota needs that WFDF was keeping in mind.

As part of this discussion Bernardi and Rauch explained the situation with other sports which had been removed from the Olympic program and returned after adapting changes, as well as general findings about the process of applying for inclusion into the Olympics.

- Oversight of All Disc Disciplines Under National Member Federations

Rauch noted that WFDF still has many Ultimate-only focused members. The WFDF Bylaws had been changed to allow only multi-discipline federations as members. The transition was taking longer than expected, but he wanted to encourage the respective members to continue on that path. Charlie Mead noted that in some countries like Estonia and Finland the number of disc golfers surpasses Ultimate players. Simon Hill added that the transition will take much longer than initially expected as many partners are involved and needed to find compromises. A few countries were operating with a slim umbrella federation with national single-discipline federations.

- Potential Bylaws Revisions in 2024

Rauch announced that WFDF was considering to raise the term length for its elected officials from two to four years. The current Board was rather stable from election to election and it would reduce the work load both for WFDF and its members. Elections would still be staggered but only every two years instead of annually. The current terms would be extended as it makes sense. This suggestion was generally agreed as reasonable.

- Topics Brought Up by Member Federations

The question was raised if WFDF had plans to introduce a world championship for indoor Ultimate. While Ultimate is actively played indoor in most countries with cold winters and with national championships in some countries, it was felt, that there

were many different rules and field and team sizes that it would take some effort to unify them. Also, adding more events to the schedule would add to the burden of national federations, especially to those who have very little indoor play. Gisel concluded that there were no current plans to introduce an indoor world championship event.

WFDF: Broadcast and Communications

Broadcast

- “Players play and viewers pay” model adopted over last several years
- Trying to get to a point where the tournament fees don’t subsidize broadcast
- Arrangement in 2024 with UltiWorld with “rights fee” and they cover production cost
- Continuing relationship with Olympic Channel
- MOU with ANOC.TV for Beach Ultimate events

Communications

- Expanding social media presence
- Increase presence both in the disc community and broader sports market
- Provide full spectrum of full games to short clips (both action and general interest)
- Expand story telling
- Next step is to reach out to the global community to showcase content

Strategic Plan 2023-2028 – pursuing the mission

WFDF's Seven Strategic Goals, per the Strategic Plan in development for 2023-2028

1. Support member associations in promoting youth development as path to growth
2. Pursue inclusion in the Olympic Programme and Other Multi-Sports Games
3. Showcase Spirit of the Game as an essential element of disc sports
4. Ensure the well-being of our athletes and our sport and encourage gender equality and diversity in all aspects
5. Build the audience by increasing the visibility of disc sports competitions supported by proper branding and support of sponsors and other partners
6. Promote the "frisbee lifestyle"
7. Optimize organizational resilience and effectiveness

Mission Statement

To support and promote the inclusive growth and development of all flying disc sports and spirit of the game.

Bylaws Revisions 2024 - proposal

WFDF Bylaws Revisions to the effective 23 July 2022 version include:

- Transition phase requirement for member Federations to represent all Disc Sports pushed back
- Changes Board terms from two years to four years and caps at three consecutive terms
- Changes Officer terms from two years to four years and caps at three consecutive terms
- Permits the appointment of up to up to two independent non-executive board members
- Women in Sport Commission changed to Gender Equality Diversity and Inclusion Commission
- Adoption of IOC Athletes' Declaration (subject to ongoing discussions with AC)
- Ad hoc Appeals Commission in revision of the Dispute Resolution provision
- Allows for an alternate to be designated by certain board members.
- Minimum 50 player requirement for membership can be waived for small countries
- Some small technical points on notices, etc.

Olympic Games pursuit 2032

- President Rauch visited Brisbane to keep ongoing relationships to BOCOG and provide the Flying Disc sports perspective of achieving Olympic inclusion, targeting a revamped Olympic Programme proposal.

Brisbane 2032
Olympic and Paralympic Games Host
Queensland

President Nob Rauch met with the Brisbane 2032 Organising Committee along with the Director of the 2024 World Ultimate Championships, Mr Mat Ryan, AFDA Board Members such as Leticia Chapman and Alexi Paasonen, as well as Cindy Hook (CEO of Brisbane 2032) and Brendan Keane (Director of Sport for Brisbane 2032).

WFDF: still need to propose a small quota

WFDF is promoting a youth-oriented, mixed-gender version Flying Disc Ultimate

- Newly developed Ultimate 4's match format for competition and quota purposes
- WFDF intends to propose mixed gender Ultimate 4's as the event, which can be played in existing venues matching fully the shared venue criterion on either grass in a football or soccer stadium, or on the beach; beach may be ideal for Brisbane
- This format is a showcase; will not displace the traditional game or World Championship format
- New format accommodates limited athletes' quota (48-64, 6 or 8 countries) and more concise match time (45 minutes, to fit within one hour time slots with commercial time). It is confirmed now again that the strength of WFDF lies in the low quota and the Mixed Gender Balance,
- The format for this team event fully embraces gender equality, and mixed team competition has been our format at The World Games since our debut in 2001. Our sport attracts today's youthful audience and would be an appealing addition to Brisbane 2032 programme.
- Ongoing talks with our Australian NF (AFDA), introduction meeting in March 2024, and invitation to BOCOG officers to attend WUC.

National Federations:

- **increased to 107** with the acceptance of Mongolia **(since Congress 2023)** and the Congress will vote on the memberships of:
  - Azerbaijan (108)
  - Comoros (109)
  - Sierra Leone (110)
  - Côte d'Ivoire (111)

Further membership growth expected by end of 2024.

- The compound average growth rate in Active Players reported by WFDF National Members has returned to previous rate, pre-COVID-19 pandemic, currently being 12.4% (2023 to 2024) compared to 12.9% from 2009 to 2020).

Universality 2024

National Federations:

- WFDF to undertake a push to support the establishment of the missing countries like in:
- Europe from the Balkan (Bosnia and Herzegovina, Kosovo, Montenegro, North Macedonia),
- the remaining small states of Europe (Andorra, Liechtenstein, San Marino),
- get further grip in Africa (Senegal, Mozambique, Togo)
- and broaden Universality in Asia (Vietnam)
- or Oceania (Fiji).

Multisport Games inclusion - EOC

- Ongoing strengthening of ties with Continental Olympic Associations
  - Africa – ANOCA
  - Asia – OCA
  - Europe – EOC
  - Oceania – ONOC
  - PanAmerica – PanAm Sports

- For the first time WFDF was invited as an Observer to the EOC General Assembly in Bucharest (Romania) and there are discussion on the inclusion of Flying Disc sports in the **European Games in 2027 in Istanbul (Türkiye).**

EOC President Spyros Capralos

Multisport Games inclusion - OCA

- Likewise, WFDF had its first attendance at the Asia Games in Hangzhou (China) to discuss the inclusion in the OCA Asian Games / Asian Beach Games, which are ongoing.
- A very positive development is the inclusion of Flying Disc sports in the South East Asian Games 2025 in Bangkok (Thailand) as demonstration sport by the SEAGF.

33rd SEA GAMES THAILAND 2025

SOUTHEAST ASIAN GAMES FEDERATION

Further Continental Olympic Organisations

- With the Association of National Olympic Committees of Africa (ANOCA) an and ONOC (Oceania National Olympic Committees) there will be meetings during the Paris 2024 Olympic Games and the ANOC General Assembly in Portugal.

- Topic with ANOCA is to follow up on recognition of WFDF and Flying Disc sports and the potential of inclusion of the sport in the African Games / African Beach Games.

- With Australia, Guam and New Zealand representing Oceania as continent in WFDF the ONOC had declared interest for cooperation of development of Flying Disc sports in Oceania.

Multisport Games inclusion - CIJM

- With the CIJM WFDF was opened a pathway to the Mediterranean Games in Taranto (Italy) 2026 as demonstration sport and the inclusion as medal sport in the Mediterranean Beach Games 2027 in Portimao-Lagoa (Portugal) and the Mediterranean Games in Pristina (Kosovo) 2030.

Association of NOCs (ANOC) relations

- WFDF will attend the ANOC (Association of National Olympic Committees) General Assembly in Cascais (Portugal) to seek contacts with all National Olympic Committees worldwide.

- In the wake of these efforts, **we will ask all of our member National Federations to contact their NOCs** beforehand and, with the support of WFDF, establish relationships.

- This follows an extensive exchange with ANOC in Lausanne and during the SportAccord convention in Birmingham (Great Britain).

- WFDF targets ANOC World Beach Games inclusion if Games are continued.

Association of NOCs (ANOC) relations

The WFDF delegation met with the Association of National Olympic Committees (ANOC) delegation at the SportAccord Convention to discuss cooperation possibilities such as the inclusion of Beach Ultimate in the ANOC World Beach Games and the contributions of WFDF content to ANOC.tv. From left to right: ANOC Event and Project Senior Manager Andres Santi Gonzalez , WFDF President Robert “Nob” Rauch, ANOC Secretary General Gunilla Lindberg, WFDF Secretary General Volker Bernardi, ANOC NOC Relations and AWBG Director Gustavo Harada.

NF-NOC relations – a reminder

NOC recognition of NFs stands at 21 out of 107 member NFs:

There are now 21 member national federations of WFDF which are recognized by their National Olympic Committees (NOCs):

Afghanistan	Italy	Sweden
Chinese Taipei	Japan	Switzerland
Colombia	Jordan	USA
Croatia	Luxembourg	expected in 2024: Germany
Czech Republic	Netherlands	
Finland	Norway	
France	Poland	
Hong Kong, China	Saudi Arabia	
Hungary	Slovakia	

Conclusion: A major campaign is needed in 2H2024 and 1H2025 to increase theese figures with WFDF continuing to target 120 NFs by the time of Congress 2025.

Overview of Active Players

The compound average growth rate in Active Players reported by WFDF National Members has returned to previous rate, pre-COVID-19 pandemic, currently being 12.5% (2023 to 2024) compared to 12.9% from 2009 to 2020).

Changes in data collection methodology impacted reporting, highlighting a difference between “Active Players” and “Total Reported Players”:

- **Active Players:** Any individual who has, in the past year, taken part in any flying disc competition or event organized or overseen by your organization (Total Number of Players) or any individual who has, in the past year, paid a subscription fee to your organization or to a club which is directly affiliated to your organization through some form of membership (Active Players).
- **Total Reported Players:** Sum all Players reported in Discipline-specific data (i.e., not necessarily paying a subscription fee to the organization or associated club).

WFDF Events Report - Congress 2024

Event Report - by WFDF Events Team

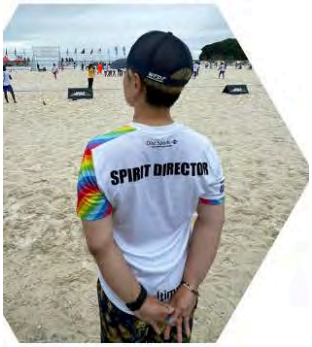

18th July 2024

Welcome to all readers of this 2024 WFDF Events Team (ET) Congress report - we wrap up a summary of our 2023 events and report on the current cycle of events as well as touching on WFDF's future events. Our focus is on ensuring our sports' longevity by evolving and growing our events in a targeted and sustainable way, managing risk and optimising limited resources is what we expect of all our Organising Committees and the WFDF Events Team.

The comeback of WFDF events and putting Covid successfully behind us has been rewarding, however we continue to address some ongoing challenges on a day to day basis whilst at the same time, respecting and applying the necessary changes such as making key assessments for the future.

2023 was a challenging but successful year for WFDF, with all WFDF major events running smoothly and according to schedule as planned. WFDF noticed that some of our member National Federations and the Flying Disc Community, while very much excited and wanting the opportunity to play at a world class level, still struggled to find their feet and find the funds to send teams to Regional and World events. Focus for some remains at the grass roots and local level.

ET has made significant changes to the daily bid, registration and financial processes through 2023 and the Event model worked well. We adapted to changes to the Flying Disc landscape by putting more focused labour into registration and event contracts. The move to a digitalised, paperless signature collection system, making way with the 10's of thousands of documents we collected and archived yearly was one of the largest achievements of 2023 and was welcomed by all our event participants.

With an oversight to event hosting through 2025/2026, we strive to host our core events enabling as many countries as possible to attend. With global distribution in mind, WFDF continues to acknowledge that Europe holds more than 40% of WFDF membership countries, and therefore rotations will take that into account when allocating bids to hosts. Higher cost venues in Australia and USA will likely be avoided for some years to come.

ET are taking a more proactive approach to observe and consider our members' event calendars to avoid pressure on players with a realistic approach that Flying Disc events create a busy demand on pockets and players.

Lastly, Members have been strong in sharing information and questions with the WFDF Events Team throughout '23/'24, we thank each of you for the open and honest feedback as well as the great partnerships and friendships we have formed.

II. Overview of Events for 2024

AOBUC (Shirahama and Tanebe Beach JPN 12-16 June). A very successful event as anticipated with an experienced LOC kicking off the 2024 events season. The LOC pulled off a near zero cost broadcast which was very well received by those not at the event, commentary provided almost exclusively by one volunteer. Thank you Jonathan!

Event feedback was very positive. A very solid start to 2024 events with no significant unforeseen spending required on an extremely tight event budget. We are excited to work with JFDA again through the planning of AOUGC 2025 with the same key staff taking lead roles again.

WJUC (Birmingham GBR 21-27 July). At the time of writing just a few days away with 42 Teams due to participate in three divisions. UK Ultimate is one of our most experienced LOC's for 2024 events and with that has come a very self-sufficient execution of event planning from almost the same team that brought us WU24 in 2023.

3 Divisions, 23 Countries, 42 Teams, 925 Athletes, 181 Guests

WUC/WGC (Gold Coast, AUS 31 Aug - 7 Sept) Welcome to Australia! Although a smaller WUC than past events we look forward to a well organised LOC hosted event. Of particular note will be the WGC event taking place with 13 teams across 2 divisions. The LOC has been thorough and professional and their approach to detail is highly welcomed.

3 Ultimate and 2 Guts Divisions, 23 Countries, 49/13 Teams, 1211 Athletes, 197 Guests

WTDGC (Perth AUS 6-9 Nov) The event will be the final points qualifier for the World Rankings, which at the end of the event will determine the 15+1 teams who will qualify for the World Games in Chengdu in 2025.

1 Division, 23 Countries/ Teams, 198 Athletes, 23 Guests

WMUC (Irvine, LA, USA 10-16 Nov) Masters will be WFDF's largest event of the year, and financially the most important event to offset costs from other events this cycle. Team numbers remain at 67 teams.

7 Divisions, 14 Countries, 68 Teams, 1356 Athletes, 45 Guests

III. Planned 2025 Events

The 2025 Events Calendar is now final by board approval and has been made public.

Event Bulletin's are in progress with the first few to be published shortly as the WFDF Events Team work with the 2025 LOC's on contracts, budgets and expected cash flow needs.

- WFDF 2025 World Under-24 Ultimate Championships (WU24)
  - 21 - 28 June, Logroño, ESP
- WFDF 2025 The World Games (TWG) *IWGA event*
  - 5 - 17 Aug, Chengu, CHN
- WFDF 2025 World Overall Flying Disc Championships (WOC)
  - 10 - 15 August, Ängelholm, Sweden
- WFDF 2025 World Wheelchair Ultimate Championships (WWUC)
  - TBD Aug,, LTU
- WFDF 2025 Asia Oceanic Ultimate & Guts Championships (AOUGC)
  - 3 - 7 Sep, Kamisu City, JPN
- WFDF 2025 All Africa Ultimate Championships (AAUC)
  - 3 - 5 Oct, Kampala, UGA
- WFDF 2025 World Beach Ultimate Championships (WBUC)
  - 2-8 Nov, Portimão, POR
- WFDF 2025 Pan American Ultimate Championships (PAUC)
  - 30 Nov - 7 Dec, Cap Cana, DOM

IV. Planned 2026 Events

Contract negotiations are ongoing with the Events Team. Results will be shared via email at the end of July for BoD consideration (list below in no particular order)

- WJUC
- WUCC
- WMUCC
- WTDGC (19-23 Aug, Vilnius, LTU)

V. Call to Bid - 2027 Events

WFDF will be calling for bids for 2027 Events later this year with the official bid process expected to open in November.

We kindly ask that any National Federations/ Countries thinking about hosting an event or wanting to know more about the bid process, should reach out to WFDF Managing Director Events and Operations Karina Woldt (karina.woldt@wfdf.sport) so we can assist with more information and provide a link to the Expression of Interest Form.

2027 Event bid reviews are expected to take place in Q2 of 2025.

VI. Sponsorship

A large part of the forecasted budget for sponsorship income remains unknown/uncertain for 2025 and beyond. With sponsorship agreements for the official categories Bags, Gloves, Merchandise and Discs all coming to an end on 31 DEC 2024.

WFDF will hold an open RFP for each category.

- Bags - Greatest bags (current contract 2023/2024)
- Gloves - Layout (current contract 2023/2024)
- Apparel & Merchandise - VC Ultimate (current contract 2019-2024)
- Ultimate Discs - Discraft (current contract 2019-2024)
- Footwear - X-com Footwear (current contract 2023-2026)
- Coaching Resource Partner - Flik Ultimate (current contract 2023-2024)
- Eyewear (new)
- Drinks/Energy (new)
- Other
- Disc Golf Discs (new)

WFDF Events Team has developed a Sponsorship Report, based on past Events detailing outcomes, lessons learned and recommendations to improve engagement and the overall WFDF sponsor partnership. Please refer to the Appendix A for a copy of the report.

Our goal is to enhance sponsor visibility more effectively through these partnerships.

Call for RFP's for incoming term sponsors will go out by the end of July - in the hope to establish good responses and to firm appointments during the season, it is likely that some brands might change, so allowing opportunities for incoming sponsors to attend 2024 events is paramount.

VII. The WFDF Events Team

In October 2023, Yenny Pardo joined the WFDF events team with a focus on production of online materials, sponsor and event brand promotions and in working with LOC's on their deliverables for media and marketing.

WFDF Events Team now consists of two part time individual consultants and one full time consultant. We strive weekly to increase our ongoing service to the WFDF Board, key stakeholders, LOC's and to our event participants and member National Federations. We love to hear your feedback and comments as they arise.

The team continues to work a growing event load, developing the assets needed, and supporting the LOC's in delivering world class events.

VIII. Projects

The WFDF Events team are pursuing a number of event related projects which focus on streaming lining processes, improving participant experiences and supporting the WFDF strategic goals.

Event Registration Automation - During the 2023 Congress we noted the investigation into Event Registration Automation. This has been challenging with staff changes in the supplier WFDF have engaged to pilot a proposed system. The Events Team continue to work on the project with the objective to automate an extremely time consuming invoicing process required to manage and help secure team and participant funds which support events.

Tournament Directors Manual Update - The WFDF Tournament Directors Manual, provided to incoming LOC's has remained in its current format, with some edits and updates, for a few years. The Events Team are working towards an update to be released to WFDF LOC's in early 2025. An objective of the TDM will be to better integrate contractual obligations on LOC and planning task management.

Event Media Review - A review is currently underway on improving the coordination and management of video and photography at events. Not to be confused with WFDF Broadcast, WFDF Events attracts a significant and growing number of media focused participants. Processes exist and will be reviewed, enhanced where appropriate with potentially a new policy coming into force for 2025 events.

Event Bid Assessment Review - As noted in 2024 Board of Directors meeting minutes the Events Team is currently reviewing the process of Event Hosting Bid Reviews. The process has remained the same for some years and needs to be updated. This will include WFDF Events providing greater input into that process and a review of how scoring and category weighting should be applied. Recommendations are to be put to the Ultimate Committee and BoD for approval and are likely to come into place in 2025.

Results Management System Update - The Results Management System (RMS) works very well. https://results.wfdf.sport But what it does lack is a mobile and modern interface. The WFDF Events Team will be issuing a public Request for Proposals by the end of 2024 for interested parties who would like to develop a modern and mobile friendly front end to a trusted back end RMS software.

IX. Online

The WFDF Events digital presence has undergone a significant change in the last two years with near standard use of URL's for event websites under the .sport domain, and common use of social media channel names.

Online properties have switched from LOC created and owned to WFDF ownership with LOC's taking on the curation of the event specific channels which is then passed to the next incoming LOC. This change has significantly reduced issues of ownership transfer, hi-jacking of sites and providing a consistent 'address' for WFDF Event participants to rely on.

Event Results will now reside on the https://results.wfdf.sport URL with past events where data is available being slowly added.

It remains a pleasure to represent the WFDF Board of Directors on a day to day working basis and we are thankful for the oversight, support and guidance from the WFDF Executive Committee. A huge and special thanks goes out to WFDF Book Keeper Deborah Gray who works tirelessly behind the scenes to support the WFDF Events Team in managing the day to day financials of incoming funds from event fees and paying cash flow to our event LOC's - Deborah is always a reassuring sounding board who shares our drive and passion for WFDF Events. Thank you!

Yenny and Patrick, we make a fantastic team and together we can achieve a lot of progress for the WFDF Flying Disc Events. Ongoing hard work and dedication makes a difference and your smiles and jokes make the work fun. Positive Vision creates Positive Action - Let's keep going :-)

Please do not hesitate to contact us for further information about WFDF's events.

Strategic Partnerships and Enhanced Visibility

This report provides a detailed analysis of the World Flying Disc Federation's 2023 tournaments, highlighting the impactful collaborations and strategic initiatives that shaped this year's events. It not only reflects on the successes and learning points from these global competitions but also serves as a strategic guide for enhancing future engagements. Here, we lay out the foundational steps for our ongoing collaboration with sponsors, aiming to leverage shared opportunities for brand exposure and community involvement in upcoming events. As we navigate the path forward, we invite our partners to join us in this journey, ensuring that our collective efforts resonate throughout the Ultimate community and beyond. This report is designed to inspire active participation and foster a deeper connection between WFDF, sponsors, and the global Ultimate audience, setting the stage for a dynamic 2024.

I. 2023 Event Summaries and Outcomes

WFDF 2023 World Under-24 Ultimate Championships
July 2, 2023 - July 8, 2023
Nottingham, UK Highfields Sports Complex, Nottingham, United Kingdom

The World Flying Disc Federation (WFDF) successfully hosted the 2023 World Under-24 Ultimate Championships in Nottingham, UK, from July 2nd to July 8th, 2023. This event showcased over 1000 athletes from more than 30 nations, competing in Open, Women's and Mixed divisions. The tournament was conducted at the University of Nottingham's renowned sports complexes, which provided an ideal venue for this high-energy international competition.

WU24 Sponsorship brand Impact:

The placement of the merchandise tent at WU24 was highly strategic, capturing significant attendee traffic. Almost all foot traffic entering the venue and heading to key locations passed the merchandise tent with food and beverage (F&B) outlets adjacent, player tent opposite and close proximity to the showcase fields. This visibility was beneficial on-site and extended to broadcast videos, amplifying brand exposure to a remote audience. Banners and messaging throughout the venue effectively drew attention and encouraged social media interaction. Spectators and players were prompted to share their experiences on platforms like Instagram and Facebook, significantly enhancing community engagement. A negative was the unfortunate placement of the merch tent during rain with tarmac run off running into the pitched area. The introduction of disc clips by XCOM as gifts was particularly well-received. This was their debut at such events, and the clips were a hit for their functionality and as cherished collectables. Attendees appreciated these thoughtful additions, engaging with the brand to learn more about the products and highlighting the importance of direct interaction and personalised engagement at such community-driven events. Replicating this approach at other events could be a best practice, leveraging physical and digital spaces to maximise sponsor visibility and interaction. Direct participant engagement was provided with opening time information shared via official event WhatsApp groups, and area which could be significantly enhansed to provide more regular timings, offers and reminders throughout the event.

WFDF 2023 Asia Oceanic Ultimate & Guts Championships

September 6, 2023 - September 10, 2023
Manila, Philippines Manila, Philippines

The 2023 Asia Oceanic Ultimate & Guts Championships, organised by the World Flying Disc Federation and the Philippine Flying Disc Association, were held at Ayala Alabang Country Club in Manila, Philippines, from September 6-10, 2023. This event featured competitions across Open, Women's, Mixed, and Master Mixed Ultimate divisions, alongside Guts, drawing teams from the Asia Oceanic region.

AOUGC Sponsorship brand Impact:

The AOUGC provided a prime setting for sponsors to showcase their brands, taking full advantage of the expansive fields and the vibrant atmosphere of freedom at the venue. The merch tent was usually noticeable, adorned with unique VC banners that became a popular backdrop for participants' photos, enhancing their social media interaction. The newly introduced disc clips featuring the tournament logo were a significant hit, offering a fresh and appreciated addition to players' ultimate gear. The inclusion of the broadcasted Disc Golf exhibition game brought in a broader audience, presenting new merchandise opportunities and expanding the brand's reach into different age groups. A Guts showcase match was held to both expose the discipline to the majority Ultimate participants and provision of broadcast also provided for the wider international audience. Such planned showcase elements if planned well in advance provide possible merchandise opportunities such as in this case Guts disc and other associated materials. The presence of the XCOM team for the

first time allowed for direct engagement with the audience, enhancing brand recognition. The availability of personalised Greatest bags with names and logos continued to be a highlight, underscoring the community's appreciation for personalised products. Merchandise space was co-hosted between partners which leveraged the resources available but also made for a more browsing style engagement between the various product sponsors and promoted discussion, collaboration and overall partnership. Local event sponsor Pocari Sweat presented a well received pop up providing free of charge product to athletes. They were inundated and availed of a huge brand exposure opportunity, which included the product, pop up unit, an inflatable and showcase field branding.

WFDF 2023 World Beach Ultimate Championships (WBUC)
November 1, 2023 - November 5, 2023
Los Angeles, USA Huntington Beach, CA, United States

The World Flying Disc Federation and California Ultimate Association hosted the 2023 World Beach Ultimate Championships in Huntington Beach, California, from October 28th to November 4th. This event, known as "Surf City USA," featured 8 divisions and welcomed athletes from over 30 countries.

WBUC Sponsorship brand Impact:

The WBUC provided a prime beach setting ideal for showcasing brands, although there was some initial confusion due to the merch tents being split across two locations. This division did, however, create multiple focal points for brand exposure like the large banners displayed in the second merch tent played an important role in bringing attention to these new products, contributing significantly to their recognition and popularity at the event. The setting offered numerous opportunities for brand displays in an open landscape with high visibility.

In the same way, the relaxed environment enhanced by VC Ultimate's visible branding on apparel worn by participants and organisers significantly broadened the sport's visibility. This strategic placement attracted enthusiasts and casual spectators alike, fostering valuable interactions and expanding the sport's reach. The presence of sand socks as a product was noted, but there is potential for greater showcase in future events to capitalise on the beach environment fully. This scenario presented unique branding opportunities that could be optimised with more strategic placement and highlighted products tailored to the beach setting. Presenting products, styles and new features pre event in addition to brand channels via official event communications or social media in the buildup would add to the event

excitement and drive traffic to more predetermined sales as opposed to more haphazard merch stand browsing.

WFDF 2023 Pan American Ultimate Championships

November 28, 2023 - December 2, 2023
Punta Cana, Dominican Republic Los Establos - Cap Cana, Punta Cana, La Altagracia, Dominican Republic

The World Flying Disc Federation (WFDF) and the Local Organizing Committee were proud to host the 2023 Pan American Ultimate Championships (PAUC) in Punta Cana,

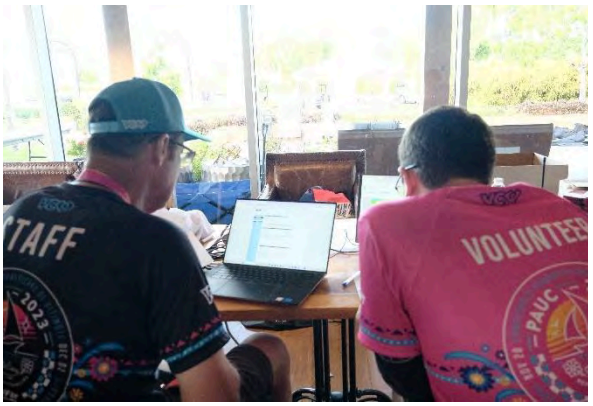

Dominican Republic, from November 28th to December 2nd, 2023. The event was held at Los Establos Polo Fields, featuring highly ranked fields and attracting over 2,000 athletes across six divisions including Open, Women's, Mixed, and various Master's categories.

WBUC Sponsorship brand Impact:

At the PAUC, the vibrant uniform colors were a standout feature, captivating volunteers and participants alike, leading to enthusiastic trading and collection. Despite the vastness of the venue that somewhat obscured the merch tents, participants were still eager to explore and purchase products. The introduction of new items like the pouch, small bag, and velcro flags, now featuring the tournament logo, received increased attention and enthusiasm from the attendees. The visibility of these items on the field was key, sparking curiosity and interaction. While the banners were visually impactful on camera, the open landscape posed challenges in setting rigid communications. Suggestion for future events includes using floor-hanging banners that move with the wind, enhancing visibility and interaction. The screen adorned with logos was particularly popular, becoming a favourite photographic backdrop. The event highlighted the continued popularity of discs and disc clips, which remain highly collectible items at every tournament. The velcro bags with flags and the tournament became a sought-after collector's item and served as an excellent medium for sharing and celebrating the event's spirit.

A useful trick for limited edition items is to give them to staff and volunteers. When players find out they only have them, they get traded for them.

II. Actionable Strategies for Sponsor Engagement

Based on the reports and observations from the 2023 WFDF tournaments, here are some recommendations to enhance brand exposure and engagement with participants and spectators:

Strategic Merch Placement: Sponsors are encouraged to bring accessories, displays, banners, photographic backdrops and giveaways to enhance their presence at events. Depending on the venue, these elements can significantly improve strategic merch placement.

WFDF, in coordination with the Local Organizing Committee (LOC), will ensure strategic tent positioning to maximize visibility and foot traffic. We can provide tables for displays, power access for electronic displays, and help with placing banners and products in high-visibility areas. Please let us know your specific needs, including any required furnishings or accessories, so we can support you effectively. At beach events in particular, where public access is generally more open, we will work with our partners to maximise the potention for out of event public sales and exposure.

Interactive Displays: Set up interactive booths where participants can try products, such as throwing discs or fitting gloves and apparel. This hands-on experience can significantly boost engagement and product interest. We have seen some stations related to Ultimate skills practices that enhance engagement and provide unique experiences. Feel free to introduce themed activities. An idea could be a "#Skill Station" where participants can practice and showcase their abilities in a fun, competitive setting.

WFDF is prepared to support these activity stations by identifying optimal locations within the venue that ensure high visibility and participant flow. We can assist in setting up these stations with necessary equipment like cones, targets, and timers. Additionally, we'll coordinate with the local organizing committee to ensure these stations are highlighted within the event's official schedule and maps. Let us know what specific setups or logistical support you require from our side to make these activity stations a vibrant and integral part of the event. We will continue our tradition of maintaining open communication with teams and participants. As in past events, we are committed to promoting any special activities, challenges, or promotions that sponsors set up. Work this in advance might be the key here.

Enhanced Sponsor Stations with Improved Signage and Security

Ensuring that sponsor stations are not only well-marked but also maintained in pristine condition throughout the event significantly enhances the sponsor's brand presence and participant experience. Clear, lightweight, and easily movable signage can be repositioned as needed to adapt to the event dynamics, ensuring optimal visibility.

WFDF and the LOC are committed to providing robust support for sponsor needs. This includes assistance in securing the most visible and strategic locations for signage and ensuring that each station is kept clean and orderly. Additionally, while some venues may not permit items to be left overnight, we strive to secure accommodations that allow sponsors to leave their setups intact when possible, minimizing the need for daily setup and breakdown. Sponsors are encouraged to communicate any specific security needs well in advance so that appropriate arrangements can be made. This proactive collaboration ensures that sponsor materials are secure and that their branding efforts are maximized without additional effort on their part.

Social Media Integration:

Consider placement of new products, styles and product variations into official event social media channels and communications. WFDF and LOC partners are able to directly message all participants in a responisble manor. We invite all sponsors to actively participate and collaborate through our official event social media account @wfdf.events as part of our ongoing efforts to enhance visibility and interaction around sporting events.

In addition, with dedicated channels for our upcoming tournaments — @wfdf.aobuc, @wfdf.wjuc, @wfdf.wuc, @wfdf.wmuc — we encourage you to engage, tag, and mention these accounts in your promotions so we will build excitement in what sponsors will offer and bring to an event. The Local Organizing Committee (LOC) will also have access to sponsor account details to facilitate reciprocal tagging and promotion, enhancing visibility for all parties involved.

As we build anticipation for the Asia Oceanic Ultimate and Guts Championships (AOBUC), we invite all sponsors to share their promotional activities with us at @wfdf.events. We will feature and tag your initiatives. Please confirm or add your current social media handles to ensure accuracy in our promotions:

@vcultimate
@greatestultimatebag
@flickUlti
@layoutultimate
@discraftultimate
@xcomultimate

If you have specific hashtags or unique campaign strategies, we're eager to hear about them. This content will not only be featured on our social media platforms but also shared within our WhatsApp groups, extending the reach both within and beyond our community.

Exclusive Offers

Exclusive offers during events have proven highly effective, enhancing attendee engagement and satisfaction. Sponsors have seen positive results from special discounts and unique product releases exclusive to event attendees.

WFDF is ready to provide promotional support for these initiatives through our digital and on-site channels. We will actively promote exclusive offers via our social media platforms, participant chat groups, and event bulletins, ensuring all attendees are aware of these unique opportunities. Consider a regular daily communication, limited give away in addition to opening times and other useful information. Sponsors are encouraged to share material and ideas to help them promote their offers, and while we are familiar with what works well, we are here to support and adapt to enhance promotional strategies further.

Opening Day:

Merchandise opening day is a huge element of over event sales. WFDF want to work with our partners to make the very most of opening day, maximise the sales hours, co-ordinate opening times to match event schedules and ensure our partners are ready. Let us help with co-ordination of logistics pre-event to ensure product, staging, and facilities are ready for your. Maybe you needs some additional hands to help with setup and initial crowd control.

Sponsor Advertisement Review:

As we continue to strive for excellence in our partnerships and event experiences, we would like to ensure that our sponsors are fully satisfied with the advertisements currently managed by WFDF. If there are any aspects of your existing advertisements that you would like to adjust—whether it's the design, placement, or overall strategy—please let us know at your earliest convenience. This is the ideal time to make changes or enhancements to ensure your brand is represented exactly as you envision at upcoming events. Your feedback is invaluable to us, and we are committed to accommodating your needs to the best of our ability.

If you can’t see your advertisement or have not yet submitted it for review, this is the ideal time to create and send your promotional content. Please ensure your advertisements are designed for A5 portrait layout, with the seam along the long edge. We ask that all final artwork be submitted as soon as possible to ensure timely inclusion in our event materials.

WFDF Disc Golf Committee Report -July 2024

To be presented to the WFDF Congress - 2024

The following is a report on the issues that are have been and are currently under consideration by the WFDF Disc Golf Committee.

Where policy may impact on other Disc Golf organisations they will be consulted for their views.

The Disc Golf Committee members for 2024 are currently the following:

Name	Country	Responsibilities
Charlie Mead	**GBR - Chair**	**Policy Issues, Parasports**
Bernd Wender	**AUT**	**European WFDF Championship Events**
Bruno Gravato	**POR**	**Spirit of the Game**
Craig Sheather	**CAN**	**World and Continental Events**
Leonard Muise	**USA**	**Sustainability and Equality**
Luisa Bartolome	**PHI**	**Continental Organisation**
Maria Acevedo	**COL**	**Athletes Commission**
Sara Nicholson	**USA**	**Women in Sport and Equality**
Sue Summers	**AUS**	**Women in Sport and Inclusion**
Tim Flanders	**AUS/CHN**	**Continental Organisation**
Timo Juursalu	**EST**	

We have seen a number of changes in the committee this year with Adriano Medola, Carlos Rio and Kristin Tattar leaving and Luisa Bartolome, Timo Flanders and Timo Juursala joining. We thank them all for their time and advice in helping WFDF Disc Golf develop and represent WFDF members.

Ex-Officio members to be appointed by WFDF Board Continental representatives:

All Africa FDF DG Representative

Asia Oceanic FDF DG Representative

European FDF DG Representative

Pan American FDF DG Representative

Ex-Officio means that whoever holds this position is automatically appointed to the WFDF DG Committee. This would hold for the duration of their time in that post. They would have a voice at the table but would not have voting rights.

The IWGA World Games

We have been working closely with Karina and the events team to develop the course in Chengdu that will be used for the event- as well as meet all the organisational demands from IWGFA and the LOC.

The following is the current position:

This is a comprehensive update of where we are in the planning process for TWG next year. I will attach a number of documents to this report when I send it to you - they will give you a more detailed view of what we have been asked for and what we are asking of the Local Organising Committee (LOC).
For Disc Golf this is the highest level of representation possible at this time. Every country that is invited and accepts an invitation to compete is expected to chose their best players to represent heir country based on their own criteria. PDGA and DGPT have agreed to work with WFDF to make sure that there is no clash of events for Pro players over the period August 4-11.

Overview

TWG is organised by the International World Games Association (IWGA). They choose the city that will host TWG and they then sanction all aspects of the event and all the sports that are included. WFDF has two sports - Disc Golf and Ultimate - both of which have a Competition Manager. For Disc Golf that is myself; and for Ultimate it is Brian Gisel. We also have WFDF Event Director Karina Woldt - without whom we would be lost !!

The IWGA Head of Sport is Sebastian Garvens - based in Switzerland. He makes sure all International Federations (IF's) deliver their programmes and planning on time and then liaises with the LOC to make sure those plans are put in place .

There are four main aspects to the planning:

- Disc Golf participation - Qualification criteria, Format and Scheduling, Rules, Players.
- Field of Play (FOP) - the course, design, mapping, equipment and facilities, for this we use SWORD - the virtual mapping tool - to determine what goes where.
- Broadcast facilities and opportunities - these are provided by ISB and they may/may not bring in specific expertise for our sport.

• Staffing and personnel - who will do what before, during and after the event.

There are key meetings between IWGA and WFDF on a regular basis. There are also meetings and communications between WFDF and the LOC. With 14 months to go there would see like a lot of time to organise our involvement - but with Paris Olympics and Paralympics coming up many of the IWGA and other key staff will not be available until the summer is over.

The biggest challenge we face is that China does not have a Disc Golf culture. There are very few (less than 10) permanent courses, less than a few hundred players and no experience of designing or installing a World Class Disc Golf course. Communication is patchy and we are learning how to overcome the technical aspect of sharing and understanding each others language.

In October the last of the Competition Managers Meetings will be held in Chengdu. I will attend on October 23 and 24 and will sign off the Disc Golf Course in its pre-event form as well as confirm many of the details that are then needed. We are in a different position to many sports in that our course is temporary and jobs such as mapping, hole maps, position of tents and facilities cannot be decided until the course is signed off.

All aspects of the event are expected to be set by April 2025 - including all player registrations. WFDF staff team arrive on Aug 2nd and we will supervise the course construction over three days until it is signed off on August 5th. Players will arrive from August 5th and can practice until the afternoon of August 7th. The Opening Ceremony will be from 20.00-22.00 on the evening of August 7th - and Round One of the Disc Golf event will begin at 08:00 on Friday 8th August.

Please feel free to share this information with relevant people across your region and networks.

Competition

Qualification: you have all had this as a document but its worth giving a short version and I will attach the official document in the email.

The top 15 countries in the WFDF World Rankings on November 11th 2024 will be given an invitation to TWG. The PDGA data that contributes 60% of scores for the Ranking needs to be analysed before WTDGC so that we can add the points from WTDGC and give everyone the results on November 11th, when we finish in Perth. This means we have had to modify the dates for deciding the PDGA Ratings analysis - this will now be based on the September 2024 PDGA Ratings update.

China, as host country, will be offered the 16th place at TWG if they compete at WTDGC in Perth. If they do not then the 16th team in the World Rankings will be offered that slot. If a team declines their invitation then the next team on the list will be offered that slot until all slots are full.

Format and Schedule: 16 teams - 4 Pools of 4 based on World Rankings. Round Robin for Pool games - then top 2 in each Pool play for 1-8th place. Rest play for 9th-16th place. Full info in attached document - including start times and which tee countries play from.
Format of play is modified Alternate Shot Matchplay Doubles for every match. Countries will specify who will tee from every hole before the match begins.
Rules used will be PDGA Rules and Competition Manual guidelines unless superseded by any WFDF modification that has been approved by PDGA.

Each country that qualifies for TWG will select a man and a woman to represent them based on their own criteria for national selection. This may include, in no particular order:
Players who have represented their country at previous WFDF Disc Golf Team events
Players who are best suited to play with each other in Alternate Shot Matchplay
Players who are the highest rated players in their country
Players who represent the values of their National Association.

WFDF, IWGA and TWG expect every country to select the best players available to represent their country.

All registered players must be a member of PDGA, be a PDGA Official and take the WADA education programme. They will be accommodated in the Athletes Village or a nearby hotel. All accommodation and food costs for Players during their stay will be paid for by LOC. We are very lucky that Guixi Park is 5 minutes from the Village - some sports are 90 minutes from their FOP.

Field of Play.

We have been allocated Guixi Ecological Park in Chengdu as the area in which we will build the 18 hole temporary course. It is over 200 acres (80 Hectares) and split into 2 parts - East and West. It is likely we will only use the 40 hectare East Park.
The course will be designed using virtual recordings and mapping techniques. Drone footage and LOC advice will give us draft course by August 2024. This will then be evaluated at the CMM meeting in October 2024. If it meets the criteria for a World Championship event it will be approved - or modified to meet that criteria.

We will use the SWORD system to record and communicate all aspects of the course design and equipment and facilities that are needed to form this event. Please see the Equipment and Facilities document attached for all the detail. If you think we are missing anything - please flag this up as we only have until October 2024 to specify our needs.

A lot of specifics cannot be decided until the course is designed - and nearly all of them are the responsibility of the LOC - including Mapping, Caddy Book, Security, Player and Spectator safety - so there will be a lot of work/changes this October .

Broadcast and Media Coverage

IWGA contract International Sport Broadcasting (ISB) to cover TWG. They have wide experience of many sports including Ultimate - but little experience of Disc Golf. They have covered ball golf events but not the detailed specifics needed for World Class Disc Golf coverage.

We have engaged Disc Golf Network (DGN) as our advisors. They are working with us on a non-fee basis and helping ISB appreciate the challenges to stream live Disc Golf. Much to be done but it has been a positive start to the process. Whether ISB use their own team or ask DGN to help with coverage of the event is yet to be decided.

DGN will be part of the WFDF staff team at Chengdu even if they are not directly involved in filming and streaming the matches.

Staffing and Personnel

There are strict limits set by IWGA and TWG to the number of staff allowed to work at the competition. Limits are set for each IF - not each sport. Each sport will have a specified staff member for:
Competition Manager (Charlie Mead)
IT Manager - WFDF Event Team
Communications Manager - WFDF Comms Team
Broadcast Manager - DGN

On top of this core group WFDF will have a team of 19 staff at TWG to cover Disc Golf and Ultimate. These will be decided in the coming weeks.

For Disc Golf we will use the WFDF staff as Officials, following every match; Crowd Control Managers; Management of specific areas such as security and safety; and various other roles.

There will also be a volunteer group of approximately 30 LOC staff that will act as spotters, crowd control, translators, guardians of practice areas etc.

IWGA have agreed that there can also be 2 Caddies per country; extra to the allocated player allocation. These can be dual use personnel who may be managers as well as Caddies - but in certain circumstances can also be replacement players should the first choice player be injured or become ill. All these 32 extra places have to be funded by their own NA - or the individual involved.. They will not be provided with free accommodation or food though they will be allocated space with their team if they register in time.

Teams that choose not to bring any extra members as Caddie/Manager/substitute will be allocated up to two local volunteers as Caddies for their players.

Sponsorship and Marketing

WFDF are currently inviting offers from Disc Golf manufacturers, organisers and interested parties to sponsor, support or become involved in the delivery of Disc Golf at TWG as well as WTDGC in Australia in November.

A WFDF Global Disc Golf Partner Request for Proposal (RFP) has been sent to all major parties who expressed an interest after the initial information round last March.

The deadline for moving to the next stage of the proposals was June 3rd, At this time we have no viable offers to partner WFDF Disc Golf in the coming
The situation with broadcasting is simpler - either ISB will film and broadcast the Disc Golf event at TWG or they will offer a sub-contracting agreement to DGN. As WFDF DG preferred broadcast outlet there are no other choices to be made here.

Disc Golf Committee Review 2023

Achievements

As we noted in the last bulletin - we have had a lot of success within the DG Committee itself:

Kristin won her 2nd World DG Championship - the first back to back since Val Jenkins - and PDGA Player of the Year - DGPT Tour winner and in my mind won Spirit Awards for every event she played!

Sara has had a great year with Throw Pink and the all Womens events she ran. The workshops and fun she brought to USDGC was testament to how seriously everyone is taking her role

World Team Disc Golf Championships (WTDGC)

WFDF 2024 WTDGC will be held in Mundaring, Perth, Australia from November 6-9. The
TD's will be Sue Summers and Ken Oath. The event will be part of the qualifying system
for TWG in 2025.
WFDF 2026 WTDGC will be held in Vilnius, Lithuania in August 2026. The TD will be Dar-
ius Gricius.

Yearly Disc Golf Committee Review - 2023

The following is a review of the issues that have been the focus of our attention in the past year. It has been another year of growth for Disc Golf globally and for WFDF the future of Team Disc Golf looks very positive.

Thanks to all of you who have contributed to the way that WFDF has projected Disc Golf in the past year. We have made major inroads with PDGA, DGPT, DGN and major manufacturers outside our own responsibilities for WFDF Members and this suggests a major shift in opinion that will benefit Continental and World Team Disc Golf Championships and the 2025 World Games in China.

Our reintroduction into The World Games in Chengdu in 2025 demands a higher level of expertise and commitment than we currently enjoy. So I will be looking for the following roles to be filled in the coming two months on top of what we already do. These will be new roles and we will be looking to recruit talented and experienced individuals who can deliver at the highest level.

All these roles will include working closely with the Events team and the new Business and Media staff officer at WFDF who provide considerable support to all our work.

Membership Liaison:

Liaise with all member countries, the WFDF Member, Disc Golf Association, National Olympic Committees and Sports Funding Bodies on a global level
Support the welfare and mental well being of players participating in WFDF Continental, WTDGC and TWG events
Represent the elite athletes at WTDGC and TWG along with support for their sponsors and their own national interests

Event Management:

Develop Matchplay scoring systems that can run as 'live' coverage - much the same as UDisc
Create Matchplay Results Record systems
Update DG World Ranking systems
Continue to develop SOTG systems

Broadcasting, Sponsorship and Media

Take responsibility for Broadcast and Media coverage
Responsibility for IT input including 3D mapping of DG Courses
Liaise with DG manufacturers
Develop sponsorship opportunities for the events and DG in general

SO - if you want to be part of any of these new roles - or even run any of these sub committees - please let me know.

If you want to stay in your current role - because you are valued at what you do - please let me know

If you feel you need to step down - then please let me know.

I will be recruiting new members from now and if you know of any enthusiast volunteers with the skills to deliver the jobs above - please let me know.

Shall I stay or shall I go now….??????

NB: PLEASE RESPOND BY EMAIL BEFORE JANUARY 1ST SAYING IF YOU WANT

TO STAY OR GO. IF I DON'T HEAR FROM YOU I SHALL CHASE YOU UNTIL I DO!!

Things that Matter

As a Committee we struggled to understand and appreciate the impact that the transgender issue in sport was creating for Disc Golf in USA. We took time and a lot of effort to listen to many different viewpoints and common sense appears to have won the day for now.

We have been ever mindful of the impact of emotional wear and tear in the sport. We lost one of the greatest players to suicide this year - John Baldwin - and we have heard a lot about the impact of trolling and abuse on social media. Keeping our athletes safe has been a priority for the Athletes Commission and the Women in Sport Commission - safeguarding their physical and mental health at the top of their agenda - so a huge thank you to those of you who have managed to contribute the Disc Golf perspective across WFDF.

We have worked ever more closely with PDGA this year. We have shared information, policies and practice and both organisations are better for it. We have a much more informed staff at PDGA and they consult us on dates for majors and WFDF Team events. We could not have put on the Pan Am TDGC without their help and support - and though

they may have been seen as the cause of many challenges by cancelling our use of IDFGC as a venue - they went above and beyond to make such a small event such a success.

The future

The Committee will grow to include all that we do now PLUS a new set of skills required to produce the highest quality of events demanded by IWGA and IOC standards.

Disc Golf is the only Disc Sport where individuals can earn a living - and the money in the sport is now at an all time high. The athletes that play on the DGPT Tour will be the ones that will represent their countries at Continental and World events in the future. Thise athletes are sponsored by a wide range of companies - and we must make sure we do not disenfranchise them or the elite athletes.

Broadcasting of DG at WFDF level is essential. Getting DGN and all the other companies involved and engaged in broadcasting the sport will be a challenge that will be met in the next 2 years. Work to do.

While WFDF has made considerable efforts to get Ultimate included in the Olympics I believe that Disc Golf has the best chance. Ultimate does to have the marketing, income or sponsorship potential that DG has already shown - and why sports like Cricket (really?) and Flag Football (think NFL) made it into the LA Olympics but Ultimate did not! Why - ? Because they are sports with huge backpockets!!! even if only a handful of countries (mailnly ex-British Colonies) play!

We will try and make sure that DG is seen in a similar light - with big money earners, prize money, sponsors and manufacturers all working together with broadcasters to offer an alternative!

The future is bright - if a little controversial ……

Have a GREAT Christmas and New Year - and thank you again.

I leave you with a few self indulgent photos from USDGC/Throw Pink and the 2023 WDGHOF Ceremony - just to remind myself that what we do best is having fun!!!!

The WDGHOF after party - dominated by Philo and Simon !

Andi Young and George Sappenfield - WDGHOF Head Honchos!

Terry Millar telling me I’m too old to be on staff at Throw Pink!!!

The Future - 2025 and onwards !

I shall be resigning as Chair of the DG Committee this year. I will still act as Competition Manager at TWG in 2025 but there will be a new Chair from January 2025. I wish them all the best .

It has been an exciting and yet frustrating time since I rejoined the WFDF sphere in 2016 - but we have established the World Team Disc Golf Championship, created a World

Ranking system and reentered TWG as a competitive sport. Time to hand over to younger bodies and minds .

I will continue to support WFDF in their attempts to get Flying Disc sports into the Olympic Games - though I believe Disc Golf has a stronger base and foundation than Ultimate in achieving that goal. This will not be a popular view and certainly not one shared by the Executive or the Board.

There are many obstacles in getting any Disc Sport to that pinnacle - but I think Disc Golf is better equipped as a global sport to overcome those challenges than Ultimate - not least because it is a multi million dollar industry with a professional player base.

Whatever the conclusion - should there be one - we will all celebrate any achievements on the wider global stage and I wish all WFDF volunteers and staff the best in moving forwards.

Freestyle Committee Report

It's been an exciting year so far for Freestyle globally. From longstanding events such as the 47th Virginia States & the Frisbeer Cup Czech Championship to new events such as The Gran Jam in Las Palmas de Gran Canaria.

10 members were inducted into the 2024 Freestyle Disc Hall of Fame including Ted Oberhaus, Toddy Brodeur, Gina Sample, Margaret Curtis, Scott Starr, reto Zimmerman, Tom Schot, Judy Robbins, and Tom Leitner, and Christopher Ryan.

The 2nd year of the 'New Year, New Champion' fundraiser was held and the award was granted to an upcoming Colombian Player named Maria Fernanda Bonilla who will attend the upcoming Freestyle Frisbee World Championship in Warsaw Poland using the grant.

Here is the event website for the 2024 FPA World Championship which will be held (and live-streamed) August 14-18:
https://fpaw2024.pl

This year the FPA created a new Toddy Brodeur Spirit of the Jam Award in honor of Toddy- a world champion andlifelong instructor of freestyle who recently and tragically passed away.

Guts Committee Report

World Guts Championships 2024

For the first time the World Guts Championship will have a women's division. We are very excited for this breakthrough and hope to help grow this division within Guts Frisbee.

There will be 9 men's teams and 4 woman's teams. We do still struggle to increase the number of countries participating, but we do have considerable momentum in the Asia Oceanic region of the world.

Competition will commence on Monday, September 2nd and culminate with the women's and men's finals on Saturday, September 7th.

Starting in 2028 we are looking towards adding a masters division to our World Championships.

Growth

Prior to the pandemic we had participation in Asia, the America's, Europe, and Australia, and we felt pretty good about the growth around the world. The pandemic set the brakes on some of our optimism.

There is significant momentum in Asia, and we are working to capitalize on that. That effort so far as revolved around outreach during the Asia Oceanic Ultimate and Guts Championship events. We have generated significant interest in those events, and we need to continue that work to truly capitalize on that effort and grow to more countries in that region of the world.

The Americas, only the US participates in Guts Frisbee. We had some interest in South America before the pandemic, but we need to re-nurture that. We are starting to work with Pan American Flying Disc Federation. Connor Steer, a board member of USA Guts will start integrating with PAFDF. The United States has a very strong Guts community which has undergone a shift to a much younger player base. These younger players are bringing a new energy to the sport and USA Guts is dedicated to supporting this effort.

Australia is participating at WGC 2024 and we are looking forward to meeting their players and starting to set some ground work for some growth there.

Africa, I have discussed options with Alex “Queenie” Matovu to introduce Guts on the African continent. Ideally, we would send a few experienced Guts plays to a continental event. This would likely be spearheaded by people in the United States. Older players are still very keen to help grow the sport through travel, donations, etc.

Country Participation

As previously mentioned, Guts in the United States is growing and getting younger.

Guts in Japan and Chinese Taipei took a hit during the pandemic, but they seem to be bouncing back. A year ago, I was told there were no longer any women playing Guts in Japan, but they are sending a women’s team to Australia, so things are trending in the right direction in both countries.

Thailand is a new addition to the Guts community. They have a great organizing body in Thailand and have now competed in back-to-back tournaments, AOUGC 2023 and WGC 2024. Korea participated in the AOCGC 2023 tournament but will not be in Australia. So, we have some work to do there.

Guts Committee Membership

This has been a struggle for quite some time. My goal in Australia is to identify a solid representative from each country participating so that we can more effectively target regions and affect growth in a positive way. I will nominate those folk to the Guts committee and start to put that team on a better trajectory.

Overall Committee Members

The Overall Committee currently has 7 members (6 men, 1 woman).

Name	NF	Region	Notes
Anneli André	Sweden	Eur	
Tomas Burvall	Sweden	Eur	Former Chair
Conrad Damon	USA	PanAm	
Peter Henriksson	Sweden	Eur	
Michael Hu	Chinese Taipei	AO	
Rob McLeod	Canada	PanAm	Chair 2018-present
Sam Kaye	USA	PanAm	
			F:1/M:6
			Afr:0, AO:1, Eur:3, PanAm:3

Equity: I'd like to add 2 more women to the committee in the next 6 months.

World Overall Championships 2025 (WOC)

We're scheduled for the WOC 2025 from Aug 10-15, 2025 in Ängelholm, Sweden. Sweden most recently hosted in 2013 & 2015 and were excellent hosts so we know that the event will be well run, well promoted, and well attended. We are looking forward to welcoming new athletes as well, so if you have any players (nearing the end of their ultimate career as a potential target) please have them contact me and I can share more information. The tournament website is http://wofdc.sport.

WFDF Disciplines Video Project

We are aiming to have the videos completed by August 2024 – the plan is to have a video for every discipline and one video as an overview of all the disciplines governed by WFDF. This will be great marketing for all federations to educate and showcase what else is possible with frisbee, outside of the main two – ultimate and disc golf.

Future Plans for Overall

We're looking at helping federations and really anyone interested in learning more about Overall to host a 2-3 event, single day tournament with 15-20 players. The more people that we can get learning the Overall disciplines, the more people we'll get wanting to attend, and help run events, which will help us out on all levels.

For any questions or to get more information on the Overall, email rob.mcleod@wfdf.sport.

World Flying Disc Federation Parasports Commission
Report to the Congress 2024 on Flying Disc Parasports

Introduction:

As a reminder: the 2018 WFDF Congress had fully voted in the affirmative to intensify the work on Flying Disc Parasports at their meeting in Cincinnati 2018. WFDF has since that time taken a considerable development in Parasports, namely:

- securing the budget needed to follow-up on that decision and working within a sustainable structure in the framework of an established Parasports structure,
- intensifying the partnerships with the International Paralympic Committee (IPC) as IPC recognised Federation and cooperating with Worldabilitysport (former IWAS) on the exchange of knowledge,
- establishing structures for a classification system further researching on this topic and working on the establishment of an IPC classification code compliant WFDF code,
- hosting the first and inaugural WFDF World Wheelchair Ultimate Championships (WWUC) in 2023 in Lignano Sabbiadoro (Italy) – report annexed hereto.

The WFDF projects are regularly co-funded by the IOC development programme and approved in that framework by the Board of Directors. During the recent Congresses it was again confirmed that in several countries there are Wheelchair Ultimate initiatives running and that our member federations fully supported WFDF to lead the endeavors in that respect. However, increased and coordinated efforts are needed to grow Parasports like Wheelchair Ultimate to the critical mass for a sustainable WWUC starting from 2025 after the successful Test event in 2023.

In 2019 the IPC underwent a governance review and restructure process, and this resulted I a change of the IPC strategies. IPC recognized IFs must now fulfil a larger set or requirements, namely international competition activity.

Consequently, WFDF has fulfilled this ambition with the inaugural World Wheelchair Ultimate Championships (WWUC) in Italy, which was held from 28 September to 1 October 2023 as a part of the Italian Beach Games (FIGeST).

The current rules for the event after a review are approved by the WFDF Parasport Commission and will undergo further check for practicability until the edition in 2025.

We thank our partners at the International Paralympic Committee (IPC), International Wheelchair and Amputee Sport Federation (IWAS – now Worldabilitysport), and our scientific partners for their contribution.

The representation of WFDF in IPC circles is an ongoing task for the WFDF Parasport Commission, securing WFDF's IPC recognition on a long-term basis. Currently such recognition seems to be secured, but this IPC perception of WFDF is based on very close relations and contacts and on permanent presence of representatives of the WFDF Commission at IPC gatherings and meetings like the IPC General Assembly and Conference, IPC Open Days for IFs and Paralympic Games in Paris 2024 at the time of this present Congress, where there will be a WFDF delegation headed by the undersigned will attend also to establish contacts with the range of NPCs attending.

Report of the Organising Committee of the WWUC 2023

The World Wheelchair Ultimate Championship (WWUC) WFDF 2023 was hosted by the Italian Federation of Traditional Games and Sports (F.I.Ge.S.T.) in Lignano Sabbiadoro in northern Italy at the Bella Italia Village Sport & Family.

The event was sponsored by the Italian Paralympic Committee (CIP), the Italian National Olympic Committee (CONI), Sport and Health (Sport e Salute), the Friuli-Venezia Giulia Region and the City of Lignano Sabbiadoro.

The event was attended by 28 athletes including 12 Italian athlete, 12 German athletes and 4 athletes from Japan divided into two Italian teams, a German team and a WFDF International Team consisting of the four Japanese athletes plus one Italian and one German athlete.

The event lasted for two days beginning in the morning of September 29 where all athletes had practice sessions all together and the WFDF medical staff chaired by Dr. Gulasingam Sivakumar conducted classification tests with the athletes for classification definition.

The tournament schedule consists of a single round with four teams (three games for each team), semifinals 1vs4, 2vs3 and finals 1-2 and 3-4 placement.

The competitions started on Friday evening with the first two games and then the event continued in the morning and the afternoon of Saturday.

On the evening of Saturday in the presence of many spectators present inside the hall as in the same facility of Bella Italia Village Sport & Family in the same days FIGeST organized the Italian Beach Ultimate Championships were played and the finals and awards ceremony were held.

The qualification round was won by Germany, which lost to Italy white in the semifinals, while International Team, which placed second in the round, won the semifinal against Italy blue.

The two finals were very hard fought and played point to point and in the final for the bronze medal Germany won against Italy Blue with a score of 10 to 9 while in the final for the gold medal Italy White won against International Team with a score of 7 to 5.

Below are the final standing:

Gold: ITALY (WHITE)

Silver: INTERNATIONAL TEAM

Bronze: GERMANY

The SOTG award was won by the Italy Blue team, which by a few points surpassed the International Team.

WFDF Anti-Doping Program and WADA Compliance

ANNUAL CONGRESS
30/31 August 2024
Jörn Verleger
WFDF Anti-Doping Administrator

National Federations/implementation of WADA Code – mandatory WADA Code requirement for compliance:

As per Art. 20.3.2 of the World Anti-Doping Code (WADC) WFDF must make sure that not only all National Federations as a condition for membership have adopted the WFDF Anti-Doping rules but also must implement these rules and conduct code compliant anti-doping programs.

As the majority of the WFDF MNAs still are not providing the capacity to maintain such programs the proposal would be to authorise WFDF as Anti-Doping authority for such members without compliant programs to act and operate education, in-competition and out-of-competition testing on a three tier basis:

- 1 MNAs with full Anti-Doping programs to be monitored
- 2 MNAs with partial programs be supported
- 3 MNAs with no programs to be substituted

The WFDF Medical & Anti-Doping Committee and Doping Control Panel will execute the 2nd Anti-Doping tier survey end of the year 2024.

WADA code compliance:

National Federations/implementation of WADA Code through WFDF program:

The following steps are being executed under such program:

1) AUDIT: WFDF will find out via an online survey to which tier of the three mentioned above to establish the numbers of NFs being in need for such help.

2) TEST DISTRIBUTION PLAN (TDP) for such NFs: WFDF will include the findings in the operations of their TDP moving on forward on an annual basis.

3) EDUCATION: The NFs identified will have to operate Anti-Doping education tools like WADA ADEL which is free of charge in many languages to set up an education programme for these NFs.

4) TESTING: As WFDF will be the Testing Authority for these NFs WFDF would be allowed to test during their events at our discretion. This will result in an increased awareness following the previous education. WFDF will have the option to test during their national events (in-competition) and the NADOs will still have the option to test the athletes from these NFs out-of-competition.

5) RESULTS MANAGEMENT: For WFDF tests WFDF will be responsible for RM.

6) DISCIPLINARY PROCEDURES: For WFDF tests WFDF will decide on sanctions.

Anti-Doping

- Completion related to critical actions resulting from the WADA Code compliance questionnaire in 2023.
- ITA-WFDF agreement signed transfering several AD ops to the International Testing Agency - required by IOC.
- Enhanced MADC and TUEC teams and procedures.
- (Reduced) education still target – reduced testing.
- Modifications in 2021 through new rules and WADA Code/International Standards.

WFDF Risk Management: 2024 Assessment

Risk area 1:	**Sustaining or improving the quality and consistency in the delivery of all our events**
Risk description:	World Championship events sanctioned by WFDF are one of the keys to its success. However, WFDF relies on a local organizing committee to deliver a world class event.
Controls:	1. Bid review process (which usually also outlines experience of the key organizers) 2. Affiliation of local organizing committee (TOC) with a Member Association 3. Contract laying out expectations and terms 4. Oversight of the Disc Sport Committee and the WFDF Event Manager 5. Ongoing close monitoring during event preparation, event delivery and post-event phases.
Consequences:	Very serious
Likelihood:	Moderate risk; under special conditions like pandemic/weather catastrophic events extreme risk
Comments:	Since inception in 1985, WFDF has been very successful in its delivery of events. With increasingly larger events, it may become more difficult to find appropriate venues or appropriately skilled organizers. We have had two situations, WUCC 2014 and WCBU 2017 where the TOC was unable to fulfill its obligations to WFDF in a timely fashion post-event.

Risk area 2:	**Ensuring safety and safety for participants, coaches, officials, spectators and volunteers**
Risk description:	For WFDF, the primary aspect of safety that it can control relates to the quality of fields and their placement. Second, it also involves security and health issues as terrorists target large sports events and we deal with the impact of the COVID-19 pandemic and moving on forward with extreme weather conditions. Third, with more youth development, we need to vet and coaches and have safeguarding controls in place.
Controls:	1. Contract laying our expectations and terms and site review by WFDF officials upfront. 2. Ensuring that TOCs work with local law enforcement and public health agencies well-in advance of an event to develop a security plan and then communicate that to all staff. 3. National associations need to set procedures to vet and train coaches for youth. 4. Train TOCs on the WFDF safety, health and other policies. 5. Impress on Flying Disc community and National Federations the importance of safeguarding and safe sport measures.
Consequences:	Very serious/Devastating
Likelihood:	High risk even as we enter the post-COVID-19 pandemic era with many uncertainties.
Comments:	Safety issues arose in 2008 and 2010 relating to field spacing near-off-field obstacles (concrete walls at Prague, respect of the 3-meter rule at Vancouver). Separately, with increasing terror threats with large sporting events a target, the development of a security plan and coordination with local law enforcement authorities by TOCs in advance of events is imperative. The COVID-19 pandemic of 2020 shut down all events due to health concerns and government lock-downs. The WFDF Safe Sport policy was adopted in 2020.

Risk area 3:	**WFDF's ability to recruit/attract sufficient volunteers**
Risk description:	WFDF, like all sports organizations, is highly dependent on volunteers to administer and organize the sport, and expectations for performance are growing. At the WFDF level, there are no "natural" affiliations, so WFDF is dependent largely on administrators who also have responsibilities at the member association level. Turnover due to burnout is a constant threat, compounded by the difficulties of dealing with a heavy workout at key positions such as disc sport committee chairs and the ExComm level.
Controls:	This is a risk faced by all not-for-profit organizations and it requires active management and the development of a deep bench to ensure that the volunteer network remains enthusiastic. It involves training of volunteers and preparation for their respective tasks. WFDF will establish a WFDF Academy to coach volunteers on the challenges at hand as well as dissemination of volunteers' tasks.
Consequences:	Devastating
Likelihood:	Moderate
Comments:	This is an ongoing challenge particularly due to WFDF's limited resources. While our full-time paid Secretary General and Event Manager have taken on increasing responsibilities in administration and event oversight to reduce the workload and provide sufficient support to ensure that our volunteers' network can be effective and efficient, they are now overstretched and expectations continue to rise.

Risk area 4:	**Maintaining and increasing membership and participation**
Risk description:	WFDF has a responsibility to assist current Member associations in maintaining and growing their constituent membership, as well as to assist in the development of potential new Members.
Controls:	1. Requirements for institutionalization of a local governing body before granting Membership 2. Development efforts in areas where there is little flying disc penetration 3. Publicity and communication 4. Membership support in educational actions and areas of risk.

Consequences:	Serious
Likelihood:	Moderate risk
Comments:	Interest in flying disc sports continues to grow and a desire to participate in World Championship events sanctioned by WFDF continues to be the main recruiting catalyst. WFDF can promote continuity in local organizations by requiring institutionalization of the Association in its membership application process. There are a few legacy issues where there have been challenges to legitimacy of existing disc organizations and our members need to understand the importance of a having a well-managed national association.

Risk area 5:	**Sustaining and improving financial viability**
Risk description:	A. Within our quadrennial Ultimate event cycle, WFDF is highly dependent on participant fees from WUGC and WUCC, such that any disruption could impair WFDF's financial viability. B. With most of the money from participation fees being collected by the local organizing committees, there is a risk that monies could be misappropriated. C. Failure of a TOC to pay all monies due to WFDF can damage WFDF`s budget
Controls:	A1. Maintaining a large cash reserve A2. Requiring multi-year forecasts in addition to annual budgets in the financial plan A3. Finding ways to smooth out the event cycle A4. Developing other sources of revenues such as sponsorship B1. Bid review process (which usually also outlines experience of the key organizers) B2. Affiliation of local organizing committee with a Member Association B3. Contract laying out financial terms with periodic distributions C. Taking over certain money and registration functions going forward
Consequences:	A. Serious B. Devastating C. Devastating
Likelihood:	A. Actual situation B. Low probability C. Middle probability
Comments:	WFDF was able to manage through 2021 due to its maintenance of its cash reserve and due to staff support in financial savings.

Risk area 6:	**Protecting or improving public image and reputation with stakeholders, regulators, potential sponsors, and media**
Risk description:	As a federation of Member Associations, WFDF must be perceived as adding value or it will lose the support of its members. With respect to external stakeholders and the public WFDF is the international governing body and must continually promote growth of flying disc sport.
Controls:	1. Consistent governance and maintenance of high standards for events 2. Constant and appropriate communications
Consequences:	Serious
Likelihood:	Moderate
Comments:	This is an ongoing challenge due to WFDF's limited resources. There has been limited success in the area of sponsors and media. IOC recognition may provide WFDF and its Members with some additional credibility in the sport world, but media and sponsorship is changing as well.

Risk area 7:	**Maintaining Spirit of the Game (SOTG) as an essential component of flying disc sports**
Risk description:	We have a growing conflict within the sport of Ultimate in that semi-professional leagues have begun operations and have introduced a form of referees. Further, there are many aspects of SOTG with varied interpretations, within and across regional boundaries and competitive strata.
Controls:	1. Maintaining the focus by acknowledging it in Spirit rankings and awards 2. Further incorporating messages in all marketing, education, and training material/programs.
Consequences:	Serious, it would change the essence of our sport
Likelihood:	Moderately high and increasing
Comments:	Spirit of the Game remains central to our primary disc discipline, Ultimate, and having no referees differentiates WFDF from most other IFs in a very positive way.

Risk area 8:	**Applying good corporate governance principles including compliance with regulatory requirements**
Risk description:	As an IF recognized by the IOC, IPC and FISU and as a signatory to the World Anti-Doping Agency (WADA) code, WFDF needs to maintain compliance with the key elements required. We also need to ensure that we hold the federation to a high governance standard by complying with the Bylaws and respecting our Members.
Controls:	1. Vigilant oversight of the anti-doping program and development of an educational program. 2. Knowledge of and adherence to the standards set out in the Bylaws and the Olympic Charter. 3. Implementation and operation of WFDF safe sport, gender equality and non-discrimination policies.
Consequences:	Serious
Likelihood:	Moderate

Comments:	Now that we are in compliance with the WADA anti-doping requirements, we must ensure that our athletes are provided with sufficient educational opportunities so that there are no infractions. We must also maintain transparent and professional governance procedures.

WFDF Bylaws

Proposed revisions dated 30July 2024

We are proposing the following revisions to the WFDF Bylaws, which previously had become effective 23 July 2022.

Article III, para. 1.1: National Member: provides that the 50 member requirement for Regular membership can be waived in the case of countries with small populations.

Article III, para. 1.4: Transition Phase: provides that the requirement for member Federations to represent all Disc Sports be pushed back. The previous deadlines had been established in the COVID period and the recovery has taken longer than expected for several members to address this issue. The deadline is being pushed back to 2026/2027.

Article III, para. 5.2: Special Meetings: Slight revisions to notice periods for consistency with para. 5.1 and 5.3.

Article IV, para. 1: Management: Permits the appointment of up to up to two independent non-executive board members to a non-voting position on the Board.

Article IV, para. 2: Election Term: Changes Board terms from two years to four years and caps at three consecutive terms.

Article IV, para. 6: Special Meetings: Conforms to limit such call to a majority of the Board.

Article IV, para. 8: Proxies and Alternates: Allows for an alternate to be designated by certain board members.

Article V, para. 1, 3, 4, 5, 6: Election Term: Changes Officer terms from two years to four years and caps at three consecutive terms, except for the Vice President.

Article VI, para. 1.3: Women in Sport Commission: Updates name and responsibilities in line with IOC guidelines. New name is Gender Equality Diversity and Inclusion Commission.

Article VI, para. 3 and Article XIII: Adds an ad hoc Appeals Commission to revise the Dispute Resolution provision in conformance with IOC guidance.

BYLAWS OF THE
WORLD FLYING DISC FEDERATION

(a Colorado Nonprofit Corporation, as approved by Congress effective __ August 2024)
[Proposed revisions dated 30 July 2024]

ARTICLE I - PURPOSES

The World Flying Disc Federation ("WFDF") is organized exclusively for educational purposes and to foster national and international amateur sports competition within the meaning of and pursuant to Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (or under the corresponding provision of any future United States Internal Revenue law). The activities of WFDF include, but are not limited to, such purposes as:

1. To serve as the international governing body of all flying disc sports, with responsibility for sanctioning world championship and other international flying disc events, establishing uniform rules, and setting standards for and recording of world records;

2. To promote and protect the "spirit of the game" and the principle of "self-officiation" as essential aspects of flying disc sports play;

3. To promote flying disc sports play throughout the world and foster the establishment of new national flying disc sports associations, advising them on all flying disc sports activities and general management;

4. To promote and raise public awareness of and lobby for official recognition of flying disc play as sport;

5. To provide an international forum for discussion of all aspects of flying disc sports play; and

6. Consistent with above principles, to transact any and all other lawful business or businesses for which a corporation may be incorporated pursuant to the Colorado Revised Nonprofit Corporation Act, as it may be amended from time to time.

ARTICLE II – DEFINITIONS OF DISC SPORTS AND SANCTIONED EVENTS

1. A **Disc Game** is a game or event played with a flying disc that is recognized as a Disc Game by WFDF. The designation as a WFDF Disc Game is granted and revoked in an annual or special meeting or other vote of the voting members of WFDF ("Congress"). The list of Disc Games shall be maintained on the WFDF web site and updated as necessary.

2. A **Disc Discipline** is a Disc Game which is played according to a set of rules approved by WFDF but for which there is no WFDF World Championship event.

3. A **Disc Sport** is a Disc Game which conforms to the following definition:

a. it is a Disc Game played according to a set of rules approved by WFDF;

b. it is a Disc Game for which a WFDF Disc Sport Committee has been established; and

c. it is a Disc Game for which a WFDF World Championship is played on a regular basis, meeting the standards for such tournaments as set forth in these Bylaws and as otherwise established by the Board of Directors.

4. The designation as a WFDF Disc Discipline or a Disc Sport is granted and revoked by Congress. The list of Disc Disciplines and Disc Sports shall be maintained on the WFDF web site and updated as necessary. Rules and regulations of each Disc Discipline and Disc Sport or the standards for World Records are governed by their respective standing or ad hoc Committees, must be written in the English language, and must be approved by the Board of Directors. Notwithstanding the foregoing, all amendments to the rules and

regulations that impact the athletes' sole responsibility to make, and determine the final outcome of, a violation, foul, or other call during a competition has to be approved by Congress in accordance with Article III, Sections 4.2 and 4.3.

5. A **WFDF World Championship** is a Sanctioned Event that is a tournament or event designated by Congress as a "WFDF World Championship" for a particular Disc Sport. Such tournament or event may be held on a standalone basis or in conjunction with the WFDF World Championship for other Disc Sports. Such events must meet the minimum standards for determination of tournament formats, player and team selection processes, etc., as set by the policies established by the Board of Directors. Furthermore, for a tournament or event for a Disc Sport to be designated and maintained as a WFDF World Championship, it must be held on no less than a quadrennial basis and must regularly involve participants from at least eight different countries from three continents.

6. A **Sanctioned Event** is a tournament or event designated by Congress as a "Sanctioned Event" for a particular Disc Discipline or Disc Sport. Although it includes all WFDF World Championships, it may also include regional events or variations on the rules of play for a Disc Discipline or Disc Sport. A Sanctioned Event fee shall be paid to WFDF for each participating player in any WFDF Sanctioned Event, according to the schedule established by Congress.

ARTICLE III – MEMBERSHIP AND VOTING

1. **Membership Classes.** There shall exist the following classes of membership:

1.1 National Member: A National Member shall be a flying disc association that is the governing body for Disc Games solely within a single national boundary. There can be only one National member per country, with the definition of a country as per the terminology of the International Olympic Committee (IOC). To become a National Member and/or remain in good standing, a flying disc association must meet all of the following criteria, receive preliminary approval of WFDF's Board of Directors, and be confirmed by Congress. If an incumbent National Member fails to continue to meet the membership criteria, their membership may be revoked by Congress. These criteria are that a National Member must:

(a) be organized with bylaws acceptable to WFDF;

(b) operate under the rules, policies, and programs which are in compliance with all agreements to which WFDF is a party;

(c) be open to participation without regard to race, color, religion, national origin, politics, sex, or sexual orientation;

(d) represent a minimum of 50 individual disc players who are members of its organization ("Constituents") in one or more Disc Sports, unless this minimum requirement is waived by the Board in the case of countries with small national populations;

(e) hold an annual meeting and/or have another representative mechanism for its Constituents to elect a board of directors;

(f) fairly represent the interests of Constituents for all Disc Games within the country; and

(g) pay dues to WFDF as established by the Congress, and report annually regarding the number of its Constituents per the requirements as established by the Board of Directors (the "Census").

Regarding (f) above, a National Member's bylaws do not need to provide that they represent all disc sports in the country with regard to WFDF. However, if they do not represent all disc disciplines, they require a board approved plan on how they address other disc disciplines if representatives of those disc disciplines express an interest in writing in becoming formally represented in WFDF and meet the minimum criteria for such representation.

An incumbent National Member can determine how best to accomplish such representation, whether through delegation to other disc discipline associations within their country or through formally defined committees within their own organization. A National Member is required to provide some form of representation of a disc discipline once there is a critical mass of participation of no less than 25 constituents whose primary

participation is with Ultimate, Beach Ultimate, or Disc Golf, or 10 constituents whose primary participation is with other disc disciplines. If there is a second organization representing a disc discipline with at least 50 Constituents, then the organizations are expected to develop an umbrella organization or some other form of cooperation agreed by both which respects the incumbency of the original national Member within three years of an application being submitted to the National Member and to WFDF.

1.2 Provisional National Member: Provisional National Members are flying disc associations that are the governing body for all Disc Games solely within a single national boundary that have not met all of the qualifications of a National Member. To become a Provisional Member and/or remain in good standing, a flying disc association must meet all of the following criteria, receive preliminary approval of WFDF's Board of Directors, and be confirmed by Congress. If an incumbent Provisional Member fails to continue to meet the membership criteria, their membership may be revoked by Congress. These criteria are that a Provisional National Member must:

(a) be open to participation without regard to race, color, religion, national origin, politics, sex or sexual orientation;

(b) operate under the rules, policies and programs, which are in compliance with all agreements to which WFDF is a party;

(c) fairly represent the interests of all Constituents in the applicable sport, region and/or country; and

(d) report annually per the Census requirements as established by the Board.

Provisional members will have their status upgraded automatically to National membership after two years of provisional membership upon filing a report on activities and approval by the Board and payment of the membership dues as decided by Congress.

1.3 Associate Member: An Associate Member is an association with ties to disc sports that is not a national governing body for flying disc sports within a country. These may include not-for-profit organizations that provide services to disc sports or which represent particular disc sports organizations. Associate Members do not have any voting rights but may attend Congress. They must meet the requirements for membership set out by the Board of Directors and receive approval by Congress.

1.4 Transition Phase: Up until year end ~~2020~~2022, WFDF permitted more than one Member per country as long as they represented different Disc Games in that country, or Members who only represented the interests of athletes of one Disc Game within the country and not the others. It also permitted Disc Game Organizational Members which were flying disc association which were the governing body for a single Disc Game across numerous national boundaries. From the date of the adoption of these Bylaws until December ~~2022~~2026, any current Members of WFDF shall be grandfathered in their membership, but should seek to conform to the new definition of membership outlined in this Article III of the Bylaws. Members not conforming to the updated definition of membership will be notified by WFDF of such non-conformance and will be required to provide an action plan of how they intend to conform by June ~~2023~~ 2027 and complete their transition by December ~~2023~~2027. Any Member in non-conformance by June ~~2024~~ 2028 may, per a vote of Congress upon the recommendation of the Board, have their membership terminated.

1.5 Resolution of Conflicts in Defining Responsibility: There can only be one Member representing each disc sport in each country. Through the Transition Phase Expiration, there can be only one Member representing each Disc Game per country. If there is a Member in a country, and a separate association in the country requests consideration as a member in WFDF, the prospective Member's application must specifically address the issue of representation and the incumbent Member must also comment on the application. In case of such conflict, Congress will make the decision as to which association should be the Member within the country.

2. **Reporting by Members**. As a prerequisite of initial membership and as an ongoing requirement to remain in good standing, each Member shall report the number of Constituents in its association and the basis for such calculation to WFDF. Such number shall typically be the greater of the (a) the number of dues paying members in the Member organization or (b) the number of different individuals participating in the national flying disc championships sanctioned by the Member organization. WFDF reserves the right to review the basis for the calculation of members for a Member association and to require revisions in order to establish consistency among Members in the basis for such calculations. Such ongoing reporting shall occur in the form of an annual Census, the requirements of which shall be established and amended from time to time by the Board.

3. **Rights of Members: Voting and Play in Sanctioned Events**.

3.1 **Voting**. All National Members in good standing ("Voting Members") shall be entitled to vote on all matters coming before the Congress, including the selection of Board members and other officers, fiscal matters of the Corporation, and on play related matters. Provisional National Members are not entitled to any vote.

3.2. **Play in Sanctioned Events**. National Members in good standing may designate Constituent players or teams to participate in Sanctioned Events, per the allocation rules established by the Committee responsible for the respective Disc Sport event and confirmed by the Board. Except as otherwise provided in Section 3.4 of this Article III, players represented by Provisional National Members are not eligible for participation in Sanctioned Events.

3.3. **Good Standing**. A National Member shall be considered in Good Standing for voting purposes or play in a Sanctioned Event if it has paid all of its membership fees prior to the Sanctioned Event or Congress, respectively, and has fulfilled all its other obligations to WFDF including submission of annual Census data.

3.4. **Provisional National Member Play Exemption**. To encourage participation in Sanctioned Events by players from countries or a Disc Game not previously represented by a National but by a Provisional National Member only, there is a one-time exemption from the full membership payment requirement for the participation of a player or team in a Sanctioned Event. However, concurrent with such participation, representatives of that country will have the obligation to apply for National Membership as soon as practicable. Players from such countries will be precluded from participation in subsequent Sanctioned Events until such time as the Provisional Member become a full National member, up to a maximum of nine years from the initial exemption event.

4. **Voting**. In matters requiring a vote of Congress, each Voting Member in good standing shall have a number of votes reflective of the number of Constituents that organization represents, as reported in the Census for the respective year, according to the following table (the "Voting Schedule"):

Number of Constituents	Number of Votes
From 0 to 200: Administrative	1
From 0 to 200: Base	1
From 201 to 400	2
From 401 to 800	3
From 801 to 1,600	4
From 1,601 to 3,200	5
From 3,201 to 6,400	6
From 6,401 to 12,800	7
From 12,801 to 25,600	8
From 25,601 to 51,200	9
51,201 and above	10

Votes of Members with more than one vote may be split in favor of alternative choices on a whole number basis per the Member's discretion.

Notwithstanding the foregoing, the Congress may establish limits based on the number of Constituents for a maximum and minimum number of votes per Member, which must also be directly reflected in the dues required for such Member.

4.1. **Decisions by all Voting Members**. All Voting Members shall vote on matters affecting the general business and functions of WFDF, including: (a) electing the directors and officers of WFDF; (b) reviewing and approving the previous year's financial statements and auditors' reports; (c) approving WFDF's annual budget and electing an Auditor; (d) setting membership dues and sanctioning fees for WFDF events; (e) approving the WFDF event calendar; (f) authorizing the basic strategic direction and policies of WFDF; (g) approving new members or terminating members; (h) making amendments to the WFDF Bylaws; (i) adding new disc sports to the WFDF program; and (j) other matters affecting WFDF generally. Each Voting member shall have the number of votes as per the Voting Schedule, adjusted by any such minimum or maximum caps as determined by Congress.

4.2. **Voting by Representatives of Specific Disc Disciplines**. For matters only involving a specific Disc Game, as determined by the Board of Directors, only Voting Members with responsibility for that Disc Game may vote. Each Voting Member with responsibility for a specific Disc Game shall have the number

of votes as per the voting Schedule (adjusted by any such minimum or maximum caps as determined by Congress) without consideration of the share of its Constituents involved with such Disc Game.

4.3. **Requisite Majorities**. In most votes put forward before Congress, except as noted as follows, affirmative votes constituting a simple majority (50% plus 1) of the votes available to be cast are required to approve an action or motion. For (a) motions to revoke the membership of a current Member as provided for in Article III, (b) the removal of a Director as provided for in Article IV, Section 4, or (c) the amendment of the Bylaws as provided for in Article VIII, a two-thirds (2/3) majority of the votes available to be cast are required for approval. Approval of the dissolution of the corporation as provided for in Article VII requires the affirmative vote of a three-quarters (3/4) majority of the votes available to be cast. In all cases, notice must be duly given and the required quorum must be met for any such vote to be valid.

5. **Meetings and Voting Outside of a Meeting**. Annual or Special Meetings of the members of WFDF, or votes by Voting Members held outside of an in-person meeting, shall be known as a Congress.

5.1. Annual Meeting. The Annual Meeting of the Members shall be held each calendar year at a place and time to be fixed by the Board of Directors. The purposes of the annual meeting shall be to: (a) review and approve the previous year's financial statements and auditors' reports, (b) approve WFDF's annual budget and elect an Auditor, (c) authorize the basic strategic direction and policies of WFDF, (d) serve as a forum for discussion of general disc sports issues, and (e) to take such other action as may properly come before the Congress. The Secretary shall cause to be given to each member notice of the time and place of the annual meeting not less than three (3) calendar months prior to the date of such scheduled meeting. Members must submit all motions for consideration at the annual meeting to the Board of Directors not less than 75 days prior to the date of such scheduled meeting, and the Board shall forward to all members a meeting agenda, along with copies of all motions, reports and other relevant material for consideration at the Congress, not less than one (1) calendar month prior to the date of such scheduled meeting.

5.2. **Special Meetings**. Special Meetings outside of the Annual Meeting may be called at any time by the Board of Directors. The Secretary shall cause to be given to each Voting Member notice of the time, place and purpose of such meeting, along with background materials requiring consideration, not less than ~~two~~ one (~~2~~1) calendar month~~s~~ prior thereto. The Board shall also be required to call a Special Meeting of the Congress upon the written demand of Voting Members in good standing representing twenty-five percent (25%) of the total Member votes.

5.3. **Votes Outside of a Meeting**. Votes outside of the Annual Meeting or a Special Meeting may be called at any time by the Board of Directors. The Secretary shall cause to be given to each Voting Member notice of the time, place and purpose of such meeting or required vote outside of a meeting, along with background materials requiring consideration, not less than one calendar month prior thereto. Whenever the Voting Members are required or permitted to take any action by vote outside of an Annual Meeting or Special Meeting, such vote shall take place through electronic or written voting mechanisms as established by the Board of Directors.

5.4. **Quorum**. So long as the Annual Meeting or a Special Meeting has been duly called as provided above, the presence, in person, by telephone or video conference, electronic correspondence, or by proxy, of any Voting Members shall constitute a quorum and shall be sufficient for the transaction of any business. For votes outside of an Annual or Special Meeting, the participation of no fewer than 50% of the Voting Members (before consideration of the actual votes per the Voting Schedule) shall constitute a quorum.

5.5. **Proxies**. Each Voting Member entitled to vote may authorize a person or persons to vote on behalf of such Voting Member by proxy. A proxy shall be in writing, signed by a duly authorized officer of a Voting Member, and revocable at the pleasure of the Voting Member executing it, and may be delivered electronically or in paper format. Such proxy must be delivered to the Secretary prior to the meeting or action and shall be valid only for the meeting or action named therein.

6. **Membership Fees**. The annual dues of Members shall be determined from time to time by the Congress, upon recommendation of the Board. Membership dues for each National Member are to be determined on the basis of the number of Constituents represented directly or indirectly by that organization, as reported in the Census for that year. Notwithstanding the foregoing, the Congress may establish limits for a maximum and minimum rate for dues per Member, which will be directly reflected in the Voting Schedule for such Member. In addition, the Congress, at the recommendation of the Board of Directors, may provide for a discounted rate for dues for Members in developing countries (the "Special Terms of Payment"), which shall not affect the Voting Schedule for any such Member.

If a member declines to report the number of players it represents in the Census, the Board is authorized to estimate the number for that member at its discretion and set dues accordingly.

7. **Sanctioned Event Fees**. The Sanctioned Event fee schedule shall be determined from time to time by Congress upon the recommendation of the Board. Such schedule of sanctioning fees shall be reflective of the type of event, expected number of participants, and length of event, and shall be stated as a per participant fee collected by the Sanctioned Event Organizer on behalf of WFDF.

In any case, the one-time exemption for provisional Members from the Membership requirement provided for in Article III Section 3.4 does not excuse the participants from being required to pay the Sanctioned Event fee in order to participate in the Sanctioned Event.

8. **Hold Harmless**. Each Member, as a condition of its membership, agrees to hold WFDF and its directors, officers, coordinators, agents and consultants harmless from claims of any kind, nature or description arising out of the Member's participation in or observance of any game, tournament or event sponsored or sanctioned by WFDF.

9. **Meetings by Telephone or Other Electronic Means**. Members may hold or participate in a meeting of the Congress by means of conference telephone or other electronic means provided that all such persons so participating in such meeting can hear each other at the same time.

ARTICLE IV - DIRECTORS

1. **Management of the Corporation.** WFDF shall be managed by the Board of Directors. Directors shall be selected without regard to race, color, religion, national origin, politics, sex or sexual orientation. The Board shall consist of the President, Secretary, Treasurer, the current chairs of each Disc Sport Committee, the chair of the Spirit of the Game Commission, the Presidents of each of the Continental Associations, the chair of the Athletes' Commission, the Medical Commission Chair, and two at-large directors. The Secretary General shall also serve on the board as a non-voting member. The President, Secretary, Treasurer, and the chairs of each Disc Sport Committee and the Spirit of the Game Commission shall be elected by the Congress, the chair of the Athletes Commission shall be chosen by the members of the Athletes' Commission, and the Chair of the Medical Commission and the two at-large directors shall be appointed by the board.

In addition, the Board may appoint for a period of a two year term up to two independent non-executive board members to a non-voting position. In order to meet the independence criterion, a person must not have held been employed by or held any other volunteer position in any Flying Disc organization or engage in any Flying Disc competitive activity for at least three years prior to the time of appointment, and desists from any such involvement throughout the duration of their tenure on the Board.

The Board may engage outside consultants or independent contractors to assist on a day to day basis with the management of the corporation, within the constraints of the budget approved by the Congress.

2. **Election and Term of Directors.** An annual election by Congress will be held during the final two months of each calendar year to elect directors to hold office for the designated term of office. Each director shall hold office until the expiration of the term for which he or she was elected and until his or her successor has been elected and shall have qualified, or until his or her resignation or removal. Directors shall serve for ~~two~~ four year terms, to be staggered as determined by the Congress. Elections are held electronically to accommodate all Members, and shall be open for no less than thirty (30) calendar days. Votes by Congress for Directors shall be via a commonly accepted voting mechanism as determined by the Board.

Effective from and calculated only beginning December 2024, all members of the Board can only be elected for a total of three consecutive terms of four years in one role.

3. **Increase or Decrease in Number of Directors**. The number of directors may only be changed by Congress through an amendment to the Bylaws. No decrease in number of directors shall shorten the term of any incumbent director.

4. **Removal, Resignation, Replacement.** Any director or directors may be removed by Congress. A director may resign at any time by giving written notice to the Board. Unless otherwise specified in the notice, the resignation shall take effect upon receipt thereof by the Board. In the case of the resignation, death, or removal of a Board member, the Board in its discretion may appoint a successor to serve in the position through the end of the scheduled term.

5. **Meetings.** There shall be no less than four (4) meetings of the Board annually, at such places and times to be fixed by the President. The Secretary shall cause to be given to each member of the Board

notice of the time and place of the annual meeting not less than thirty (30) days prior to the date of such meeting. Such Board meetings may take place in person or by means of conference telephone or similar communications equipment, provided that all such persons so participating in such meeting can hear each other at the same time.

6. **Special Meetings and Actions Taken Without a Meeting.** A special meeting of the Board may be called by ~~the President or by the~~a majority of the Board. The Secretary shall cause each director to be notified of the time, place and purpose of such meeting not less than thirty (30) calendar days prior thereto. A vote of the Board taken without a meeting may be called by the President or by a majority of the Board, with each director to be notified of the time, place and purpose of such vote not less than seven (7) calendar days prior thereto. Whenever members of the Board are required or permitted to take any action by vote without a meeting, such vote shall be conducted through electronic or written voting mechanisms as established by the Board of Directors.

7. **Quorum and Required Majority.** The presence of a number of voting members of the Board not less than 50% of the total members (rounded up to the nearest whole integer), plus one, shall constitute a quorum and shall be necessary for the transaction of business. The consent of a majority of the directors present at any meeting at which a quorum is present shall be required for passage of any measure before the Board. One or more vacancies on the Board shall not change the required minimums for Quorum.

8. **Proxies and Alternates**. Each Board Member entitled to vote may authorize another Board Member to vote on behalf of such Board Member by proxy. A proxy shall be in writing, signed by the Board Member, and revocable at the pleasure of the Board Member executing it, and may be delivered electronically or in paper format. Such proxy must be delivered to the Secretary prior to the meeting or action and shall be valid only for the meeting or action named therein.

The chairs of each Disc Sport Committee, the chair of the Spirit of the Game Commission, the Presidents of each of the Continental Associations, and the chair of the Athletes' Commission may designate a deputy chair to represent them at Board meetings in their absence as an alternate. The designation of such alternate shall be in writing, signed by the Board Member, and revocable at the pleasure of the Board Member executing it, and may be delivered electronically or in paper format. Such alternate designation must be delivered to the Secretary prior to the meeting or action and shall be valid only for the meeting or action named therein.

9. **Committees.** The Board may designate such temporary or standing committees as it shall deem advisable and such committee or committees shall have such powers as may be specified by resolution of the Board. In addition to such committees as may be authorized by resolution of the Board, there shall exist the following standing committees:

9.1 Executive Committee. The Executive Committee shall consist of the President, the Vice President, the Secretary and the Treasurer. The Secretary General shall also serve on the Executive committee as a non-voting member. The Executive Committee shall administer the daily affairs of WFDF and shall have and exercise the authority of the Board in the management of WFDF, except as may be limited by resolution of the Board or by law.

9.2. Disc Sport Committees: A Disc Sport Committee shall be established for each Disc Sport with the responsibility to oversee the play-related activities of the specific Disc Sport. Each Disc Sport Committee shall consist of a Chair and a number of members. The Chair of each Disc Sport Committee will be chosen by Congress per the voting procedures established for Board elections for a two year term and members of the Committee shall be nominated by such Chair, subject to approval by the Board.

Each Disc Sport Committee shall address such issues as may affect participants in the specific Disc Sport, including: (a) maintaining and proposing revisions of the official WFDF rules for the Disc Sport; (b) soliciting bids for Sanctioned Events for the Disc Sport; (c) overseeing the Sanctioned Events for the Disc Sport, determining tournament formats, player and team selection processes, all in accordance with policies established by the Board of Directors, (d) arbitrating on any WFDF play-related issues within the Disc Sport; and (e) maintaining world records, and proposing revisions to the standards for such world records, if relevant within the Disc Sport. Although each Disc Sport Committee or a subcommittee designated for such purpose shall have the responsibility for soliciting bids for Sanctioned Events, the Board of Directors shall make the decision on which bid to accept. All decisions of a Disc Sport Committee may be appealed to the Board. Further, the Board will determine in advance which issues are subject to approval by all Voting Members of WFDF, which are subject to approval solely by Voting Members responsible for that Disc Sport, and which are issues subject to approval by the Board.

9.3. Disc Discipline Committees: A Disc Discipline Committee may be established for Disc Disciplines at the discretion of the Board, with the responsibility to oversee the play-related activities of the specific Disc Discipline. Each Disc Discipline Committee shall consist of a Chair and a number of members. The Chair and members of each Disc Discipline Committee will be chosen by the Board of Directors. The Chair of a Disc Discipline Committee need not be a member of the Board.

Each Disc Discipline Committee shall address such issues as may affect participants in the specific Disc Discipline, including: (a) maintaining and proposing revisions of the official WFDF rules for the Disc Discipline; (b) soliciting bids for Sanctioned Events for the Disc Discipline; (c) overseeing the Sanctioned Events for the Disc Discipline, determining tournament formats, player and team selection processes, all in accordance with policies established by the Board of Directors, (d) arbitrating on any WFDF play-related issues within the Disc Discipline; and (e) maintaining world records, and proposing revisions to the standards for such world records, if relevant within the Disc Discipline. Although each Disc Discipline Committee or a subcommittee designated for such purpose shall have the responsibility for soliciting bids for Sanctioned Events, the Board of Directors shall make the decision on which bid to accept. All decisions of a Disc Discipline Committee may be appealed to the Board. Further, the Board will determine in advance which issues are subject to approval by all Voting Members of WFDF, which are subject to approval solely by Voting Members responsible for that Disc Discipline, and which are issues subject to approval by the Board.

If there is no Committee for a Disc Discipline, an official WFDF version of the rules may be proposed by any Voting Member responsible for that Disc Discipline and approved by the Board of Directors. If there is a proposal for a Sanctioned Event but no Committee has yet been constituted, the Board of Directors shall appoint an interim Disc Discipline Committee and chair to oversee event discussions.

9.4. Auditor. The Congress shall elect a professional Auditor each year, who may not be a member of the Board. The term of the Auditor shall be approximately one year, until the next annual Congress. The Auditor shall review the financial records of the Corporation, and report to the Congress no less than annually. If the Auditor resigns prior to the completion of the term, the board shall designate a replacement to serve until the next Congress.

10. **Meetings by Telephone or Other Electronic Means**. Members of any Committee designated thereby may hold or participate in a meeting of the Committee by means of conference telephone or other electronic means provided that all such persons so participating in such meeting can hear each other at the same time, or by means of conference via email or similar communications such as electronic chat sessions provided that all such persons so participating in such meeting can participate equally. Whenever members of any Committee are required or permitted to take any action by vote without a meeting, such vote may be conducted through electronic or written voting mechanisms as established by the Board of Directors.

ARTICLE V - OFFICERS

1. **Election, Appointment, Term, Compensation.** Except as otherwise provided herein, officers shall be elected by Congress and shall serve for the designated term. Effective from and calculated only beginning December 2024, all officers except for the Vice President can only be elected for a total of three consecutive terms in one role.~~All officers may be reappointed or reelected to succeeding terms without limitation.~~ No two offices may be held by the same person.

2. **Removal, Resignation, Replacement.** Any Officer elected by Congress may only be removed by Congress. Any officer appointed by the Board may be removed by the Board at any time with or without cause. In the event of the death or resignation or removal of an officer the Board in its discretion may appoint a successor to serve in the position through the end of the scheduled term.

3. **President.** The President shall be elected by Congress and shall serve for a term of ~~two~~ four (~~2~~4) years. The President shall preside at all meetings of the Congress and of the Board, and shall act as Chair of the Executive Committee. The President shall be the chief executive officer of WFDF. The Board of Directors may authorize the President to enter into or execute and deliver any instrument in the name of and on behalf of WFDF. Such authority may be general or confined to specific instances.

4. **Vice President.** The Vice President shall be elected by the Board from among the board members, shall serve on the Executive Committee, and shall serve for a term of one (1) year, renewable without limitation. In the absence of the President, or in the event of his/her inability or refusal to act, the Vice President (if any) shall perform the duties of the President, and when so acting, shall have all the powers of and be subject to all of the restrictions upon the President. The Vice President (if any) shall perform such other duties as from time to time may be assigned to him or her by the President or by the Board of Directors.

5. **Treasurer.** The Treasurer shall be elected by Congress and shall serve for a term of ~~two~~ four (~~2~~4) years. The Treasurer shall serve on the Executive Committee and shall act as the treasurer and controller of WFDF. The Treasurer shall have the care and custody of all the funds and securities of WFDF and shall deposit all such funds in the name of WFDF in such bank or trust company as the Board of Directors may elect. He or she shall keep an account of all monies received and expended for use of WFDF, and shall sign all checks, drafts, notes and orders for the payment of money authorized by the Board of Directors. The Treasurer shall also negotiate all loans and/or other financial transactions on behalf of WFDF at the direction of the Board. The Board may, in its sole discretion, authorize the Treasurer to make such payments as may be customary and normal in the ordinary course of business; all extraordinary disbursements must be approved by the Executive Committee, subject to the discretion of the Board. The Treasurer shall maintain an up-to-date list of members in good standing, shall present a report on the financial affairs of WFDF to the Annual Meeting and the Board of Directors, shall be responsible for the filing of all tax returns (if any) as may be required from time to time and shall prepare a report to the membership to be distributed by electronic mail and posted on the web site each year.

6. **Secretary.** The Secretary shall be elected by Congress and shall serve for a term of ~~two~~ four (~~2~~4) years. The Secretary shall serve on the Executive Committee and shall have the duty to see that all notices are duly given in accordance with the provisions of these Bylaws or as required by law, shall keep the minutes of the meetings of the Board of Directors and the Congress in a book or books provided for such purposes, and shall maintain a file of such other books and papers of WFDF as the Board of Directors may direct. The Secretary shall prepare, under the direction of the Board of Directors, periodic reports as may be required under applicable law.

7. Secretary General. The Secretary General shall act as the chief operating officer of WFDF and its administration and shall be appointed by the Board of Directors on mutually agreed contractual terms. The Secretary General shall be responsible for implementing decisions passed by the WFDF Congress, Executive Committee, and Board of Directors, and managing the relations with the Continental Associations, Members, Commissions, and International Organizations. The Secretary General shall also serve as a non-voting member of the Executive Committee and Board of Directors.

8. **Other Officers.** The Board shall appoint such other officers as may be necessary to conduct the business of WFDF. In addition, the Board may designate special consultants or agents at any time. Compensation, if any, for all such officers, consultants and agents shall be fixed by the Board, so long as such officers, consultants or agents are not Board members or affiliated with Board members.

ARTICLE VI - COMMISSIONS

1. **Standing Commissions.** WFDF shall maintain a number of standing Commissions

1.9 **Sustainability and Legacy Commission**: The Sustainability and Legacy Commission shall:
- Advise the WFDF Board of Directors on issues regarding Sustainability and Legacy of Flying Disc sports;
- Co-ordinate efforts to increase global awareness of Sustainability and Legacy within Flying Disc sports; and
- Develop ideas and initiatives to promote Sustainability and Legacy in Flying Disc sports on all continents.

1.10 **Spirit of the Game Commission**: The Spirit of the Game Commission shall:
- Advise the WFDF Board of Directors on issues regarding Spirit of the Game;
- Communicate globally and regionally to obtain feedback, improve education, and share information, and ensure that there are tools in place to support Spirit of the Game alongside the growth of the sport; and
- Co-ordinate efforts to increase global awareness of Spirit of the Game within Flying Disc sports and its member federations.

2. **Selection of Members to Standing Commissions.** Members of the Athletes' Commission shall be selected in a direct election by elite athletes in a mechanism to be determined by the Board. The Chair of the Spirit of the Game Commission shall be elected by Congress and its members shall be selected and approved by the Board. The Chairs and members of the other Commissions shall be selected and approved by the Board.

3. Appeals Commission. The WFDF Appeals Commission shall serve as an *ad hoc* internal second instance appeals body for any appeals related to decisions by WFDF first instance bodies. The Appeals Commission shall be composed of three ordinary members. The party to the dispute looking to appeal a decision of first instance within WFDF notifies the WFDF Executive Committee in writing of the request for an appeal and nominates a qualified individual as arbitrator. Upon notice by the Executive Committee within seven days, the other party to the dispute shall nominate the second member of the Appeals Commission within 28 days of receipt of such notice. After notification by the Executive Committee within seven days, the nominated arbitrators shall elect a third arbitrator as chairman within a further 28 days to chair the Appeals Commission. In the event of a tie, the nominees for chair shall be decided by lot.

The members of the Appeals Commission may not belong to or be affiliated with any organization whose activities are the direct subject of the dispute. The Appeals Commission shall reach its decision by a simple majority of votes after the arguments of both sides have been heard under the format proscribed by the Appeals Commission. The Appeals Commission shall decide to the best of its knowledge and belief under the principles of *ex aequo et bono*. Expenses shall be borne by the parties to the dispute as allocated by the majority decision of the Appeals Commission.

~~3~~4. **Other Commissions.** The Board may establish any other Commissions it determines are necessary and appoint the members at its discretion.

ARTICLE VII – CONTINENTAL ASSOCIATIONS

Members affiliated with WFDF and geographically situated on the same continent shall belong to their respective Continental Associations. WFDF shall have the following Continental Associations: Africa, Americas, Asia-Oceania, and Europe.

The Continental Association Board shall assist, support and advise the WFDF Board of Directors and the Congress regarding the following issues:

1. The promotion and coordination of the development and activities of Flying Disc sports within the respective Continents;
2. Matters of common interest of the members in their Continent;
3. Organization of Continental club and national teams' competitions;
4. Organization and coordination of development efforts across the Continent; and
5. Preparation of the budget and plan of action to be submitted to the WFDF board.

The Board of WFDF is allowed to delegate some of its duties and powers to any Continental Association in its discretion.

The President and the other persons on the board of the Continental Associations must be a national or resident of a country which is represented by the Continental Association they represent. The members of the board including the President will be elected by the representatives of countries in the Continental Association and the President or designate shall serve on the WFDF Board of Directors.

In the case that a Continental Association President is already a member of the Board in another function, the CA can send an alternate representative from their Board membership holding a right to vote.

ARTICLE VIII – GUIDING PRINCIPLES

WFDF operates under a series of key guiding principles, including:

1. **Olympic Movement**: WFDF commits and aspires to the principles of the Olympic movement as enshrined by the International Olympic Committee in the Olympic Charter and to its various guidelines, codes, and regulations as amended from time to time.
2. **Non-Discrimination**: WFDF adheres to a strict anti-discrimination policy with regard to race, color, religion, national origin, politics, sex, or sexual orientation.
3. **Neutrality**: WFDF is politically neutral and any kind of discussions or demonstrations of a political, religious or other similar nature are forbidden within WFDF.
4. **Gender Equality, Good Governance, and Sports Integrity**: WFDF shall promote on all levels the principles of gender equality, good governance, and sports integrity, and take appropriate measures to make sure that these principles are implemented in strategic decisions and in day-to-day work.
5. **Sustainability**: WFDF is committed to sound environmental practices that respect and safeguard the environment in which Flying Disc sports are conducted. WFDF endorses responsible and sustainable environmental practices in the planning and staging of events, and promotes awareness and community consultation on event staging issues.
6. **Data Protection**: WFDF operates under the highest standards of general data protection and implements data protection policies ensuring that such standards are upheld.
7. **Fight against Doping**: WFDF strictly adheres to a no-tolerance Anti-Doping policy and is a signatory to the WADA World-Anti Doping Code in its current version. All WFDF members accept the WFDF Anti-Doping Rules as the mandatory document in their fight against Doping and support WFDF in its actions against Doping.

The WFDF Board of Directors shall be entitled to review and to take appropriate final actions regarding non-adherence to these key guiding principles.

ARTICLE IX –– INDEMNIFICATION

Any person who shall at any time serve, or have served, as a director, officer, or Committee member of WFDF, of any other enterprise at the request of WFDF, and the heirs, executors, and administrators of such person, shall be indemnified by WFDF against all costs and expenses reasonably incurred in the defense of, or paid in the settlement of, any claim, action, suit or proceeding, to the extent such indemnification is permitted by the Colorado Revised Nonprofit Corporation Act, as amended. WFDF may in its discretion, but shall not be required to, advance to any such person expenses reasonably incurred in connection with such claim, action, suit or proceeding, and may indemnify and advance expenses to an employee or agent of WFDF to the same extent as to an officer or director. The foregoing indemnification shall not be exclusive of any other rights to which those indemnified may be entitled to under any agreement, vote of members, or otherwise.

ARTICLE X - FISCAL YEAR

The fiscal year of WFDF shall commence on January 1 of each year and end on December 31.

ARTICLE XI – COMMUNICATION WITH MEMBERS

WFDF shall maintain a website and group emails which shall serve as the primary vehicle for the dissemination of information to the Members. The information shall be distributed to all Members as a benefit of membership in WFDF. WFDF shall be required to publish minutes of all meetings of the Board and the Congress, and shall be required to publish a financial report from the Treasurer not less than once annually, distributing the above to Members through such means as determined by the Board.

Each Member shall provide to WFDF an official contact address, including contact person, telephone number, full mailing address per international standards, and an electronic e-mail address, to be confirmed at least annually in the Census (and any time such information changes in the interim). Communications to such address shall be deemed to constitute due notice by WFDF to Members.

ARTICLE XII – BYLAWS AMENDMENTS AND DISSOLUTION OF THE CORPORATION

These Bylaws may be amended, repealed or altered in whole or in part by a by the affirmative vote of not less than two thirds of the votes available to be cast at any duly held meeting of the Congress. Proposed amendments to the Bylaws may be submitted to the Board by any member at any time at least 75 calendar days prior to the Annual Meeting. A copy of all proposed amendments shall be forwarded to all Members not less than two (2) calendar months prior to the date of such scheduled vote.

The Corporation may be dissolved by the affirmative vote of not less than three quarters of the votes available to be cast at any duly held meeting of the Congress. If the corporation is dissolved, the assets shall be liquidated in an orderly fashion and distributed to a globally recognized charitable organization or organizations as designated by Congress.

ARTICLE XIII - DISPUTE RESOLUTION

The Board shall have the authority to establish policies, subject to approval of the Congress, to adjudicate disputes among Members or between Members and itself. Such disputes may include, but shall not be limited to, disputes regarding eligibility for membership, eligibility for individual participants in Sanctioned Events, rulings with regard to world records, rulings involving anti-doping violations, and rulings with regard to disciplinary issues concerning tournaments or events sanctioned by WFDF. The Board, with the approval of the Congress, shall establish conduct policies for the on-site adjudication of disputes at tournaments or other events sanctioned by WFDF and for the off-site decision-making procedures for dispute resolution. In addition, such policies shall provide for a fair and appropriate appeal process within WFDF through the WFDF Appeals Commission. No matter what the difference between the disputing parties, no case may be taken to a court of law and, as a condition of membership, WFDF shall require Members to renounce the right to take a dispute before a court of justice. WFDF will only recognize and accept the decisions of the Court of Arbitration for Sport (CAS) in Lausanne (Switzerland) using the code of sports-related arbitration should the necessity of an appeal against a WFDF decision arise.

Opinion

We have audited the accompanying financial statements of World Flying Disc Federation (a not-for-profit organization), which comprise the statement of financial position as of December 31, 2023, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of World Flying Disc Federation as of December 31, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis of Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of World Flying Disc Federation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the

2812 W. Colorado Ave., Suite 200 • Colorado Springs, CO 80904 • (719) 922-0064 • Fax: (719) 434-4352 • www.mcmillencpa.com

aggregate, that raise substantial doubt about World Flying Disc Federation's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of World Flying Disc Federation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about World Flying Disc Federation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited the Federation's 2022 financial statements, and our report dated May 23, 2023 expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2022, is consistent, in all material respects, with the audited financial statements from which it has been derived.

WORLD FLYING DISC FEDERATION

Notes to Financial Statements

For the Year Ended December 31, 2023

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The World Flying Disc Federation (the Federation) serves as the international governing body of all flying disc sports, with responsibility for sanctioning world championship and other international flying disc events, establishing uniform rules, and setting standards for and recording of world records; it acts to promote and protect the "spirit of the game" of flying disc sports play; to encourage flying disc sports play throughout the world and foster the establishment of new national flying disc sports Federations, advising them on all flying disc sports activities and general management; to promote and raise public awareness of and lobby for official recognition of flying disc play as sport; and to provide an international forum for discussion of all aspects of flying disc sports play. The Federation is made up of the National Federations (Members) that govern their respective disc sports. As of December 31, 2023, the Federation had 111 member Federations representing 107 countries. These members guide the administration of the Federation through Board of Directors and an Executive Director. The Federation is a member of the General Federation of International Sports Federations and the International World Games Federation and is a signatory to the World Anti-Doping Agency's (WADA) Code. It is incorporated in the State of Colorado, USA. The Federation received permanent recognition by the International Olympic Committee in 2015.

Method of Accounting

The financial statements of the Federation have been prepared on the accrual basis of accounting.

New Accounting Pronouncements

The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, in June 2016. The ASU introduces a new expected credit loss model for the recognition and measurement of credit losses on financial assets measured at amortized cost, such as loans, receivables, debt securities, and net investments in leases. The ASU also modifies the

accounting for available-for-sale debt securities and provides new guidance on the presentation and disclosure of credit losses.

In accordance with ASU 2016-13 and the related subsequent pronouncements, the Federation has adopted the current expected credit loss (CECL) model for measuring credit losses on financial instruments. This new standard has been applied using the modified retrospective approach, which requires a cumulative-effect adjustment to the opening balance of retained earnings as of the beginning of the first reporting period in which the guidance is effective. The adoption of ASU 2016-13 has resulted in the following changes to the Federation's financial statements:

1. The allowance for credit losses, if any, has been adjusted to reflect the Federation's current estimate of expected credit losses over the life of the financial assets.

2. The significant categories of financial assets measured at amortized cost, along with the associated allowance for credit losses, are now presented separately on the Statement of Financial Position.

3. Enhanced disclosures have been provided in the notes to the financial statements, detailing the basis for measuring credit losses, if any, and the factors that influenced the Federation's estimate of expected credit losses.

The adoption of ASU 2016-13 did not have a material impact on the financial statements and did not require any cumulative adjustment to beginning balances. However, the Federation has reviewed and updated their policies and procedures to ensure compliance with the new standard and to maintain effective internal controls over financial reporting.

Basis of Presentation

The financial statement presentation follows the recommendations of accounting principles generally accepted in the United States of America (GAAP).

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed

restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

- Net assets without donor restrictions: net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Federation.

- Net assets with donor restrictions: net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities, and the reported amounts of revenues and expenses. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents consist of the Federation's checking and money market accounts.

Supplemental Cash Flow Information

Cash flows from operating activities do not contain any amounts paid for interest or income taxes.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year-end. Based on management's assessment of the credit history with customers having outstanding balances and current relationships with them, it has concluded that realized losses on balances

outstanding at year-end will be immaterial. Therefore, no allowance for doubtful accounts is considered necessary.

Revenue Recognition

The Federation has analyzed the provisions of the FASB's Accounting Standards Codification (ASC) Topic 606, *Revenue from Contracts with Customers*. The Federation's revenue recognition policies are as follows:

- Events - Events income contains a specific delivery element, and revenue is recognized at a single point in time when ownership, risks, and rewards transfer. Revenue is recognized when events are successfully conducted.

- Sponsorship revenue - Sponsorship revenue is recognized in an amount that reflects the consideration that the Federation is entitled to in exchange for substantially fulfilling performance obligations specific to each contract. Sponsorships are recognized as revenue in the period in which the Federation satisfies its performance obligation to its sponsors. The Federation's performance obligations for sponsorship revenue is to provide promotion and advertising opportunities as arranged under each contract. The Federation has determined that performance obligations of existing multi-year contracts do not materially differ from year-to-year; but it continues to evaluate each new contract for proper recognition under ASC 606.

- Membership registrations - Membership registration revenue is recognized in an amount that reflects the consideration that the Federation is entitled to in exchange for providing membership services. Registrations are recognized as revenue in the period in which the Federation satisfies its performance obligation to its members. A performance obligation is a promise in a contract to transfer a distinct good or service to a customer, as defined by ASC 606. The Federation's performance obligation for membership registration revenue is to provide access to competitions, membership services, and benefits accessible only to members. Annual memberships are recognized during the year of membership services.

- Grant revenue - The Federation receives grants from the International Olympic Committee (IOC) to support its programs and other initiatives. The Federation assesses grants to determine if an exchange transaction exists. If so, revenue is recognized upon substantially satisfying the performance obligations under such exchange transactions.

Contributions

Contributions received are recorded as restricted support, depending on the existence and nature of any donor restrictions. Support that is not restricted by the donor is reported as an increase in net assets without donor restrictions. All other donor restricted support is reported as an increase in net assets with restrictions, depending on the nature of the restriction. When a restriction expires (that is when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statement of Activities as net assets released from restrictions. Restricted contributions for which restrictions are met in the same reporting period are recorded as changes to net assets without donor restrictions.

In-Kind Contributions

The Federation records various types of in-kind contributions (Note D). The Federation's policy related to gifts-in-kind is to utilize the assets given to carry out the mission of the Federation. If an asset is provided that does not allow the Federation to utilize it in its normal course of business, the asset will be sold at its fair market value as determined by appraisal or other method depending on the type of asset.

Contributed services are recognized if the services received create or enhance non-financial assets or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

Contributions of tangible assets are recognized at fair value when received. The amounts reflected in the accompanying financial statements as in-kind contributions are offset by like amounts included in expenses.

In addition, several volunteers have donated significant amounts of their time to the Federation's program and support services. These in-kind contributions are not reflected in the financial statements since these services do not meet the criteria for recognition.

Income Tax

The Federation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been reflected in the Federation's financial statements. The Federation's Form 990, Return of Organization Exempt from Income Tax, is subject to examination by various taxing authorities, generally for three years after the date it was filed. Management of the Federation believes that it does not have any uncertain tax positions that are material to the financial statements.

Prior-Year Comparisons

The financial statements include certain prior year summarized comparative information in total but not by both functional classification and natural classification of expenses and not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with GAAP. Accordingly, such information should be read in conjunction with the Federation's financial statements for the year ended December 31, 2022, from which the summarized information was derived.

Functional Allocation of Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities and the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on internal records and estimates made by the Federation's management. Personnel costs are allocated based on an estimate of time and effort between program and supporting services.

Date of Management's Review

In preparing the financial statements, the Federation has evaluated events and transactions for potential recognition or disclosure through May 31, 2024, the date that the financial

statements were available to be issued.

B. AVAILABLE RESOURCES AND LIQUIDITY

The Federation regularly monitors liquidity required to meet its operating needs and other contractual commitments while striving to maximize the investment of its available funds. The Federation has two sources of liquidity at its disposal, a checking account with a balance to cover operating expenses and also a business market savings account for funds in excess of daily cash requirements. However, of these funds, a significant amount can, at times, represent collections held for tournament organizing committees in preparation for events. The amounts held for tournament organizing committees are reported as Funds Held for Others in the statement of financial position.

The Federation manages resources through extensive budget forecasting over a five-year period to anticipate its ongoing activities of international events, grants, teaching clinics, and operations. The Federation regularly monitors actual to budgeted revenues and expenses to anticipate sufficient revenue to cover expenditures.

C. CONCENTRATION OF CREDIT RISK

The Federation maintains its cash balances in one financial institution. The balances at the financial institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000. In the unlikely event of a bank failure, the Federation could suffer loss to the extent that cash balances exceed the insured amounts. Management does not believe any deposits are at risk from this concentration.

D. DONATED GOODS AND SERVICES

The Federations received in-kind sponsorships and donations from various supporters, primarily from sponsoring organizations. In-kind contributions consisted of discs and apparel valued at $21,007 for the year ended December 31, 2023.

E. DEFERRED REVENUE

Deferred revenue consists of the following at December 31, 2023 and 2022:

	2023	2022
Sanctioning fees	$ 27,560	$ 24,320
Media rights	6,667	13,333
Other	3,000	
	$ 37,227	$ 37,653

F. NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions at December 31, 2023 and 2022, consist of assets restricted for the following program:

	2023	2022
Anti-doping and development programs	$ 2,509	$ 3,721

Net assets are released from donor restrictions by incurring expenses that satisfy the restricted purpose. During the years ended December 31, 2023 and 2022, restricted net assets were released from restrictions for the following program:

	2023	2022
Anti-doping program	$ 1,212	$ 855
Total net assets released from donor restrictions	$ 1,212	$ 855

G. RELATED PARTY TRANSACTIONS

During both the years ended December 31, 2023 and 2022, the IOC provided $32,000 in grants to the Federation. The Federation receives economic benefits in the form of grants from the IOC in order to enhance its programs.

Proposal: Approval of WFDF Auditor for 2024 Financial Statements

TO: WFDF

Dear World Flying Disc Federation,

The Ultimate Azerbaijan Community (PU) today has the pleasure to request provisional national membership within the World Flying Disc Federation according to Article III 1.2 of the WFDF Bylaws.

Looking at our bylaw, the UA PU guarantees to abide by the general WFDF non-discrimination rule in the following form: Membership is open to any citizen, resident or legal visitor of Azerbaijan, regardless of gender, race, age, religion, cultural background or sexual orientation.

The constitution will be modified when the next revision to formally include the clause.

Thank you for your consideration, and we look forward to working with you to promote flying disc sports in Mongolia and globally.

Samir Gadirov
Chairman of an executive board

WFDF Membership Application Template

The WFDF membership application is designed to provide WFDF with the information about the applicant that is needed to properly consider its potential membership. It is recognized that not all applicants will be able to respond positively to all the elements of the template. WFDF is seeking to ensure that each member has a sustainable disc sports model that works within countries at different levels of development. This means that we are highly focused on the breadth of play across the country and the institutionalization of the national governing body so that it is not dependent solely on the efforts of one or two individuals. It is also important that the organization has a revenue model that allows it to perform basic tasks. WFDF is prepared to work with potential members as you go through the application process and we encourage the development of an active and constructive dialogue as you consider becoming a part of the global flying disc community.

1. Basic Background

a. Information about the applicant	Provide the name of the key point person, address, email, website, and any other official contact information for your association. b. Brief history of flying disc activity within the country	When and how did flying disc sports get started within the country, which disc disciplines are played, and how has it grown? Ultimate played here since 2007, when Peas Corp volunteers were in Azerbaijan. They have made a good legacy for promotion of this sport in the regions and capital Baku. And now, for nearly 2 years, we have seriously started to develop this unique sport function in Azerbaijan and have ambitions to grow up in international level. Our activities recognized by the Ministry of Youth and Sport, and we have already made relations with MENA countries communities. Looking for variants to create lineup within European community of Ultimate.
c. Brief history of the organization	When did the national governing body get organized and how has it evolved? The national community has been established 2 years ago, in 2021 and consist of 6 Board members and 1 chairman of an executive board. This year we've organized elections and now we are 4 board members and 1 chairman of the board.

2. Description and Evidence of Flying Disc Activity

a. Written report of activities	Describe flying disc activities within the country over the last 1-2 years, including both grass roo activities as well as those organized by the national governing body (if any); this would include city or club leagues, tournaments or other competitions, national championships, clinics, etc. Please include information about all disc sports overseen by your organization (eg, Ultimate, Beach Ultimate, Disc Golf, Freestyle, Guts, Individual Events, as applicable). Starting from 2022, we organized following activities: - Weekly games (4 days a week) - Regional teamaways and training sessions (every quarter, done 4 times already) - National tournament once e year (2 times already) - National league once in quarter (starting from 2023, organized once) - Participated in MENA Ultimate club championship 2023 in Dubai, UAE this November
b. Communications	Describe the communications tools you use to reach players, including a website, social media (e.g. Facebook, Twitter, Instagram, etc.), written newsletters, or other. We have facebook group - https://www.facebook.com/groups/467392287465146 We have an Instagram account - https://www.instagram.com/ultimate_azerbaijan/
c. Photos/Video	Provide photos which demonstrate the activities in your country; in addition, you may also include links to video to supplement the response. You can find all the pictures from link below: https://drive.google.com/drive/folders/1aKf82lBnaBwBGpStdI023aFewpm2buow?usp=drive_li

e. Development	What activities have you pursued to grow the sport within your country? Are there any special programs around women or youth (schools)? Any special programs around spirit of the game? Do you have any upcoming plans for new development efforts? We have many plans about expansion to regions of the country, but need an expertise for more professional approach. I strongly believe, with your kind support we can organize our own development strategy.

f. International involvement	Have any players or teams from your country participated in international competition previously? Have there been any international outreach programs whereby players or teams have come to your country to give clinics or coaching programs? We've recently participated as a union in MENA 2023 Ultiamte Tournament. 15 people from Azerbaijan, and one peer from Turkmenistan (who previously played in here) participated.
g. WFDF Events	Please describe your expectations for participation in WFDF-sanctioned events, such as World c Continental Championships and in which disciplines and divisions. We're only educated about Ultimate. We're so enthusiastic and have financial capacities to participate in all forthcoming tournaments but need to deep dive into federation's activities and learn the ways of cooperation. The most important, for legal registration in country, we need your recognition.
h. Geographic coverage within the country	Please describe the geographic distribution of clubs, players, and events within your country, ar comment if activity is limited to certain cities or regions. We have 3 clubs which are recently active in all local activities build up in Baku, Azerbaijan. The members of each club passed 20. We also had 1 club founded in 2007 but recently they have no activity, we'll try to ignite them as well. Also have rich plans to promote Ultimate in regions of Azerbaijan.

3. Organization

a. Constitution or Bylaws	Please provide a copy of the national governing body's constitution or bylaws. WFDF requires that, among other things, all Member associations are open to participation without regard to race, color, religion, national origin, sex, or sexual orientation and that the association must be controlled by its members according to democratic principles. WFDF can provide a template of an acceptable document upon request. Attached to this application.
b. Statement of number of active members (minimum of 50 members required as per WFDF Bylaws)	Approximately how many active disc players are there in the country, split out by gender? In which disciplines and divisions do they play? Are they organized around city clubs, informal pick-up leagues, etc? In how many cities is there active disc sports play? If you have dues paying members or tournament fees, please separate out the number of players affiliated with your organization and your estimate of the additional players not formally involved with your association. 250 active players (200 male, 50 female players). Ultimate discipline is the only which we recently play. 3 groups established as clubs, and we have more than 100 players without dedicated club. 1 city for now – Baku, the capital. Unfortunately, we have no such activities and budget for transferring legionnaires.
c. Board of Directors	Provide a listing of the current board members and a summary biography for each. Describe how they are elected and the length of term.

	Samir Gadirov Chairman of an executive board - has good sport and civic background, founder of different sport and innovational startups in Azerbaijan. Plays ultimate since 2015 and actively involved in community from 2023. **Emin Ahmadzada** (Deputy chairman) - plays Ultimate since 2017. Co-founder of the community since 2021. Actively involved in acquisition and development of new members, organizational issues and coordination. **Aghabay Bayramov** Event organizer and International relations coordinator of Ultimate Frisbee Azerbaijan community board. Worked at many huge international events in different positions (European League Final 2019, Islamic Solidarity Games 2017, Formula 1, UEFA under 17 Football Championships 2016, UEFA Championships League host games, FIG World Cup Finals 2016, and so on). Plays ultimate since 2021 and was selected 2 times for to board. **Lala Ismailova** She helped in the creation of Ultimate Frisbee Azerbaijan community to establish in 2021. She was aslo selected as the board member in September 2022 and at August 2023 was chosen again. She is actively attracting a large number of new players. **Ibrahim Karimov** Board member - was previously involved in other types of sports - football, volleyball as an amateur. Since April 2022, he has been performing as board member of Ultimate Azerbaijan. He has been a member of the Executive Board since September of that year.
d. Officers	Provide a listing of the current officers and a summary biography for each. Describe how they are elected and the length of term. See above under c.
e. Historical Financials	Please provide a summary financial statement for the latest two fiscal years, if available. Describe whether there are any dues paid by players or player/team fees from events and what is charged, other sources and amounts of revenues, and expenses that have been paid by the association. If there have been no revenues or expenses of the association in the past, please explain why. Attached to this application.
f. Budgeted Financials	Having a realistic revenue model is imperative for an association to be viable. Please provide a budget for the next two fiscal years including this one (mandatory), outlining any dues paid by players or player/team fees from events, other sources of revenues, and expenses that are expected to be paid by the association (including WFDF dues). Attached to this application.
g. Bank Account	If you have a bank account, please provide a copy of the latest monthly

	statement and of the latest year end. If not, please explain why and tell us how you manage payments for the association. Attached to this application.
h. Corporate Status	Is your organization formally incorporated with the government? If so, please provide a copy of the incorporation papers and supporting documents. If not, please explain why it is not and whether you have any near-term plans to seek formal incorporation. Separately, is your organization run as a not-for-profit organization or is there a commercial connection? Unfortunately, we haven't registered yet but have legal commercial organization as an individual entrepreneur and collected documents for registration as an NGO. Here we need some support letters or references from world or European Flying disc unions.
i. Governmental Recognition	Are you recognized by any governmental sports agency (Ministry of Sports, National Olympic Committee, etc)? If so, please provide a copy of such recognition documents. If not, please explain whether this is something you plan to pursue in the next two years and, if not, why not. We have no recognition letters from governmental entities as they don't provide such documents for individuals. We need to register as an NGO, and here we need an international recognition letter. So this is strongly connected between each other.

4. Other

a. Reference	Please provide a reference from at least one existing Member of WFDF. German Frisbee Sport Federation (DFV)
b. Other	Please provide any other information about your association that will assist us in considering your application. None.

Please address all of the elements of this application template and submit your completed application package in pdf format to ed@wfdf.sport .

Letter of support for the endorsement of the Ultimate Azerbaijan Public Union

Herewith the signatory Joerg Benner, Executive Director of the German Flying Disc Federation „Deutscher Frisbeesport-Verband e.V." (DFV), declares that the DFV fully supports the Ultimate Azerbaijan Public Union (UAPE) in its efforts to becoming a WFDF member.

Though only being founded in January 2021 UAPE builds upon existing structures of Flying Disc activities going back until 2007, mainly based in the capital of Baku. Extremely helpful for the further development is the fact that the activities of UAPE are recognized by the Ministry of Youth and Sport, and that the organisation already has made relations with MENA countries communities.

Currently there are weekly Ultimate games, regional training sessions at least once every three months and since two years a national tournament. Only in 2023 also a national league has started and a national team competed for the first time in the MENA Ultimate club championship 2023 in Dubai, UAE this November.

In case of any question please do not hesitate to contact us!

Kind regards

Jörg Benner
Executive Director DFV e.V.

Provisional National Federation Membership Application

Dear Volker Bernardi,

On behalf of Fédération comorienne de Disque Volant (FCDV), as the Secretary General, I am pleased to write to you for application as a Provisional National Federation Member to the World Flying Disc Federation (WFDF).

Our Federation is the only organization representing Flying Disc Sports in our country related to the objectives of WFDF and wishes to become a member of WFDF. We recognise WFDF as the International Federation for Flying Disc Sports. We agree to abide and operate by its rules, policies and programs as stated in its Bylaws, and shall submit to its jurisdiction in Flying Disc Sports matters and shall undertake to do everything to promote its goals.

Our Federation commits to fulfill the requirements of a Member, including:

- be open to participation without regard to race, color, religion, national origin, politics, sex, or sexual orientation;
- represent a minimum of 50 individual disc players who are members of its organization in one or more Disc Sports;
- hold an annual meeting and/or have another representative mechanism for our members to elect a board of directors;
- fairly represent the interests of members for all Disc Games within the country;
- pay dues to WFDF as established by the Congress;
- report annually via the Census;
- vote as a Member in “good standing” on the general business and functions of WFDF when requested.

We accept the WFDF Bylaws in signing this document.

On behalf of the Federation wanting to become a Provisional National Federation Member of WFDF.

Sincerely,

Name: Coralie Bigotto
Position: Secretary General

History of Flying Disc in Country***
When and how did flying disc sports get started within the country? Which disc disciplines are played? How were they developed?

Ultimate Frisbee was first introduced to Comoros (an archipelago of three islands with around 900,000 inhabitants) in 2018 under the impetus of Anaïs Greusard and Damien Delebecque, both players in France. After their departure, the Shifinikio team has continued to grow and develop. It meets 2x a week for training sessions.

For a long time, the Shifinikio team on the island of Anjouan was the only ultimate Frisbee team in the Comoros, but at the end of 2023, a second ultimate Duja (wave) team was born on the main island of Grande Comores.

Although totally unknown in the Comoros before 2018, ultimate has made its mark in the Comoros sports world and is now recognized and appreciated by the population.

History of the Federation*** When did the Federation get organized and how has it evolved?
As Comoros only has two ultimate frisbee teams, it wasn't difficult for the organization to get structured. The organization's first general assembly was held in 2020 and appointed a president, secretary general, controller and head coach. This office was renewed in 2022.

Description and Evidence of Flying Disc Sports Activity

Report of Activities*** Describe flying disc sports activities within the country over the last years, including grassroots and organized activities by the Federation (e.g., leagues, tournaments, other events, national championships, clinics, etc.).
Each ultimate frisbee team meets at least 2x a week for training and matches. The Shifinikios have already made trips to the island of Anjouan to introduce ultimate to other sports associations. As the second team was formed only recently, we have not yet been able to organize a tournament with them (they are located on another island), but we are planning to do so in 2024.
Communications Describe the communications tools you use to reach players (e.g., websites, social media, written newsletters, etc.).
We communicate with our players via our Facebook page and a WhatsApp group. Facebook Page: https://www.facebook.com/ profile.php?id=100057153082524

Shifininkio-Ultimate frisbee de retour au pays avec des médailles

La seule équipe de frisbee comorienne est de retour au pays. Elle a atterri à Moroni, jeudi dernier, avec plusieurs médailles. L'équipe fait la promotion du pays mais déplore le manque de soutien des structures sportives ou étatiques.

Au Kenya, cette équipe comorienne a rencontré des joueurs du monde entier au tournoi de sable FEAST XII. Créer la ligue de Frisbee aux Comores est l'un des objectifs de cette équipe Shifininkio-Ultimate frisbee. Les entraînements de l'équipe se font « tous les mardis à 19 heures et les samedi à 15 heures au stade Malezi de Mirontsy » l'interview Coralie Weber, joueuse de l'équipe depuis 2017, raconte comment le voyage s'est passé, les difficultés, mais aussi son plaisir d'avoir reçu des médailles. « Le voyage a été une réussite malgré le défi qu'il représente avec les questions des visas, de vaccins, test Covid et autres. En effet, nous sommes d'abord allés à Dar es Salam en Tanzanie et ensuite à Mombasa au Kenya. Nous avons commencé par une semaine d'entraînement en Tanzanie avec notre premier match amical auquel nous avons gagné 15-4. Nous étions vraiment encouragées », jubile-t-elle. « Nous sommes ensuite montés en bus jusqu'à Mombasa où nous avons participé au tournoi sur sable FEAST XII. Là-bas, nous avons rencontré beaucoup de joueurs du monde entier, mais surtout du Kenya où le sport est très développé. Nous sommes sorti 3ème place de notre poule et avons perdu 14-15 au quart de finale. Nous étions très fiers, car c'est un excellent résultat pour une première participation », a-t-elle ajouté. « De plus, ce dont nous sommes encore plus fiers, c'est d'avoir reçu les médailles du fair-play. Le fair-play était très important dans l'Ultimate frisbee. Il est toujours récompensé en compétition internationale. Il signifie que notre équipe a été la plus respectueuse envers l'adversaire, avec un bon esprit de jeu, de la motivation et le respect des règles. Plusieurs capitaines d'équipe sont venus nous remercier personnellement, c'était fort et touchant », dit-elle. Pour Coralie Weber, Shifininkio-Ultimate frisbee a été beaucoup d'expériences. « Les joueurs comme non-même, nous avons beaucoup appris pendant notre semaine d'entraînement avec nos coachs venus de France et de Tanzanie. Mais aussi en jouant avec les autres équipes et en découvrant d'autres pays. Cela nous a ouvert les yeux sur le monde et une porte dans l'univers de l'Ultimate. Même pour les autres participants, c'était la première fois qu'ils entendaient parler des Comores », a-t-elle fait savoir avant de regretter le manque de soutien des structures étatiques du pays. « Malheureusement, aucune structure administrative comorienne ne nous a aidées à réaliser ce projet. Peut-être que nous n'étions pas assez connus et qu'ils ne nous prenaient pas au sérieux. Quelques structures privées de Mirontsy nous ont un peu aidées. Dans l'avenir, nous souhaitons créer une ligue aux Comores pour être plus reconnue », a-t-elle conclu.

Development Activities/Plan What activities have you pursued to grow flying disc sports within your Federation and country? Do you have any upcoming plans for new development activities? e.g., Targeted programs for youth and/or women, Spirit of the Game, etc.
We actively integrate children into our weekly training sessions, offering activities and matches especially for them. In 2021, we will be meeting with a children's sports association to introduce them to Frisbee. Our team is the only mixed sports team we know of in the Comoros. Because it's a Muslim country, very few girls take part in sporting activities, and even fewer are mixed, so we're trying to raise awareness in this area.

International Involvement
Have any players or teams from your country participated in international competition previously? Have there been any international outreach programs where players or teams have come to your country to give clinics or coaching programs?

We have already been able to take part in the Feast XII (Frisbee East Africa Sand Tournament) in Mombassa in 2022, as well as the AAUC 2023 (All Africa Ultimate Championships) in Kisumu, Kenya.

At each event, Anaïs Greusard and Damien Delebecques, the team's founders, came from France to train us before the championships.

In 2024 or 2025, we'd also like to hold a training camp with the two Comoros teams, with international player Nasser Mbae Vogel coming to train us.

WFDF Events
Please describe your expectations for participation in WFDF Sanctioned Events (e.g., World or Continental Championships, in which disciplines and divisions).

Of course, we'd love to be able to take part in other editions of the All Africa Ultimate Championships. However, our island location is a major obstacle to our travels, and it takes a lot of effort to raise the funds.

One of our expectations, however, would be to integrate Frisbee into the next Indian Ocean Island Games, to be held in the Comoros in 2027.

Federation

Constitution or Bylaws***
Please provide a copy of the Federation's constitution (bylaws), that states the Federation is:

- open to participation without regard to race, color, religion, national origin, politics, sex, or sexual orientation;
- fairly represent the interests of all Disc Sports/Games/Disciplines within the country;
- controlled by its members according to democratic principles.

Attached to this Application Form.

Number of Active Players***

Male-Matching	Female-Matching
43	17

Cities of Mirontsy and Mutsamudu: 30 / 10
Cities of Moroni: 13 / 7

Board of Directors***
Provide a list of the current Members of the Board of Directors with their short biography. Describe how they are elected and the length of term.

According to the general meeting of 27.12.2022, the following board members were elected by majority for a term of 2 years.

- **Chairman : Archimed Abdallah Houmadi**
    - Archimed has been an active player since ultimate arrived in the Comoros. With his talent for the sport, he quickly progressed to become the sport's ambassador and head coach in the country. So it was natural that he was chosen as the team's president and coach.
- **General Secretary: Coralie Weber Bigotto**
    - Coralie, who has been with the team since its inception in the Comoros and is present at every training session, supports the team in administrative matters as well as fund-raising for tournaments on the African continent.
- **Controller: Inzoudine Zouhert**
    - A member of the association since January 2021, Inzoudine has quickly become a pillar of the association. Also considered one of the team's coaches, Inzoudine is the player attendance controller.
- **Equipment manager: Rakim Mohamed**
    - A player since autumn 2023, Rakim was immediately committed to training. Since then, he has been responsible for managing our equipment.
- **Treasurer: Daroueche Ridjali**
    - A team player since 2019, Daroueche is the oldest player on our team. Having already served as treasurer for other associations, it's only natural that he was appointed to this role in ours too.

Officers

Provide a listing of the current Officers with their short biography. Describe how they are elected and the length of term.

In associations in French-speaking countries, we don't have any "officer" roles, as far as I know. Or maybe I just don't understand what it's all about.

Historical Financials

Please provide a summary financial statement for the latest two fiscal years, if available. Describe whether there are any membership dues paid by players or team fees for events, and what is the amounts charged, other sources and amounts of revenues, and expenses that have been paid by the Federation. If there have been no revenues or expenses of the Federation in the past, please explain why.

The jerseys and frisbees have been donated by various teams around the world. We've had the same equipment since 2019.

In 2021, players contributed a total of €5 at each evening training session to finance the stadium lighting.

In 2022, each player contributed 90€ (representing the price of their passport) to take part in the FEAST 2022 tournament in Mombassa. 6'000€ was raised through crowdfunding. The rest of the expenses were covered by Coralie for around 3'000€ (out of total expenses of around 10'000€). Expenses included airfares for the 12 Comorians, the cost of 2 weeks on site, as well as tournament fees.

In 2023, for participation in AAUC 2023 in Kenya, the players paid a total of €1,435 in addition to their passports. 3'700€ was donated by Comorian personalities from Anjouan. 2'600€ was raised through crowdfunding in Europe and Switzerland. 1'700€ was donated by the French Embassy for the women's players' plane tickets.

Budgeted Financials Please provide a budget for the next two fiscal years, outlining any dues paid by players or player and team fees from events, other sources of revenues, and expenses that are expected to be paid by the Federation, including WFDF dues.
Up to now, we've paid dues when organizing an event or when needed. In no Comorian association is a regular membership fee required. It would therefore be frowned upon to do so, especially as the majority of our players have no income at all. Some of them can't even find sports shoes to wear.
Bank Account*** If you have a bank account, please provide a copy of the latest monthly statement and of the latest year end. If no, please explain why and tell us how you manage payments.
We had an association bank account in 2023 to raise funds for our participation in the African championship in Kenya. However, as the bank (EXIM BANK) charges a monthly fee of €12 for associative accounts, we decided to close this account so as not to end up in debt.
Legal/Corporate Status Is your Federation formally/legally incorporated with the government? If yes, please provide a copy of the incorporation papers and supporting documents. If no, please explain why it is not and whether you have any short term plans to seek formal incorporation. Separately, is your Federation run as a not-for-profit or commercial Federation?
Yes, the Federation is incorporated with the government since 2020.
Governmental Recognition Are you recognized by any governmental sports agency (e.g., Ministry of Sports, National Olympic Committee, etc.)? If yes, please provide a copy of such recognition documents. If no, please explain whether this is something you plan to pursue in the next two years and, if no, why?
The Comoros Minister of Sport and the Director of Youth and Sport know and informally recognize us. Unfortunately, however, we don't yet have a formal Comorian federation, as this would require at least one team on each of the three islands. For example, there is still no Frisbee team on the island of Mohéli. But we're looking for greater recognition at government level, and that's why we want to include ultimate frisbee in the 2027 Indian Ocean Games to be held in Moroni (capital of the Comoros).

Seuls les membres ont le droit de voter aux assemblées générales, chaque membre détenant une (1) voix.

Le quorum pour les assemblées générales est de trois (3) membres.

Une assemblée générale a les pouvoirs suivants :

- élire ou révoquer un administrateur ;
- changer cette constitution;
- déterminer la rémunération des administrateurs ;
- dissoudre la Fédération, à la majorité des trois quarts ; et
- tous autres pouvoirs qu'il décide de réserver au Conseil.

8. Assemblées générales annuelles

Une AG est une assemblée générale.

Le conseil d'administration convoquera une assemblée générale au moins une fois par année civile.

Chaque AG élira ou confirmera le conseil d'administration.

9. Réunions du conseil d'administration

Le Conseil se réunit aussi souvent qu'il le juge opportun pour gérer les affaires de la Fédération, soit au moins une fois par année civile.

Le Conseil donnera aux administrateurs un préavis d'au moins trois (3) jours avant une réunion du Conseil.

Seuls les administrateurs ont le droit de voter aux réunions du conseil d'administration, chaque administrateur détenant une (1) voix.

Le quorum pour les réunions du conseil d'administration sera de trois (3) administrateurs.

Le Conseil peut prendre des décisions en dehors des réunions du Conseil, en utilisant la technologie pour connecter les administrateurs à distance, à condition que les conditions de convocation, de quorum, de droits de vote, de procuration et de prise de décision pour les réunions du Conseil soient respectées dans ce forum.

La composition du Conseil est la suivante:

- Un(e) président(e)
- Un(e) trésorier(e)
- Un(e) secrétaire général(e)
- Ainsi que les membres occupant le rôle de « conseillés »

10. Procédure de réunion

Le président présidera toutes les assemblées générales et les réunions du conseil d'administration.

En l'absence du président, la réunion élira un président comme premier point à l'ordre du jour.

Le président décidera de l'ordre des travaux d'une réunion.

Sauf disposition contraire dans les présents statuts, une assemblée décide à la majorité simple des voix.

Le président tiendra une voix prépondérante.

Un électeur peut nommer par écrit un autre membre qui est une personne physique pour être son mandataire et voter en son nom à cette assemblée.

11. Financier

Le Conseil détient les biens de la Fédération en fiducie des membres.

Le Conseil tiendra les livres de comptes appropriés de la Fédération.

Les comptes de la Fédération seront arrêtés annuellement au 31 décembre.

Les ressources de la Fédération se composent:

- des dons, quêtes et legs versés par des personnes physiques ou morales.
- des recettes des diverses activités
- des subventions accordées par tout organisme publique ou privé.

12. Amendements

Une assemblée générale peut modifier toute partie des présents statuts, à l'exception des clauses relatives aux majorités requises pour les décisions.

13. Dissolution

Une assemblée générale peut dissoudre la Fédération à la majorité des trois quarts.

Si à la dissolution de la Fédération il reste, après satisfaction de toutes ses dettes et engagements, des biens quels qu'ils soient, ceux-ci ne pourront être payés ni distribués entre les membres de la Fédération.

Toute propriété restante sera donnée ou transférée à une organisation de l'Union des Comores ayant des objets similaires, en tout ou en partie, aux objets de la Fédération.

Si aucune organisation n'est trouvée avec des objets similaires, la propriété doit être donnée à la WFDF ou à une œuvre caritative reconnue.

Letter of Recommendation

Dear Volker Bernardi,

On behalf of **MAURITIUS FLYING DISC ASSOCIATION**,National Federation Member in good standing of the World Flying Disc Federation, we present our support for the **COMOROS ULTIMATE FRISBEE TEAMS** in their efforts to become Provisional National Federation Member of the WFDF.

Comoros have two active Ultimate teams and they have participated in the African Ultimate championship in Kenya.

It is for these reasons that our Member Association fully recommends the addition of **Comoros Ultimate teams** as a Provisional National Federation Member of the WFDF.

Sincerely,

Name: Caroona Gajadhur

Provisional National Federation Membership Application

Dear Volker Bernardi,

On behalf of SIERRA LEONE FLYING DISC ASSOCIATION, as the President I am pleased to write to you for application as a Provisional National Federation Member to the World Flying Disc Federation (WFDF).

Our Federation is the only organization representing Flying Disc Sports in our country related to the objectives of WFDF and wishes to become a member of WFDF. We recognise WFDF as the International Federation for Flying Disc Sports. We agree to abide and operate by its rules, policies and programs as stated in its Bylaws, and shall submit to its jurisdiction in Flying Disc Sports matters and shall undertake to do everything to promote its goals.

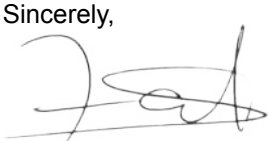

Our Federation commits to fulfill the requirements of a Member, including:

- be open to participation without regard to race, color, religion, national origin, politics, sex, or sexual orientation;
- represent a minimum of 50 individual disc players who are members of its organization in one or more Disc Sports;
- hold an annual meeting and/or have another representative mechanism for our members to elect a board of directors;
- fairly represent the interests of members for all Disc Games within the country;
- pay dues to WFDF as established by the Congress;
- report annually via the Census;
- vote as a Member in <goodstanding=on the general business and functions of WFDF when requested.

We accept the WFDF Bylaws in signing this document.

On behalf of the Federation wanting to become a Provisional National Federation Member of WFDF.

Sincerely,

Name: Patrick Joshua Fallah

History of Flying Disc in Country***
When and how did flying disc sports get started within the country? Which disc disciplines are played? How were they developed?

Flying Disc Sports started in Sierra Leone sometime around 2006/2007 through an NGO called Word Made Flesh. They are an international organization also based in the US. Most times they bring in friends from the US and a friend from the US introduced the game of Ultimate Frisbee to us. We were also part of the organization as kids / youth as Word Made Flesh was working to spread the gospel to youth and kids of deprived and under-resourced communities. After being introduced to the sports, we play every Saturday in the morning hours at the beach. We only play Ultimate here as that was the only flying disc sports we were introduced to; however, we intend to grow the community by introducing more flying disc sports in the country when our resources allow us to do so.

History of the Federation***
When did the Federation get organized and how has it evolved?

I together with some of my friends who came through Word Made Flesh decided not to only be playing the sports recreationally considering how we see the game evolving on the internet. We decided to come together to form this association in November 2022 to firstly grow the popularity of the game and to play it professionally. Today, most of our friends that went through Word Made Flesh with us have already joined the association and some of the youth currently at Word Made Flesh have joined us in our quest as well. In late 2023, we are stepping up our effort in building the proper foundation of the association, improving our association

management, communication channels, event management and financing. In this effort we are supported by Filip Scotka, former experienced ultimate player from Europe (CZ, UK) who provides us with pro-bono consultancy helping us to set-up an operational background for the association.

Description and Evidence of Flying Disc Sports Activity

Report of Activities***
Describe flying disc sports activities within the country over the last years, including grassroots and organized activities by the Federation (e.g., leagues, tournaments, other events, national championships, clinics, etc.).

Over the past two years we have been functional despite being self-financed and under-resourced. We have managed to organize a series of events ranging from our First Exhibition Match, regular visits to high schools to talk to P.E. teachers and students about the game, regular day tournaments, to community involvement seminars. We have done quite a lot to ensure the ultimate is better known and gains popularity.

Communications
Describe the communications tools you use to reach players (e.g., websites, social media, written newsletters, etc.).

We use our social media posts to reach more players and encourage older players to bring new players when coming for training or tourneys. We have engaged in numerous radio talk shows and community outreach to get more new players. We plan to build our websites one day to further promote flying disc sports in Sierra Leone, but for now, it is outside of our budget.

Media Coverage

Provide copies of media coverage in your Federation and country (e.g., social media posts, news site stories, etc.).

Development Activities/Plan

What activities have you pursued to grow flying disc sports within your Federation and country? Do you have any upcoming plans for new development activities?
e.g., Targeted programs for youth and/or women, Spirit of the Game, etc.

We have pursued several activities like regular tournaments, going to talk on radio shows, involving PE teachers in the sports - during last year, we showed ultimate to over 300 students during our school presentations.

For our upcoming plans, we have the following in mind:

1. Organizing all-welcome tournaments for both existing and new players, joined with social events.
2. Organizing an inter-school ultimate frisbee competition.
3. Life-Skill Seminars – as many of our players came from disadvantaged communities, we want to impact them with principles of Spirit of the Game and gender equality mixed with teaching of skills useful for life.
4. Outreach to Kush addicts. (Kush is a harmful drug in Sierra Leone that has really taken over the minds of young people causing them to behave like zombies and killing them in adverse cases.)
5. Moving the sports to other cities / districts in the country. Firstly, to Bo City, the second largest in Sierra Leone.

International Involvement
Have any players or teams from your country participated in international competition previously? Have there been any international outreach programs where players or teams have come to your country to give clinics or coaching programs?

None. We haven't got any players or teams that have participated in international competitions.

We have not been privileged to have any international clinics or training from international professionals.

WFDF Events
Please describe your expectations for participation in WFDF Sanctioned Events (e.g., World or Continental Championships, in which disciplines and divisions).

At this point, we do not expect possibility to participate in WFDF Sanctioned Events in soon future, from two reasons:

1. Currently, we only have a handful of reasonably good level ultimate frisbee players – we need to train more of the new players to a good level to be able to form a competitive national representation, plus we also need to improve our training / coaching expertise for the existing players, possibly with the help of foreign professionals helping to set up training standards for us in Sierra Leone.
2. Given that Sierra Leone is one of the poorest countries in the world and most of our players come from socioeconomically deprived communities, we are massively underfinanced and without external financing it is not possible for us to finance national representations.

However, we hope that as we manage to grow the community and appeal to international support, we will be able to aim for our first cross-border competitions within 2 years from now.

Federation

Constitution or Bylaws***
Please provide a copy of the Federation's constitution (bylaws), that states the Federation is:

- open to participation without regard to race, color, religion, national origin, politics, sex, or sexual orientation;
- fairly represent the interests of all Disc Sports/Games/Disciplines within the country;
- controlled by its members according to democratic principles.

Historical Financials

Please provide a summary financial statement for the latest two fiscal years, if available. Describe whether there are any membership dues paid by players or team fees for events, and what is the amounts charged, other sources and amounts of revenues, and expenses that have been paid by the Federation. If there have been no revenues or expenses of the Federation in the past, please explain why.

When we started, all we wanted to do at first was to at least get the attention of players who were only interested in a hobby, so we did not factor in the payment of membership fees and most of our players are not financially sufficient.

But before the start of the year, we introduced a le250 ($10) yearly annual member contribution to at least see how players were committed to the cause and how much sacrifice members will make to keep up with payment of individual dues. We are still having few challenges with payments but gradually we are getting there.

There are no special fees for tournaments. All the revenues we've been making have come from us asking people around for support whenever we want to host or plan a frisbee event. Even all the discs we've used have been given to us by our friends in Bulgaria, another friend Filip and most times it's me asking my friends traveling from outside of Sierra Leone to buy me a disc.

Over the past years, we've spent money on renting the field for our events, transportation to players, food and renting of vests/ jerseys.

Budgeted Financials

Please provide a budget for the next two fiscal years, outlining any dues paid by players or player and team fees from events, other sources of revenues, and expenses that are expected to be paid by the Federation, including WFDF dues.

In attachment to this Application Form/Package.

Bank Account***

If you have a bank account, please provide a copy of the latest monthly statement and of the latest year end. If not, please explain why and tell us how you manage payments.

Currently, we have no bank accounts. We use a cash book system under the care of a finance person, where we record our income and expenditures. With an increase in income which we know will happen soon, we have

plans of opening a bank account. But seeing how much it is essential to being a part of the WFDF, we have sped up the process of getting it done, by the end of the year. Currently, for international transactions, we use the bank account of the president.
Legal/Corporate Status Is your Federation formally/legally incorporated with the government? If yes, please provide a copy of the incorporation papers and supporting documents. If not, please explain why it is not and whether you have any short-term plans to seek formal incorporation. Separately, is your Federation run as a not-for-profit or commercial Federation?
Our federation is a non-profit one. We are expecting our legal papers by the end of July as we have already started the process of registering it with the government since the start of the year
Governmental Recognition Are you recognized by any governmental sports agency (e.g., Ministry of Sports, National Olympic Committee, etc.)? If yes, please provide a copy of such recognition documents. If no, please explain whether this is something you plan to pursue in the next two years and, if no, why?
We are currently in the process of registering the sports with the National Sports Authority(the body responsible for registering new sports in the country). We've been in the process of registering with the NSA but they'll want to see our registration with the government before starting the sport registration process. Registering here takes time.

CONSTITUTION

of the

SIERRA LEONE FLYING DISC ASSOCIATION

Version 1,

approved by General Meeting on 2023-18-12

Association Name: Sierra Leone Flying Disc Association
Used Abbreviation: SLFDA
Residence: Freetown, Sierra Leone

Content of this Constitution:

1. Introductory Provision and Purpose
2. Creation and Termination of Membership
3. Members' Contributions, Rights, and Obligations
4. Governing Bodies of the Association
5. General Meetings
6. Executive Committee
7. Control Committee
8. Legal Status and Assets of the Association
9. Manner of Acting and Signing on Behalf of the Association
10. Transitional and Final Provisions

1. Introductory Provision and Purpose

1.1 The Sierra Leone Flying Disc Association (SLFDA) is an independent, voluntary, and apolitical association of natural persons and legal entities interested in flying disc sports, including Ultimate, Disc golf, Freestyle, and other disciplines.

1.2 The purpose of SLDFA is to foster flying disc sports in Sierra Leone, particularly through organising competitions, development, promotion, coach education, and ensuring national representation.

1.3 SLFDA follows guiding principles and rules of WFDF (World Flying Disc Federation) with the intent of becoming an associated National Member once all WFDF's requirements are fulfilled.

1.4 Main focus of SLFDA is on growing the flying disc sports communities in Sierra Leone based on active democratic participation, membership is open to any citizen, resident or legal visitor of Sierra Leone, regardless of gender, race, age, religion, cultural background or sexual orientation and equal opportunities without age, gender, political, or religious discrimination.

2. Creation and Termination of Membership

2.1 SLFDA recognises two memberships: "Individual Membership" and "Team Membership".

2.2 Individual Membership is created once the "Individual Membership Application Form" is accepted by the "Executive Committee" and the "Individual Membership Fee" is paid. The Individual Membership is active from the moment when the Executive Committee enters the person's details to "Membership Register".

2.3 In case Individual Membership is not approved within 14 days even after both "Individual Membership Application Form" was delivered to "Executive Committee" and "Individual Membership Fee" paid, or if the Individual Membership was declined, the applying person can contact "Control Committee" who will decide about the application within the 14 days from receiving this request. The decision of the "Control Committee" is final. In case any "Individual Membership Fee" was paid already, this is refunded within 14 days.

2.4 Team membership is created once the "Team Membership Application Form" filled by an existing Individual Member is accepted by the "Executive Committee" and the "Team Membership Fee" is paid. The Team Membership is active from the moment when the Executive Committee enters the team's details to "Membership Register".

2.5 In case Team Membership is not approved within 14 days even after both "Team Membership Application Form" was delivered to "Executive Committee" and "Team

Membership Fee” paid, or if the Team Membership was declined, the applying person can contact “Control Committee” who will decide about the application within the 14 days from receiving this request. The decision of the “Control Committee” is final. In case any “Team Membership Fee” was paid already, this is refunded within 14 days.

2.6 For the avoidance of doubt, Individual Membership and Team Membership will be rejected primarily in case of expressed or past non-compliance with SLFDA Constitution and rules, WFDF rules, or (in Ultimate discipline) continuous breaking of the “Spirit of the Game'' principle.

2.7 Membership is terminated in the moment when “Executive Committee” deactivates Individual or Team Membership in “Membership Register” due to one of the following:

a) Membership Fee for the required period has not been paid
b) Person or Team is in breach of SLFDA Constitution and rules, WFDF rules, or (in Ultimate discipline) continuously or enormously broke “Spirit of the Game” principle
c) Person or Team requests to terminate their membership
d) Death of the Person (in case of Individual Membership)
e) Dissolution of the Team (in case of Team Membership)
f) Dissolution of SLFDA

2.8 In respect of 2.7b, Person or Team have rights to appeal “Executive Committee” membership termination decision by contacting “Control Committee” who will investigate the situation and decide within 14 days. The decision of the “Control Committee” is final.

2.9 In respect of 2.7, membership fees already paid shall not be expected to be refunded.

3. Members' Contributions, Rights, and Obligations

3.1 Executive Committee keeps Membership Register up-to-date.

3.2 Upon Team’s or Person’s request to the Executive Committee, the Executive Committee issues a written confirmation of their membership.

3.3 Membership Register can be shared with WFDF, other sport associations or Sierra Leone government institutions, and all members agree with the possibility of their data being shared in the necessary scope to meet legal requirements and achieve SLFDA goals.

3.4 The Executive Committee collects “Individual Membership Fee” and “Team Membership Fee” which is paid annually, always for a period between 1st January and 31st December.

3.5 Any change to the standard annual “Individual Membership Fee” or “Team Membership Fee” proposed by the Executive Committee must be approved by the majority vote in the

General Meeting. However, the Executive Committee can agree to lower the payable fee for new members joining the association later during the year, or issue discounts for certain groups (e.g. students).

3.6 The membership fee amount as well as payment methods shall be communicated through official SLFDA channels, e.g. new membership application forms, website, etc.

3.7 For the avoidance of doubt, paid membership fees are not refundable, even if the existing membership is terminated - as per paragraphs 2.7 & 2.9.

3.8 The rights of SLFDA Individual Members:

> Membership is open to any citizen, resident or legal visitor of Sierra Leone, regardless of gender, race, age, religion, cultural background or sexual orientation.

a) To participate in events organised by SLFDA, including promotional events, training sessions, all-welcome competitions, and others
b) To be informed about the activities and management of SLFDA, submit proposals regarding its activities, and express opinions on the work of its governing bodies
c) To attend General Meetings, vote on proposals submitted to vote in General Meetings, and to elect Executive Committee and Control Committee members
d) To be voted for as a member of Executive Committee or Control Committee
e) To submit a request to Executive Committee to investigate a breach of SLFDA Constitution and rules by other Individual or Team Members (in case the complaint involves Executive Committee itself, this is investigated by Control Committee)

3.9 The rights of SLFDA Team Members:

a) To participate in registered-teams-only events organised by SLFDA, notably in National-level competitions and trainings
b) To receive guidance in terms of sport promotion and team development
c) To organise own events, especially competitions, trainings and promotional actions with support of SLFDA
d) To delegate a team representative attending General Meeting with the right to vote on the behalf of other Individual Members associated with the team (see more details in paragraph 4.6 & 4.7)
e) To submit a request to Executive Committee to investigate a breach of SLFDA Constitution and rules by other Individual or Team Members (in case the complaint involves Executive Committee itself, this is investigated by Control Committee)

3.10 Obligations of SLFDA Individual Members:

a) To follow SLFDA Constitution, sport rules and (in Ultimate) “Spirit of the Game”

b) To pay annual Individual Membership fees as well as all other costs (training camps, tournament fees, etc.) on time

3.11 Obligations of SLFDA Team Members:

a) To ensure compliance of all persons associated with the Team Member with SLFDA Constitution, sport rules and (in Ultimate) “Spirit of the Game”
b) To actively contribute to fulfilling the mission of SLFDA, represent and advocate for its interests and to further promote flying disc sport(s) in their area of operation
c) To pay annual Team Membership fees as well as all other costs (training camps, tournament fees, etc.) on time
d) To assist SLFDA with collecting all due payments from persons who are associated with the Team Member
e) Provide a written summary to SLFDA about the team’s past activities and planned future events involving the general public. Also about obstacles encountered while trying to promote flying disc sport(s) further and any feedback about how SLFDA could help to achieve the team's goals and progress.

3.12 In case a complaint is made according to 3.8e & 3.9e, petitioner shall provide following details in a report to Executive Committee (or to Control Committee if the complaint is against any member of Executive Committee):

a) Details of what, when and where happened, including details about former complaints made about the same incident by the same or different petitioner
b) Details about whether other members were affected by the same misdemeanour
c) Any witness statements and names
d) A preference for a solution to the incident

The Executive Committee (or Control Committee in case the case is against a member of EC) will investigate the complaint in detail, hear both involved parties (and witnesses), and decide about the course of action during their meeting within 14 days after receiving the complaint, informing involved parties about the decision. The case details shall be documented in writing and archived.

3.13 In case a complaint (as per 3.12) against non-EC Individual or Team Member is deemed justified, Executive Committee can:

a) Issue a warning
b) Suspend from (specific or all) events organised by SLFDA - the length or the condition for removing the suspension shall be stated
c) Cancel membership

3.14 In case a complaint (as per 3.12) made against Individual or Team Member who is also a member of EC is deemed justified, Control Committee can:

a) Issue a warning
b) Compile a report with details in necessary scope made available to all SLFDA members

4. Governing Bodies of the Association

4.1 SLFDA consists of three governing bodies:

a) General Meeting (GM)
b) Executive Committee (EC)
c) Control Committee (CC)

4.2 General Meeting is a platform for all active SLFDA members to shape the association, to present ideas, approve proposals and vote in the key matters of the association, like electing the Executive Committee and Control Committee.

4.3 Executive Committee is a board of elected members involving 5 positions tasked to manage the association and work towards achieving long-term goals and SLFDA purposes.

4.4 Control Committee is a 3-member elected board tasked with ensuring transparency in the actions of the Executive Committee, with rights to oversee financial planning and assets of the SLFDA, and also with the rights to review certain decisions of the EC.

5. General Meetings

4.2 General Meeting consists of all active members while voting rights are given to all active members who do not have debts to the SLFDA at the day of the General Meeting.

4.3 General Meeting is called by the Executive Committee at least once a year (Annual General Meeting), but can be called-in under special circumstance by Executive Committee anytime (Special General Meeting) or once signed by at least ⅔ (two thirds) of active members asking for calling-in Special General Meeting.

4.4 Executive Committee is responsible to inform all active members about the next Annual General Meeting in 30 days advance, and in 14 days advance in case of Special General Meeting. This shall be done through SLFDA official channels and also through email correspondence with individual members. The invitation to the Annual General Meeting must include place, date and time, and agenda of the General Meeting. The invitation shall also include a link for members to check any outstanding debts they may have with the

association, so they have time to resolve this in advance to regain their voting rights at the General Meeting.

4.5 Typically, agenda for General Meeting comprises of:

a) Overview of SLFDA past activities and future plans
b) Overview of SLFDA finances, assets and budget for the next period
c) Voting to appoint new or re-elect members of Executive Committee and Control Committee to vacant or expired posts
d) Voting to approve changes in the standard SLFDA Annual Membership Fees
e) Any other business as proposed by Executive Committee, Control Committee, or requested to be added to the agenda by at least ¼ (one quarter) of the present-represented members with voting rights

4.6 Each Individual Member has 1 (one) vote. However, each team with valid and debt-free Team Membership can appoint 1 (one) representative to vote on behalf of Individual Members associated with the team. In this way, the team's representative vote will count as many votes as many team's Individual Members are not present.

4.7 For the avoidance of doubt, counting of the votes according to paragraph 4.6 is possible only for active memberships without debts to the SLFDA. Example: Team Alpha (active Team Member of SLFDA, with 10 associated Individual Members of SLFDA) has a debt to SLFDA, although all 10 associated Individual Members are without a debt. Team Beta (active Team Member of SLFDA, with 8 associated Individual Members of SLFDA) has no debt to SLFDA, however, their 2 associated Individual Members have debt to SLFDA. In this way, Team Alpha cannot use representative vote, however, its Individual Members can vote on their own if present. Team Beta can use representative vote, however, to a maximum of 6 votes, because 2 of their members have debts to SLFDA and as such are without voting rights. In case there are two members from Team Beta present at the General Meeting, the first Individual Member votes with his own 1 vote, while the team's representative votes with the power of the remaining 5 votes.

4.8 Executive Committee does not validate permissions given to team's representatives - if a member of a team arrives at the General Meeting claiming to be a team's representative, it is assumed to be so, unless a written message from the usual team's communication channels to SLFDA states otherwise.

4.9 Quorum for General Meeting is ¼ (one fourth) of total possible Individual Member votes being present or represented.

4.11 Executive Committee choses a General Meeting chairman (chairwoman) responsible for conducting General Meeting, respecting planned agenda, following rules of SLFDA

Constitution, arranging voting on proposals and ensuring minutes are taken and made available to all SLFDA members within 7 days.

4.10 Most proposals or decisions are deemed accepted by a simple majority of the present/represented non-abstaining votes, with the exception of those mentioned in paragraph 4.11 where a ¾ (three-quarters) majority is required.

4.11 Following actions require a ¾ (three-quarters) majority of present-represented non-abstaining votes to pass:

a) Changes to the SLFDA Constitution
b) Dismissal of Executive Committee member
c) Dismissal of Control Committee member
d) Dissolution of SLFDA which must be proposed by both EC and CC

4.12 In the event of equality of the vote, the General Meeting Chairman (Chairwoman) shall have a casting vote.

6. Executive Committee

6.1 Executive Committee is a governing body of SLFDA, managing operations of the association and acting on its behalf.

6.2 Executive Committee has 5 (five) elected positions:

a) President
b) Head of Finance & Assets
c) Head of Development
d) Head of Communication
e) Secretary

6.3 Individual Members interested in any position listed in paragraph 6.2 shall announce their application to the post before the General Meeting is held by writing to SLFDA's official email address at least 48 hours in advance.

6.4 Any Individual Member, who is older than 18 years, can apply to as many positions as they wish, however, they can be voted in to hold a maximum of 2 positions simultaneously.

6.5 Any Individual Member applying for a position has a right to present their speech in front of the General Meeting in the maximum length of 10 minutes (regardless whether a member applies for 1 or all 5 posts).

6.6 The voting for the vacant positions is in the order stated in paragraph 6.2, and Individual Member with the most votes is appointed for the given post.

6.7 The EC members are voted for the period of 4 years.

6.8 Any EC member can resign on their post(s) any time without having to state a reason. The President can appoint another Individual Member to fill a position until the next General Meeting is held where there will be a vote to fill the vacant position. In case the President resigns, other members of EC vote who will take over the President's responsibilities until the next General Meeting.

6.9 The President is responsible for achieving wider goals of the SLFDA, for representing the association and ensuring cooperation and good management among different executive functions. The president is also responsible to report annually Census (number of active players/members/other info) to WFDF and pay annual dues (when full member).

6.10 Head of Finance & Assets is responsible for preparing and maintaining association budget, proper organisational bookkeeping, tracking Membership Contributions and other financial commitments of members, teams or the organisation itself; also is responsible for tracking existing SLFDA assets and cooperating with other executive posts on obtaining more material or financial support.

6.11 Head of Development is responsible for finding ways to attract new members and promote flying disc sports through organising promotional and training events, as well as to improve capabilities of the existing players base through providing coaching framework.

6.12 Head of Communication is responsible for promoting SLFDA and flying disc sports, and their values, across SLFDA communication channels and in Sierra Leone’s official media. Head of Communication is also responsible for proper internal communication with SLFDA members about both past and future events.

6.13 Secretary is responsible for maintaining the association's administration in order.

6.14 Executive Committee meets whenever it is needed, while any EC member can call in this ad-hoc meeting, or at least once every 2 months, with the EC President being responsible for calling the regular meetings.

6.15 Quorum for EC decisions are minimum 3 votes present, while each EC post equals 1 vote. EC decisions are approved by a simple majority. In case of equal vote, the President has a casting vote. In case the President cannot be present during the vote, the President appoints a present EC member with a casting vote.

7. Control Committee

7.1 The Control Committee has 3 members who are elected by General Meeting, while every Individual Member has the right to vote for up to 3 candidates. After counting all votes, the top three with the most votes are appointed as new Control Committee board active for the period of 2 years.

7.2 Members of the Control Committee must be over 18 years old and cannot be active (voted or appointed to) in the Executive Committee.

7.3 Elected CC members vote among themselves to select a Control Committee Chairman (Chairwoman) who is then the main point of contact between Control Committee and Executive Committee.

7.4 Any CC member can resign on their post(s) any time without having to state a reason. The CC Chairman (Chairwoman) can appoint another Individual Member to fill a position until the next General Meeting is held where there will be a vote to fill the vacant position. In case the Chairman resigns, other members of CC vote who will take over the Chairman's responsibilities until the next General Meeting.

7.5 The Control Committee meets whenever it is needed, but at least once every 2 months, with CC Chairman (Chairwoman) calling in the regular meetings. The quorum for CC decisions are 2 votes, with CC Chairman holding a casting vote.

7.6 The Control Committee is responsible to:

a) Control economic and legal actions of the Executive Committee - for this, CC has rights to access all relevant sources, e.g. bank account statements, bills, etc.
b) Ensure compliance of Executive Committee with SLFDA Constitution and investigate any complaints about EC from SLFDA members
c) Review EC decision to cancel or deny SLFDA memberships (see p. 2.5 & 2.8), with Control Committee decision being final

7.7 In regards of paragraph 7.6, Control Committee has rights to access all relevant sources needed for active fulfilment of duty, e.g. bank account statements, bills, statements of SFLDA assets, minutes from EC meetings, as well as to be in active and transparent communication with Executive Committee about their past decisions and planned actions.

7.8 In case minor discrepancies or imperfections are found in the EC actions, the Control Committee points these out in writing to the EC President, so the EC can correct this.

7.9 In case the same major issue is found (e.g. improper use of SLFDA finances), or when same minor issues continue repeating without improvement or EC is unwilling to correct

them, Control Committee shall compile a report about the misdemeanour made available to all members of SLFDA.

7.10 The Control Committee shall prepare a report informing members at the General Meeting about their actions and conclusions since the past General Meeting.

8. Legal Status and Assets of the Association

8.1 SLFDA is a Non-profit association according to Law Sierra Leone, registered with The Freetown City Council(on-going process).

8.2 Assets of SLFDA consist of tangible assets (equipment etc.), financial resources in current accounts, and receivables.

8.3 Assets of SLFDA shall be applied only in furtherance of SLFDA purpose, excluding risk-related investments.

8.4 The Executive Committee is solely responsible for managing SLFDA assets, with the Control Committee having rights to review the state of association's tangible assets, statements, current account(s), incomes and costs.

8.5 The principles of financing and management of assets are defined by the Executive Committee, stating responsibilities, permissions and conditions in financial management and planning within a written document which any SLFDA member has the right to see.

8.6 Executive Committee shall prepare following reports made available to all SLFDA members annually (and presented on General Meetings):

a) Balance of all association assets and their change since the previous report
b) Budget stating expected incomes and costs

9. Manner of Acting and Signing on Behalf of the Association

9.1 President of EC shall act on behalf of SLFDA externally, unless the President appoints another member of EC to do so in a specific matter. Alternatively, EC can authorise another SLFDA Individual Member to act on behalf of the association in a specific matter if the EC President and majority of the Executive Committee (present in the meeting) agrees.

9.2 If a binding agreement with an external party shall be signed, signature of the EC President and one other member of EC is required, unless EC gave the authorisation to sign a specific binding agreement to just one (any) member of EC.

9.3 Any appointments and authorisations according to p. 9.1 & 9.2 should be recorded in writing and saved in EC archives.

10. Transitional and Final Provisions

10.1 Any change or amendments to SLFDA Constitution must be written and approved by the General Meeting according to p. 4.11.

10.2 The interpretation of the SLFDA Constitution is the responsibility of the Executive Committee and Control Committee. In case EC and CC disagree on the interpretation, the issue is presented at the next General Meeting which approves either EC or CC point of view by simple majority.

10.3 Dissolution SLFDA can be proposed by a joint-decision of EC and CC presented to the General Meeting. If approved by the General Meeting as per p. 4.11, SLFDA ceases to exist to a date proposed by EC & CC.

10.4 In case SLFDA shall be dissolved, Executive Committee is responsible to:

a) Inform all members about the dissolution of the association through official communication channels and known personal email addresses
b) Communicate with relevant external third-parties about the dissolution and terminating all agreements
c) Resolve maximum of the financial commitments to its members and third-parties utilising existing financial reserves and monetising tangible assets

10.5 In case SLFDA shall be dissolved with positive asset balance, Executive Committee will decide whether:

a) To split the existing assets among the existing members, and/or
b) Donate the assets to another flying disc sports federation (e.g. WFDF)

Letter of Recommendation

Dear Volker Bernardi,

On behalf of the Bulgarian Flying Disc Federation, National Federation Member in good standing of the World Flying Disc Federation, we present our support for the Sierra Leone Flying Disc Federation in their efforts to become Provisional National Federation Member of the WFDF.

BRIEF HISTORY OF THE SPORT IN SIERRA LEONE

During the past year, the Bulgarian flying disc community has been following closely the development of flying disc sports, particularly ultimate in Sierra Leone. We have been in touch with Patrick, and we sent to Sierra Leone 3 used discs as support. We also advised the local players to reach out to the WFDF and apply for membership and gave them some tips for growing the sport, based on our previous experience. We can see that the flying disc community in Sierra Leone practices regularly and often organizes games and events. Thus, we believe that the Flying Disc Federation of Sierra Leone deserves its place as a member of the Global flying disc community as a Provisional National member of the WFDF. We wish them success and hope to play with them someday!

It is for these reasons that our Member Association fully recommends the addition of the Sierra Leone Flying Disc Federation as a Provisional National Federation Member of the WFDF.

Sincerely,

Provisional National Federation Membership Application

Dear Volker Bernardi,

On behalf of the Fédération ivoirienne de frisbee, as the President, I am pleased to write to you for application as a Provisional National Federation Member to the World Flying Disc Federation (WFDF).

Our Federation is the only organization representing Flying Disc Sports in our country related to the objectives of WFDF and wishes to become a member of WFDF. We recognise WFDF as the International Federation for Flying Disc Sports. We agree to abide and operate by its rules, policies and programs as stated in its Bylaws, and shall submit to its jurisdiction in Flying Disc Sports matters and shall undertake to do everything to promote its goals.

Our Federation commits to fulfill the requirements of a Member, including:

- be open to participation without regard to race, color, religion, national origin, politics, sex, or sexual orientation;
- represent a minimum of 50 individual disc players who are members of its organization in one or more Disc Sports;
- hold an annual meeting and/or have another representative mechanism for our members to elect a board of directors;
- fairly represent the interests of members for all Disc Games within the country;
- pay dues to WFDF as established by the Congress;
- report annually via the Census;
- vote as a Member in <goodstanding=on the general business and functions of WFDF when requested.

We accept the WFDF Bylaws in signing this document.

On behalf of the Federation wanting to become a Provisional National Federation Member of WFDF.

Sincerely,

Name: Emmanuel Wago

History of Flying Disc in Country***
When and how did flying disc sports get started within the country? Which disc disciplines are played? How were they developed?

Frisbee in the Ivory Coast began with a gentleman, Diego Moroso, who used to come to a field with his family to play, and as we came to play soccer, he asked us to come and play with him, and we found Ultimate and Flying Disc very interesting.

History of the Federation***
When did the Federation get organized and how has it evolved?

3 years ago, we decided that we wanted to promote this sport, and so we began the process of obtaining approval from our Minister, who has so far failed to respond favorably to our request.

Description and Evidence of Flying Disc Sports Activity

Report of Activities*** Describe flying disc sports activities within the country over the last years, including grassroots and organized activities by the Federation (e.g., leagues, tournaments, other events, national championships, clinics, etc.).
We just organize mini-tournaments between ourselves (frisbee club), with the intent of growing with more equipment and resources. Additional information below in plan.
Communications Describe the communications tools you use to reach players (e.g., websites, social media, written newsletters, etc.).
We have Facebook, Instagram and TikTok accounts to raise our profile as well as a WhatsApp group to communicate with those interested. ● Facebook: https://fr-fr.facebook.com/FIF.ultimate/ ● Instagram: https://www.instagram.com/ultimatefrisbeecotedivoire/
Photos/Videos Provide photos (and videos if available) that show the activities in your Federation and country.

Development Activities/Plan

What activities have you pursued to grow flying disc sports within your Federation and country? Do you have any upcoming plans for new development activities?
e.g., Targeted programs for youth and/or women, Spirit of the Game, etc.

To add value and grow Flying Disc in our country, we emphasize the social and unifying nature of the sport.

We conduct the following activities:

- Organizing activities on holidays for families to demonstrate the sport (e.g., Thanksgiving and Christmas)
    - Providing gifts such as disc to children
- Instructing the sport at field days and assemblies at public and private schools in collaboration with principals
- Playing games against organizations such as the US Embassy in Cote d'Ivoire
- Conducting beach clean-ups to support the environment, recycling and playing Beach Ultimate

Federation

Constitution or Bylaws***

Please provide a copy of the Federation's constitution (bylaws), that states the Federation is:

- open to participation without regard to race, color, religion, national origin, politics, sex, or sexual orientation;
- fairly represent the interests of all Disc Sports/Games/Disciplines within the country;
- controlled by its members according to democratic principles.

Historical Financials Please provide a summary financial statement for the latest two fiscal years, if available. Describe whether there are any membership dues paid by players or team fees for events, and what is the amounts charged, other sources and amounts of revenues, and expenses that have been paid by the Federation. If there have been no revenues or expenses of the Federation in the past, please explain why.
The federation's main source of revenue is the monthly membership fee paid by each player. The federation uses this money to cover expenses incurred during activities, and to purchase sports equipment (jerseys, discs, etc.).
Budgeted Financials Please provide a budget for the next two fiscal years, outlining any dues paid by players or player and team fees from events, other sources of revenues, and expenses that are expected to be paid by the Federation, including WFDF dues.
Attached to this Application Form.
Bank Account*** If you have a bank account, please provide a copy of the latest monthly statement and of the latest year end. If no, please explain why and tell us how you manage payments.
Payments are handled by a Treasurer and their Assistant.
Legal/Corporate Status Is your Federation formally/legally incorporated with the government? If yes, please provide a copy of the incorporation papers and supporting documents. If no, please explain why it is not and whether you have any short term plans to seek formal incorporation. Separately, is your Federation run as a not-for-profit or commercial Federation?
The Federation is non-profit in nature.
Governmental Recognition Are you recognized by any governmental sports agency (e.g., Ministry of Sports, National Olympic Committee, etc.)? If yes, please provide a copy of such recognition documents. If no, please explain whether this is something you plan to pursue in the next two years and, if no, why?
The Federation has started the recognition process with the Government but unfortunately were stalled by COVID-19. We plan to continue the process as soon as possible in order to obtain a recognized federation.

Letter of support for the endorsement of the Fédération Ivoirienne de Frisbee (FIF)

Herewith the signatory Joerg Benner, Executive Director of the German Flying Disc Federation „Deutscher Frisbeesport-Verband e.V." (DFV), declares that the DFV fully supports the Fédération Ivoirienne de Frisbee (FIF) in its efforts to becoming a WFDF member.

FIF already has been founded 2017 and since then has extended its activities, foremost within the capital of Abidjan. In the past years FIF has undertaken several projects to promote Flying Disc sports, amongst others: organising friendly games and small tournaments, instructing Ultimate at field days and assemblies at public and private schools, family activities on holidays, and beach clean-ups to support the environment for playing Beach Ultimate.

Since 2021 FIF with its president Emmanuel Wago has started to conduct the process of gaining official recognition in contact with the national Ministry of Sport and internal affairs. In the same year 2021 FIF also was able to present Flying Disc Sports at the 3rd edition of the Festival Sportif d'Abidjan (FESA). Currently there are weekly Ultimate trainings and friendly games. FIF is ready, willing, and able to further enlarge their activities in the near future.

In case of any question please do not hesitate to contact us!

Kind regards

LETTER OF SUPPORT FOR WFDF MEMBERSHIP OF FIF (FÉDÉRATION IVOIRIENNE DE FRISBEE)

Dear Volker Bernardi,

All Africa Flying Disc Federation (AAFDF) would like to support Fédération ivoirienne de frisbee (FIF) in its desire to become World Flying Disc Federal (WFDF) membership.

AAFDF as a continental body governing Disc sport, we are excited and welcome FIF with arms wide open to join not only AAFDF but to join WFDF our disc sports family world-wide. We are looking forward to collaborating with them in the growth of Flying Disc sport in Côte d'Ivoire.

Yours sincerely,

Alex Matovu

Proposal from Lebanese Flying Disc Association

Received: Tuesday, June 18, 2024

Motion: Promote Diversity in WFDF Events through Equitable Fee Structure (see attached).

WFDF Board Recommendation: The WFDF Board does NOT support this proposal at present, although it acknowledges that it merits discussion.

Rationale for recommendation:

Our Lebanese association has commented that high registration fees present a significant barrier to participation in World and Continental tournaments. They state that this disproportionately affects National Federations (NFs) from underprivileged countries, limiting diversity in these events. While WFDF boasts 107 member nations, only 53 have participated in its tournaments. They propose that team and player registration fees be adjusted to reflect four tiers of fees based on World Bank gross national income (GNI) per capita data.

The WFDF board is sympathetic to this request. We recognize that it is expensive to travel to a World Championship or Continental Championship.

However, we do not support this proposal at present, for the following reasons:

It is not clear what the impact on event finances would be, but this would add an element of uncertainty to the revenues of the event. We currently evaluate bids with the goal of establishing the fee structure to only cover direct event costs.

The burden that is taken off participants from lower-income countries will be borne by players from High-Income Countries. Preliminary discussions with a couple potentially impacted national federations has not been supportive as their players already complain about fees.

Team and player fees represent only a small portion of the total costs of attending an event. The cost of air fare, other travel, accommodations, food, etc. are quite significant in comparison.

Having said that, the board continues to look at ways to make it more affordable for athletes to participate in our events and we believe that this idea deserves further discussion. But without significant additional analysis and input which is not available at this time, we cannot support the proposal at present.

June 18, 2024

Motion by the Lebanese Flying Disc Association to the 2024 Annual Congress in Australia: Promoting Diversity in WFDF Events through Equitable Fee Structure.

Background:

Currently, high registration fees present a significant barrier to participation in World and continental tournaments. This disproportionately affects National Federations (NFs) from underprivileged countries, limiting diversity in these events. While WFDF boasts 107 member nations, only 53 have participated in its tournaments.

Proposal:

We propose the implementation of a tiered fee system based on World Bank gross national income (GNI) per capita data. This would categorize NFs and adjust registration fees accordingly, making participation more accessible for teams and players from developing nations.

1. **Categorization of National Federations (NFs)**:
    - We propose splitting NFs into four categories based on the World Bank's economic classifications:
        - High-income countries
        - Upper-middle-income countries
        - Lower-middle-income countries
        - Low-income countries
2. **Adjusted Registration Fees**:
    - Each category will have a different registration fee. Here is an example that should be revised by WFDF as it requires further calculation based on expected expenses:
        - **High-income countries**: Pay 125% of the standard fee
        - **Upper-middle-income countries**: Pay the standard fee
        - **Lower-middle-income countries**: Pay 75% of the standard fee
        - **Low-income countries**: Pay 50% of the standard fee
3. **Example Fees**:
    - If we use the current standard fees:
        - **High-income countries**: Team fee $2000, Player fee $500
        - **Upper-middle-income countries**: Team fee $1600, Player fee $400
        - **Lower-middle-income countries**: Team fee $1200, Player fee $300
        - **Low-income countries**: Team fee $800, Player fee $200

4. **Implementation and Review**:
    - It is important to review the fee structure annually to ensure it stays aligned with the latest World Bank data.
5. **International Federations using a tiered system**:
    - The International Federation of Association Football (FIFA) and International Volleyball Federation (FIVB) use tiered systems based on development status (developed, developing, least developed).
    - The international scout's movement uses a four-tiered system like the one proposed. Below is the participation fee for their upcoming event in Portugal based on World Bank data.

CATEGORY	PARTICIPANT	PATH LEADERS	IST / CMT
A	225,00 EUR	75,00 EUR	175,00 EUR
B	470,00 EUR	145,00 EUR	370,00 EUR
C	720,00 EUR	220,00 EUR	570,00 EUR
D	980,00 EUR	305,00 EUR	780,00 EUR

Pros:

- More Diverse Competition: This approach would make WFDF events more affordable for teams from developing nations, leading to a wider range of countries participating.
- Fairer Playing Field: By adjusting fees based on income, the system creates a more equitable opportunity for all NFs to showcase their skills on the world stage.

Cons:

While some NFs might see a slight fee increase, the benefits of a more diverse and competitive environment outweigh this. Additionally, exploring cost-saving measures in hosting and finding sponsorships can help manage any budget adjustments.

Conclusion:

As the global governing body for flying disc sports, WFDF has a responsibility to create a level playing field for all players. A tiered fee structure is a critical step towards achieving greater equity and fostering a truly international competitive landscape for the sport.

Proposal from Indonesia Ultimate Players Association (IUPA)

Received: Sunday, June 30, 2024 at 5:54 PM

Motion: WFDF should update its November 2023 statement in line with the toll of the ongoing war, and call for a ceasefire (see attached).

WFDF Board Recommendation: The WFDF Board does NOT support this proposal.

Rationale for recommendation:

WFDF continues to receive demands from a minority of member federations and individual players and teams to make a further statement calling for a unilateral cease fire in the Middle East, beyond our 5 November 2023 statement (https://wfdf.sport/2023/11/wfdf-president-comments-on-the-continuing-middle-east-humanitarian-crisis/):

> The World Flying Disc Federation ("WFDF") has watched with horror at the ongoing humanitarian disaster that continues in the Middle East. We have member federations in both Israel and Palestine and we understand that the situation impacts the whole flying disc community in the region. In light of this ongoing crisis, WFDF President Robert "Nob" Rauch issued this brief comment:
>
> "We are devastated by the ongoing violence that has engulfed Palestine and Israel and by the resulting devastation in the region. At WFDF, we condemn violence, attacks and the loss of life in all its forms. We believe in the inherent value of every human life and hope for peace. Our heartfelt thoughts are with our disc communities in the region and their families."

The board has been reluctant to make a further statement given how politically fraught the situation is. It is clearly a horrible situation, and it is heartbreaking to see the destruction and loss of life, but there is culpability by both Hamas and the Israeli military and government.

Efforts to mediate a cease fire by Egypt and Qatar have moved slowly, due to political reticence on both sides. We are still hopeful that these concerted diplomatic efforts will be successful.

It is interesting to note that we are not aware of any other international sports federation that has commented on the situation. The IOC has expressly rejected the pressure to make a statement or to deny Israel the right to participate in the Paris Olympic Games. In absence of a large-scale coordinated effort by global sports organizations, any statement made by WFDF as a small sports organization would be insignificant and would have no material impact on the situation.

Moreover, we are a flying disc organization with limited resources which we would like to focus on our core mission of promoting and overseeing disc sports, and we don't believe it is prudent policy to get involved in any or all political activities that may arise. Nonetheless, we fully respect the rights of our member federations or flying disc athletes to express themselves, as per our Social Expression policy at https://wfdf.sport/wp-content/uploads/2021/12/WFDF-Social-Expression-Policy.pdf.

Motion for Gold Coast WFDF Congress
Randi Tulus
Ultimate Indonesia Players Association (IUPA)

Sun, Jun 30, 2024 at 5:54 PM

Dear WFDF Colleagues,

The Ultimate Indonesia Players Association (IUPA) wishes to table following motion:

'In view of the 'plausible' genocide in Gaza, Congress resolves that WFDF should update its November 2023 statement in line with the toll of the ongoing war, and call for a ceasefire'

2024 WFDF Congress: Broadcasting and Marketing Report

Since last year's **WFDF** Congress in Nottingham, we have made significant progress with our broadcasting and marketing efforts. Coverage and distribution plans for the three major **2024 WFDF** ultimate tournaments (**WJUC, WUC, WMUC**) are nailed down, building on the successes of previous years. Our "players play and viewers pay" mantra is evolving; more than ever, it's driving our ability to reduce or even eliminate funding that our athletes have had to pay by themselves for decades to have their events recorded, distributed, and archived. We continue to hope that, in the future, this model can be applied to Team Disc Golf, Overall, and other flying disc disciplines.

The WFDF Executive Committee and Board of Directors voted unanimously earlier this year to accept a proposal from our multi-year production services provider, Ultiworld (https://ultiworld.com), that gives them exclusive production/distribution (and revenue) control of our **2024 WFDF** events, in coordination with us, of course—excluding the People's Republic of China and WFDF's ability to stream free, delayed coverage with our longtime partners The Olympic Channel and other entities under the official Olympics umbrella. Importantly, Ultiworld assumes all financial risk for coverage and distribution, with an allocation up to $200,000 USD. Last year, while our joint venture for **WU24** in Nottingham was financially successful, the coverage of **WBUC** in Huntington Beach, US and **PAUC** in Punta Cana, DR resulted in deficits for both partners.

For 2024 **WJUC in Birmingham**, **England**, we'll have full coverage of a showcase field (4 cameras, with commentary) and single-camera coverage of second and third fields throughout the tournament. As always since 2016, the WFDF commentary team will be gender-equal. Our on-air team includes Hannah Pendlebury, coordinator; Liam Grant; Geegee Morrison; and Lorcán Murray, familiar names and faces to our entire ultimate community. Besides the fact that Europe is the home to many of our sport's top broadcast talent, we felt it wise to "hire local" and not allocate transcontinental airfares for this event.

As during last year, almost all matches, including Finals, will be paid-subscription only. We also plan to distribute one "free" game per day. Also under consideration: making all three Finals available at no cost one week later on the WFDF and Ultiworld "public" outlets, notably YouTube, and possibly the Olympic Channel online (for **WUC**); because **WJUC** falls inside the timetable of this year's Olympic Games, the Olympic Channel does not have any on-air real estate or production support available.

Our goals with the SVOD (subscription video on demand) executions have not changed since last year—except for the crucial fact that WFDF has literally zero financial exposure. As is the case with every other sports franchise in today's media sphere, we aim to cover these production and distribution costs—and possibly generate a profit for the rights-holder through ancillary rights licensing, including to the People's Republic of China. WFDF has never surrendered its copyright to any broadcaster or other third party and we continue to believe that this is optimal for our stakeholders and audiences.

Managing Director of Broadcasting and Marketing

For **WUC in Gold Coast, Australia**, we plan to live-stream two showcase fields, with 4 cameras each plus a shared drone, 4 matches per field per day. In addition, coverage of at least 2 fields without commentary will be provided. From Tuesday through Friday (3—7 September), coverage will include matches under the lights starting at 17:00 local time. Our on-air talent roster will be international, but will include a focus on Australia's best ultimate commentators. Hannah Pendlebury (coordinator) of GBR, Liam Grant of IRL, Ian Toner of USA, and Stefan Rappazzo of FRA will join Katie Lock, Averil Tam, and Andrew Moroney from the host country. We anticipate, as in previous years, including a few guest commentators in the early rounds of the championships.

As this landmark WFDF tournament has not been staged in eight years (!), we are "pulling out all the stops" on production with our Ultiworld partners. Whereas our **WJUC** and **WMUC** coverage will be solid, our goal for **WUC** coverage is for it to be exemplary and memorable.

For **WMUC in Irvine, California**, the other major ultimate event on the WFDF calendar in 2024, our evolving plan is to provide full coverage of one field with full commentary and two fields with single cameras absent commentary. If feasible, we would like to deploy shared drone coverage of both fields and the venue at large.

WFDF Communications Report

Congress 2024

In the WFDF Strategic Plan adopted in 2023, a number of opportunities were identified for growth in the area of communications. 2024 has seen progress toward those goals in the following areas:

"Add a dedicated communications resource to the staff to establish a consistent and persistent social media presence"

- The full time contractor position *Director of Communications and Social Media* was created, and filled in March 2024

"Develop assets – video, photos, graphics – to increase visibility and representation across media"

- A WFDF footage archive is under development, as well as additions to WFDF branding and visual assets.

"Utilize more consistent advertising of content to build awareness and audience for disc sports"

- Having full time communications staff has allowed for the development of regular content and consistent social media engagement, increasing our reach outside our endemic audience.

"Collaborate with disc sport partners on media executions, including "co-op" and reciprocal advertising, cross-channel promotions, and enhanced content collaboration opportunities"

- We have engaged in cross-promotion and collaborative content with a number of organizations in 2024 including The World Games, TAFISA, WADA, UFA, disc sport partners such as Ultimate Peace, and sponsors including VC Ultimate and Greatest Ultimate Bag.

Content Highlights

Event content continues to drive the majority of our audience engagement. At the time of this report all three major WFDF 2024 World Championship events are ahead of us, making year over year number comparisons difficult.

Thus far in 2024, reels via Facebook & Instagram have been consistently successful, particularly in reaching a nonendemic audience (individuals who do not currently follow our social accounts). In the 90 days prior to this report WFDF Instagram content reached 39,191 accounts of which 10,151 were followers and 29,040 non-followers. Of those 29K non-followers, 25.4K were viewing reels.

Year-to-date our most engaged content has been:

- Reels promoting AOBUC 2024
- The 2025 Event Calendar Announcement
- Posts sharing the TAFISA Coaching Partnership
- The World Games 2022 throwback reel
- Reels celebrating International Women's Day and WADA's Play True Day
- Weekly Instagram quiz on the WFDF Hand Signals

Building on Our Successes

Moving into the second half of 2024 and beyond, WFDF will continue to use social media to promote Flying Disc sports and our events, leveraging content from our World Championship events in the second half the year to drive audience engagement. We will work with our partners in creating cross-promotional content, especially in the lead-up to The World Games 2025. Additionally, we will seek to identify opportunities to create and share content around all Flying Disc disciplines outside of our events, particularly looking to promote development activities, youth sport, and Flying Disc sports and activities that are easily accessible to new audiences.

At a Glance

These are the numbers for the major social media platforms six months into 2024:

- Twitter: 10.8K followers (steady from 2023)
- Facebook: 46.4K followers (steady from 2023
- Instagram: 13.5K followers (increase of 1.1K since 2023)
- YouTube: 30.9K subscribers (increase of 1.3K since 2023)

SOTG Commission Report to WFDF Congress

2024

Since 2022, we also lost some very motivated people due to decisions that made said individuals question our sport's commitment to and importance of the idea SOTG—not just its motion—especially in the perspective of conflict resolution.
We have seen the community embracing externalisation of responsibility in the form of Game Advisors on the field, but also a more timid stance for the sake of the professionalisation of our sports.

Over the last few months, the Commission also struggled with its geographic spread, as meetings have to cover all global time zones.

Overall, we need to attract more people interested in the proliferation of SOTG and its value of embracing ambiguity, understanding diversity of perspective, giving trust and fair engagement.

Continuous Work

Event support for Spirit Directors

We keep refining and updating the materials for and supporting the Spirit Directors and Spirit Captains at all WFDF events:

Completed	Upcoming
• 2023 WU24UC • 2023 AOUGC • 2023 WBUC • 2023 PAUC	• 2024 WJUC • 2024 WUC + WGC • 2024 WMUC

Running iSOTGDay

Coming up on SAT, Dec 7, 2024 we need to plan and organise the event for this year.

Overall, we are reconsidering the placement of this day in the annual sports calendar for 2025.

Commission administration

We do need to re-shape our commission to cover the regions and also the sports.

- Current members: Anna GRÜNEWALD, Chihiro ONO (Senco), José Pedro AMOROSO, Kate KINGERY (KK), Samir EL AJRAOUI, Yang GAO
- Chair: Wolfgang MAEHR (Wolf)

We have currently 7 members with a 4:3 F:M gender split and representatives in Asia Oceania (3), Europe (2), Pan America (2) but not from Africa.

Completed Work

Publishing SOTG related materials

José and team have published a number of academic papers and other materials around SOTG:

- Self-Refereeing System in Ultimate during the Joint Junior Ultimate Championship in Three Different Divisions—A Different Way to Promote Fair-Play?
- Spirit of the Game (Ultimate) Poster
- Spirit of the Game (Wheelchair Ultimate) Poster
- Spirit of the Jam (Freestyle) Poster

Ongoing and Future Work

Fostering adoption of pre-game spirit circles

Based on our experience, one of the best tools to elevate Spirit in tournament games are pre-game spirit circles. They allow the teams to set the tone before the games by addressing some of the following areas:

1. Bridge any cultural gaps in terms of communication, play style, celebration style, etc.
2. Address and move beyond any immediate history between the teams
3. Address any feedback received from other teams during the tournament
4. Engage every player from the opposing team and acknowledge that we are creating the Spirit together

We thus recommend a per-game spirit circle to consist of at least the following three messages:

1. Who are the captains and spirit captains to address if there are issues
2. Any cultural gaps or known issues to be addressed beforehand
3. Engage each opposing player (e.g. with a high five), look them in the eye and wish them a good game

Unified SOTG scoring framework for all (disc) sports

The five-dimensional SOTG scoring initially targeted Ultimate, but we believe that awareness and appreciation for SOTG applies in all flying disc disciplines and can also apply in sports beyond.

As the nature and dynamics of sports vary even among flying disc sports, we have a nice range of sports to cater for when considering Disc Golf, Guts or DDC and Freestyle. Building a unified framework where dimensions can be added or removed depending on the nature of the sport will provide some universality.

Work with the disciplines of Freestyle and Disc Golf has been ongoing.

Build a stronger global SOTG community for better exchange

As we need to overhaul our commission membership, we are facing significant logistical limitations. Building a larger, global community of people interested in SOTG provides several advantages:

- More exchange leads to more learning across regions and national federations
- Larger pool of SOTG-interested people available for roles like SDs, translations or WFDF or regional commission membership
- Better representation, exchange and visibility for the various countries

Section 3: Workshop Content and Delivery

- **Provide feedback about the content of each module**
  - **Coaching Her:**
    - The module captured all the areas revolving around coaching a girl especially bringing out the issue of body confidence which is overlooked by most of the coaches yet plays a significant role in making girls better and retaining them in sports.
    - The slides did not really summarize the module. The trainer had to refer the participants to the website for further reading.
  - **Coaching Girls Guide:** TBC; sessions not delivered as of today.
  - **Body Confident Sport:** TBC; sessions not delivered as of today.
  - **Safeguarding:** TBC; sessions not delivered as of today.
- **Describe the methods and tools used to facilitate the workshop.**
  - Google Classroom
  - Google Meet
- **Were there any modifications made to the original content? If yes, please explain:**
  - No other content was added to the slides. However, we tried to add some verbal examples in our setup
- **Were there any challenges faced during the event, and if so, how were they addressed?**
  - The biggest worry was internet connectivity during the online classroom session for both the trainer and the participants. However, we did not experience this issue and everything went well.
  - However, we missed some participants for the session, one due to misread of the starting time and some others probably did not have internet access. To sort out this, the session recording was shared online in the google classroom to ensure anyone who missed is able to catch up.
- **What can be done better by TAFISA, trainers, or coaches in the future?**

- We hope that for the future, TAFISA should tailor some of the examples to the specific sport setting/ group being trained. We had no frisbee examples in the materials, however we thought of some as we trained and discussed as a team.
- Timely planning by all stakeholders for widespread in-person trainings.

Section 4: Participant Engagement and Feedback

- **How would you rate the overall engagement of participants?**
  - The participants are quite engaged and think the material is timely as most struggle to get girls to join and stay on the team.
  - Random engagement through the session by the trainer had a great response as everyone called upon by the trainer gave their comments, questions and feedback.
- **What were the most frequently asked questions or concerns raised by participants?**
  - Most of the questions were brought forward by the trainer. We hope to have the participants ask more questions in the subsequent sessions.
- **Please share any notable feedback from participants about the workshop:**
  - Overall, the participants were happy to be part of the training, and thought the material was enlightening and that the training was an eye-opener to them in several aspects.
- **Please provide minimum 5 inspiring quotes from participants about their experience (with their consent to use for storytelling):**
  - Winnie Atuhaire UGA: As a young girl growing up in a society where gender stereotypes in sports is popular, it enabled me with confidence and helped me discover my talent. It definitely helped me keep fitness and motivated me to take care of my body. Ultimate Frisbee is my first sport, I never really knew how fast I could run and was never planning on finding out until I started playing, so I believe a lot of young boys and girls have talent and just need help to discover it. My goal and motivation in participating in this course is to learn different coaching skills in order to introduce the sport to young boys and girls of different age brackets, mostly to encourage young ladies in order to stop gender stereotypes in sports.
  - Nick Zaloumis RSA: Women player turnover is a major issue in the sport. I would like to learn how to best facilitate growth and confidence in women matching players, especially in mixed. I would like to create a space so that more women role models and leaders can fully develop through the system.
  - Israel Momanyi KEN: My motivation for joining this course stems from noticing that many women join the sport but leave soon after. I believe this may be due to a lack of a welcoming environment, and I'm eager to learn how to create a more inclusive and supportive community for all players.
  - Godfrey Mapozi RWA: The motivation for this course is to implement a program called the "Keep Flying Disc Program," which teaches ultimate frisbee in schools, with a focus on engaging women in the sport.
  - Fiona Mbwali UGA: During the time I've played, I noticed there are a few ladies in the sport, and so, this motivates me to find out ways on how to coach and get more knowledge about the sport, so that I can be able to be confident in training and inspiring other ladies in my community...
  - Bernard Nyadida KEN: Women in Ultimate still needs to be cultivate more to spur their participation in a safe environment, i am committed to create this platform as i believe this will increase the number of women in Ultimate

- **Do you have any success stories or notable achievements resulting from the workshop that you would like to share? Please provide details:**
    - TBC; courses not fully delivered as of today.

Section 5: Impact and Outcomes

- **What were the key takeaways for participants from the workshop?**
    - TBC; courses not fully delivered as of today.
- **Can you identify any immediate changes or actions taken by participants as a result of the workshop?**
    - TBC; courses not fully delivered as of today.
- **How do you plan to follow up with participants to ensure continued application of the Pathway?**
    - A centralized online course/community has been created to allow continued engagement, discussion and monitoring of Pathway implementation.
- **How do you plan to engage other stakeholders on board?**
    - To collect feedback from initial participants on inclusion within WFDF educational pathways and methods to promote (i.e., via case studies, via online learning system, etc.).

Section 6: Additional Events and Opportunities

- **Please list any consultative processes, recruiting, or awareness meetings conducted related to the Pathway:**
    - Promotion of course to the community via National Federations and Continental Associations.
    - Promotion of course to the community via grassroots tournaments.
- **Describe any opportunities you had to present the Pathway in your country or organization:**
    - Presentation of pathway to Board of Directors with representatives from all Disciplines.
    - Presentation of pathway to all National Federations during Annual Congress.
- **Share any feedback or outcomes from these events:**
    - Raised interest in the pathway.

Section 7: Photos and Media

- **Please attach photos from the workshop (with consent for use in publications):**
    - TBC; courses not fully delivered as of today.
- **Do you have any videos or other media from the workshop? Please provide links or attach files:**
    - Consent not beyond course participants to protect discussions.
- **Include any media coverage or publications related to these events (links or attachments).**
    - Listed in Dissemination Report.

2. CHANGE IN THE NAME FROM THE "**WOMEN IN SPORT COMMISSION**" TO THE "**GENDER EQUALITY DIVERSITY AND INCLUSION COMMISSION".**

Gender Equality Diversity and Inclusion Commission shall:

- Advocate equal **participation** of women in all their diversity, on and off the field of play, using sport as a tool for gender equality and empowerment.
- Advise the WFDF Board of Directors and promote gender equality as a part of good governance to accelerate women's meaningful representation in governance, **leadership** and decision-making bodies within WFDF.
- Contribute to WFDF's **Safe Sport** strategic approach to ensure a gender equality, diversity and inclusion lens is applied.
- Advocate the equitable distribution of **resources**, including funding, facilities and non-financial support, as well as integrated and targeted initiatives to ensure gender equality continues to advance at WFDF and across Flying disc sports.
- **Communicate** and disseminate WFDF's position on gender equality, diversity and inclusion, and monitor and regularly report on progress to inform the development of future gender equality, diversity and inclusion strategies; and
- Engage and **promote** gender equality, diversity, and inclusion within Flying Disc sports and WFDF to ensure that sport is recognized as an important enabler of the sustainable development goals.

The description of the IOC's Commission on their site is at: https://olympics.com/ioc/gender-equality-diversity-and-inclusion-commission

ACTION POINTS:

- The chair shared the information with the commission for feedback, but none was received.
- An online virtual meeting is planned for the weekend of 20th – 21st July 2024 to discuss the matter and any other matters concerning the commission.

Athlete Commission Report

July 2024

During the last 12 months, the Athlete Commission not only welcomed new appointed members, but also moved forward in setting up its structures and forming their vision and mission. In addition to that, the AC took position regarding various topics discussed in WFDF.

WFDF Athlete Commission elections 2024 and forward

The Athlete Commission recommended to reform the election mechanisms for the Athlete Commission for an online process, better transparency about candidates for voters, and extended eligibility for candidates and voters. Another recommendation was to allow athletes to self-nominate (endorsement of NF still needed).

Together with the Board, Executive Committee, Administration and Events Staff, WFDF was able to take first steps towards a more democratic and transparent election process for 2024 and general changes in the composition of the Athlete Commission.

1. General Changes in the composition:
    a. The Athlete Commission consists of 10 elected members of which
        i. 6 (3+3) Ultimate athletes are elected for 4-year terms every 2 years during WUC and WUCC,
        ii. 3 Disc Golf athletes are elected during WTDGC,
        iii. 1 additional Disc Sport athlete from another Disc Sport discipline are elected at TBC, and
        iv. up to 5 additional members can be appointed by the Board of Directors to account for continental and gender balance.
2. Changes in the voting process for 2024:
    a. The election of 3 new Ultimate members to serve a 4-year term and 1 new Ultimate member to serve a 2-year term (due to one current member resigning) will happen during WUC2024 in Gold Coast, Australia through an online form. Unique voter codes will be distributed to all athletes through the event administration.
    b. The election of 3 Disc Golf members to serve a 4-year term will happen during WTDGC2024 in Perth, Australia through an online form. Unique voter codes will be distributed to all athletes through the event administration.
    c. Athletes are able to self-nominate with an endorsement letter from their National Federation.
    d. Candidate profiles will be made available ahead of the election process to enable voters to make informed decisions.

Positioning regarding the violent conflict between Israel and Hamas

While members agree that the situation in Gaza is a humanitarian tragedy, the Athlete Commission could not find a common ground about the Commission's and WFDF's role in this. While some members strongly support the requests of Palestinian Solidarity groups for WFDF demanding an immediate ceasefire, other members are more skeptical if that is our role and if that would change anything. This very much reflects the difficulty of the topic and the diversity of perspectives on the conflicts in the WFDF athlete community.

In the end, the Athlete Commission chose to not comment on the requests of Palestinian Solidarity groups outside the official WFDF communications - partly due to its own varying opinions and partly because of the lack of resources to draft a statement and moderate any discussions upcoming from that. However, the Athlete Commission urged the Board to better communicate their actions. While the Athlete Commission members are able to see and understand many internal discussions and decisions, the lack of transparency about this process led to frustration and insecurity in the athlete's community.

The Athlete Commission strongly supports the idea of setting up a project around SoTG and conflict resolution with the SoTG Committee.

WFDF strategic plan to inclusion in Olympics and other Multisport events

While the Athlete Commission is excited about all the efforts to further professionalize the competitive environment for flying disc sports, there are also concerns about the format of Ultimate 4's and worries about the development of 7-a-side Ultimate after a possible inclusion. Similarly, with the inclusion of Disc Golf in the upcoming World Games and a possible push towards Disc Golf to be part of an Olympic programme in the future, questions about the format and WFDF's willingness to adapt the discipline for the aim of Olympic inclusion arise.

The Athlete Commission expects to be included early in each step of format adaptations for flying disc sports due to Olympic ambitions, not only informed afterwards.

AAFDF
ALL AFRICA FLYING DISC FEDERATION

Annual Report - 2023

The All Africa Flying Disc Federation (AAFDF) is a continental federation is an umbrella organisation of Flying Disc Sports and all its sports disciplines as well as of the community of national flying disc sports associations in Africa.

The current serving Executive Board committee for AAFDF was re-elected during the Congress to serve for a new term of 2023 - 2025:

- Alex Matovu – President (Uganda)
- Moses Njatha – Secretary General (Kenya)
- Dr. John Waitumbi – Board Member at large (Kenya)

The AAFDF Executive Board Committee commission members appointed to help with Disc Sports Development around Africa.

- Phena Odoyo - Head of Africa Women in Sport Commission (Kenya) - **New**
- Samir El Ajraoui – Head of Spirit of the Game – SOTG (Morocco)
- Travis Myburgh – Head of Ultimate (South Africa)
- Desmond – Disc Sports Development Chair (Ghana) – **New**

TAFISA appointee for Africa to coordinate with the WFDF and AAFDF Women in Sport Commission:

- Dr. Jane Gakuru – Africa TAFISA Representative (Uganda) - **New**

On the 14th October 2023, AAFDF held a Congress Meeting alongside the AAUC in Kisumu City, Kenya. There were 16 participants from 6 countries were represented: Tanzania, Rwanda, Uganda, Kenya, Ethiopia, and DRC. Key points and actions:

a) Discs remain a limitation to the growth of the Sport
b) Need for federations to register with local Olympic committees to benefit from financial support
c) There is need to enhance communication between federations, AAFDF, and WFDF
d) Main projects to benefit from Development Grant should align with Women in Sports and Youth programs
e) WFDF is a member of FISU and where required can provide a letter of recommendation for member federations to support their applications.
f) Federations need to review requirements to join Olympics committees
g) There are plans to extend the WFDF Coaching and Capacity Building Program in 2024
h) Media budget for WFDF is increasing and this will enhance visibility
i) Discs distributions mostly affected by customs and local taxation laws. AAFDF to continue mobilizing for discs and finding avenues to get them to countries.
j) Following several unsuccessful calls for AAFDF Secretary General, Moses Njatha (Kenya) was nominated to fill the position mid-year.
k) There need to expand the AAFDF to include representation from all Africa regions for effectiveness.

Member Federations Updates

South Africa

South Africa has seen a few interesting developments since October last year. SAFDA started to shift its focus to encouraging youth ultimate, with the hope of being able to compete at WJUC in 2026. Many dedicated individuals have started school programs in SA and in one province (KwaZulu Natal) the first U20 Championship took place in Lion's River, which was streamed on YouTube.

In addition to this, the first ever Intervarsity was hosted in Makhanda and saw members from multiple universities compete against one another.

South African ultimate voted at the AGM in December last year to switch the yearly timing of Open and Women's (OW) and Mixed Nationals, meaning OWN took place from 26-28 April 2024. 8 Women's teams

and 10 Open teams competed at the event in Durban, KwaZulu Natal with Hot Sauce and the Donkeys winning titles in the Women's and Open divisions, respectively. Games were streamed on YouTube and the finals are available from these links:

• Open Final: https://youtu.be/xiVwfP58jq0?si=ApNQ1yJGOQXuiLar
• Women's Final: https://www.youtube.com/live/YbGnsFkoF-0?si=HuCZ6kRxCf-W8RsI

The purpose of this season switch was an attempt to address the development of players of different genders in the sport. SAFDA believes it is beneficial for newer players (who generally join at the beginning of the year) to learn ultimate skills in single-gender teams and then move into the mixed season with a decent base level of skill and work out the nuances of mixed gender play.

The U24 Wild Dogs program has also seen development with the coach for the 2025 event already appointed with the goal of identifying and developing young talent as opposed to simply leading a campaign. SAFDA has partnered with multiple programs to help educate people including Elevate Ultimate and the Ultimate Athlete Project (the latter being a second time partnership). In addition to this, Wild Dogs 2025 planning has commenced and introductory camps in all the regions of South Africa will take place between June and August. The purpose of these camps is to get willing u24 participants to align with the requirements of the campaign before trials takes place at the end of the year.

Lastly, SAFDA has officially applied as an NPO and will hopefully be registered with the Department of Social Development (DSD) soon. This is a major step in official recognition of the sport among the South African sporting framework.

Kenya

- Hosted successfully the AAUC 2023
    - Black Fish Ultimate of Kenya won the AAUC 2023 and the 2nd place team was Tropical Rangers also from Kenya.
- Hosted the 5th National Championship in December 2023 won by Kakamega Wolves, KEMRI finished second, and Tropical Rangers won the Team Spirit Award
- Hosted an Open Hat Tournament in December, 2023.
- Nairobi Ultimate League starts in February 2023. The Western League planned to start later in the first quarter of 2024.
- Crying Stone planned for Feb 24-25, 2024 in Kakamega County won by Kakamega Wolves and Black Fish Ultimate finished second
- Frisbee East Africa Sand Tournament planned for Mar 30 – 31, 2024 in Kwale County. For the first time, two of our teams are heading to Portugal for World Beach Ultimate Championship.
- Hosted Lake Victoria Grass Tournament attended by 8 teams. Six from Kenya and 2 from Uganda. Tropical Rangers won the tournament and Black Fish Ultimate finished second. Uganda,s Fort Portal Team won the Spirit Team Award. See photos here: https://drive.google.com/drive/folders/1LIdhMXHzwMhxkESjMTbpBCW1X7VISD9L?usp=sharing

- Partnership with Disc Golf Kenya formalized and there are plans to spread the Sport to other regions in the country before the year ends.
- For the first time, five of our teams took the first four positions in All Africa Ultimate Championship: Black Fish Ultimate, Tropical Rangers, Cool Waters Ultimate, KEMRI ultimate, and Kakamega Wolves.

- Ultimate Frisbee is now being played in a number of high schools in Kenya. Here is the list:
  1. Kapsabet Boys High School (Nandi County)
  2. Kaswanga Girls High School (Siaya County).
  3. Pandpieri Junior Secondary School (Kisumu County)
  4. Amagoro Primary School (Bungoma County)
  5. Bondeni Primary (Kakamega County)
  6. Mahiakalo Primary (Kakamega County)
  7. Shikumu Primary (Kakamega County)
  8. Maraba Primary (Kakamega County)
  9. Musoli Girls High School (Kakamega County)
  10. Kakamega Primary (Kakamega County)
  11. Moses Wetangula Mixed High School (Bungoma County)

- The number of counties where we have active Ultimate Frisbee teams has increased by 4. (The four new counties are Siaya, Bungoma, Mombasa and Nandi counties)

Setbacks

a) Sporting equipment especially Ultimate Frisbee Flying Discs have been a great challenge considering we rely most on donations. This has hence affected the spread of the game to other regions in the country.
b) Considering most of those who play the sport in Kenya are students, we always find it challenging to organize events since most of these students can't travel for longer miles to play the sport. They depend on their parents and well-wishers to raise tournament fees and to facilitate them to Ultimate Frisbee events

The Equator Women's Ultimate Frisbee Tournament: The Equator Women's Ultimate Frisbee Tournament brings together women athletes, enthusiasts, and spectators from East Africa for a weekend of exhilarating disc action. This was the 3rd edition and was hosted at Nyakasura School; Fort portal city, the tournament showcased the athleticism, teamwork, and spirit of the ultimate Frisbee community. The tournament spanned two days; February Saturday 17th and Sunday 18th, 2024 at Nyakasura School Fort Portal City and attended by 7 teams.

University Ultimate Frisbee Clinic: The University Ultimate Frisbee clinic was the first of a kind, organized by the Uganda Ultimate Frisbee Association at YMCA Comprehensive Institute Buwambo Campus on the 5th March 2024. The main aim was to introduce the sport within the university, train a team of students as well as their sports tutors so as to ensure continuity and sustainability of the sport in the, it's assumed that these students will spend longer time playing and training other students the sport at the university before they finish campus. A team of 5 (3 males & 2 females) coaches were supported by UUFA to travel to YMCA Comprehensive institute Buwambo Campus to train the students and their sports tutor. The main objectives of the clinic were:

- Spreading and growing the sport within Universities

- Increasing the number of both female and male players at university level
- Increasing number of universities/institutions and clubs playing the sport

Initiating Ultimate Frisbee in Universities at the 5th Annual Association of Uganda University Sports (AUUS) Forum: The Association of Uganda University Sports (AUUS) forum is where all universities in Uganda engaging in sports under the association, meet every year to discuss all issues concerning university sports as well as a platform where the new different sports disciplines are introduced and/or welcomed and added to the list of those that are being played by the universities. This year's forum was the 5th edition and was held from 29th -31st May 2024 at Soroti University, and the theme for the forum was *"concretizing the AUUS strategic Direction".* A total of 24 universities attended, and the representatives of the universities included; Sports tutors, Deans of students, heads of sports departments and Students' games unions' representatives.
The Uganda Ultimate Frisbee Association (UUFA) supported the vice president/chairman Technical to go to Soroti University and attend the AUUS forum with specific objectives of:

- Orient/initiate Ultimate Frisbee sport to the different universities through their sports tutors, Deans of students and games unions' student representatives
- Impact basic ultimate skills and knowledge to the participants
- Interact with all participants, connect, get to know the different sports tutors and representatives and therefore engage them on a one-on-one discussion on way the forward
- Donate UUFA Branded ultimate discs and cones as start-up kit to the universities
- Generate a contact list for all sports tutors and representatives for easy communication and follow up

Ethiopia

Ultimate Frisbee is a sport that is relatively unknown to Ethiopians, despite having a presence and a community in the nation for over 10 years. Ultimate in Ethiopia had its beginnings around 2012, when it had been recognized by the Addis Ababa university and a Skyd article had even suggested it might become Nationally recognized so players could participate in international tournaments. Over the past few years, flying disc sports have been on a campaign for promotion and recruitment of players in Ethiopia. Unfortunately, the COVID19 lockdowns had caused all ultimate games to be paused and it became difficult to obtain discs and to find space to play games due to the lack of free fields. But in 2021, with a number of the original players from 2012 and visitors had worked together to restart pickup games in Addis Ababa (capital city of Ethiopia) and to attract new players. Thanks to the support of players from the USA and Denmark, AAFDF, black fish ultimate club equipment was donated and sent to Ethiopia to allow the introduction and growth of the ultimate Frisbee to more regional locations.

Although Ethiopia was unable to put together a bid for a team at the All Africa Ultimate Championships (AAUC) held in Kisumu, Kenya in October 2023, Ethiopian ultimate was invited to participate in AAUC 2023, however, as result of budget shortages the club sent its secretary general (Haftamu Amare) to participate under the Africa Union team, comprised of players from other African Nations which did not have the numbers to put together a full team.

Alamata ultimate Frisbee in 2017

Currently, Ethiopia Flying disc sports have picked up with training and meetings twice a week. We play on Wednesday and Sunday. Ethiopia flying disc sports has three active teams in general; two teams in Addis Ababa and one team in Tigray region; Alamata town in particular then a few inactive players, communities and individuals scattered country wide.
Ethiopian ultimate like other flying disc sports is facing shortage of disc to introduce the sport to different regional locations and increase our presence and membership, but either way we are promoting the sports in different many different ways including social Medias and national radio and televisions coverage. For instance, we had media coverage with Hagerie TV which is one of the national television of the country on July 15/2024. https://youtu.be/rHrYljz5R8o?si=SmmzECl1S6hf-_3W
In addition to this Ethiopian flying disc sport was also included in Ethiopian television (etv) on 16th of July 2024. https://youtu.be/AbnM-CAd1V4?si=rY44DIfnjm3zRw0x

Ultimate players in 2024

We have been pulling efforts with all concerned parties for the last 2years or so to legalize and register the Flying Disc Sports Associations with Hope's to get a fully-fledged Ethiopia flying disc sport Federation in the tears ahead. We are in the final stages of getting in place the first of its kind in the country's capital as we are now fully compliant with all that has been asked of us from the Ethiopia Government.

Disc Golf and Free Style Frisbee - With Disc Golf and Freestyle being played individually, it has been easier to get more recreational players once in a while join in on the fun but hard to form more consistent novice or even amateur players in the nation. There are a few individuals who have been consistent in playing and promoting these sports, a 9-hole course installed years back by an NGO called Disc To Africa at Aserahawareyat Primary School that has been used in the past to host official PDGA tournaments and currently the only existing disc golf course in the Nation.

Photo of 2022; Ultimate and disc golf players

Although there is enough potential for growth and development, the lack of resources seems to hinder faster progress. According to Golding Oshaba the most active Disc Golfer in Ethiopia at the moment, Ambassador of Disc To Africa, RPM Discs https://www.rpmdiscs.com/ and XDiscs in Africa, the resources are stretched he has been doing his best with what he has at his disposal to grow the sports in the Nation. Looking at a year back, Disc golf, Ultimate and Free style Frisbee activity has reached the Southern States of Ethiopia where clinics were carried out and baskets were also donated to the local community, and the local government offices visited and talked too about legalization of the sport in the region in the future.

Engagement was also done with Jinka University in the same region and a possibility of introducing the sports to them once the resources permitted is still on the table. Some activity was also recorded in the war torn region of Tigray where Golding visited and interacted with the local flying disc sports community of Alamerta, played ultimate with them and also introduced Disc Golf and Free style Frisbee to the members there.

Ethiopia as a community is now getting more connected internally and hoping to come out United and stronger in the days ahead. We remain grateful to individuals, communities and companies top of the list being RPM discs from New Zealand for the Disc golf discs and XDiscs from USA for the free style discs that have been used in growing the sport in Ethiopia in particular and Africa at large.

Egypt

2002 – 2012: The first time Egypt has known ultimate as a sport was around 2002 by a group of expats, casually throwing around till the formation of 3 teams around 2012

2012 – 2015: Three teams in Cairo and Alexandria were casually competing for a couple of months from September till December every year, a milestone was reached by the formation of EUPA (players association in 2015)

2016 – 2024: The Egyptian National team joins the world games in 2016 in London, and the sport exponentially grows over the years from 2016, now we have 10 teams, 3 official tournaments, more than 5 fun tournaments and more than an unofficial initiative that are trying to spread the sport around Egypt and the MENA region, beside the formal association (EUPA)

Phena Odoyo was nominated to seat in the Women in Sports Commission as Africa Representative. She has shown eagerness to advocate and most importantly serve women in Ultimate in Africa towards women empowerment on and off field. Her vision for Women in Sports Africa is built on 3 principles: Sisterhood, Empowerment and Trust (SET).

a) *Sisterhood:* I believe in the power of unity. Sisters take care of each other, inspire each other and learn from each other. It fosters a sense of strong network building at the same time creating a safe space for women to achieve their goals on and off the pitch. I plan to organise trainings, workshops and events to build a radiant community that uplifts each member. This will also ensure every sister is included without any bias of age, cultural background or financial background hence fostering inclusivity in sports.
b) *Empowerment:* I believe in the power of sports. Sports can uplift and empower women. Together with the members we will encourage women participation in sport by organising women only events. This will help build confidence, resilience and leadership skills in our female athletes. I will support and launch initiatives that provide women and girls with access to sports facilities and educational resources.

c) *Trust*: Trust is the foundation of every initiative. I will build trust with our partners by ensuring transparency, integrity and accountability in all we do. We aim to build a safe space for women and girls to speak out and be listened to without any prejudice.

To achieve she will work together with stakeholders and different organisations that are willing to be a part of Women in Sports' journey. Create plans and activities that are for impact and at the same time sustainable. Use data and research to guide our initiatives and measure our progress and adapt whenever need arises.

PAFDF CONGRESS REPORT

July 2024

PAFDF Congress Report

Throughout this term we have been working on listening to and generating a response to the needs expressed by our communities in our regional meeting. During the month of January we hosted Zoom meeting with our some of our Federation Presidents to hear their reports from 2023. Generally speaking most NF's shared their desire to focus on youth development in order for long term development and survival. Disc Golf is not present in all countries yet, but it is growing in our region. Most countries are looking for more local and international playing opportunities. Common obstacles for growth include human and financial resources, material for training, and discs. NF's present at this meeting were: Mexico, Colombia, Chile, Uruguay, Costa Rica, Nicaragua, USA, Peru , Venezuela.

We have continued to provide training and growth opportunities to our communities through the PAFDF Academy. We discussed Organizational Development in January in our first Academy of the year and and then in the second we discussed Rules and The Importance of Playing with Good Spirit.

Our website is up and running and we are continuing to update it and make it more streamlined and useful/relevant for our stakeholders.

In January 2024 we welcomed 3 new Board Members. David Raflo (USA), Nicole Rodriguez (Costa Rica), and Carlos Chiale (Uruguay). Chasen Brokaw (Nicaragua) took on the position of President and Gustavo Mitre Araya (Mexico) stayed on the board as the Secretary.

In July 2023 the first Pan Am Jr Tournament was hosted in Mexico City by former PAFDF Board Member Vanessa Rincones and current President Chasen Brokaw. The event was a great success with representation from Colombia, Mexico, Panama, and Nicaragua. Due to the success of the event Rincones and Brokaw proposed to PAFDF and WFDF that the Pan Am Jr event should become an officially supported WFDF event. After successfully submitting a proposal to the WFDF Board the tournament was accepted and rebranded as the Pan American Youth Ultimate Championships (PAYUC) to follow the same style as PAUC.

PAFDF
PAN AMERICAN FLYING DISC FEDERATION

At the same time as the PAYUC proposal Rincones and Brokaw submitted a proposal to PAFDF to convert Ultimate Junior Latinoamerica (UJULAT) to PANJUCO, the new Pan American Junior Committee. The main purpose for this committee is to create space and opportunity for youth development in the region through events, trainings, and other activities. They are currently processing and evaluating bids for PAYUC 2025.

PAFDF is working to create more sub-regional events to help our developing nations gain more international playing experience with the hope that these events can be preparatory events for more experienced teams or growth opportunities for lesser developed countries. The Central American and Caribbean Tournament happened July 19-21, 2024 in San Jose Costa Rica. Teams from Mexico, Costa Rica, Nicaragua, and the Dominican Republic competed. This report was submitted July 16 so results are unknown at this time. This playing site in San Jose is a potential option for PAYUC 2025.

We have continued to assist our member federations with any needs they might have. Peru, Ecuador, and Costa Rica are putting in the work to create solid foundations for the future. El Salvador, unfortunately, has lost basically all of its players, but are hoping to find more field space to try and begin promoting the sport again. Mexico received government financial support for the first time in July 2024 and this allowed them to participate in WJUC fully funded. USA and Canada are continuing to be global leaders in the sport. Colombia is anchoring Latin America and we hope it can influence other countries in the region to invest more in Ultimate and DG development.

We hope that in the last half of 2024 we can continue helping our NF's to comply with WFDF membership requirements and to provide growth opportunities for them in the form of webinars, tournaments, and collaboration.

EFDF – European Flying Disc Federation Report

Congress 2024 – written on July 12th, 2024

EFDF 2023-2024

EFDF is doing continuous coordination with WFDF regarding several topics (calendars, contact with federations…). During Congress held in January 2024 where 14 countries attended, EFDF members voted in Swedish Frisbeesport Federation (SFF). EFDF counts now 32 ordinary members. During the Congress, board elections were held and most of board members are continuing their mission with the addition of Nicolas Chauveau.

EFDF Athlete Commission was set-up with:

- 2 representatives from EUF Athletes Commission : Rebecca Thompson and Rachel Tosnerova
- 2 representatives from EDGF Athletes Commission : Laura Posh and Antonia Faber
- 1 person nominated by the board after a call for candidate : Malte Berghall (DDC player)

Malte Berghall was elected chair of the EFDF Athletes Commission and therefore automatically part of the EFDF Board.

The new structure of European Ultimate Club Season was launched this season with several tournaments organized simultaneously throughout Europe by EUF, with 3 divisions, 114 teams participating. Using those EUF tournaments but also other major tournament all over Europe, European club teams are now ranked using an algorithm inspired from the one used by USAU. The 16 best teams per division qualify for EUCF (finals) at the end of September.

This year also sees the first European DDC Championships sanctioned by EFDF in Berlin.

INTERACT+ (International and European Sport Organizations Activating Citizens) project is on-going. It is financed by the European Commission and lead by TAFISA to develop and promote Sport for All and physical activity. EFDF is a partner; Jorg Benner (DFV) is working on this project for EFDF. Several meetings and workshops were held in 2024.
