14 August 2026

Dear WFDF Members:

The WFDF 2026 Congress will take place on Friday, 14 August 2026, prior to the beginning of the WFDF 2025 World Ultimate Club Championships in Limerick, Ireland on a hybrid (in-person and online) basis. I am hopeful that you and your association are doing well. Coming off of a very busy and successful WFDF World Championship event calendar in 2025, and with several monster events taking place in 2026, we are excited to be entering the peak season and furthering our WFDF 3.0 agenda under our new Secretary General Jonathan Rigby.

We present this Briefing Book with all of the information you will need to review for voting items as well as additional reports for your reference.

Our formal Congress meetings will be held all day Friday from 08:00-17:30 at Plassey Suite, Castletroy Park Hotel, Limerick, Ireland. I know it is tough with global time zone differences, but we tried to limit the middle of the night timing around the globe for those joining online as best we could (without total success unfortunately) for votes consolidated from 14:15 to 15:10 Irish time.

Our Annual Congress is composed of several types of discussions. As always, the primary focus of the meeting will be the business matters of the federation requiring voting approval of the members: approval of the proposed budget, acceptance of the financial statements, audit and annual risk assessment, approval of the Auditor, and several largely technical Bylaws revisions

Second, there are a variety of presentations made to apprise you of our activities: reports from the President and Secretary General, the Census, WFDF sanctioned events, the disc sport committees, marketing and broadcast, the work of the Commissions, development work, and anti-doping issues. We will present these both in-person and in written form, and you can read all of these reports in this final briefing book.

Although we have a very packed agenda, we will set aside two 45 minute periods for a presentation by the Secretary General Jonathan Rigby on building an audience and developing commercial value, and for a keynote and panel discussion on development and maintenance of youth programs. We will also plan for a one hour networking lunch and two 30 minute networking breaks.

As always, thanks for your support and I look forward to speaking with many of you in person or online on the 14th of August.

Very truly yours,

Robert "Nob" Rauch
President

WFDF 2025 Annual Congress
Logroño, Spain
Part 1: Friday, June 20, 2025
Part 2: Saturday, June 21, 2025

Minutes of the 2025 WFDF Congress Meeting
WFDF 2025 Annual Congress - Part 1

1. Call to Order

President Rauch opened the meeting at 18:09 pm CEST, welcoming attendees both in person and online. He outlined the meeting's structure, taking place over two days, which included formal business requiring votes on financials, memberships, and certain proposals, as well as updates from WFDF staff, Commission and Committee chairs, and Continental representatives. The meeting also celebrated WFDF's 40th anniversary, marking its growth and stability since its founding in1985. Rauch expressed confidence in WFDF's current trajectory and introduced the staff, Board and Committee members. Rauch also thanked the local organizers in Logrono, Spain for their support, especially for the LOC of the WFDF World Under-24 Ultimate Championships.

2. Voting Protocol

Secretary Nakasi introduced the electronic voting platform that would be used for the voting session on the following day and explained the technical requirements.

3. Roll call of National Associations present and confirmation of votes allotted

Nakasi informed delegates that attendance was being monitored via sign-in sheets for in-person attendees and online tracking. A full roll call would be conducted the next morning. **See Annex 1 – list of participants.**

4. 2024 Congress Minutes (already approved)

The 2024 Congress Minutes had been approved before the meeting via online vote and were presented for reference.

5. Decisions taken by Congress between 2024 and 2025 Congresses

President Rauch summarized decisions taken by Congress between 2024 and 2025, including Election 2024 - Board of Directors, Ultimate Committee and Sub-

Committees, approval of Cameroon, Maldives and Turkmenistan for the national membership, and the 2024 Congress Minutes. He noted that the detailed list of decisions taken between meetings were included in the 2025 Congress Briefing Book. Members were invited to review these documents. There were no questions raised.

6. Continental Association Report - Pan Americas - PAFDF

PAFDF President Chasen Brokaw reported on the organization's efforts to formalize its governance structures, including submitting draft bylaws to the WFDF Executive Committee for review. PAFDF promotes inclusive growth and development across all flying disc disciplines in the Pan American region supporting all members. Key highlights from the report include:

- Elections are planned for October 2025
- A congress was held in February 2025 with 17 out of 20 members participating
- Attendance at the WFDF Face-to-Face Board Meeting in Frankfurt where proposals were submitted and collaborations with WFDF discussed
- Upcoming events as per the events Calendar, such as the Pan American Youth Ultimate Championships in Costa Rica (July 2025) with 14 teams so far confirmed and various regional championships ie the 2026 Central American and Caribbean Ultimate Championships, South American Ultimate Championships, Central American and Caribbean Disc Golf Championships, and South American Disc Golf Championships.
- Secured disc distribution grant of 300 discs to be distributed for the region

Brokaw outlined strategic goals including finalizing the bylaws, registering the organization legally, and expanding regional events to provide accessible competition opportunities for developing nations and elite teams.

7. Disc Sport Committee Report - Beach Ultimate

Shiellah Quintos, chair of the Beach Ultimate Committee, welcomed new Committee member Peter Gitau from Africa (Kenya) and noted the ongoing search for a South or Central American representative, preferably female. She discussed the committee plans to meet in person during the WFDF World Beach Ultimate Championships (WBUC), scheduled for 16-22 November 2025 in Portimão, Portugal. Quintos mentioned the update of the Beach 5-on-5 rules and appendix for 2025-2028. The Beach Ultimate Committee is also currently working on Beach 4-on-4 rules, with the intention to launch a standalone 4-on-4 event, possibly in 2026. Felix Nemec, representing Austria, inquired about the nature and structure of the proposed 4-on-4 event. Quintos clarified that this 4-on-4 event would be independent from existing

events and is envisioned as a smaller-scale, accessible tournament for national teams, ideally hosted in Europe.

8. Disc Sport Committee Report - Freestyle

Paul Kenny, chair of the Freestyle Committee, reported on progress regarding a potential co-branded Freestyle World Championships with the Freestyle Players Association (FPA) and WFDF. Discussions are ongoing with potential LOC from the Munich area, with a decision expected at the committee's mid-July meeting. The proposed event would be held at a large facility in the south of Munich and would include freestyle as the main event alongside other flying disc disciplines such as Disc Golf, DDC, and Ultimate in a festival-style format. The venue offers strong infrastructure, including an on-site train stop and accommodations. Kenny emphasized the need for WFDF support in media outreach and local governmental engagement. WFDF will continue discussions, and a final announcement is expected at FPA Worlds in Toronto later this summer- where Dillon will be representing WFDF.

9. Disc Sport Committee Report - Guts

Steve Taylor, Committee Chair-Guts, welcomed two new Committee members from Japan, and plans to onboard members from Thailand and Chinese Taipei. The Guts Committee is focused on growth, particularly in Asia, where the sport has expanded from two countries (Japan and Chinese Taipei) to also include Thailand and Korea. There is interest from Hong Kong, although participation in the upcoming Tokyo event may not be possible. Taylor mentioned the ongoing collaboration between WFDF, the Pan-American Flying Disc Federation, and USA Guts to build participation in Central and South America. Initiatives are ongoing in Colombia and Panama. The Guts Committee has been working with PAFDF with a goal of including Guts in the 2027 Pan American Championships. A key challenge remains balancing international travel costs with accessibility. Taylor invited Guts enthusiasts among members to collaborate.

10. Disc Sport Committee Report - Overall

Rob McLeod, Overall Committee chair, highlighted key developments in the Overall discipline. Emphasis was placed on positioning Overall as a transition sport for those moving on from Ultimate or Disc Golf, and he encouraged National Federations to explore introducing Overall disciplines to small local groups. Current challenges include low visibility and limited opportunities to play. The WFDF 2025 World Overall Flying Disc Championships will take place in August in Sweden, with over 100 registered participants. Logistical challenges around international registration and

travel remain. McLeod mentioned the ongoing collaboration with Craig Sheather and Paul Kenny to create side events and improve visibility through collaboration with Disc Golf and Freestyle communities. For the Committee, the main priorities are marketing and accessibility.

11. WFDF Anti-Doping Program and WADA Compliance - ITA cooperation

WFDF Secretary General Volker Bernardi presented the annual Medical and Anti-Doping Commission Report on behalf of Chair Jamie Nuwer and Anti-Doping Commission Officer Jörn Verleger. Bernardi noted changes in the Commission's composition and he upcoming efforts to diversify and recruit new members with broader language representation to meet growing global needs. The report highlighted increasing focus on transgender athlete participation, therapeutic use exemptions (TUEs), and the growing volume and complexity of medical governance. WFDF maintains prominent representation in the Medical Commission of the International World Games Association (IWGA).

WFDF has updated its anti-doping program due to increased global compliance obligations. Key developments that were mentioned include a cooperation agreement signed in 2023 with the International Testing Agency (ITA) for independent risk assessments and test distribution plans (a requirement for IOC and IWGA recognized federations), and finalizing compliance with the updated WADA Code. WFDF continues to fulfill key anti-doping activities, including in- and out-of-competition testing, education, training of administrators, and representation in international anti-doping events.

A key area of focus is anti-doping education. All athletes and athlete support personnel participating in WFDF-sanctioned events are required to complete WADA's ADEL certification program. For the World Games, this requirement is strict and national anti-doping certificates are not accepted. WFDF offers more flexibility for its own sanctioned events, assessing alternative certifications on a case-by-case basis, provided requests are submitted at least four weeks prior to the event. Bernardi emphasized the importance of national member federations' cooperation in anti-doping compliance and announced that WFDF will be conducting a survey by end of year to assess the status of national-level compliance across federations.

Rauch thanked Bernardi and the Medical Commission's long-standing efforts to balance compliance with minimizing problems for athletes. He invited national federations interested in developing their own anti-doping programs to contact Bernardi for guidance.

12. WFDF Membership Updates

Dillon Richardson, Director of Membership Services and Sport Development, reported on WFDF's development and membership initiatives since his appointment in 2024. WFDF now has 118 member federations, Richardson thanked the community for its support and noted his engagement with over half of the members so far to better understand their needs. Among planned actions are improved member support through governance compliance guidance, bylaw reviews, launch of member handbook in multiple languages, and member hub (a centralized digital platform with templates, calendars, and tools to ease administrative work and share best practices).

In the area of sport development, Richardson highlighted WFDF's recognition by TAFISA as the first International Federation to achieve Diamond Level certification for Sport for All—a major milestone driven by the work of national federations. He also mentioned the Girls Positive and Safe Coaching Course delivered with TAFISA and EU partners, reaching 186 participants in 19 countries. Other development initiatives include the launch of a Coaching Portal with partner Flik, disc donation and local development programs, the hosting of an INTERACT+ Sport for All Capacity-Building Course with EFDF, the launch of the Flying Disc Research Hub, and ongoing collaboration with Commissions and Committees to develop resources and implement activities. Richardson announced the forthcoming launch of WFDF Academy with online, in-person, and self-study courses to expand access to technical education, leadership training, and coaching development across WFDF's global community. WFDF aims to develop and support Members with adaptable toolkits to be implemented by the Members themselves. It was highlighted that in 2024 participants from 92 countries engaged with various development programs. Richardson encouraged Members to consult the Member Handbook and WFDF website for application details and further information on development support opportunities, and to reach out to connect for collaboration and support.

Daniel Rushton, representing South Africa, asked about using WFDF's Learning Management System (LMS) platform to make available their national coaching courses. Richardson welcomed the idea and confirmed its flexibility for localized content and certification. Rauch highlighted the system's low cost and scalability.

13. Review of 2025 Member Census

The WFDF Census Report showed a 14% increase in active players and a 50% rise in total players. The proportion of female players remained stable at around 34% of the total. Richardson highlighted ongoing governance and financial challenges, noting that many federations operate with limited revenues and staff. He encouraged best

practices in governance, including representation of all disc disciplines and regular publication of board minutes and financial statements. Other key focus areas included NOC and sport recognition. Richardson reported that 70% of members prioritized participation, 50% development, and 40% high performance, aligning with WFDF's strategic planning.

14. Marketing and Broadcast Report

Tim Rockwood, Managing Director Broadcasting and Marketing, provided a summary of WFDF's media coverage. He reported that WFDF's streaming of major events now meets Olympic-level standards, with no financial exposure thanks to our partnerships, notably with Ultiworld. Upcoming coverage of events will include multiple platforms, including Ultiworld, YouTube, Chinese media channels, and the Olympic Channel and ANOC.tv. Rockwood highlighted the growing licensing revenue and expanded reach. He praised production teams for editorial excellence.

15. IT Report

Rauch summarized key IT developments, including the integration of the rules accreditation system (now with 150,000+ users), support for G Suite migrations, and VPN setup for access in China. The IT Help Desk handled numerous requests, with 56% from external users, and a website review is underway led by Luke Tobiasiewicz together with other WFDF staff.

Tobiasiewicz mentioned the new Rules website launch with ongoing translation efforts, including Arabic and a soon-to-be-released Spanish rules test. The platform has reached over 200,000 users. WFDF is cleaning dormant accounts and integrating rules modules with external systems for events.

A video archive infrastructure is ready, and content collection from federations and partners is starting, emphasizing proper licensing. For the World Games in China, multiple VPNs and mirrored servers will ensure access.

A new data management initiative will centralize WFDF's digital assets, reduce device dependence, and improve institutional memory. This includes structured cloud storage and segmented email groups for committees. WFDF is also enhancing internal collaboration tools and streamlining communication with the broader disc community. Within the ongoing work, we are addressing GDPR compliance, onboarding/off-boarding processes, and maintaining an updated internal directory. Tobiasiewicz concluded his report by providing statistics on WFDF's digital user base.

16. 40th Anniversary Keynote Q&A Session with Dan “Stork” Roddick

Rauch led a Keynote Q&A Session with Dan “Stork” Roddick, one of the main figures in the history of disc sports. Roddick reflected on the early development of the sport, the creation of national and international structures, and the origins of the Spirit of the Game. He emphasized the value of both organized play and informal disc culture, calling for renewed efforts to engage youth and promote recreational participation.

17. Adjournment and Reception

President Rauch thanked the participants for joining in person and online and for their contributions. He declared the first part of the Congress meeting closed at 20:25 CEST and invited in-person participants for the Welcome Reception with light snacks and refreshments.

18. End of Day 1

Minutes of the 2025 WFDF Congress Meeting
WFDF 2025 Annual Congress - Part 2

19. Call to order

President Rauch opened the second day of the WFDF Congress meeting at 8:07 am CEST and welcomed all attendees, both in person and online. Rauch emphasized the planned schedule, starting with the roll call, leadership reports, and the voting session, followed by reports and a final discussion topic. He referenced the previous day’s session with Dan “Stork” Roddick, which was well-received, and reminded attendees of the scheduled reception at City Hall later at 13:00 for the opening of WU24 Championship.

20. Roll call of National Associations present and confirmation of votes allotted

See Annex 1 – list of participants.

Clarifications were made by WFDF Secretary General Volker Bernardi to remind everyone that only one representative per country can be designated as the formal voter, even if multiple delegates were present online or in person. Only member associations in good standing are eligible to vote.

A test vote was conducted to ensure participants were familiar with the voting procedure, which would be done electronically. Delegates were given the option to vote via QR code or a link.

21. Report by the President

President Rauch started his report with a quick update on the in-person Board and staff meeting held in Frankfurt, Germany in March, highlighting the productivity of these biennial gatherings. He outlined the governance structure of the WFDF Board, which comprises the Executive Committee (President, Vice President, Treasurer, Secretary), six discipline chairs, four continental representatives, four commission chairs, and two at-large members, including non-Executive Board Member Filomena Fortes. The WFDF staff structure was also detailed, showing that administrative functions fall under Secretary General Volker Bernardi while event operations are led by Managing Director of Events and Operations Karina Woldt. Although no gender quotas are currently in place, 44% of Board members and 50% of Executive Committee members are women. WFDF remains committed to transparency, with financial statements, meeting minutes, and policies publicly available and published on its website.

WFDF maintains strong relations with the International Olympic Committee (IOC), International Paralympic Committee (IPC), International World Games Association (IWGA), and other international bodies, aligning itself with initiatives in sustainability, human rights, and sport for all. Rauch noted participation in international federations' governance surveys and forums, including the upcoming IF Forum in Lausanne. WFDF ranked 3rd among 54 non-Olympic federations in the 2018 GAISF governance survey and aims to maintain and possibly improve this standing in the current ASOIF-led review.

Rauch outlined WFDF's major events for 2025, including World Overall, Wheelchair, Beach Ultimate, and ongoing Virtual World Team Disc Golf Championships. Two key multisport events, that will include Ultimate and Disc Golf disciplines, at the World Games in Chengdu, China and WFDF's first Olympic Movement Games appearance at the Southeast Asian Games in Bangkok. For 2026, 4 world events are planned: WFDF 2026 World Junior Ultimate Championships (WJUC), WFDF 2026 World Ultimate Club Championships (WUCC), WFDF 2026 World Masters Ultimate Championships (WMUCC), WFDF 2026 World Guts Club Championship (WGCC). The WFDF 2026 World Ultimate Club Championships (WUCC) will be held in Limerick, Ireland, where the WFDF Congress 2026 is scheduled for August 14 (Friday only) due to local programming and busy schedule.

Rauch listed renewed partnerships with Discraft, Greatest Bags, Friction Gloves, VC Ultimate, Ultiworld and X-Com Footwear. These partnerships entail financial and in-kind support. Rauch explained that these partnerships remain at the WFDF level as

many NFs have separate arrangements. The organization continues its search for non-endemic sponsorship support. Rauch described the WFDF's revenue model, that consists of event sanctioning and profit sharing (50%), sponsorship and donations (22%), membership dues (22% in 2026, vs 36% in 2013), and broadcast rights (6%, with fully-covered production costs).

Rauch emphasized the importance of the WFDF Academy and Research Hub with new certification programs and easy web access. These platforms aim to digitize and distribute coaching, certification, and educational content to members worldwide.

Rauch provided an overview of WFDF's Strategic Plan 2023-2028. He then backgrounds on the Bylaws revisions. He highlighted the two main changes to the Bylaws: the establishment of a Sport-for-All Commission and updated definitions of disc games/disc disciplines, and the creation of a separate Oceania Continental Association, in alignment with IOC-recognized continental structures (separating Oceania from Asia-Oceania). Voting materials had been circulated a month prior and members were encouraged to cast electronic votes within the next month.

WFDF continues its dialogue with the Brisbane 2032 Organizing Committee and the IOC. Plans are underway for a second visit to Brisbane and meetings in Lausanne following the transition in IOC leadership. Rauch confirmed WFDF's proposal to include Beach Ultimate under, acknowledging the challenge of athlete quota restrictions.

Alex Sebastian, representative from India, asked whether WFDF partnerships include national member benefits. Rauch replied that most partnerships are financial or in-kind only at the WFDF level.

Felix Nemec, representing Austria, inquired about remaining 2025 events. Rauch clarified all listed events, including those under Continental Associations, are confirmed as planned for 2025.

22. Report by the Secretary General

The addition of new member countries as are Azerbaijan, Comoros, Sierra Leone, Côte d'Ivoire, Cameroon, Maldives, Turkmenistan (at/since Congress 2024) and Cabo Verde, Cuba, Ethiopia and Vietnam (at Congress 2025) brings WFDF Membership to 118 NFs**.** WFDF Secretary General Volker Bernardi presented a comprehensive update on WFDF's global outreach, membership expansion, and efforts toward broader recognition within the Olympic movement.

WFDF's largest federations remain in the Americas, and recent efforts have focused on expansion in Asia and Africa. Bernardi reported attending the ONOC (Oceania National Olympic Committees) Assembly four weeks ago, identifying several new prospects for membership in the region beyond current members in Australia, Guam, and New Zealand. He emphasized the importance of onboarding new federations in Africa, where there are interested countries such as Senegal, Togo, Mozambique and Tunisia, and in the remaining countries in Europe in the Balkans and small states. The key obstacle remains finding reliable local leaders to handle application paperwork for membership application. Dillon Richardson, WFDF Director of Membership Services and Sport Development, continues to support this process. Bernardi mentioned past efforts in America, including contact with Guatemala, Jamaica, Puerto Rico, and Cuba. Prospects also include Myanmar, and other countries in Asia.

Bernardi provided an overview of memberships data. WFDF has seen a recovery in active player numbers since the COVID-19. He requested national federations to submit two key figures: paid membership figures used for dues calculation, and total player numbers, which reflect national development and are critical for WFDF's visibility and credibility with Olympic organizations. Female participation has remained steady at about 33-35% since 2001. Bernardi emphasized the goal to increase this to at least 40%, but acknowledged that WFDF's gender balance is far better than most other IFs.

WFDF has engaged with nearly all continental Olympic associations in the past year, including signing memorandum of understanding (MOUs) with ANOCA (Association of National Olympic Committees of Africa), and with ACOLOP (Association of the Portuguese Speaking Olympic Committees) earlier this year. WFDF also attended the Pan America Sports General Assembly in Paraguay in October 2024, the European Olympic Committee General Assembly in Germany in February 2025, and the ONOC Annual General Assembly in Guam in May 2025. WFDF attended the ANOC General Assembly in Cascais, Portugal, and subsequently signed an MOU with ANOC and ANOC TV. The agreement includes broadcasting selected WFDF events, starting with the current event in Logroño.

Bernardi reported on applications for inclusion in different multisport events, aiming to raise the visibility of Flying Disc. Ongoing efforts include inclusion of Flying Disc in African Beach Games, African Games, Pan American Games, Asian Beach Games, Asian Games, European Games, Pacific Games, Mediterranean Games, Mediterranean Beach Games, Southeast Asian Games, Central American and Caribbean Games.

Bernardi strongly urged National Federations to establish contact with their NOCs. Only 24 out of 114 member federations are currently NOC-recognized. WFDF aims to increase this number to 50 by next year and 75 the following year. Bernardi shared that NOCs often express surprise at not having been approached by local Flying Disc Federations. Only NOCs send teams to Olympic events, making these relationships essential.

WFDF continues to promote Flying Disc within the IWGA (International World Games Association). Bernardi confirmed the campaign is already underway to retain Disc Golf in the 2029 World Games in Karlsruhe, Germany. WFDF maintains representation on the IWGA Executive Committee (Volker Bernardi) and Athletes Committee (through Cat Phillips, proposed for re-election in 2025).

WFDF is pursuing more formalized governance structures for its continental associations, including bylaw updates. Based on feedback from OCA and ONOC, WFDF recommends splitting Asia and Oceania into two separate continental associations. This would not impact competition but would align better with Olympic political structures. WFDF continues to strengthen international partnerships and recognition, with ongoing efforts toward inclusion in more sport platforms and cooperation with Olympic bodies at all levels.

Bernardi concluded his report by encouraging member federations to nominate representatives for WFDF Commissions. He highlighted ongoing vacancies, especially in the Sustainability and Legacy Commission, and urged federations to propose qualified candidates.

23. Financial Reports and Approvals

a) Presentation of year end 2024

Kate Bergeron, WFDF Treasurer, provided an overview of the 2024 financials, noting that income exceeded expectations, with additional revenues allowing for increased spending on strategic initiatives such as marketing and event support. Notably, travel costs were higher due to the increased scale of event support and development efforts. Despite these expenditures, WFDF ended the year with a small net income rather than the projected loss. The organization continues to carry a significant cash balance, partly due to a new arrangement where WFDF collects and disburses funds for Local Organizing Committees.

b) Vote: Approval of 2024 Audited Financial Statements

Bergeron presented the independent Auditor's written report, prepared by McMillen & Company based in Colorado Springs. No irregularities or inefficiencies were found.

Congress voted on the question: “Do you approve the 2024 Audited Financial Statements?”

Votes in favour	Votes against	Abstentions	Majority vote needed

c) 2025 Update: Dues Collection, Chart of Accounts Update
Bergeron highlighted that the reporting format had changed slightly since 2022 due to LOC-related accounting updates. Income and expenditures were divided into three categories: development, events, and general administration/fundraising.

d) Interim May YTD 2025 report
Bergeron reported that actuals for 2025 are currently in line with the budget, both on income and expense sides. Income from dues, sponsorships, IOC grant payments, and event sanctioning fees is progressing as expected. Expenses are slightly under budget. The cash position remains healthy.

e) Vote: Approval of Dues Proposal
Rauch presented the proposal to increase membership dues and its background for the first time since 2017. The per-player fee would rise from USD $1,65 to USD $1,85. Additionally, the maximum dues cap would increase from USD $5,280 to USD $8,880 effectively raising the maximum member count to 4,800 and adjusting the number of votes accordingly (from 5 to 6 for the largest federations). The minimum dues, including Administrative level USD $25 and Base level USD $150 will not be changed. WFDF committed to not increasing dues again until at least 2029.

Congress then voted on the question: “Do you approve the Proposal of a Dues Increase?”

Votes in favor	Votes against	Abstentions	Majority vote needed

f) Vote: Approval of 2026 budget
Bergeron presented the 2026 budget. The proposed income for 2026 is approximately USD $600,000, factoring in the proposed dues increase. Income sources include dues, sponsorships, IOC grants, and event-related revenues. Expense categories include staff and contract labor (the largest component), event travel, anti-doping compliance, marketing, continental development, and general administration.

WFDF anticipates a projected loss of approximately USD $98,000 for 2026. Bergeron emphasized that the organization has sufficient reserves to cover the planned deficit, which aligns with strategic growth efforts. The budget reflects WFDF's ambition to continue advancing its global profile and Olympic objectives.

During the Q&A, Daniel Rushton, representing South Africa, asked about a USD $55,000 travel expense item. Bergeron clarified that this amount, listed under 2025, covered costs for a Face-to-Face Board meeting held earlier in March in Germany.

Si Hill, representing Great Britain, initiated discussion on the five-year financial projections, seeking clarification on the loss figures presented. Bergeron clarified that projected expenses were calculated at maximum expected levels, while revenues were kept conservative—based only on secure sources. Usually, actual expenses tend to come in 10–20% lower, and revenues slightly higher than projected. However, future budgets may require revisions if sponsorship revenues do not increase, including possible cuts in travel and administrative costs. Rauch emphasized that the current financial situation provides flexibility, mentioning the federation's resilience during the COVID-19 period.

Calvin Cheng, representing Hong Kong, China, asked about the disparity between projected and actual event management income, suggesting it might indicate potential for more reliable future income. Woldt responded that the budget includes standard sanctioning fees, while profit-sharing with local organizers depends on excess revenue from local contributions, sponsorships, or ticket sales. These profit shares are intentionally excluded from baseline projections due to their unpredictability.

g) Vote: Approval of 2025 Auditor

Bergeron proposed reappointing the auditing firm McMillen & Company, which has been WFDF's auditor for seven years. She proposed approval of this firm for the 2025 audit as well.

Congress then voted on the question: "Do you approve the appointment of McMillen & Company as 2025 Auditor?"

Votes in favor	Votes against	Absentions	Majority vote needed
101	0	1	52

Bergeron noticed a comment in the chat from India representative on supporting sport development in lower-income countries. Bergeron acknowledged the topic as important and referred the matter to Gisel and Woldt for further discussion outside the meeting.

24. Approval of new Members (CPV, ETH, CUB, VIE)

The WFDF Secretary General Volker Bernardi introduced four new National Federation membership applications—Cape Verde, Ethiopia, Cuba, and Vietnam. These were vetted by the Volker, Dillon, Board and Congress and deemed compliant with all criteria. The applications reflect commitment to good governance, non-discrimination, and representation across all flying disc disciplines. There were no objections to voting on all four applications simultaneously.

Congress then voted on the question: “Do you approve the new Members of Cape Verde, Cuba, Ethiopia and Vietnam?”

Votes in favor	Votes against	Abstentions	Majority vote needed
109	0	0	56

WFDF now counts 118 National Members and 122 members in total.

25. Replacement of MAR NF: revoke old member, approve new member

Bernardi presented the case for revoking the membership of the current Moroccan Federation due to persistent non-compliance and lack of responsiveness. Despite repeated attempts to engage, the incumbent federation – Morocco Flying Disc Association did not attend the Congress or provide meaningful communication. A new federation – Moroccan Flying Disc Federation (MFDF) has applied to be the recognized WFDF member and has committed to inclusive governance across Morocco’s flying disc community. Rauch added that separate city-based groups failing to coordinate contributed to the breakdown, while the new applicant shows readiness to unify the sport nationally.

Ronny Ochoro, AAFDF President, raised concerns about similar patterns in Africa, cautioning against cycles where new groups replace inactive ones. He recommended strengthening national structures through alignment with National Olympic Committees. Bernardi commented on the challenges in Morocco, where some disc communities are active but do not communicate or coordinate, resulting in tensions.

He stated that these situations are being monitored, with complaints received about conditions and code compliance.

Congress then voted on the question: “Do you approve of the Revocation of Membership of the current member in Morocco?”

26. Proposal for a Sport for All Commission

Rauch explained the purpose of the proposal for a Sport for All Commission, which aims to: (1) Support recreationally focused and inclusive initiatives that broaden participation in Disc Sports; and (2) provide a structure and development of flying disc games/disciplines beyond those recognized as full Disc Sports within WFDF. Rauch announced that Dan “Stork” Roddick would serve as the inaugural Chair of the Commission. Additional members include Rob McLeod, representing Overall and other field disciplines, Conrad Damon, representing the DDC community, and Calvin Cheng, representing Dodge Disc (as proposed from Hong Kong). The Commission formation aligned with a timely proposal from Hong Kong, China, to designate Dodge Disc as an official WFDF Discipline. The Sport for All Commission will continue to review and propose additional disciplines and recreational disc activities to Congress for future inclusion.

Congress then voted on the question: “Do you approve the proposal of the designation of the following Disc Disciplines: Dodgebee, Double Disc Court (DDC), Goaltimate, Discflect, Discathon, Accuracy, Distance, Self-Caught Flight (SCF)?”

Votes in favor	Votes against	Absentions	Majority vote needed
97	0	5	50

27. Annual Risk Assessment

Rauch presented the annual WFDF risk assessment, a long-standing practice that encourages federations to review key risk areas including:

1. Sustaining or improving the quality and consistency in the delivery of all our events
2. Ensuring safety and safety for participants, coaches, officials, spectators and volunteers
3. WFDF's ability to recruit/attract sufficient volunteers
4. Maintaining and increasing membership and participation
5. Sustaining and improving financial viability
6. Protecting or improving public image and reputation with stakeholders, regulators, potential sponsors, and media
7. Maintaining Spirit of the Game (SOTG) as an essential component of flying disc sports
8. Applying good corporate governance principles including compliance with regulatory and integrity requirements

Congress then voted on the question: "Do you approve the Annual Risk Assessment?"

Votes in favor	Votes against	Absentions	Majority vote needed
98	0	01	50

28. Bylaws Revision

Rauch outlined proposed bylaw changes, previously referenced in the Congress Briefing Book. Key revisions included:

- Revision to definitions of Disc Games and Disc Disciplines;
- Change of Bylaw amendment notice period to ensure consistency with Annual Congress practices;
- Revision of the name of the "Sport for Active Society and Development Commission" to "Sport Development Commission," which will better reflect the work of the commission;
- Establishment of the "Sport for All Commission" to oversee Disc Games and Disc Disciplines and other "sport for all" activities;
- Establishment of a separate Continental Association for Oceania, independent of Asia;
- Clarification of Voting Members in good standing's ability to submit motions;
- Various edits to ensure consistency (months converted to days, additions of missing numbers);
- Various edits to modernize Bylaws (removal of email group, publication of list).

The vote on bylaw revisions is being conducted electronically for the period of two months, outside of Congress proceedings.

Nicole Footer, representative from Australia, raised concerns about the Oceania Continental Association proposal due to limited membership, challenges in forming an effective governance structure, risks of exclusion from continental championships and related impacts on world rankings and qualification, uncertainty about future inclusion in Pacific Games, where Australia and New Zealand often require invitation. These countries are already successfully participating in Asia-Oceania championships. It has been requested the guarantee for continued competition participation across regions and highlighted the potential negative consequences of isolation. Concerns over voting on bylaw changes without resolution of the mentioned issues was raised.

Rauch responded explaining that governance and competition structures were to be separated and joint Asian-Oceanic competitions would continue. Alignment with the Olympic model and the stated objective of the Brisbane 2032 OCOG for regional development motivated the change.

Rauch acknowledged the concerns and promised to present written confirmation of the maintenance of the Asian-Oceanic competition in the coming week as the vote closes in one month.

The question of whether federations are required to support new Sport for All disciplines was raised. Rauch clarified that these disciplines are acknowledged in the bylaws but not mandated, and their support is not obligatory. Federations are only required to recognize their existence and ensure the representation of all Disc Sports by 2026.

Aren Siekmeier, representing Republic of Korea, inquired whether new discipline committees would be created. Rauch replied that there would be no new standalone committees beyond the Sport for All Commission, and no new discipline-specific commissions were planned.

29. WFDF 2025 Disc Community Survey

Dillon Richardson, Director of Membership Services and Sport Development, gave a short overview of the 2025 Disc Community Survey conducted in February and March. Respondent numbers were limited but provided useful insights. Richardson mentioned that received data may support national or continental associations in grant or sponsorship applications. The main priority has been identified that is a Youth Development. Richardson encouraged members to review the data and reach out with any questions.

30. Event Report

Karina Woldt, Managing Director Events and Operations, presented the Events Report. She began by stating that 2024 was a successful year with fewer events than 2025 but with notable progress and growth. Despite some staff turnover that initially slowed operations, the Events team is now operating at full capacity and looking strong heading into 2025 events calendar. Woldt emphasized the increasing demands on the Events team due to growing expectations and logistical complexity, particularly with 12 events scheduled in 2025. Woldt explained Events team efforts to meet expectations while keeping player fees as low as possible. Sponsorships by Local Organizing Committees (LOCs) in recent years have helped a lot. Woldt noted ongoing challenges in predicting participation due to the event location, travel costs, and visa issues, and she encouraged NFs to share reasons when not sending teams to help WFDF improve inclusivity and planning. WFDF aims to release bulletins around 12 months prior to each event to support travel planning but acknowledged the difficulty in balancing all needs. The Events team remains committed to improving promotion and recognition for all disc disciplines.

Woldt highlighted WFDF's commitment to digital communication. While traditional emails and spreadsheets remain for official documentation, WFDF is increasingly shifting toward digital and social platforms for sharing updates and media content. Woldt urged federations to engage with these tools.

WFDF had received 82 expressions of interest to host events in 2027 and 2028, including 30 from new potential host countries. This reflects global enthusiasm for hosting WFDF events, and the Events team is reviewing the EOIs based on facility/venue standards, LOC experience, visa/travel restrictions, all-in costs, and regional development goals. Formal bids from short-listed candidates are expected around mid-August.

Woldt formally introduced the expanded Events Team, including Event Manager Ernest Toney, Communications & Social Media Manager Yenny Pardo, and Content Creator Pablo Naya.

Alex Sebastian, representing India, asked about the plans to have Asian Beach event in 2026. Woldt replied that no Asian Beach event was scheduled for 2026 and acknowledged that the Asian cycle has seen some changes and is shaped in consultation with each Disc Sport Committee. The calendar for 2026 includes the following events:

- WFDF 2026 World Ultimate Club Championships in Limerick, Ireland

- WFDF 2026 World Masters Ultimate Club Championships in Nottingham, Great Britain
- WFDF 2026 World Junior Ultimate Championships in Logroño, Spain
- WFDF 2026 World Team Disc Golf Championship in Vilnius, Lithuania

Congress will be held in Limerick, Ireland in 2026 on all day Friday prior to the event.

A need to balance event scheduling with federation capacities and a long-term view to 2032 was mentioned. Alternating between beach and grass Ultimate was recommended, especially in smaller communities like Africa.

Daniel Rushton, representing South Africa, asked about bulletins for 2026 events. Woldt confirmed that bulletins are nearly finalized and will be published soon, and no cancelations are expected.

31. Disc Sport Committee Report – Ultimate

Brian Gisel, chair of the Ultimate Committee, delivered the report, providing an overview of key updates and developments. He acknowledged the work of Karina Woldt in summarizing events and thanked attending committee members Shiellah Quintos and Si Hill who are both actively involved in subcommittees under the Ultimate Committee.

The most notable change in rules this year was the reduction in the number of timeouts per game, aiming to speed up play and allow more game time.

Gisel highlighted the continued expansion of the Game Advisor (GA) program, led by Rueben Berg. WFDF has reached a critical mass of trained GAs worldwide, but with limited opportunities to participate in WFDF events, the focus is now shifting toward supporting national-level GA programs. This includes enabling countries to develop local GA experience at domestic and regional events before stepping into world championship roles.

Gisel announced a significant change regarding world ranking: starting with the conclusion of the 2025 World Beach Ultimate Championships, WFDF will split the world rankings into two distinct categories—Grass and Beach. This aims to improve clarity and transparency and to make ranking data more accessible.

The Ultimate Events Subcommittee, chaired by Quintos, has begun reviewing and ranking bids for 2027 and 2028 events. Meanwhile, the Championships Subcommittee

under Hill's leadership is focusing on event scheduling and bid management. Recent work had included reviewing bids for WUCC and WMUCC in 2026.

Gisel also noted preparations for the upcoming World Games in Chengdu, China, in August 2025. All teams are registered, and logistical planning is underway. He emphasized the significant effort involved in organizing an event with only 20 ultimate games and several disc golf rounds, noting that despite its scale, coordinating a World Games event demands considerable resources due to the high visibility and collaboration with multisport organizations. He underscored the value of being involved in multisport events for sport promotion and global visibility.

32. Disc Sport Committee Report - Disc Golf

Craig Sheather, chair of the Disc Golf Committee, started the report echoing Gisel's remarks about the tremendous effort required to prepare for the World Games, particularly given the logistical challenge of organizing an international Disc Golf competition in Chengdu—a city without an established Disc Golf history or infrastructure. The venue is being built from scratch, and Sheather thanked all involved for their work over the past four months. Sixteen countries, including host nation China, are confirmed to participate. The player roster includes top-level international athletes, making it a high-quality competition despite its modest scale.

Sheather acknowledged that Disc Golf activities had been delayed due to the event's demands, but work will resume on planning the World Team Disc Golf Championships 2026, regional and continental championships, and additional new WFDF Disc Golf events in partnership with the PDGA.

A leadership transition has been announced: Charlie Mead, after eight years of service, has stepped down along with several long-standing Committee members. A new Disc Golf Committee is currently being formed, with the aim of being fully operational by September 2025.

33. Continental Association Report - Africa – AAFDF

Ronny Ochoro, President of the All Africa Flying Disc Federation (AAFDF), reported significant institutional progress, including finalized bylaws pending formal adoption. AAFDF also began collaborating with the Federation of Africa University Sports (Africa – FISU). A Memorandum of Understanding is in development to integrate flying disc sports into university competitions across Africa, led by Uganda, South Africa, and Kenya.

Among priorities for 2025 are:

- Establishing national teams to gain NOC recognition and government support. Federations are encouraged to appoint head coaches and social media managers.
- Strengthening digital outreach, with AAFDF amplifying national federation visibility.
- Finalize its governance framework.
- Hosting the WFDF 2025 All Africa Ultimate Championships (AAUC) in Kampala, in collaboration with WFDF.
- Strengthen regional cooperation.

Additional efforts include boosting female participation through leagues and inclusive training. The TAFISA program engaged 83 women from 13 countries. Uganda launched its first women's championship and a national league involving schools and universities. Kenya's new Women's League Association now includes over seven clubs. Emerging federations in Cameroon, Congo, Rwanda, and Malawi are growing despite resource constraints. AAFDF is working with local leaders to develop supportive solutions. However, there remain challenges such as high travel costs, limited financial and technical resources. Ochoro urged African stakeholders to actively engage with WFDF development opportunities.

34. Continental Association Report - Asia/Oceania – AOFDF

Jose Maria Bautista, President of the Asia Oceania Flying Disc Federation (AOFDF), started the report with providing the number of members, that includes 32 countries. On January 27, 2025, the AOFDF held an online Congress attended by 22 countries. A survey conducted during the Congress revealed recurring challenges, including limited venues and resources for governance, the need for improved governance structures and coaching certification programs, and visa difficulties and financial constraints limiting participation in WFDF events

Proposed solutions include more regionally targeted, cost-effective events aligned with WFDF's calendar, a new coaching certification program, with support from Japan and Australia, and promotion of Dodge Disc as a development tool for youth engagement. The Dodge Disc initiative is being led by Calvin Cheng. It is already played in China, Japan, Chinese Taipei, and Thailand and is being expanded across the region.

Bautista mentioned major upcoming events:

- World Games in Chengdu, China (5-17 August 2025)

- WFDF 2025 Asia Oceanic Ultimate Championships & World Guts Club Championships in Kamisu, Japan (3–7 September 2025)
- Southeast Asian (SEA) Games (7–19 December 2025), featuring Ultimate and Disc Golf with confirmed participation from Thailand, Singapore, Philippines, Brunei, Malaysia, and Indonesia.

AOFDF is developing six regional subcommittees and expanding work in Spirit of the Game, Disc Golf, Ultimate, and Beach Ultimate. Elections for new leadership will be held in December 2025.

Nicole Footer, representative from Australia, raised a question regarding the participation of Oceania countries in AOFDF events and the implications of pending WFDF bylaw changes. Bautista confirmed that there will be no issues with participation, which Rauch acknowledged and confirmed.

35. Continental Association Report - Europe – EFDF

Nicolas Chauveau, European Flying Disc Federation (EFDF) Board member presented the report on behalf of the EFDF President Haude Hermand. He started with mentioning of the addition of two new members, Azerbaijan and Monaco, which means that EFDF has now 34 members. A mediation process remains ongoing between EFDF and the Israeli Flying Disc Association.

Among key European events are:

- European Disc-Golf Championship in Norway (26-29 June 2025)
- European Masters Disc Golf Championship in Germany (27-30 August 2025)
- European Youth Ultimate Championships in Slovakia (3-9 August 2025)
- European Masters Ultimate Club Championships in Sweden (16-20 July 2025)
- European Ultimate Championships Finals in Belgium (27-29 September 2025)

36. Spirit of the Game Committee Report

Wolfgang Maehr, Spirit of the Game Committee (SOTG) Chair, reported ongoing challenges in maintaining engagement by Committee members since 2022. Efforts to restructure the Commission include:

- Transitioning to a guiding and ratifying role for projects
- Increasing membership (currently 7)
- Launching a WhatsApp community for Spirit Captains and stakeholders
- Promoting global exchange of knowledge and experience

The Commission aims to improve collaboration with Continental Spirit Commissions to form a more unified global spirit community.

In 2024, Spirit Directors were appointed for three major WFDF events, with more planned for upcoming events 2025 including:

- 2025 WFDF World Under-24 Ultimate Championships
- The World Games 2025
- 2025 WFDF World Guts Club Championships
- 2025 WFDF Asia Oceanic Ultimate Championships
- 2025 WFDF All Africa Ultimate Championships
- 2025 WFDF World Beach Ultimate Championships
- 2025 WFDF Pan American Ultimate Championships

The Commission continues to work closely with the WFDF Events team to ensure strong Spirit of the Game presence and quality experience at all major tournaments.

37. Gender, Equality, Diversity and Inclusion Commission

Rauch presented the Gender, Equality, Diversity and Inclusion Commission report prepared by Esther Omuseni, its Chair. Among main highlights the successful Girls Safe and Positive Coaching Pathway Implementation, delivered in collaboration with TAFISA. This initiative has involved several sessions throughout June and more scheduled for July, with a follow-up post-survey planned for October.

GEDI Commission's report outlines several action items aligned with the WFDF Strategic Plan, such as:

- Promote development and adoption of an Athlete Safeguarding Policy by member associations
- Create a Diversity, Equity and Inclusion Committee (D.E.I.) with a broad focus across race, color, religion, ability, national origin, gender, and sexual orientation
- Plan more gender equality workshops
- Establish metrics and goals for inclusion and diversity

Rauch noted that despite challenges in reconstituting the Commission, important work is continuing, and the group is making progress.

38. Athletes' Commission Report

Caroline Tisson, Chair of the Athletes' Commission, started the report with emphasizing that a new and fully operational Commission of 13 members was elected in 2024. The new composition of Commission achieved gender balance and cross-disciplinary representation, including athletes from multiple flying disc disciplines and a mix of continental backgrounds.

While athlete representation at the international level remains a challenge due to the wide and decentralized nature of the community, the Commission is encouraging national federations to establish their own athlete commissions. For the remainder of the term through 2026, the Commission's focus will be on two pillars:

1. Visibility – ensuring athletes are aware of the Commission and its role
2. Accessibility, including financial, gender-based, and visa-related access barriers.

Tisson encouraged all national federations to initiate conversations with their athletes to raise awareness of the Commission's work and facilitate two-way communication.

Tisson continued with reporting on the recent International IOC Athletes' Forum attendance in Lausanne, organized by the IOC Athletes' Commission. Tisson shared that the WFDF Athletes' Commission aligns well with the Olympic movement's values, though flying disc athletes are typically not professional and face different challenges compared to those in larger sports. She noted the sport's global reach and strong identity and expressed optimism about gaining greater recognition.

Caroline also reflected on meeting the new IOC President Kirsty Coventry, describing her as an inspiring leader: a former Olympian, the first African and the first woman to hold the role. Caroline highlighted the symbolic importance of this appointment for issues the Athletes' Commission values, such as accessibility and inclusion. She appreciated the President's athlete-centered approach and was hopeful for greater openness to new sports in the Olympic context.

39. Discussion Topic: Olympic Movement priorities in Africa/Oceania and with ANOC

WFDF President Nob Rauch provided an update on strategic efforts to strengthen closer relationships with National Olympic Committees (NOCs), especially in developing regions such as Latin America, Southeast Asia, Africa, and Oceania. He encouraged WFDF member federations to actively engage with their respective NOCs, noting their interest in supporting new, youth-oriented, gender-equal, and

accessible sports. Rauch highlighted the positive impact of WFDF's presence and participation in the 27th ANOC (Association of National Olympic Committees) General Assembly, which attracted significant interest due to both promotional materials and the inclusive nature of the sport.

WFDF has identified Africa and Oceania as key strategic regions. Africa is prioritized for development potential, while Oceania is essential due to Brisbane hosting the 2032 Olympic Games. Rauch referenced the signed Memorandum of Understanding (MoU) with ANOCA (Association of National Olympic Committees of Africa), which is included in the Congress materials and noted high levels of engagement from sports ministers and NOC representatives, particularly in Africa.

WFDF Secretary General Volker Bernardi reinforced the long-term nature of Olympic inclusion efforts by referencing the example of the World Surfing Federation, which campaigned for 50 years before being included in the Olympic Games. He emphasized that WFDF is still relatively early in its journey, celebrating its 40th anniversary in 2025, with major achievements in the past 15 years, including expanding from 52 to 118 member federations, obtaining IOC and IPC recognition, and building a professional staff.

Bernardi underlined the potential impact of Olympic inclusion, as it would trigger automatic recognition of WFDF member federations by their respective NOCs, in line with Olympic Charter Rule 24. He confirmed that potential participation in Continental Olympic Games such as the African Games or Pan American Games is already delivering significant benefits and visibility. WFDF's strategy aims for Olympic inclusion in Brisbane 2032, acknowledging that competition is intense with over 30 other IFs also seeking inclusion.

Despite these challenges, Bernardi expressed optimism, stressing that WFDF meets the key requirements, youthful, gender-equal, accessible sport, and that even if full Olympic inclusion is not achieved in Brisbane, the engagement process will continue. WFDF will continue working to serve the sport's growth and visibility globally.

40. Any Other Business

There was no other business raised.

41. Adjournment of Congress

Rauch thanked everyone for their active participation during the Congress and invited attendees to a welcome reception with the mayor of Logroño at 13:00.

Rauch declared the meeting closed at 12:05 pm CEST and thanked all participants, on-site and online, for their engagement and contributions, reinforcing WFDF's commitment to serving its members and advancing the sport globally.

In memoriam

Volker Bernardi

- WFDF Secretary General Volker Bernardi passed away in August 2025 at the age of 56 after a sudden, short illness.
- Volker joined WFDF in 2011 as its first full-time Executive Director and served in this role with dedication and integrity for almost 15 years.
- During this period, he was instrumental in guiding the federation through a period of significant growth and professionalization.
- His leadership helped shape WFDF's governance structures, anti-doping programs, and global development efforts, while strengthening WFDF's relationships with the broader international sports community.
- Under Volker's leadership, WFDF was recognized by the IOC and increased its national membership from 52 to 118 countries.

Shiellah Quintos

- Shiellah Quintos passed away at age 59 following a serious illness.
- Shiellah served as the WFDF Beach Ultimate Chair since 2023 and as Ultimate Events Sub-Committee Chair and Ultimate Committee member since 2017. Shiellah worked as a WFDF Game Advisor/Trainer starting from WUCC 2014 and for BULA as Volunteer Coordinator at various events since 2015. Shiellah was a valued member of the global flying disc community and served WFDF with dedication, warmth, and commitment.
- She was the Executive Director of the Canadian Ultimate Players Association (2004–2006) and the Executive Director of the Association de Ultimate de Montréal (2002–2008).
- Through her leadership in Beach Ultimate, she contributed to the continued growth, visibility, and organization of the discipline.

WFDF Overview

World Flying Disc Federation

- The World Flying Disc Federation ("WFDF") is the international sports federation responsible for world governance of flying disc (frisbee) sports, including Ultimate, Beach Ultimate, Disc Golf, Freestyle, Guts, and Individual Events.
- Formed in 1985, WFDF is a federation of 127 national associations, which represent flying disc sports and their athletes in more than 131 countries.
- WFDF is an International Federation recognized by the International Olympic Committee (IOC), the International Paralympic Committee (IPC), and the International University Sports Federation (FISU).
- It is a member of the International World Games Association (IWGA), the Association of IOC Recognised International Sports Federations (ARISF), the World Masters (IMGA), the Association for the International Sport for All (TAFISA), and the International Sport for All Federation (FISpT).
- WFDF is a signatory to the World Anti-Doping Code and is a registered not-for-profit 501(c)(3) corporation in the state of Colorado, USA.

WFDF Governance and Administration

WFDF's Strategic Plan

WFDF's Seven Strategic Goals, per the Strategic Plan in development for 2023-2028

1. Support member associations in promoting youth development as path to growth
2. Pursue inclusion in the Olympic Programme and Other Multi-Sports Games
3. Showcase Spirit of the Game as an essential element of disc sports
4. Ensure the well-being of our athletes and our sport and encourage gender equality and diversity in all aspects
5. Build the audience by increasing the visibility of disc sports competitions supported by proper branding and support of sponsors and other partners
6. Promote the "frisbee lifestyle"
7. Optimize organizational resilience and effectiveness

Mission Statement

To support and promote the inclusive growth and development of all flying disc sports and spirit of the game.

Proposed Changes to WFDF Bylaws

- The WFDF Board is proposing a series of largely technical revisions to the Bylaws:
- The primary changes are the addition of Director of Events to the Executive Committee and Board of Directors and the adjustment of the Vice-President appointment to a two (2) year term.
- The technical changes can be summarized as follows:
    - Revision to approval of events and calendar to the Board of Directors to reflect practice;
    - Revision to Member National Federation requirements, including Provisional to reflect best practices;
    - Clarification on terminology with Disc Disciplines, Games and Sports to reflect intention throughout;
    - Clarification on role of Medical and Anti-Doping Commission to reflect intention;
    - Added Committee and Commission requirement related to Terms of Reference;
    - Adjustment of the definition of sustainability to reflect the United Nations' Sustainable Development Goals.
    - Revision of formatting for consistency

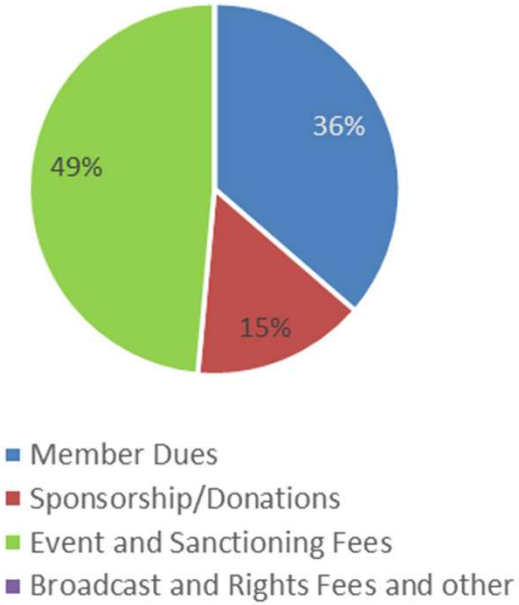
WFDF Budget

WFDF 2013 Revenue Actuals =US$ 165,533



Our financial resources have increased markedly over the last dozen years, but are still small.

IOC contribution is only 5% of total revenue, and is earmarked for anti-doping and development.

Focus for 2027-28 is to develop non-endemic sponsors and broadcast rights.

WFDF 2026 Revenue Budget = US$ 693,784

Flying Disc and Brisbane 2032

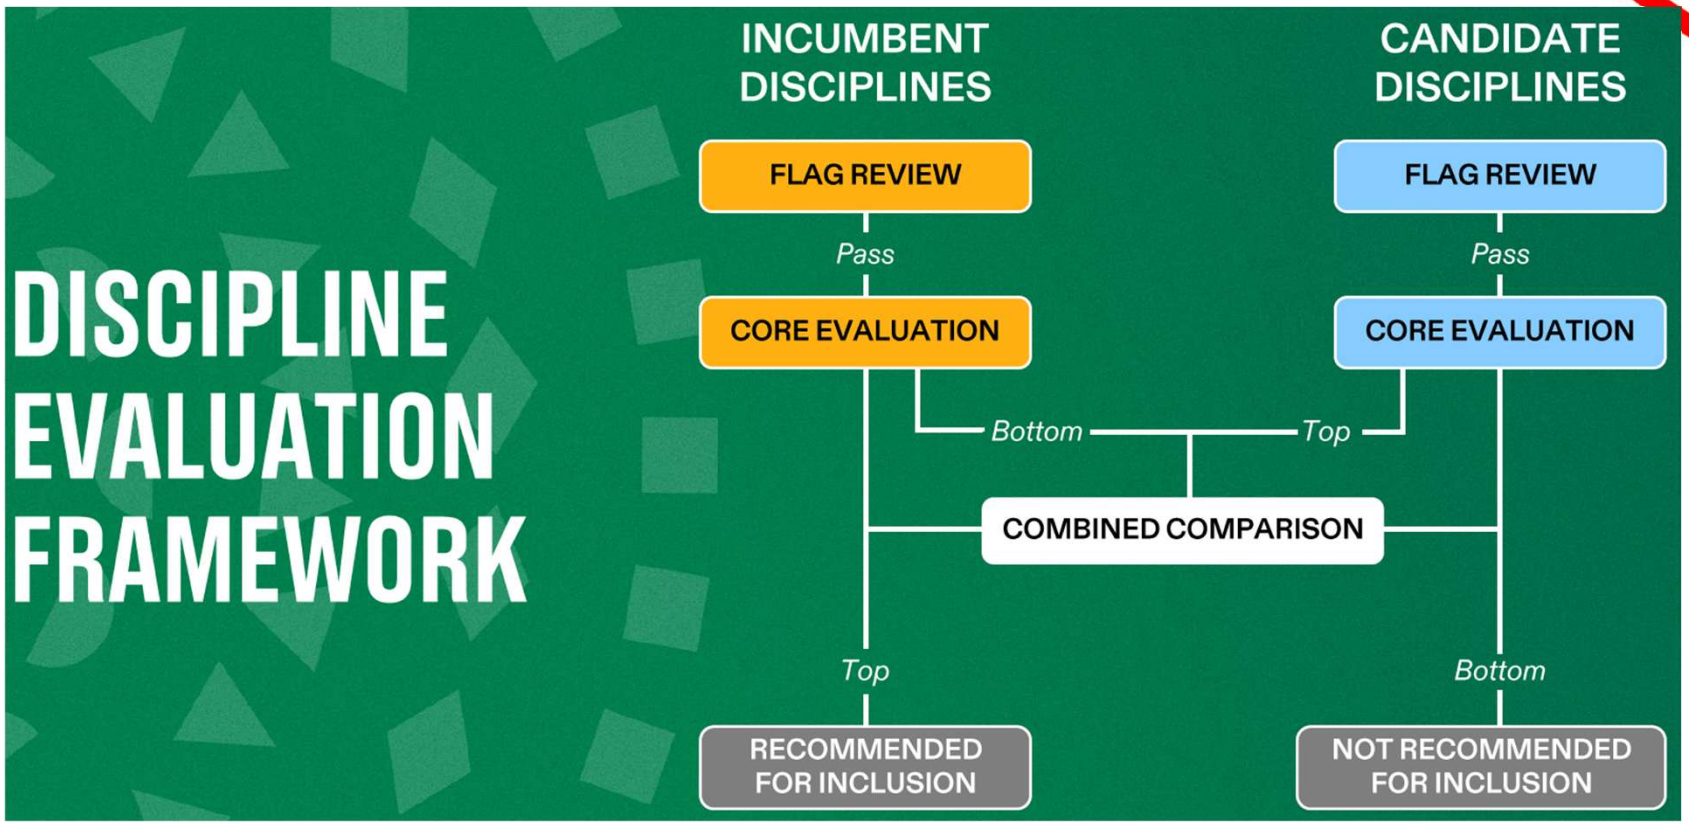
WFDF had proposed a youth-oriented, mixed-gender version Beach Ultimate

- Ultimate 4's match format for Olympic competition and quota purposes.
- WFDF proposed mixed gender Ultimate 4's as the event, which can be played in existing venues, matching fully the shared venue criterion on the beach.
- New format accommodates limited athletes' quota (36-48, 6 or 8 countries) and more concise match time (45 minutes, to fit within one hour time slots with commercial time). The strength of WFDF lies in its youth orientation, low quota, mixed gender balance, and shared venue.
- Online meetings with Brisbane 2032 OCOG in 4Q2025 and detailed proposal submitted.
- Although the initial timeline stated that a short list of host city sports would be determined by January 2026 and the final program determined by mid-year, the process was temporarily suspended subject to the conclusion of the Fit for the Future review initiated by the new IOC President Coventry.
- A new process has been introduced and Brisbane decisions are expected before year end.

Olympic Program Process: Fit for the Future

Move to (1) discipline/event focus from “sports” and (2) incremental approach comparing disciplines

a) List of “sports” removed from Olympic charter
b) Evaluation of bottom incumbents from previous program vs. top prospects from candidate disciplines



Olympic Program Process: Fit for the Future

DISCIPLINE DEFINITION

An Olympic discipline is **one or more events** within a sport that require either a **dedicated field of play** or a **significant modification of a shared field of play** with another Olympic discipline, generally involving a separate group of athletes.

OCOG PROGRAMME PROPOSAL FRAMEWORK

OPPORTUNITY

The OCOG will have the opportunity to propose locally meaningful additions as either:

- Additional disciplines from existing sports
- Disciplines from non-Olympic sports

CONSTRAINT

- Maximum of 4 disciplines for the Summer Games and 2 for the Winter Games may be proposed
- OCOG must maintain the emphasis on reducing cost and complexity
- OCOG will cover all costs associated with hosting the proposed disciplines

ACCOMPANYING MEASURES FOR SPORTS

SUPPORT AFTER REMOVAL

- Reduced level of financial support for the following Games cycle only
- NOCs can access Olympic Solidarity programmes for that sport or discipline for the following Games cycle only

REINSTATEMENT OPPORTUNITY

- Removed disciplines will be eligible to seek programme reinstatement in the following cycle via the candidate discipline pathway

NOC Recognition

NFs of WFDF are requested to work on NOC recognition with the support of WFDF on the following next steps:

1. WFDF wants to work with NFs to get recognition of their NOCs; WFDF can help NF navigate the NOC field;
2. Necessary steps every NF should be taking includes initiating this NOC recognition by putting together a presentation on the NF and flying disc activities in the country;
3. Contact NOC by sending a letter with a supporting letter from WFDF to find out what the requirements for recognition are **(Don't be shy to contact them !)**;
4. Arrange an introductory meeting with the NOC at their Headquarters;
5. Invite NOC to national championships and/or other events and activities;
6. Coordination with WFDF Director of NOC Relations Marco Tomasini and WFDF Director of Membership services and Sport Development Dillon Richardson who can assist with the process.

Benefits of NOC recognition:

1. Access to NOC funding, other resources (e.g. fields, insurance), development programs
2. A pathway to Olympic and other multisport Games participation
3. Formal legitimacy and national governing-body status
4. Greater visibility, partnerships, and access to promotion through schools
5. Representation and influence within national sport governance

NOC Recognitions

NOC recognition of NFs stands at 25 out of 127 member NFs:

There are now 25 member national federations of WFDF which are recognized by their National Olympic Committees (NOCs):

Afghanistan
Belgium
Cabo Verde
Chinese Taipei
Colombia
Croatia
Czech Republic
Finland
France
Germany

Hong Kong, China
Italy
Japan
Jordan
Luxembourg
Netherlands
Norway
Poland
Saudi Arabia
Singapore

Slovakia
Sweden
Switzerland
USA

and the latest…Indonesia!

REPORT

Secretary General's Report on 2026 Activities

Submitted by: Jonathan Rigby - WFDF Secretary General

Purpose and Scope

I joined WFDF as Secretary General on 1 February 2026, making this my first report to Congress after five months in the role.

This report is intentionally different from the detailed departmental, commission and committee reports that accompany it. Those reports describe the excellent work being delivered across the federation. My purpose is to reflect on what I have learned during my first months, outline how I see the next phase of WFDF's development, and explain the role I hope to play in supporting delivery of the WFDF Strategic Plan.

WFDF already has a clear and enduring mission:

To support and promote the inclusive growth and development of all Flying Disc sports and Spirit of the Game.

That mission remains our purpose and our guide.

As our sport continues to grow and diversify, so too does our responsibility to ensure that Spirit of the Game remains relevant and meaningful across all of our disciplines. During my first months I have enjoyed working with the Spirit of the Game Commission as it continues to evolve this defining characteristic of Flying Disc while respecting the different cultures and traditions that exist across our sport.

As I have listened to colleagues, Member Federations, athletes and partners over recent months, however, I have increasingly found myself asking a simple question:

How do we bring that mission to life for more people?

For me, that challenge can be captured in a simple ambition:

Making the Joy of Flying Disc Impossible to Ignore

This does not replace our mission. Rather, it expresses how I believe we can help deliver it.

If more people discover the joy of Flying Disc, more young people will play, more volunteers will become involved, stronger Member Federations will emerge, more partners will see value in our sport, and our collective ambitions—including continued progress within the Olympic Movement—become increasingly achievable.

Ultimately, my ambition is to help build a federation that is not only well governed, but increasingly visible, relevant and commercially sustainable. The foundations established over recent years have given Flying Disc growing international credibility. The opportunity now is to convert that credibility into greater impact—for our Member Federations, our athletes, our partners and the millions of people who have yet to discover the joy of our sport.

Key Activities, Actions and Achievements

Three themes have shaped both my work and my thinking about the next phase of WFDF's development.

Strong foundations create new opportunities

One of the first things that struck me was how much has already been achieved. Through the leadership of President Robert Rauch and the Board, my predecessor Volker Bernardi, the Executive Committee, staff and volunteers, WFDF has strengthened its governance, expanded its membership, deepened its relationships across the Olympic Movement and established itself as a respected International Federation.

My role is not to reinvent those foundations, but to build upon them. That has meant spending my first months listening, understanding how the organisation operates, supporting staff through one of the busiest periods in our calendar, strengthening organisational coordination and beginning to identify where future investment can create the greatest long-term value.

The organisation is stronger than many people realise

Another strong impression has been the breadth and quality of work taking place across the federation.

Whether in broadcasting, events, membership services, education, communications, governance, administration or the early stages of commercial development, there is significant progress being made across many areas of the organisation. The accompanying reports demonstrate this far better than I could in a summary.

My conclusion is that our challenge is not a lack of good work or good ideas. It is ensuring those activities become increasingly connected.

Our events and off the field impact should reinforce our storytelling. Our storytelling should strengthen our brand. Our commercial partnerships should support participation and development. Our education programmes should strengthen Member Federations. Our governance should build confidence. When these elements work together, their collective impact becomes far greater than the sum of their individual parts.

Growth is entering a new phase

Reaching 127 Member National Federations is a remarkable milestone and reflects many years of dedication across our global community.

Looking ahead, I believe our next challenge is not simply to continue increasing membership, but to help existing Member Federations become stronger, more capable and more sustainable organisations.

This thinking is already beginning to influence our work through Member Federation segmentation, targeted support, expanded education programmes and the development of more practical governance and operational resources. Stronger Member Federations create stronger participation, stronger competitions and ultimately a stronger International Federation.

Key Metrics and Results

Highlights from the past year include:

- Growth to **127 Member National Federations**.
- Delivery and preparation of **five WFDF World Championship events** across three disciplines during 2026.
- Continued expansion of the **WFDF Academy**, educational resources and Member Federation support programmes.
- Continued growth in broadcast reach and commercial revenues.
- Recruitment of WFDF's first dedicated **Commercial Marketing Manager**.
- Strengthened collaboration with the **Professional Disc Golf Association (PDGA)** through the jointly delivered 2026 World Team Disc Golf Championships.
- The initiation of a **Disciplines Review** to assess progress across our various sports.

Further detail is provided within the accompanying departmental reports.

Planned Activities and Actions

These are not new strategic priorities for WFDF. Rather, they are the themes through which I hope to help deliver our existing Strategic Plan as Secretary General.

Building an even stronger federation

My first year is about laying foundations—continuing to strengthen governance, organisational capability, systems and ways of working that will support the federation's long-term ambitions. Meaningful organisational change takes time and should be built on trust, collaboration and consistency.

One sport. Many disciplines.

One of WFDF's greatest strengths is the diversity of Flying Disc. While each discipline has its own identity and community, together they form one global sport, united by our shared commitment to Spirit of the Game. The federation-wide Disciplines Review will help us better understand the opportunities and challenges facing each discipline and ensure future decisions are informed by evidence and collaboration. Our growing partnership with the PDGA, demonstrated through the jointly delivered 2026 World Team Disc Golf Championships, is an excellent example of what can be achieved through collaboration.

A connected competition and events ecosystem

Our World Championships should represent the pinnacle of a connected competition pathway that begins at local clubs, progresses through national and continental championships and culminates on the world stage. This creates aspiration for athletes, clearer development pathways for Member Federations and stronger stories for fans to follow.

We should work together across National, Continental and World Championships and tournaments to position our competition structure as a connected portfolio that balances participation, organisational capacity, financial sustainability and visibility throughout the calendar.

Flying Disc will remain a participation-led sport, but participation and spectatorship are complementary ambitions. Working with Local Organising Committees to attract larger audiences—both in person and online—will strengthen our commercial attractiveness and help showcase our sport to the world.

Growing the next generation

Youth development remains fundamental to the future of Flying Disc.

With limited resources, our challenge is not simply to do more, but to be more focused. We need to define where WFDF can have the greatest impact by identifying priority age groups, creating clear participation pathways and developing practical programmes that Member Federations can adapt within their own communities.

One observation from my first months is that many excellent participation, education and development programmes already exist across our Member Federations. Our opportunity is not necessarily to create more programmes, but to become much better at connecting them.

I believe WFDF should increasingly identify, recognise and build upon successful initiatives developed by our more established Member Federations, adapting and sharing them so they can be adopted by developing and emerging federations. By creating a more coordinated global development

framework—supported by shared resources, education and practical tools—we can avoid duplication, make better use of our collective expertise and accelerate the growth of Flying Disc worldwide.

Ultimately, success will come not from trying to do everything ourselves, but from **helping our Member Federations learn from one another**, sharing what works and giving every federation the opportunity to build upon the experience of the wider Flying Disc community.

Visibility creates opportunity

WFDF continues to strengthen its standing within the Olympic Movement and the wider international sporting community. Our ambition to one day see Flying Disc included in the Olympic Games remains unchanged, alongside continuing to strengthen our contribution to The World Games and other multi-sport events.

Increasingly, however, our challenge is not governance—it is visibility. Greater audience reach, stronger storytelling and increased commercial attractiveness will strengthen our Olympic aspirations while also helping attract partners, hosts, governments and new participants around the world.

Making the joy of Flying Disc impossible to ignore is therefore much more than a communications ambition. It is central to our long-term strategic future.

Sustainable growth

Long-term success depends upon sustainable investment. Commercial partnerships, broadcasting, technology, innovation and education all have a role to play in creating the resources needed to support Member Federations, strengthen events, grow participation and continue developing Flying Disc around the world.

WFDF benefits from strong and valued relationships with our **endemic partners**, whose long-term commitment has helped shape and grow our sport. Those partnerships will remain fundamental to our future. At the same time, the commercial opportunities available within a relatively simple and accessible sport are naturally different from those found in more equipment-intensive sports. To achieve sustainable growth, we must broaden our approach.

This means creating opportunities for **non-endemic brands** to engage with Flying Disc through purpose-led partnerships, youth participation, education, sustainability, health and inclusion initiatives that align with both our values and theirs. By doing so, we can offer mainstream brands access to a distinctive global community while creating new sources of investment for the sport.

We should also continue seeking partnerships that bring **technology and innovation** into Flying Disc. Our partnership with **Disc Sense** at the 2026 World Masters Ultimate Club Championships is an encouraging example of how emerging technologies can support athlete and team performance while also creating richer data, new storytelling opportunities and a more engaging experience for

fans and broadcasters. These types of partnerships have the potential to enhance the way our sport is played, understood and experienced.

Ultimately, commercial success is not an end in itself. It is a means of investing back into our Member Federations, our events, our athletes and the continued growth of Flying Disc worldwide.

A phased approach

I also believe it is important to be realistic about the pace of change.

- **Year One:** Listen, understand, strengthen foundations and build relationships.
- **Year Two:** Build organisational capability, connect activities, modernise systems and invest for long-term growth.
- **Year Three and Beyond:** Scale visibility, participation, commercial sustainability and global impact.

Strong organisations are rarely transformed overnight. They evolve through consistent investment in people, capability and shared purpose.

The Next Chapter

Five months is a short time in the life of an International Federation, but long enough to recognise both the strength of what has already been built and the opportunities that lie ahead.

WFDF has spent many years earning its place within international sport. The opportunity before us now is to ensure Flying Disc earns the attention, investment and participation that its athletes, volunteers and Member Federations deserve—while continuing to demonstrate that high-performance sport and Spirit of the Game are not competing ideals, but complementary strengths.

That, to me, is the next chapter.

2026 ANNUAL CENSUS REPORT

Version 1.0

Introduction

The World Flying Disc Federation (WFDF) has conducted a Census annually with its Members since at least 2002.

The Census highlights the ongoing growth and success of Flying Disc Sports, its Disciplines and associated organizations through the great efforts of each Member.

The following Report provides the self-reported information and data for the calendar year of 2025 from WFDF's Members regarding:

- Organizational Governance and Health
- Education and Development
- Recognitions and Relationships
- Media and Marketing
- Anti-Doping
- Flying Disc Disciplines

It is trusted through the value of the Spirit of the Game that all data is reported honestly and correctly.

Notes and Version History

Version	Date	Notes
1.0	2026-06-22	Initial document creation.

A. All data is self-reported.
B. All graphs include data from National Members only.
C. All monetary values are listed in US dollars ($USD).
D. Various acronyms are used, including:
    - "FMP" for Female Matching Participant
    - "MMP" for Male Matching Participant
    - "NCH" for National Championships
    - "No." for Number
E. Values are listed with a comma as the thousands separator.
F. In cases where a Member did not file their Census, their name was included in red and only 'Active Athletes' are projected based on historical filings.
G. In cases where a Member is suspended, their name is included in red and only 'Active Athletes' are projected based on historical filings.
H. In cases where a Member is Not in Good Standing (i.e., Open Dues), their name is included in red.

Overview of Active Players

While the number of Active Players reported by WFDF National Members has returned to nearly that of the pre-COVID-19 pandemic, the compound average growth rate has regressed to -0.2% from 2024 to 2025; the number of Total Players and its compound average growth rate have decreased to -1.7% (compared to +14.4% from 2023 to 2024). This may be attributed to changes in data collection, such as National Members' individual recognition of "Players".

Within this Report, changes in data collection methodology impacted reporting, highlighting a difference between "Active Players" and "Total Reported Players":

- **Active Players:** Any individual who has, in the past year, taken part in any flying disc competition or event organized or overseen by your organization (Total Number of Players) or any individual who has, in the past year, paid a subscription fee to your organization or to a club which is directly affiliated to your organization through some form of membership (Active Players).
- **Total Reported Players:** Sum all Players reported in Discipline-specific data (i.e., not necessarily paying a subscription fee to the organization or associated club).

Compound Average Growth Rate

The compound annual growth rate is the mean annual growth rate over a period longer than one (1) year.

Considering Active Players, the rates are as follows:

+7.6% from 2001 to 2025

+8.2% from 2020 to 2025

-0.2% from 2024 to 2025

Biggest Successes

The following trends emerged from analyzing Members input on the biggest successes experienced:

- **Governance, Official Recognition and Administration:** For many developing and established Members, their biggest successes were foundational and administrative, ensuring the long-term sustainability of the sport.
- **Grassroots Development, Schools and Inclusivity:** Many Members highlighted rapid domestic growth, youth development, and demographic inclusion as their core success.
- **High Performance and Historic Competitive Milestones:** For more established programs (and a few rapidly rising ones), successes were measured in medals, national team creation, and international appearances.
- **Hosting Major Events and National Championships:** Successfully pulling off large-scale events was a major source of pride, acting as a catalyst for community building.
- **Public Visibility, Media and Securing Infrastructure:** A crucial theme for developing programs was breaking out of obscurity to gain public attention and secure the physical space needed to play.

Biggest Challenges

The following trends emerged from analyzing Members input on the biggest challenges faced:

- **Volunteer Burnout and Organizational Capacity:** A recurring challenge for many Members is finding people willing to handle the administrative workload.
- **Demographic Shifts and Youth Pipeline Issues:** Several Members are struggling to transition from their pioneering generation of players to a sustainable youth pipeline.
- **Financial Constraints and Paid Staffing:** Funding remains a universal barrier, whether for basic operations, equipment, or professionalizing the sport.
- **Facilities, Infrastructure and Government Bureaucracy:** Finding space to play and dealing with local governments is a major friction point.
- **Scaling Complexity and Rising Costs (Mature Members):** Members with highly developed infrastructures face a different set of "growing pains" as they scale.

Events Report

Submitted by:

- Karina Woldt - Managing Director Events and Operations

In consultation with Event Team Staff (Andrew Portwine & Dinko Šimenc - Event Managers)

Purpose and Scope

To update the WFDF Congress on all events hosted in 2025 and 2026 and to provide a snapshot for the upcoming 12 months and event bids.

Key Activities, Actions and Achievements

WFDF Events Team continues to deliver high quality successful events. While there was team turnover of staff in 2025, both incoming event managers (on-board in October 2025) have grasped the concept of event delivery and have contributed to the success of our past years events.

Significant efforts have been made to improve the workflow and distribution of tasks between the team. A Helpdesk was set up to move the massive amount of direct team emails from an individual email (Karina) to enable an accurate and real time log of incoming tickets which can be worked on and responded to by all the ET. Education still needs to flow through to NF's and teams to ensure they switch over to the events@wfdf.sport email for all general event and finance matters.

In addition to the WFDF Sanctioned events listed below - WFDF showcased Flying Disc (Ultimate and Disc Golf) in Chengdu at the IWGA World Games. The manpower and effort required to represent the IF with the LOC and IWGA is far greater (in ratio) however the event has an enormous impact on the sport globally. Results from the overall outcome of the event (scaled by LOC and IWGA had Flying Disc listed as a top 4 sport).

Broadcasting Report

Submitted by: Tim Rockwood - Managing Director Broadcasting

Purpose and Scope

To update WFDF Congress on progress with broadcast coverage and distribution of WFDF World Championship events in 2025 (two ultimate tournaments) and plans for 2026 (three ultimate tournaments and one disc golf tournament).

Key Activities, Actions and Achievements

Since last year, we fully adopted and implemented our "players play and viewers pay" model, which guarantees zero cost exposure for WFDF and allows for licensing revenues.

- Currently in year two of four-year exclusive production partnership with Ultiworld.com; coverage packages, in addition to USD$24.99 "Event Packs" for each tournament, include one "free" game per day on Ultiworld YouTube Channel; with Finals available on WFDF YouTube Channel within a week.
- Continuing history (since 2019) of Mandarin livestreams with Chinese partner inside PRC
- WFDF maintains copyright ownership, editorial control, commentator selection
- Strategic partnerships with Olympic Channel online and ANOC.tv allow for 3-day-delayed carriage of Finals (and Semifinals) of World Championship ultimate events

Key Metrics and Results

Broadcast coverage of 2025 ultimate tournaments generated first-ever net profits: **USD$26,929**

- $21,929 from Ultiworld partnership; $5,000 from Chinese rights
- Approximately $15,082 from WU24 and $6,786 from WBUC via Ultiworld
- The $5,000 from China was from WU24

Planned Activities and Actions

- Projecting 15% net revenue increase for 2026, which includes coverage packages of a Tier One event (WUCC in Limerick, IRL); a Tier Two event (WJUC in Logroño, Spain), and a Tier Three event (WMUC in Nottingham, UK)
- Looking to expand multi-language coverage, possibly in Spanish and Japanese
- Signed contract for 2026 WFDF World Team Disc Golf Championships with Finnish production company, Pulsea, and direct investment partnership with PDGA (Professional Disc Golf Association) led by WFDF Disc Golf Chair Craig Sheather

Commercial and Marketing Report

Submitted by: Patrick Alexander - Commercial Marketing Manager

Purpose and Scope

The purpose of the Commercial and Marketing function is to strengthen WFDF's commercial capability, generate new partnership revenue and develop sustainable relationships with brands that can support the growth, visibility and development of Flying Disc worldwide.

Since the appointment of the Commercial Marketing Manager in April 2026, the initial focus has been on establishing the foundations required for long-term commercial growth. This has included developing a structured sponsorship pipeline, identifying prospective partners, improving outreach processes, creating tailored partnership propositions and generating commercial opportunities around WFDF's 2026 international events.

The work supports WFDF's strategic objectives by seeking to diversify revenue, increase the profile of WFDF and its disciplines, improve the commercial value of WFDF events and create partnerships that can deliver wider benefits to Member Federations, athletes and the global Flying Disc community.

Key Activities, Actions and Achievements

Establishing WFDF's commercial infrastructure

A structured commercial prospecting and outreach process has been established during the initial development phase. More than 250 prospective partner organisations have been identified across relevant sectors, including sports technology, performance, nutrition, travel and outdoor lifestyle.

This work has created a centralised and scalable sponsorship pipeline that can support both immediate event opportunities and the development of longer-term global partnerships.

First new commercial agreement

WFDF secured a $1,000 partnership agreement with Disc Sense for the 2026 World Masters Ultimate Club Championships in Nottingham. In addition to the immediate financial contribution, the partnership provides an opportunity to explore how emerging disc technology and performance data could enhance athlete insight, event content and future broadcast presentation.

This agreement represents an important first commercial outcome from the new outreach programme and demonstrates the potential to engage innovative organisations that see Flying Disc as an emerging area for product development and activation.

Brand engagement and partnership discussions

Initial discussions have been generated with several national and international brands. These have included:

- Shokz, with a partnership proposal considered across its regional teams in the United States, United Kingdom and China.
- FORZA and Net World Sports, regarding sports equipment support and a potential longer-term Development Disc initiative.
- Pelotan, Sporttape and other performance and active-lifestyle organisations regarding financial, value-in-kind and promotional support.
- A range of nutrition and wellness brands that have engaged with WFDF's proposition, although some are currently prioritising investment in more established sports categories.

While commercial conversion remains at an early stage, the conversations have helped increase awareness of WFDF among prospective partners and provided valuable feedback about the positioning, packaging and commercial potential of Flying Disc.

Local event outreach campaigns

A large-scale local business campaign was delivered in support of the World Masters Ultimate Club Championships in Nottingham.

Although conversion into commercial meetings was below the initial ambition, the campaign provided important insights for future host-city outreach. These learnings have been applied to the subsequent campaign supporting the World Ultimate Club Championships in Limerick. The Limerick campaign has achieved positive early traction, generating eight meeting requests from local businesses during its initial phase.

Development Disc opportunity

WFDF has begun exploring the creation of a Development Disc partnership to support the international growth of Flying Disc. The objective is to identify a partner capable of supplying affordable, good-quality discs with effective global distribution. This could enable WFDF and its Member Federations to place more discs into the hands of new participants, particularly in emerging and developing markets where equipment cost and availability can restrict participation.

The initiative has the potential to combine commercial partnership, equipment provision and development impact, while supporting WFDF's wider ambition to make Flying Disc more accessible around the world.

Development of the WFDF commercial proposition

Partnership materials and propositions have been developed around WFDF's international reach, community values, young and digitally engaged audience, multi-discipline structure and the relatively uncluttered nature of the Flying Disc commercial environment.

A broader "Summer of Flying Disc" proposition has also been developed to connect WFDF's major 2026 championships and offer brands an opportunity to engage across multiple events, countries and disciplines rather than through an individual tournament alone.

Report: Commercial and Marketing

This approach is intended to create more valuable and flexible partnership opportunities while presenting WFDF as a year-round global sporting platform.

Key Metrics and Results

Since the Commercial Marketing Manager's appointment:

- More than 250 prospective partner organisations identified.
- More than 100 organisations contacted through targeted brand outreach.
- Eight initial responses generated through the general brand campaign.
- Two meetings secured during the initial reporting period.
- One completed sponsorship agreement, valued at $1,000.
- 900+ local businesses contacted through the Nottingham event campaign.
- Eight expressions of interest generated through the Nottingham campaign.
- 13 meeting requests generated during the early stages of the Limerick campaign.
- A structured commercial prospect database, outreach process and suite of partnership materials established.

The commercial programme remains at an early stage, but WFDF now has a stronger foundation from which to develop repeatable outreach, improve conversion and build a sustainable portfolio of commercial partners.

Planned Activities and Actions

Over the next 12 months, WFDF's commercial activity will focus on three areas.

- First, we will generate short-term revenue through the 2026 Summer of Flying Disc events, converting current interest into event partnerships, local sponsorship and value-in-kind support. These events will also provide case studies to strengthen future sales.
- Second, we will build relationships with brands in categories naturally aligned with Flying Disc, including nutrition, hydration, sunglasses, sports technology, recovery, apparel and equipment. The aim is to develop partnerships that provide revenue, products, expertise and practical value to athletes and Member Federations. This will include progressing a potential Development Disc partnership to improve access to affordable equipment in emerging markets.
- Third, we will initiate longer-term conversations with major global brands in sectors such as financial services, airlines, technology and FMCG. These discussions will focus on WFDF's international reach and the opportunity to support the global growth of the sport through multi-year partnerships.

Office Management Report

Submitted by: Oleksandra Boliak - Administrator and Office Manager

Purpose and Scope

The Administrator and Office Management function supports the effective day-to-day operation of WFDF by strengthening organisational systems, governance support, internal coordination and administrative processes.

Since transitioning into this role in November 2025, the focus has been on enhancing internal operations, strengthening governance support, improving knowledge and records management, modernising administrative resources, and contributing to the implementation of the new WFDF brand and website.

This work primarily supports Strategic Priority 7 – Optimise Organisational Effectiveness and Efficiency – by improving internal processes, knowledge management, and operational continuity. It also contributes to Strategic Priority 5, raising awareness and promotion of Flying Disc Sports through the redevelopment of the WFDF website, brand implementation and communication support.

Key Activities, Actions and Achievements

Governance & Organisational Support

- Supported the planning, coordination and administration of Executive Committee meetings, Board meetings and Annual Congress preparations.
- Improved meeting documentation, templates and administrative workflows to increase consistency and efficiency.
- Supported governance administration across departments and coordinated follow-up actions where required.

Organisational Knowledge Management

Following the transition of the Secretary General role, significant work focused on preserving organisational knowledge and ensuring work continuity. Key activities included:

- Secured the transfer of organisational data and documentation.
- Reviewed, restructured and archived historical files.
- Reviewed, organised and archived historical Anti-Doping and Therapeutic Use Exemption (TUE) documentation, creating a more structured and accessible filing system for future administration.

Human Resources & Staff Support

Provided administrative support for internal HR processes, including:

- Supporting the onboarding and administrative transition of the new Secretary General.
- Assisting throughout the recruitment process for the new Commercial Marketing Manager.

Website Content Management & Redevelopment

Completed a comprehensive review and update of WFDF governance content on the existing website,

followed by ongoing support for the redevelopment of the new WFDF website in collaboration with the IT team. Key activities included:

- Conducted a full review of Commission and Committee pages on the existing website, including collecting, verifying and updating biographies, committee memberships, contact details and governance information.
- Supported the publication and maintenance of official news articles, organisational updates and governance-related content.
- Contributed to the planning and content review of the new WFDF website, helping improve content structure, consistency and overall user experience.

Brand Refresh Implementation

Following the launch of the new WFDF visual identity, work has begun on implementing the updated brand across administrative and organisational materials. Achievements include:

- Completed Phase 1 of the administrative brand implementation.
- Developed and introduced the WFDF Brand Guidelines.
- Updated templates, reports, presentations and internal administrative documents.
- Developed new branded resources for staff and governance activities.

Future implementation phases will extend the updated branding to member federation resources, educational materials, events and additional organisational documents. This represents the first comprehensive refresh of many WFDF administrative resources in almost a decade and establishes a more consistent and professional visual identity across the Federation.

Administrative Process Improvement

Key improvements included:

- Standardised administrative templates and documentation.
- Improved Congress administration processes.
- Supported the optimisation of Executive Committee and Board meeting workflows.
- Developed more structured internal filing systems.

Planned Activities and Actions

- Complete the launch of the new WFDF website and establish a process for ongoing content management.
- Complete Phases 2 and 3 of the WFDF Brand Implementation across Events, administrative, educational and Member Federation resources.
- Finalise and implement the Staff & Volunteer Onboarding Guide and supporting resources.
- Complete the reorganisation of organisational archives, shared drives and document management systems.
- Continue standardising governance templates, reports and meeting documentation.
- Support the Executive Committee, Board and Congress through effective administrative coordination.
- Continue publishing and maintaining organisational content and webposts on WFDF website.
- Support recruitment, onboarding and organisational transition processes as required.
- Provide administrative support for cross-functional projects and organisational priorities.

Communications and Social Media Report

Submitted by: Pablo Naya - Communications and Social Media Manager

Purpose and Scope

The Communications and Social Media function supports the implementation of the WFDF Strategic Plan by increasing the visibility of Flying Disc sports, strengthening organisational communications, and connecting Member Federations, athletes, partners and the wider Flying Disc community through coordinated digital storytelling.

During the reporting period, the focus has been on creating a more structured communications approach, expanding year-round storytelling beyond major events, increasing the use of video-first content and, importantly, establishing meaningful performance benchmarks that will allow future communications to be measured more effectively.

Key Activities, Actions and Achievements

More connected communications approach

One of the main objectives this year has been to make communications something that supports the whole Federation, not only our events.

A structured editorial calendar has helped improve planning and coordination across departments. It is not perfect yet. Before, during and after major championships, the amount of live coverage makes it difficult to keep up/updating the planned schedule, but it has already helped us create a more balanced mix of content throughout the year.

Measure strategy

One of the biggest steps forward this year has been building a reliable performance baseline. For the first time, WFDF now has a full year's worth of communications data covering June 2025 to June 2026. This gives us a clear benchmark for comparing future performance.

We also analysed the January to May 2026 period separately to understand how our channels perform outside major events. The 2026 events also provide the first complete benchmark under WFDF's refreshed brand identity, giving us a solid foundation to build on in the coming years.

Major Events During the Reporting Period

Month	Major Event
June 2025	World Under-24 Ultimate Championships (Spain)
August 2025	World Overall Flying Disc Championships (Sweden) • The World Games (China)
September 2025	Asia Oceanic Ultimate & Guts Championships (Japan)
November 2025	World Beach Ultimate Championships (Portugal)
December 2025	Pan American Ultimate Championships (Dominican Republic) • SEA Games (Thailand)
June 2026	World Masters Ultimate Club Championships (United Kingdom)

During the reporting period, Facebook and Instagram generated: 24.7 million content views, 3.3 million accounts reached, 515,000 content interactions, 255,000 profile visits and 15,600 new followers

Additional Digital Platforms

LinkedIn and TikTok continued to grow alongside our core platforms, with a minimum publishing schedule of two posts per week.

Platform	Reporting Period	Key Results
TikTok	30 Jun 2025 – 30 Jun 2026	61,620 video views, 54,735 accounts reached, 885 profile views
LinkedIn	8 Jul 2025 – 7 Jul 2026	43,358 impressions, 1,178 reactions, 72 comments, 35 reposts.

On LinkedIn, we have been trying to move away from a purely corporate style towards something more human and community-driven. TikTok continues to help us reach younger audiences through short-form video, and increasing activity on both platforms will be a priority over the next year.

YouTube remains our home for livestreams, match archives and long-form video content.

Metric	Result
Views	895,264
Watch Time	91,000 hours
New Subscribers	2,900

A large proportion of this year's views came during the SEA Games, highlighting the value of Flying Disc's presence at major multi-sport events. Livestreaming National Federation competitions—such as the New Zealand and Australian National Championships—has also helped keep the channel active throughout the year. Continuing to support these events will help maintain audience engagement between World Championships while strengthening collaboration with Member Federations.

Using the additional data from TikTok, LinkedIn and YouTube, the updated totals would be:

Understanding Our Audience

Instagram remains WFDF's strongest social media platform and provides valuable insight into our audience. The current audience is predominantly aged 18–34 (66.7%), led by the 25–34 age group (35.0%), with men representing 61.6% and women 38.4%. The United States (20.0%), Canada (11.4%), the United Kingdom (7.2%) and Colombia (6.8%) are currently the largest audiences. This profile provides a useful benchmark for assessing how different events engage existing and new audiences across the Flying Disc community.

Planned Activities and Actions

- Continue improving the editorial calendar and posting schedule throughout the year.
- Build on the annual and non-event benchmarks to measure future performance.
- Expand video-first and community-focused storytelling across all platforms.
- Increase activity on LinkedIn and TikTok while maintaining regular publication on RedNote.
- Support the launch of the new WFDF website and strengthen collaboration with Member Federations, Local Organising Committees and partners.
- Connect with NF-dedicated COMMs and SM teams, strengthening relationships and reach.
- Improve the storage and accessibility of media resources from events.

National Olympic Committee Relations Report

Submitted by: Marco Tomasini - Director of NOC Relations

Purpose and Scope

The National Olympic Committee Relations function supports WFDF's strategic objective of strengthening relationships with National Olympic Committees, Continental Associations, International Sports Organisations and the wider Olympic Movement.

During the reporting period, the role has progressively expanded beyond NOC relations towards broader International Relations, supporting WFDF's recognition strategy, institutional partnerships and representation across the international sports ecosystem. As a volunteer, I continue to support WFDF by developing opportunities that strengthen the Federation's international presence and long-term strategic positioning.

Key Activities, Actions and Achievements

- Continued developing relationships with National Olympic Committees, Continental Associations and international sports organisations to support WFDF's recognition and long-term integration within the Olympic Movement.
- Advanced strategic discussions with regional sports organisations across Africa, Asia, Oceania, Pan America to expand institutional cooperation and future recognition opportunities.
- Supported WFDF's international representation through engagement with key multisport organisations and international governing bodies.
- Represented WFDF at the ARISF General Assembly 2025, where the WFDF President was elected to the ARISF Board, strengthening WFDF's position within the IOC-recognised sports community.
- Represented WFDF at the IWGA General Assembly, supporting the Federation's ongoing engagement within The World Games movement.
- Continued promoting opportunities for Flying Disc within regional multisport events while strengthening collaboration with Olympic stakeholders and partner organisations.

Planned Activities and Actions

- Continue the transition from Director of NOC Relations to Director of International Relations, broadening the scope of international partnerships and institutional engagement.
- Further strengthen relationships with National Olympic Committees, Continental Associations and international sports organisations.
- Coordinating closely with the Director of Membership and Development to support NFs in gaining NOC recognition.
- Continue supporting recognition initiatives and institutional partnerships that align with WFDF's Strategic Plan.
- Increase WFDF's visibility and representation across the Olympic and international sports movement.
- Identify new opportunities for collaboration that contribute to the long-term growth and recognition of Flying Disc worldwide.

Membership and Development Report

Submitted by: Dillon Richardson - Director of Membership Services and Sport Development

Purpose and Scope

Within WFDF, Membership Services is defined as "supporting MNFs operating more effectively at the national level and growing participation"; Sport Development is defined as "improving the capacity, expertise and performance of stakeholders in the sport."

Through consultation, the Annual Member Census and Strategic Plan, a Membership and Development Plan was created that addressed the various priorities, wants and needs.

With the majority of MNFs prioritizing efforts on increasing grassroots and youth participation/development, the support WFDF provides needs to be practical and based on the MNF's context and reality, creating value and benefits for MNFs beyond international competitions and being looked at as a trusted, efficient and supportive IF.

Key Activities, Actions and Achievements

Membership

- Onboarded 18 new MNFs with WFDF Membership, reaching a total of 127.
- Transitioned 4 Provisional MNFs to "Full" MNFs.
- Launched MNF Handbook with 4 minor updates.
- Launched and facilitated "Developing National Federations" Community of Practice with 10+ participating MNFs.
- Administered Annual Census with 93% response rate.
- Supported 1,400 disc donations to 41 MNFs (value of $21,000).
- Supported 11 development grants to MNFs (value of $7,500).
- Met with 65+ MNFs regarding their organization, community and needs.
- Established and actioned clearer timelines and processes addressing pain points (e.g., Annual Census, Annual Congress, monthly anti-doping and development updates, etc.).
- Finalized MNF Award and Recognition Program.
- Conceptualized system to group MNFs based on level to target services.
- Engaged as a Member or Signatory of various sports movement organizations (i.e., International Council of Sport Science and Physical Education, The Association for International Sport for All, Joint Pledge on Sport for Inclusion and Protection of Refugees, Brighton plus Helsinki Declaration and Sport for Nature).

Development

- Launched WFDF Academy with 8+ million views and 60,000+ registered users in 115+ countries.
    - Created 50+ self-study microlearning courses.
    - Launched Flying Disc Research Hub featuring 120+ articles.
    - Launched Diversity, Equity and Inclusion Hub featuring 90+ resources.
- Delivered Girls Positive and Safe Sport Course to 415 participants from 65 MNFs.

- Launched "UltiM4TES" through collaboration with MNF NZL as a grassroots program and resource.
- Actively created and engaged with organizational relationships through 10+ collaborations (i.e., PickUpUltimate.com, UNICEF, University of Minnesota's Tucker Center for Research on Girls and Women in Sport, ICOACHKIDS, Ultiworld, UNAOC, Pulsea Disc Golf Academy, sportanddev, Special Olympics International, World Youth Clubs, World Rugby, etc.).

Planned Activities and Actions

Membership: In 2026, the target number of MNFs outlined in the Strategic Plan (125) was reached, a shift of focus on improving the capacity and effectiveness of MNFs, with a particular focus on Developing and Emerging MNFs:

- Participation programs and pathways (community and schools)
- MNF capability basics (administration, governance and recognition)
- Targeted support for priority MNFs (versus all)

Within Membership Services, in 2026, we aim to:

- Launch and pilot self-study MNF Administrator Course.
- Create governance and operations templates for adoption by MNFs.
- Launch MNF Hub and onboard the majority of MNFs.
- Advance Disc Representation Plan with a majority compliance.
- Administer Development and Disc Support Programs.
- Develop the Ultimate Participation Curriculum and pilot to MNFs.
- Develop Disc Golf Participation Curriculum and pilot to MNFs.
- Formalize the structure of CAs.

Development: In 2026, the foundation and culture of education within the sport is established, create formalized learning pathways for stakeholders to improve the capacity within the sport and expertise in stakeholders, particularly from Developing and Emerging MNFs:

- Delivery in a sustainable/efficient manner (far-reaching, limited facilitation)
- Supplement with soft skills and non-technical education (i.e., safeguarding, youth development)
- Partner/create pathways with external organizations (i.e., Boys and Girls Club, Special Olympics)
- Not reinvent the wheel (use/referencing existing content)

Within sport development, in 2026, we aim to:

- Develop and pilot Ultimate Coaching Course Foundation Level.
- Develop and pilot Disc Golf Coaching Course Foundation Level.
- Create self-study microlearning courses on youth/junior development and pilot to participants.
- Deliver webinars on high-performance strategies to participants.
- Cultivate and activate relationships with other organizations to enhance pathways, opportunities and impact.

Purpose and Scope

Responsible for advising WFDF on matters relevant to athletes, promoting high standards of sportsmanship, and providing feedback on business plans. Its duties include representing elite athletes, bringing their viewpoints to the Medical & Anti-Doping Committee, and acting as a promotional tool for the sport.

Key Activities, Actions and Achievements

During the reporting period, the Commission focused on strengthening athlete engagement, improving its internal organisation and increasing the visibility of athlete representation within WFDF. Also, the Athlete Commission was providing insights from athlete perspectives in decision-making at board level.

- Collected athlete feedback following the 2025 World Games in Chengdu and shared the results with the Events Team and relevant commissions.
- Improving visibility of the Athlete Commission to Athletes through Updates on the webpage with current member profiles within the relaunched WFDF website and establishing an official Athlete Commission Instagram account as a future communication channel. Due to limited volunteer capacity, regular activity has been postponed.
- Supporting the preparation of the 2026 Athlete Commission elections through early planning and communication with National Federations, with the aim of increasing transparency and athlete participation.
- Reviewed the Commission's internal governance by introducing working groups and a trial Executive Committee structure to improve continuity, efficiency and responsiveness.

Planned Activities and Actions

- Deliver the 2026 Athlete Commission elections and encourage broader athlete participation across all Flying Disc disciplines.
- Setting up the 2026-2028 Athlete Commission, re-electing a chair and vice chairs as well as appointing additional members for continental, gender and disc sport balance by the end of 2026.
- Increase direct engagement with athletes at major WFDF events.
- Continue improving the Commission's internal governance and organizational structure.
- Contribute athlete perspectives to discussions on athlete welfare, event experience and the future development of Flying Disc sports.

Purpose and Scope

Responsible for providing recommendations on medical matters and the Anti-Doping Program. Its duties include reviewing Therapeutic Use Exemptions for WFDF athletes alongside the Therapeutic Use Exemption Committee.

Key Activities, Actions and Achievements

Governance, WADA Compliance and Operations

- **Ongoing Operations:** Renewed the operational agreement with the International Testing Agency for delegated testing and compliance services. Successfully managed the Testing Pool, which included onboarding 4 Testing Pool athletes directly. Over 2025: a total of 11 tests were conducted under the Test Distribution Plan, consisting of 8 In-Competition tests and 3 Out-of-Competition tests with no current Anti-Doping Rule Violations with WFDF as the Testing Authority; 33 Therapeutic Use Exemptions were approved.
- **Achieved Updated WADA Compliance:** Successfully achieved updated WADA compliance in September 2026 following the completion of final corrective actions.
- **Process and Documentation Overhaul:** Updated various internal documents and processes to safeguard ongoing Code compliance (e.g., Risk Assessment, Therapeutic Use Exemption Forms).
- **Policy Updates:** Completed a revision of the Transgender Athlete Policy to ensure enhanced clarity and precise alignment of terminology.
- **2027 Code Preparations:** Drafted WFDF's updated Anti-Doping Rules to align with the revised Code; currently awaiting ancillary templates and subsequent WADA approval.

Education, NF Support and Stakeholder Engagement

- **Educator Certification:** Certified 2 participants as "International Clean Sport Educators" via the International Testing Agency's program and ARISF support.
- **Anti-Doping Hub:** Created and launched the Anti-Doping Hub on WFDF Academy to serve as a centralized, accessible resource area for all stakeholders, reaching over 28,000 views

year-to-date.

- **WFDF Academy Integration:** Successfully integrated WADA's Anti-Doping Education and Learning courses into the WFDF Academy and conceptualized simplified, sport-specific courses for specific target groups.
- **Event-Based Education:** Planned event-based education in partnership with different National Anti-Doping Organizations at select 2026 Championships (WUCC and WTDGC).
- **Communications and Evaluation:** Planned and executed monthly anti-doping communications to National Federations; proactively sent key anti-doping information to Team Administrators for 2027 Sanctioned Events at least 90 days before; promoted the ARISF-ITA Anti-Doping Webinar Series.

Planned Activities and Actions

- **2027 Anti-Doping Rules Implementation:** Finalize the revision, secure approval, and implement the updated WFDF Anti-Doping Rules and associated documents to ensure compliance with the 2027 World Anti-Doping Code.
- **Sport-Specific Education Course:** Pilot and launch sport-specific anti-doping education courses via the WFDF Academy.
- **Communication:** Continue the promotion of clean sport through consistent and targeted communication to stakeholders.
- **Collaboration and Compliance:** Support stronger collaboration between National Federations and their local National Anti-Doping Organizations.
- **Monitoring:** Implement monitoring strategies to ensure NF compliance with WFDF Anti-Doping Rules.

Oceanic Continental Association

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
World Flying Disc Federation
Colorado Springs, Colorado

Opinion

We have audited the accompanying financial statements of World Flying Disc Federation (a not-for-profit organization), which comprise the statement of financial position as of December 31, 2025, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of World Flying Disc Federation as of December 31, 2025, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis of Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of World Flying Disc Federation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the

2812 W. Colorado Ave., Suite 200 • Colorado Springs, CO 80904 • (719) 922-0064 • Fax: (719) 434-4352 • www.mcmillencpa.com

aggregate, that raise substantial doubt about World Flying Disc Federation's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of World Flying Disc Federation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about World Flying Disc Federation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited the Federation's 2024 financial statements, and our report dated May 15, 2025, expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2024, is consistent, in all material respects, with the audited financial statements from which it has been derived.

WORLD FLYING DISC FEDERATION

Notes to Financial Statements

For the Year Ended December 31, 2025

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The World Flying Disc Federation (the Federation) serves as the international governing body of all flying disc sports, with responsibility for sanctioning world championship and other international flying disc events, establishing uniform rules, and setting standards for and recording of world records; it acts to promote and protect the "spirit of the game" of flying disc sports play; to encourage flying disc sports play throughout the world and foster the establishment of new national flying disc sports Federations, advising them on all flying disc sports activities and general management; to promote and raise public awareness of and lobby for official recognition of flying disc play as sport; and to provide an international forum for discussion of all aspects of flying disc sports play. The Federation is made up of the National Federations (Members) that govern their respective disc sports. As of December 31, 2025, the Federation had 128 member Federations representing 121 countries. These members guide the administration of the Federation through Board of Directors and an Executive Director. The Federation is a member of the General Federation of International Sports Federations and the International World Games Federation and is a signatory to the World Anti-Doping Agency's (WADA) Code. It is incorporated in the State of Colorado, USA. The Federation received provisional recognition by the International Olympic Committee in 2013 and permanent recognition in 2015.

Method of Accounting

The financial statements of the Federation have been prepared on the accrual basis of accounting.

Basis of Presentation

The financial statement presentation follows the recommendations of accounting principles generally accepted in the United States of America (GAAP).

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed

restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

- Net assets without donor restrictions: net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Federation.

- Net assets with donor restrictions: net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities, and the reported amounts of revenues and expenses. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents consist of the Federation's checking and money market accounts.

Supplemental Cash Flow Information

Cash flows from operating activities do not contain any amounts paid for interest or income taxes.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year-end. Based on management's assessment of the credit history with customers having outstanding balances and current relationships with them, it has concluded that realized losses on balances

outstanding at year-end will be immaterial. Therefore, no allowance for doubtful accounts is considered necessary.

Revenue Recognition

The Federation has analyzed the provisions of the FASB's Accounting Standards Codification (ASC) Topic 606, *Revenue from Contracts with Customers*. The Federation's revenue recognition policies are as follows:

- Events - Events income contains a specific delivery element, and revenue is recognized at a single point in time when ownership, risks, and rewards transfer. Revenue is recognized when events are successfully conducted.

- Sponsorship revenue - Sponsorship revenue is recognized in an amount that reflects the consideration that the Federation is entitled to in exchange for substantially fulfilling performance obligations specific to each contract. Sponsorships are recognized as revenue in the period in which the Federation satisfies its performance obligation to its sponsors. The Federation's performance obligations for sponsorship revenue is to provide promotion and advertising opportunities as arranged under each contract. The Federation has determined that performance obligations of existing multi-year contracts do not materially differ from year-to-year; but it continues to evaluate each new contract for proper recognition under ASC 606.

- Membership registrations - Membership registration revenue is recognized in an amount that reflects the consideration that the Federation is entitled to in exchange for providing membership services. Registrations are recognized as revenue in the period in which the Federation satisfies its performance obligation to its members. A performance obligation is a promise in a contract to transfer a distinct good or service to a customer, as defined by ASC 606. The Federation's performance obligation for membership registration revenue is to provide access to competitions, membership services, and benefits accessible only to members. Annual memberships are recognized during the year of membership services.

- Grant revenue - The Federation receives grants from the International Olympic Committee (IOC) to support its programs and other initiatives. The Federation assesses grants to determine if an exchange transaction exists. If so, revenue is recognized upon substantially satisfying the performance obligations under such exchange transactions.

Contributions

Contributions received are recorded as restricted support, depending on the existence and nature of any donor restrictions. Support that is not restricted by the donor is reported as an increase in net assets without donor restrictions. All other donor restricted support is reported as an increase in net assets with restrictions, depending on the nature of the restriction. When a restriction expires (that is when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statement of Activities as net assets released from restrictions. Restricted contributions for which restrictions are met in the same reporting period are recorded as changes to net assets without donor restrictions.

In-Kind Contributions

The Federation records various types of in-kind contributions (Note D). The Federation's policy related to gifts-in-kind is to utilize the assets given to carry out the mission of the Federation. If an asset is provided that does not allow the Federation to utilize it in its normal course of business, the asset will be sold at its fair market value as determined by appraisal or other method depending on the type of asset.

Contributed services are recognized if the services received create or enhance non-financial assets or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

Contributions of tangible assets are recognized at fair value when received. The amounts reflected in the accompanying financial statements as in-kind contributions are offset by like amounts included in expenses.

In addition, several volunteers have donated significant amounts of their time to the Federation's program and support services. These in-kind contributions are not reflected in the financial statements since these services do not meet the criteria for recognition.

Prior-Year Comparisons

The financial statements include certain prior year summarized comparative information in total but not by both functional classification and natural classification of expenses and not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with GAAP. Accordingly, such information should be read in conjunction with the Federation's financial statements for the year ended December 31, 2024, from which the summarized information was derived.

Functional Allocation of Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities and the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on internal records and estimates made by the Federation's management. Personnel costs are allocated based on an estimate of time and effort between program and supporting services.

B. AVAILABLE RESOURCES AND LIQUIDITY

The Federation regularly monitors liquidity required to meet its operating needs and other contractual commitments while striving to maximize the investment of its available funds. The Federation has two sources of liquidity at its disposal, a checking account with a balance to cover operating expenses and also a business money market savings account for funds in excess of daily cash requirements. However, of these funds, a significant amount can, at times, represent collections held for tournament organizing committees in preparation for events. The amounts held for tournament organizing committees are reported as Funds Held for Others in the statement of financial position.

The Federation manages resources through extensive budget forecasting over a five-year period to anticipate its ongoing

activities of international events, grants, teaching clinics, and operations. The Federation regularly monitors actual to budgeted revenues and expenses to anticipate sufficient revenue to cover expenditures.

As of December 31, 2025 and 2024, the following financial assets could be available within one year of the balance sheet date to meet general expenditures:

	2025	2024
Cash and cash equivalents	$ 2,895,962	$ 975,682
Accounts receivable	208,766	65,358
Total financial assets	3,104,728	1,041,040
Less:		
Funds held for others	(1,836,509)	(29,130)
Donor restricted net assets		(4,594)
Amount available for general expenditures	$ 1,268,219	$ 1,007,316

C. CONCENTRATION RISK

The Federation maintains its cash balances in one financial institution. The balances at the financial institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000. In the unlikely event of a bank failure, the Federation could suffer loss to the extent that cash balances exceed the insured amounts. Management does not believe any deposits are at risk from this concentration.

D. DONATED GOODS AND SERVICES

The Federations received in-kind sponsorships and donations from various supporters, primarily from sponsoring organizations. In-kind contributions consisted of discs and apparel valued at $26,271 and $9,381 for the years ended December 31, 2025 and 2024, respectively.

E. DEFERRED REVENUE

Deferred revenue consists of the following as of December 31:

	2025	2024
Sanctioning fees	$ 146,520	$
Total	$ 146,520	$

F. NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions at December 31, 2025 and 2024, consist of assets restricted for the following program:

	2025	2024
Special projects	$	$ 4,594
Total	$	$ 4,594

Net assets are released from donor restrictions by incurring expenses that satisfy the restricted purpose. During the years ended December 31, 2025 and 2024, restricted net assets were released from restrictions for the following program:

	2025	2024
Special projects	$ 4,594	$ 7,406
Anti-doping program		2,509
Total net assets released from donor restrictions	$ 4,594	$ 9,915

G. RELATED PARTY TRANSACTIONS

During both the years ended December 31, 2025 and 2024, the IOC provided $32,000 in grants to the Federation. The Federation receives economic benefits in the form of grants from the IOC in order to enhance its programs.

H. CONTINGENCY - POTENTIAL VALUE ADDED TAX ASSESSMENT

The Federation participated in an event held in Portugal during the year ended December 31, 2025, in which it is entitled to 50% of net proceeds pursuant to an agreement with the event organizer. A question has arisen as to whether certain event proceeds are subject to Value Added Tax (VAT) under Portuguese law.

The Portuguese taxing authority is currently conducting an audit to determine whether VAT is due on the event. As of December 31, 2025, the Federation estimates that its share of the potential VAT exposure totals approximately $77,280, which has been withheld from event proceeds by both the Federation and the event organizer, pending resolution of the matter.

Management has evaluated the matter and determined that it is probable that an obligation has been incurred. Accordingly, the Federation has recorded a liability of $77,280 as of December 31, 2025. The withheld amount has been excluded from event revenue and would be recognized as revenue in the period the matter is resolved, to the extent it is determined not to be payable to the taxing authority.

The ultimate outcome of this matter is not yet known. Accordingly, actual results could differ from the amount recorded.

I. INCOME TAX

The Federation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been reflected in the Federation's financial statements. The Federation's Form 990, Return of Organization Exempt from Income Tax, is subject to examination by various taxing authorities, generally for three years after the date it was filed. Management of the Federation believes that it does not have any uncertain tax positions that are material to the financial statements.

J. SUBSEQUENT EVENTS

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through June 30, 2026, the date that the financial statements were available to be issued. No subsequent events or transactions were identified for recognition or disclosure.

WFDF Congress Proposal for 2026 Auditors

The finance team proposes that WFDF change its Auditor and engage the Colorado Springs office of BiggsKofford. The firm was recommended by USA Ultimate and by our external lawyer.

BiggsKofford is a much larger firm than our former auditor MacMillen & Company, with more than one auditor on staff. Their turnaround time on an audit is 3 weeks after completion of the field work. In 2027 for our 2026 audit and Form 990, we can expect an audit draft in mid April and a completed 990 tax return by mid May.

Description of the Organization

BiggsKofford is a Colorado-based regional certified public accounting and advisory firm founded in 1982, with offices in Colorado Springs and the Denver metropolitan area. The firm provides audit and assurance, tax compliance, outsourced accounting, and business advisory services and maintains a specialized nonprofit practice serving membership organizations, Olympic governing bodies, international outreach organizations, foundations, and other nonprofit entities.

Audit and attest services are provided by BiggsKofford LLP, an independently owned licensed CPA firm, while tax and other non-attest services are provided through BiggsKofford Advisors, LLC. The advisory entity is affiliated with Ascend, a national accounting-services platform that provides participating firms with technology, recruiting, and administrative resources.

The firm's most recently published peer-review report, covering the predecessor audit practice for the year ended June 30, 2024, resulted in a "pass" rating. Based on its nonprofit and Olympic-governing-body experience, regional presence, range of professional services, and published peer-review result, BiggsKofford appears qualified for consideration as the organization's independent auditor, after a satisfactory review of its engagement proposal, independence confirmation, current licensing, references, insurance coverage.

Our point person for the audit will be Allison Goldhammer, CPA, Senior Audit Associate. Allison earned her master's degree in accounting in 2024 from the University of Colorado and has built a strong foundation in public accounting, serving clients across a diverse range of industries, with a particular emphasis on nonprofit and faith-based organizations. She is a member of the Colorado Society of Certified Public Accountants. Her work will be overseen by partners Bret Wichert and Tyler Atkins.

WFDF Risk Management: 2026 Assessment

Submitted by:

- Robert "Nob" Rauch - WFDF President
- Jonathan Rigby - WFDF Secretary General

Risk area 1:	**Sustaining or improving the quality and consistency in the delivery of all our events**
Risk description:	World Championship events sanctioned by WFDF are one of the keys to its success. However, WFDF relies on a local organizing committee to deliver a world class event.
Controls:	1. Bid review process (which usually also outlines experience of the key organizers) 2. Affiliation of local organizing committee (TOC) with a Member Association 3. Contract laying out expectations and terms 4. Oversight by the Disc Sport Committee and the WFDF Events Team 5. Ongoing close monitoring during event preparation, event delivery and post-event phases
Consequences:	Very serious
Likelihood:	Moderate risk; under special conditions like pandemic/weather catastrophic events extreme risk
Comments:	Since inception in 1985, WFDF has been very successful in its delivery of events. With increasingly larger events, it may become more difficult to find appropriate venues or appropriately skilled organizers. We have had two situations, WUCC 2014 and WBUC 2017 where the TOC was unable to fulfill its obligations to WFDF in a timely fashion post-event.
Risk area 2:	**Ensuring safety and safety for participants, coaches, officials, spectators and volunteers**
Risk description:	For WFDF, the primary aspect of safety that it can control relates to the quality of fields and their placement. Second, it also involves security and health issues as terrorists target large sports events and we deal with the impact of the COVID-19 pandemic and moving on forward with extreme weather conditions. Third, with more youth development, we need to vet and coaches and have safeguarding controls in place.
Controls:	1. Contract laying our expectations and terms and site review by WFDF officials upfront. 2. Ensuring that TOCs work with local law enforcement and public health agencies well-in advance of an event to develop a security plan and then communicate that to all staff.

	3. National associations need to set procedures to vet and train coaches for youth. 4. Train TOCs on the WFDF safety, safeguarding, integrity, health and other policies. 5. Impress on the Flying Disc community and National Federations the importance of safeguarding and safe sport measures.
Consequences:	Very serious/Devastating
Likelihood:	High risk even as we enter the post-COVID-19 pandemic era with many uncertainties.
Comments:	Safety issues arose in 2008 and 2010 relating to field spacing near-off-field obstacles (concrete walls at Prague, respect of the 3-meter rule at Vancouver). Separately, with increasing terror threats with large sporting events a target, the development of a security plan and coordination with local law enforcement authorities by TOCs in advance of events is imperative. The COVID-19 pandemic of 2020-21 shut down all events due to health concerns and government lockdowns. The WFDF Safe Sport policy was adopted in 2020 to address safeguarding issues.
Risk area 3:	**WFDF's ability to recruit/attract sufficient volunteers**
Risk description:	WFDF, like all sports organizations, is highly dependent on volunteers to administer and organize the sport, and expectations for performance are growing. At the WFDF level, there are no "natural" affiliations, so WFDF is dependent largely on administrators who also have responsibilities at the member association level. Turnover due to burnout is a constant threat, compounded by the difficulties of dealing with a heavy workout at key positions such as disc sport committee chairs and the ExComm level.
Controls:	This is a risk faced by all not-for-profit organizations and it requires active management and the development of a deep bench to ensure that the volunteer network remains enthusiastic. It involves training of volunteers and preparation for their respective tasks. WFDF will establish a WFDF Academy to coach volunteers on the challenges at hand as well as dissemination of volunteers' tasks.
Consequences:	Devastating
Likelihood:	Moderate
Comments:	This is an ongoing challenge particularly due to WFDF's limited resources and ongoing reluctance of volunteers to commit to positions.

	While our full-time paid staff have taken on increasing responsibilities in administration and event oversight to reduce the workload and provide sufficient support to ensure that our volunteers' network can be effective and efficient, they are now overstretched and expectations continue to rise.
Risk area 4:	**Maintaining and increasing membership and participation**
Risk description:	WFDF has a responsibility to assist current Member associations in maintaining and growing their constituent membership, as well as to assist in the development of potential new Members.
Controls:	1. Requirements for institutionalization of a local governing body before granting Membership 2. Development efforts in areas where there is little flying disc penetration 3. Publicity and communication 4. Membership support in educational actions and areas of risk.
Consequences:	Serious
Likelihood:	Moderate risk
Comments:	Interest in flying disc sports continues to grow and a desire to participate in World Championship events sanctioned by WFDF continues to be the main recruiting catalyst. WFDF can promote continuity in local organizations by requiring institutionalization of the Association in its membership application process. There are a few legacy issues where there have been challenges to legitimacy of existing disc organizations and our members need to understand the importance of having a well-managed national association.
Risk area 5:	**Sustaining and improving financial viability**
Risk description:	A. Within our quadrennial Ultimate event cycle, WFDF is highly dependent on participant fees from WUGC and WUCC, such that any disruption could impair WFDF's financial viability. B. With most of the money from participation fees being collected by the local organizing committees, there is a risk that monies could be misappropriated. C. Failure of a TOC to pay all monies due to WFDF can damage WFDF`s budget
Controls:	A1. Maintaining a large cash reserve A2. Requiring multi-year forecasts in addition to annual budgets in the financial plan A3. Finding ways to smooth out the event cycle A4. Developing other sources of revenues such as sponsorship

	B1. Bid review process (which usually also outlines experience of the key organizers) B2. Affiliation of local organizing committee with a Member Association B3. Contract laying out financial terms with periodic distributions C. Taking over certain money and registration functions going forward
Consequences:	A. Serious B. Devastating C. Devastating
Likelihood:	A. Actual situation B. Low probability C. Middle probability
Comments:	WFDF was able to manage through 2021 due to its maintenance of its cash reserve and due to staff support in financial savings. Potential future financial challenges will demand equally creative solutions.
Risk area 6:	**Protecting or improving public image and reputation with stakeholders, regulators, potential sponsors, and media**
Risk description:	As a federation of Member Associations, WFDF must be perceived as adding value or it will lose the support of its members. With respect to external stakeholders and the public WFDF is the international governing body and must continually promote growth of flying disc sport.
Controls:	1. Consistent governance, integrity and maintenance of high standards for events 2. Constant and appropriate communications
Consequences:	Serious
Likelihood:	Moderate
Comments:	This is an ongoing challenge due to WFDF's limited resources. There has been limited success in the area of sponsors and media. IOC recognition may provide WFDF and its Members with some additional credibility in the sport world, but media and sponsorship is changing as well.
Risk area 7:	**Maintaining Spirit of the Game (SOTG) as an essential component of flying disc sports**
Risk description:	We have a growing conflict within the sport of Ultimate in that semi-professional leagues have begun operations and have introduced a form of referees. Further, there are many aspects of SOTG with varied

	interpretations, within and across regional boundaries and competitive strata.
Controls:	1. Maintaining the focus by acknowledging it in Spirit rankings and awards 2. Further incorporating messages in all marketing, education, and training material/programs.
Consequences:	Serious, it would change the essence of our sport
Likelihood:	Moderately high and increasing
Comments:	Spirit of the Game remains central to our primary disc discipline, Ultimate, and having no referees differentiates WFDF from most other IFs in a very positive way.
Risk area 8:	**Applying good corporate governance principles including compliance with regulatory and integrity requirements**
Risk description:	As an IF recognized by the IOC, IPC and FISU and as a signatory to the World Anti-Doping Agency (WADA) code, WFDF needs to maintain compliance with the key elements required. We also need to ensure that we hold the federation to a high governance standard by complying with the Bylaws and respecting our Members.
Controls:	1. Vigilant oversight of the anti-doping program and development of an educational program. 2. Knowledge of and adherence to the standards set out in the Bylaws and the Olympic Charter including its various codes and regulations. 3. Implementation and operation of WFDF safe sport, integrity, gender equality and non-discrimination policies. 4. Strict adherence to Basic Universal Principles of Good Governance within the Olympic Movement, Olympic Movement Code on the Prevention of the Manipulation of Competitions, IOC Code of Ethics, IOC Safeguarding Guidelines for IFs etc.
Consequences:	Serious
Likelihood:	Moderate
Comments:	While WFDF is in compliance with the WADA anti-doping requirements and Olympic Movement good governance and integrity standards, we must ensure that our athletes are provided with sufficient educational opportunities so that there are no infractions. We must also maintain transparent and professional governance procedures.
Risk area 9:	**Managing geopolitical, travel and international participation risks**

Risk description:	As a global federation, WFDF operates in an increasingly complex international environment. Geopolitical conflicts, sanctions, visa restrictions, diplomatic disputes and public policy decisions may affect participation, event delivery and athlete safety.
Controls:	1. Consistent application of WFDF policies and statutes. 2. Early engagement with hosts, governments and Member Associations. 3. Ongoing monitoring of international developments. 4. Event contingency planning.
Consequences:	Serious to devastating
Likelihood:	Moderate
Comments:	Recent years have demonstrated the increasing impact of geopolitical developments on international sport. WFDF must continue to balance its principles of inclusion and non-discrimination with practical considerations regarding safety, participation and legal compliance.
Risk area 10:	**Maintaining and growing digital, media and commercial relevance**
Risk description:	The sports landscape is evolving rapidly and we're in a highly competitive sport & entertainment sector competing for attention. Failure to remain visible, relevant and attractive to participants, media partners and commercial stakeholders may impact the long-term growth and sustainability of Flying Disc Sport.
Controls:	1. Development of coordinated communications and digital strategies. 2. Investment in broadcast, content and social media activities. 3. Development of sponsorship and commercial partnerships that are attractive and cohesive. 4. Monitoring participation, audience and engagement trends to ensure We are telling a story of growth and relevance.
Consequences:	Serious
Likelihood:	Moderate
Comments:	Future growth will increasingly depend on WFDF's ability to build audiences for its events and disciplines. This will require a more coordinated international calendar, stronger storytelling, greater involvement from athletes and content creators, and closer collaboration with National Federations and event organisers.

BYLAWS OF THE WORLD FLYING DISC FEDERATION

(a Colorado Nonprofit Corporation, as approved by Congress effective MMM DD YYYY)

ARTICLE I – PURPOSES

The World Flying Disc Federation ("WFDF") is organized exclusively for educational purposes and to foster national and international amateur sports competition within the meaning of and pursuant to Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (or under the corresponding provision of any future United States Internal Revenue law). The activities of WFDF include, but are not limited to, such purposes as:

1. To serve as the international governing body of all Flying Disc sports, with responsibility for sanctioning world championship and other international Flying Disc events, establishing uniform rules, and setting standards for and recording of world records;
2. To promote and protect the "spirit of the game" and the principles of "self-officiation" as essential aspects of Flying Disc sports play;
3. To promote Flying Disc sports play throughout the world and foster the establishment of new national Flying Disc sports associations, advising them on all Flying Disc sports activities and general management;
4. To promote and raise public awareness of and lobby for official recognition of Flying Disc play as sport;
5. To provide an international forum for discussion of all aspects of Flying Disc sports play; and
6. Consistent with the above principles, to transact any and all other lawful business or businesses for which a corporation may be incorporated pursuant to the Colorado Revised Nonprofit Corporation Act, as it may be amended from time to time.

ARTICLE II – DEFINITIONS OF DISC SPORTS AND SANCTIONED EVENTS

1. A **Disc Game** is a game or event played with a flying disc that is recognized as a Disc Game by the WFDF Sport for All Commission. The list of Disc Games shall be maintained on the WFDF website and updated as necessary.

2. A **Disc Discipline** is a Disc Game which is played according to a set of rules approved by WFDF but for which there is no WFDF World Championship event. The designation as a WFDF Disc Discipline is recommended by the WFDF Sport for All Commission and granted and revoked in an Annual or Special Meeting or other vote of the Voting Members of WFDF ("Congress"). The list of Disc Disciplines shall be maintained on the WFDF website and updated as necessary.

3. A **Disc Sport** is a Disc Discipline which conforms to the following definition:

    A. it is a Disc Discipline played according to a set of rules approved by WFDF;
    B. it is a Disc Game for which a WFDF Disc Sport Committee has been established; and
    C. it is a Disc Game for which a WFDF World Championship is played on a regular basis, meeting the standards for such tournaments as set forth in these Bylaws and as otherwise established by the Board of Directors.

4. The designation as a WFDF Disc Discipline or a Disc Sport is granted and revoked by Congress. The list of Disc Games, Disc Disciplines, and Disc Sports shall be maintained on the WFDF website and updated as necessary. Rules and regulations of each Disc Discipline and Disc Sport or the standards for World Records are governed by their respective standing or ad hoc Committees, must be written in the English language, and must be approved by the Board of Directors. Notwithstanding the foregoing, all amendments to the rules and regulations that impact the athletes' sole responsibility to make, and determine the final outcome of, a violation, foul, or other call during a competition has to be approved by Congress in accordance with Article III, Sections 4.2 and 4.3.

5. A **WFDF World Championship** is a Sanctioned Event that is a tournament or event designated by Congress as a "WFDF World Championship" for a particular Disc Sport. Such tournament or event may be held on a standalone basis or in conjunction with the WFDF World Championship for other Disc Sports. Such events must meet the minimum standards for determination of tournament formats, player and team selection processes, etc., as set by the policies established by the Board of Directors. Furthermore, for a tournament or event for a Disc Sport to be designated and maintained as a WFDF World Championship, it must be held on no less than a quadrennial basis and must regularly involve participants from at least eight (8) different countries from three (3) continents.

6. A **Sanctioned Event** is a tournament or event designated by the Board of Directors as a "Sanctioned Event" for a particular Disc Discipline or Disc Sport. Although it includes all WFDF World Championships, it may also include regional events or variations on the rules of play for a Disc Discipline or Disc Sport. A Sanctioned Event fee shall be paid to WFDF for each participating player in any WFDF Sanctioned Event, according to the schedule established by Congress.

ARTICLE III – MEMBERSHIP AND VOTING

1. **Membership Classes**. There shall exist the following classes of membership:

    1.1. **National Member:** A National Member shall be a Flying Disc association that is the governing body for Disc Games solely within a single national boundary. There can be only one (1) National Member per country, with the definition of a country as per the terminology of the International Olympic Committee (IOC).

    To become a National Member and/or remain in good standing, a Flying Disc association must meet all of the following criteria, receive preliminary approval from WFDF's Board of Directors, and be confirmed by Congress. If an incumbent

National Member fails to continue to meet the membership criteria, their membership may be revoked by Congress. These criteria include that a National Member must:

A. be organized with bylaws acceptable to WFDF;
B. operate under the rules, policies, and programs which are in compliance with all agreements to which WFDF is a party;
C. be open to participation without regard to race, color, religion, national origin, politics, sex, or sexual orientation;
D. represent a minimum of fifty (50) individual disc players who are members of its organization ("Constituents") in one (1) or more Disc Sports, unless this minimum requirement is waived by the Board in the case of countries with small national populations;
E. hold an annual meeting and/or have another representative mechanism for its Constituents to elect a board of directors;
F. regularly organize Flying Disc sports activities and national championships in one (1) or more Disc Sports;
G. fairly represent the interests of Constituents for all Disc Games within the country; and
H. pay dues to WFDF as established by the Congress, and report annually regarding the number of its Constituents per the requirements as established by the Board of Directors (the "Census").

Regarding (G) above, a National Member's bylaws do not need to provide that they represent all Disc Sports in the country with regard to WFDF. However, if they do not represent all Disc Sports, they require a Board approved plan on how they address other Disc Sports if representatives of those Disc Sports express an interest in writing in becoming formally represented in WFDF and meet the minimum criteria for such representation.

An incumbent National Member can determine how best to accomplish such representation, whether through delegation to other Disc Discipline associations within their country or through formally defined committees within their own organization. A National Member is required to provide some form of representation of a Disc Sport once there is a critical mass of participation of no less than twenty-five (25) Constituents whose primary participation is with Ultimate, Beach Ultimate, or Disc Golf, or ten (10) Constituents whose primary participation is with other Disc Sports. If there is a second organization representing a Disc Sport with at least fifty (50) Constituents, then the organizations are expected to develop an umbrella organization or some other form of cooperation agreed by both which respects the incumbency of the original national Member within three (3) years of an application being submitted to the National Member and to WFDF.

1.2. **Provisional National Member:** Provisional National Members are Flying Disc associations that are the governing body for all Disc Sports solely within a single national boundary that have not met all of the qualifications of a National Member.

To become a Provisional Member and/or remain in good standing, a Flying Disc association must meet all of the following criteria, receive preliminary approval of WFDF's Board of Directors, and be confirmed by Congress. If an incumbent Provisional Member fails to continue to meet the membership criteria, their membership may be revoked by Congress. These criteria are that a Provisional National Member must:

A. be organized with bylaws acceptable to WFDF;
B. operate under the rules, policies and programs, which are in compliance with all agreements to which WFDF is a party;
C. be open to participation without regard to race, color, religion, national origin, politics, sex or sexual orientation;
D. represent a minimum of fifty (50) individual disc players who are members of its organization ("Constituents") in one (1) or more Disc Sports, unless this minimum requirement is waived by the Board in the case of countries with small national populations;
E. hold an annual meeting and/or have another representative mechanism for its Constituents to elect a board of directors;
F. fairly represent the interests of all Constituents in the applicable sport, region and/or country;
G. regularly organize Flying Disc sports activities in one (1) or more Disc Sports; and
H. report annually per the Census requirements as established by the Board.

Provisional Members will have their status upgraded automatically to National Membership after two (2) years of provisional membership upon filing a report on activities and approval by the Board and payment of the membership dues as decided by Congress.

1.3. **Associate Member:** An Associate Member is an association with ties to Disc Sports that is not a national governing body for flying Disc Sports within a country. These may include not-for-profit organizations that provide services to Disc Sports or which represent particular Disc Sports organizations. Associate Members do not have any voting rights but may attend Congress. They must meet the requirements for membership set out by the Board of Directors and receive approval by Congress.

1.4. **Transition Phase:** Up until year end 2022, WFDF permitted more than one (1) Member per country as long as they represented different Disc Sports in that country, or Members who only represented the interests of athletes of one (1) Disc Sport within the country and not the others. It also permitted Disc Sport Organizational Members which were Flying Disc associations which were the governing body for a single Disc Sport across numerous national boundaries. From the date of the adoption of these Bylaws until December 2026, any current Members of WFDF shall be grandfathered in their membership, but should seek to conform to the new definition of membership outlined in this Article III of the Bylaws. Members not conforming to the updated definition of membership will be notified by WFDF of such non-conformance and will be required to provide an action plan of how they intend to conform by June 2027 and complete their transition by December 2027. Any Member in non-conformance by June 2028 may,

per a vote of Congress upon the recommendation of the Board, have their membership terminated.

1.5. **Resolution of Conflicts in Defining Responsibility:** There can only be one (1) Member representing Flying Disc sports in each country. Through the Transition Phase expiration, there can be only one (1) Member representing each Disc Game per country. If there is a Member in a country, and a separate association in the country requests consideration as a Member in WFDF, the prospective Member's application must specifically address the issue of representation and the incumbent Member must also comment on the application. In case of such conflict, Congress will make the decision as to which association should be the Member within the country.

2. **Reporting by Members**. As a prerequisite of initial membership and as an ongoing requirement to remain in good standing, each Member shall report the number of Constituents in its association and the basis for such calculation to WFDF. Such number shall typically be the greater of the (a) the number of dues paying members in the Member organization or (b) the number of different individuals participating in the national Flying Disc championships sanctioned by the Member organization. WFDF reserves the right to review the basis for the calculation of members for a Member association and to require revisions in order to establish consistency among Members in the basis for such calculations. Such ongoing reporting shall occur in the form of an annual Census, the requirements of which shall be established and amended from time to time by the Board.

3. **Rights of Members: Voting and Play in Sanctioned Events**.

3.1. **Voting**. All National Members in good standing ("Voting Members") shall be entitled to vote on all matters coming before the Congress, including the selection of Board members and other Officers, fiscal matters of the Corporation, and on play related matters. Provisional National Members are not entitled to any vote.

3.2. **Play in Sanctioned Events**. National Members in good standing may designate Constituent players or teams to participate in Sanctioned Events, per the allocation rules established by the Committee responsible for the respective Disc Sport event and confirmed by the Board. Except as otherwise provided in Section 3.4 of this Article III, players represented by Provisional National Members are not eligible for participation in Sanctioned Events.

3.3. **Good Standing**. A National Member shall be considered in Good Standing for voting purposes or play in a Sanctioned Event if it has paid all of its membership fees prior to the Sanctioned Event or Congress, respectively, and has fulfilled all its other obligations to WFDF including submission of annual Census data.

3.4. **Provisional National Member Play Exemption**. To encourage participation in Sanctioned Events by players from countries or a Disc Game not previously represented by a National but by a Provisional National Member only, there is a one (1) time exemption from the full membership payment requirement for the participation of a player or team in a Sanctioned Event. However, concurrent with

such participation, representatives of that country will have the obligation to apply for National Membership as soon as practicable. Players from such countries will be precluded from participation in subsequent Sanctioned Events until such time as the Provisional Member becomes a full National member, up to a maximum of nine (9) years from the initial exemption event.

4. **Voting**. In matters requiring a vote of Congress, each Voting Member in good standing shall have a number of votes reflective of the number of Constituents that organization represents, as reported in the Census for the respective year, according to the following table (the "Voting Schedule"):

Number of Constituents	**Number of Votes**
0 to 200 (Administrative)	1
0 to 200 (Base)	1
201 to 400	2
401 to 800	3
801 to 1,600	4
1,601 to 3,200	5
3,201 to 6,400	6
6,401 to 12,800	7
12,801 to 25,600	8
25,601 to 51,200	9
51,201 and above	10

Votes of Members with more than one (1) vote may be split in favor of alternative choices on a whole number basis per the Member's discretion.

Notwithstanding the foregoing, the Congress may establish limits based on the number of Constituents for a maximum and minimum number of votes per Member, which must also be directly reflected in the dues required for such Member.

4.1. **Decisions by all Voting Members**. All Voting Members shall vote on matters affecting the general business and functions of WFDF, including:

A. electing the Directors and Officers of WFDF;
B. reviewing and approving the previous year's financial statements and auditors' reports;
C. approving WFDF's annual budget and electing an Auditor;
D. setting membership dues and sanctioning fees for WFDF events;
E. authorizing the basic strategic direction and policies of WFDF;
F. approving new Members or terminating Members;
G. making amendments to the WFDF Bylaws;

H. adding new Disc Sports to the WFDF program; and
I. other matters affecting WFDF generally.

Each Voting member shall have the number of votes as per the Voting Schedule, adjusted by any such minimum or maximum caps as determined by Congress.

4.2. **Requisite Majorities**. In most votes put forward before Congress, except as noted as follows, affirmative votes constituting a simple majority (50% plus 1) of the votes available to be cast are required to approve an action or motion. For (a) motions to revoke the membership of a current Member as provided for in Article III, (b) the removal of a Director as provided for in Article IV, Section 4, or (c) the amendment of the Bylaws as provided for in Article VIII, a two-thirds (2/3) majority of the votes available to be cast are required for approval. Approval of the dissolution of the corporation as provided for in Article VII requires the affirmative vote of a three-quarters (3/4) majority of the votes available to be cast. In all cases, notice must be duly given and the required quorum must be met for any such vote to be valid.

5. **Meetings and Voting Outside of a Meeting**. Annual or Special Meetings of the Members of WFDF, or votes by Voting Members held outside of an in-person meeting, shall be known as a Congress.

5.1. **Annual Meeting**. The Annual Meeting of the Members shall be held each calendar year at a place and time to be fixed by the Board of Directors. The purposes of the annual meeting shall be to:
A. review and approve the previous year's financial statements and auditors' reports;
B. approve WFDF's annual budget and elect an Auditor;
C. authorize the basic strategic direction and policies of WFDF;
D. serve as a forum for discussion of general Disc Sports issues; and
E. to take such other action as may properly come before the Congress.

The Secretary shall cause to be given to each Member notice of the time and place of the annual meeting not less than ninety (90) days prior to the date of such scheduled meeting. Voting Members in good standing must submit all motions for consideration at the annual meeting to the Board of Directors not less than seventy-five (75) days prior to the date of such scheduled meeting, and the Board shall forward to all Members a meeting agenda, along with copies of all motions, reports and other relevant material for consideration at the Congress, not less than thirty (30) days prior to the date of such scheduled meeting.

5.2. **Special Meetings**. Special Meetings outside of the Annual Meeting may be called at any time by the Board of Directors. The Secretary shall cause to be given to each Voting Member notice of the time, place and purpose of such meeting, along with background materials requiring consideration, not less than thirty (30) days prior thereto. The Board shall also be required to call a Special Meeting of the Congress upon the written demand of Voting Members in good standing representing twenty-five percent (25%) of the total Member votes.

5.3. **Votes Outside of a Meeting**. Votes outside of the Annual Meeting or a Special Meeting may be called at any time by the Board of Directors. The Secretary shall cause to be given to each Voting Member notice of the time, place and purpose of such meeting or required vote outside of a meeting, along with background materials requiring consideration, not less than thirty (30) days prior thereto. Whenever the Voting Members are required or permitted to take any action by vote outside of an Annual Meeting or Special Meeting, such vote shall take place through electronic or written voting mechanisms as established by the Board of Directors.

5.4. **Quorum**. So long as the Annual Meeting or a Special Meeting has been duly called as provided above, the presence, in person, by telephone or video conference, electronic correspondence, or by proxy, of any Voting Members shall constitute a quorum and shall be sufficient for the transaction of any business. For votes outside of an Annual or Special Meeting, the participation of no fewer than fifty percent (50%) of the Voting Members (before consideration of the actual votes per the Voting Schedule) shall constitute a quorum.

5.5. **Proxies**. Each Voting Member entitled to vote may authorize a person or persons to vote on behalf of such Voting Member by proxy. A proxy shall be in writing, signed by a duly authorized officer of a Voting Member, and revocable at the pleasure of the Voting Member executing it, and may be delivered electronically or in paper format. Such proxy must be delivered to the Secretary prior to the meeting or action and shall be valid only for the meeting or action named therein.

6. **Membership Fees**. The annual dues of Members shall be determined from time to time by the Congress, upon recommendation of the Board. Membership dues for each National Member are to be determined on the basis of the number of Constituents represented directly or indirectly by that organization, as reported in the Census for that year. Notwithstanding the foregoing, the Congress may establish limits for a maximum and minimum rate for dues per Member, which will be directly reflected in the Voting Schedule for such Member. In addition, the Congress, at the recommendation of the Board of Directors, may provide for a discounted rate for dues for Members in developing countries (the "Special Terms of Payment"), which shall not affect the Voting Schedule for any such Member.

   If a Member declines to report the number of players it represents in the Census, the Board is authorized to estimate the number for that Member at its discretion and set dues accordingly.

7. **Sanctioned Event Fees**. The Sanctioned Event fee schedule shall be determined from time to time by Congress upon the recommendation of the Board. Such schedule of sanctioning fees shall be reflective of the type of event, expected number of participants, and length of event, and shall be stated as a per participant fee collected by WFDF or the Sanctioned Event Organizer on behalf of WFDF.

   In any case, the one (1) time exemption for provisional Members from the Membership requirement provided for in Article III Section 3.4 does not excuse the participants from being required to pay the Sanctioned Event fee in order to participate in the Sanctioned Event.

8. **Hold Harmless**. Each Member, as a condition of its membership, agrees to hold WFDF and its Directors, officers, coordinators, agents and consultants harmless from claims of any kind, nature or description arising out of the Member's participation in or observance of any activity, game, tournament or event sponsored or sanctioned by WFDF.

9. **Meetings by Telephone or Other Electronic Means**. Members may hold or participate in a meeting of the Congress by means of conference telephone or other electronic means provided that all such persons participating in such meeting can hear each other at the same time.

ARTICLE IV - DIRECTORS

1. **Management of the Corporation.** WFDF shall be managed by the Board of Directors. Directors shall be selected without regard to race, color, religion, national origin, politics, sex or sexual orientation.

   The Board shall consist of the:
   - President;
   - Secretary;
   - Treasurer;
   - The current Chairs of each Disc Sport Committee;
   - The Chair of the Spirit of the Game Commission;
   - The Presidents of each of the Continental Associations;
   - The Chair of the Athletes' Commission
   - The Chair of Medical Commission; and
   - Two (2) at-large Directors.

   The Secretary General and Managing Director of Events shall also serve on the Board as a non-voting member.

   The President, Secretary, Treasurer, and the Chairs of each Disc Sport Committee and the Spirit of the Game Commission shall be elected by the Congress, the Chair of the Athletes Commission shall be chosen by the members of the Athletes' Commission, and the Chair of the Medical Commission and the two (2) at-large directors shall be appointed by the Board.

   In addition, the Board may appoint for a period of a two (2) year term up to two (2) independent Non-Executive Board Members to a non-voting position. In order to meet the independence criterion, a person must not have held been employed by or held any other volunteer position in any Flying Disc organization or engage in any Flying Disc competitive activity for at least three (3) years prior to the time of appointment, and desist from any such involvement throughout the duration of their tenure on the Board.

   The Board may engage outside consultants or independent contractors to assist on a day to day basis with the management of the corporation, within the constraints of the budget approved by the Congress.

2. **Election and Term of Directors.** An annual election by Congress will be held during the final two (2) months of each calendar year to elect Directors to hold office for the designated term of office. Each director shall hold office until the expiration of the term for which they were elected and until their successor has been elected and shall have qualified, or until their resignation or removal. Directors shall serve for four (4) year terms, to be staggered as determined by the Congress. Elections are held electronically to accommodate all Members, and shall be open for no less than thirty (30) calendar days. Votes by Congress for Directors shall be via a commonly accepted voting mechanism as determined by the Board.

   Effective from and calculated only beginning January 1, 2025, all members of the Board can only be elected for a total of three (3) consecutive terms of four (4) years in one (1) role.

3. **Increase or Decrease in Number of Directors**. The number of Directors may only be changed by Congress through an amendment to the Bylaws. No decrease in number of Directors shall shorten the term of any incumbent director.

4. **Removal, Resignation, Replacement.** Any Director or Directors may be removed by Congress. A Director may resign at any time by giving written notice to the Board. Unless otherwise specified in the notice, the resignation shall take effect upon receipt thereof by the Board. In the case of the resignation, death, or removal of a Board member, the Board in its discretion, may appoint a successor to serve in the position through the end of the scheduled term.

5. **Meetings.** There shall be no less than four (4) meetings of the Board annually, at such places and times to be fixed by the President. The Secretary shall cause to be given to each member of the Board notice of the time and place of a meeting not less than thirty (30) days for an in-person meeting and seven (7) days for an electronic meeting. Such Board meetings may take place in person or by means of conference telephone or similar communications equipment, provided that all such persons participating in such meeting can hear each other at the same time.

6. **Special Meetings and Actions Taken Without a Meeting.** A special meeting of the Board may be called by a majority of the Board. The Secretary shall cause each Director to be notified of the time, place and purpose of such meeting not less than thirty (30) calendar days prior thereto. A vote of the Board taken without a meeting may be called by the President or by a majority of the Board, with each Director to be notified of the time, place and purpose of such vote not less than seven (7) calendar days prior thereto. Whenever members of the Board are required or permitted to take any action by vote without a meeting, such vote shall be conducted through electronic or written voting mechanisms as established by the Board of Directors.

7. **Quorum and Required Majority.** The presence of a number of voting members of the Board not less than fifty percent (50%) of the total members (rounded up to the nearest whole integer), plus one (1), shall constitute a quorum and shall be necessary for the transaction of business. The consent of a majority of the Directors present at any meeting at which a quorum is present shall be required for passage of any measure before the Board. One (1) or more vacancies on the Board shall not change the required minimums for Quorum.

8. **Proxies and Alternates**. Each Board Member entitled to vote may authorize another Board Member to vote on behalf of such Board Member by proxy. A proxy shall be in writing, signed by the Board Member, and revocable at the pleasure of the Board Member executing it, and may be delivered electronically or in paper format. Such proxy must be delivered to the Secretary prior to the meeting or action and shall be valid only for the meeting or action named therein.

   The Chairs of each Disc Sport Committee, the Chair of the Spirit of the Game Commission, the Presidents of each of the Continental Associations, and the Chair of the Athletes' Commission may designate a Deputy Chair to represent them at Board meetings in their absence as an alternate. The designation of such alternate shall be in writing, signed by the Board Member, and revocable at the pleasure of the Board Member executing it, and may be delivered electronically or in paper format. Such alternate designation must be delivered to the Secretary prior to the meeting or action and shall be valid only for the meeting or action named therein. Any such alternate shall be subject to the same duties of confidentiality, care, duty, etc. as the primary board member.

9. **Committees.** The Board may designate such temporary or standing committees as it shall deem advisable and such committee or committees shall have such powers as may be specified by resolution of the Board. In addition to such committees as may be authorized by resolution of the Board, there shall exist the following standing committees:

   9.1. **Executive Committee.** The Executive Committee shall consist of the President, the Vice President, the Secretary and the Treasurer. The Secretary General and Managing Director of Events shall also serve on the Executive Committee as non-voting members. The Executive Committee shall administer the daily affairs of WFDF and shall have and exercise the authority of the Board in the management of WFDF, except as may be limited by resolution of the Board or by law.

   9.2. **Disc Sport Committees**: A Disc Sport Committee shall be established for each Disc Sport with the responsibility to oversee the play-related activities of the specific Disc Sport. Each Disc Sport Committee shall consist of a Chair and a number of members. The Chair of each Disc Sport Committee will be chosen by Congress per the voting procedures established for Board elections for a four (4) year term and members of the Committee shall be nominated by such Chair, subject to approval by the Board.

   Each Disc Sport Committee shall address such issues as may affect participants in the specific Disc Sport, including:

   A. maintaining and proposing revisions of the official WFDF rules for the Disc Sport;
   B. soliciting bids for Sanctioned Events for the Disc Sport;
   C. overseeing the Sanctioned Events for the Disc Sport, determining tournament formats, player and team selection processes, all in accordance with policies established by the Board of Directors,
   D. arbitrating on any WFDF play-related issues within the Disc Sport; and
   E. maintaining world records, and proposing revisions to the standards for such world records, if relevant within the Disc Sport.

Although each Disc Sport Committee or a subcommittee designated for such purpose shall have the responsibility for soliciting bids for Sanctioned Events, the Board of Directors shall make the decision on which bid to accept. All decisions of a Disc Sport Committee may be appealed to the Board. Further, the Board will determine in advance which issues are subject to approval by all Voting Members of WFDF, which are subject to approval solely by Voting Members responsible for that Disc Sport, and which are issues subject to approval by the Board.

9.3. **Disc Discipline Committees**: A Disc Discipline Committee may be established for Disc Disciplines at the discretion of the Board, with the responsibility to oversee the play-related activities of the specific Disc Discipline. Each Disc Discipline Committee shall consist of a Chair and a number of members. The Chair and members of each Disc Discipline Committee will be chosen by the Board of Directors. The Chair of a Disc Discipline Committee need not be a member of the Board.

Each Disc Discipline Committee shall address such issues as may affect participants in the specific Disc Discipline, including:

A. maintaining and proposing revisions of the official WFDF rules for the Disc Discipline;
B. soliciting bids for Sanctioned Events for the Disc Discipline;
C. overseeing the Sanctioned Events for the Disc Discipline, determining tournament formats, player and team selection processes, all in accordance with policies established by the Board of Directors;
D. arbitrating on any WFDF play-related issues within the Disc Discipline; and
E. maintaining world records, and proposing revisions to the standards for such world records, if relevant within the Disc Discipline.

Although each Disc Discipline Committee or a Subcommittee designated for such a purpose shall have the responsibility for soliciting bids for Sanctioned Events, the Board of Directors shall make the decision on which bid to accept. All decisions of a Disc Discipline Committee may be appealed to the Board. Further, the Board will determine in advance which issues are subject to approval by all Voting Members of WFDF and which are issues subject to approval by the Board.

If there is no Committee for a Disc Discipline, an official WFDF version of the rules may be proposed by any Voting Member responsible for that Disc Discipline and approved by the Board of Directors. If there is a proposal for a Sanctioned Event but no Committee has yet been constituted, the Board of Directors shall appoint an interim Disc Discipline Committee and Chair to oversee event discussions.

9.4. **Auditor.** The Congress shall elect a professional Auditor each year, who may not be a member of the Board. The term of the Auditor shall be approximately one (1) year, until the next annual Congress. The Auditor shall review the financial records of the Corporation, and report to the Congress no less than annually. If the Auditor resigns prior to the completion of the term, the Board shall designate a replacement to serve until the next Congress.

10. **Meetings by Telephone or Other Electronic Means**. Members of any Committee designated thereby may hold or participate in a meeting of the Committee by means of conference telephone or other electronic means provided that all such persons so participating in such meeting can hear each other at the same time, or by means of conference via email or similar communications such as electronic chat sessions provided that all such persons so participating in such meeting can participate equally. Whenever members of any Committee are required or permitted to take any action by vote without a meeting, such vote may be conducted through electronic or written voting mechanisms as established by the Board of Directors.

ARTICLE V – OFFICERS

1. **Election, Appointment, Term, Compensation.** Except as otherwise provided herein, Officers shall be elected by Congress and shall serve for the designated term. Effective from and calculated only beginning January 1, 2025, all Officers except for the Vice President can only be elected for a total of three (3) consecutive terms in one (1) role. No two (2) offices may be held by the same person.

2. **Removal, Resignation, Replacement.** Any Officer elected by Congress may only be removed by Congress. Any Officer appointed by the Board may be removed by the Board at any time with or without cause. In the event of the death or resignation or removal of an Officer the Board in its discretion may appoint a successor to serve in the position through the end of the scheduled term.

3. **President.** The President shall be elected by Congress and shall serve for a term of four (4) years. The President shall preside at all meetings of the Congress and of the Board, and shall act as Chair of the Executive Committee. The President shall be the chief executive Officer of WFDF. The Board of Directors may authorize the President to enter into or execute and deliver any instrument in the name of and on behalf of WFDF. Such authority may be general or confined to specific instances.

4. **Vice President.** The Vice President shall be elected by the Board from among the board members, shall serve on the Executive Committee, and shall serve for a term of two (2) years renewable without limitation. In the absence of the President, or in the event of his/her inability or refusal to act, the Vice President (if any) shall perform the duties of the President, and when so acting, shall have all the powers of and be subject to all of the restrictions upon the President. The Vice President (if any) shall perform such other duties as from time to time may be assigned to him or her by the President or by the Board of Directors.

5. **Treasurer.** The Treasurer shall be elected by Congress and shall serve for a term of four (4) years. The Treasurer shall serve on the Executive Committee and shall act as the treasurer and controller of WFDF. The Treasurer shall have the care and custody of all the funds and securities of WFDF and shall deposit all such funds in the name of WFDF in such bank or trust company as the Board of Directors may elect. He or she shall keep an account of all monies received and expended for use of WFDF, and shall sign all checks, drafts, notes and orders for the payment of money authorized by the Board of Directors. The Treasurer shall also negotiate all loans and/or other financial transactions on behalf of WFDF at the direction of the Board. The Board may, in its sole discretion, authorize the

Treasurer to make such payments as may be customary and normal in the ordinary course of business; all extraordinary disbursements must be approved by the Executive Committee, subject to the discretion of the Board. The Treasurer shall maintain an up-to-date list of members in good standing, shall present a report on the financial affairs of WFDF to the Annual Meeting and the Board of Directors, shall be responsible for the filing of all tax returns (if any) as may be required from time to time and shall prepare a report to the membership to be distributed by electronic mail and posted on the web site each year.

6. **Secretary.** The Secretary shall be elected by Congress and shall serve for a term of four (4) years. The Secretary shall serve on the Executive Committee and shall have the duty to see that all notices are duly given in accordance with the provisions of these Bylaws or as required by law, shall keep the minutes of the meetings of the Board of Directors and the Congress in a book or books provided for such purposes, and shall maintain a file of such other books and papers of WFDF as the Board of Directors may direct. The Secretary shall prepare, under the direction of the Board of Directors, periodic reports as may be required under applicable law.

7. **Secretary General.** The Secretary General shall act as the Chief Operating Officer (COO) of WFDF and its administration and shall be appointed by the Board of Directors on mutually agreed contractual terms. The Secretary General shall be responsible for implementing decisions passed by the WFDF Congress, Executive Committee, and Board of Directors, and managing the relations with the Continental Associations, Members, Commissions, and International Organizations. The Secretary General shall also serve as a non-voting member of the Executive Committee and Board of Directors.

8. **Other Officers.** The Board shall appoint such other Officers as may be necessary to conduct the business of WFDF. In addition, the Board may designate special consultants or agents at any time. Compensation, if any, for all such Officers, consultants and agents shall be fixed by the Board, so long as such Officers, consultants or agents are not Board members or affiliated with Board members.

ARTICLE VI - COMMISSIONS

1. **Standing Commissions.** WFDF shall maintain a number of standing Commissions:

   1.1. **Athletes' Commission**. The Athletes' Commission shall:
   - Serve as a non-political group which can offer advice, feedback, and assistance to WFDF on matters and issues of relevance to all Disc Sport athletes;

2. **Selection of Members to Standing Commissions.** Members of the Athletes' Commission shall be selected in a direct election by elite athletes in a mechanism to be determined by the Board. The Chair of the Spirit of the Game Commission shall be elected by Congress and its members shall be selected and approved by the Board. The Chairs and members of the other Commissions shall be selected and approved by the Board. Members must meet the requirements set out in the Terms of Reference.

3. **Appeals Commission**. The WFDF Appeals Commission shall serve as an *ad hoc* internal second instance appeals body for any appeals related to decisions by WFDF first instance bodies. The Appeals Commission shall be composed of three (3) ordinary members. The party to the dispute looking to appeal a decision of first (1st) instance within WFDF notifies the WFDF Executive Committee in writing of the request for an appeal and nominates a qualified individual as arbitrator. Upon notice by the Executive Committee within seven (7) days, the other party to the dispute shall nominate the second (2nd) member of the Appeals Commission within twenty-eight (28) days of receipt of such notice. After notification by the Executive Committee within seven (7) days, the nominated arbitrators shall elect a third arbitrator as chairman within a further twenty-eight (28) days to chair the Appeals Commission. In the event of a tie, the nominees for chair shall be decided by lot.

   The members of the Appeals Commission may not belong to or be affiliated with any organization whose activities are the direct subject of the dispute. The Appeals Commission shall reach its decision by a simple majority of votes after the arguments of both sides have been heard under the format defined by the Appeals Commission. The Appeals Commission shall decide to the best of its knowledge and belief under the principles of *ex aequo et bono*. Expenses shall be borne by the parties to the dispute as allocated by the majority decision of the Appeals Commission.

4. **Other Commissions.** The Board may establish any other Commissions it determines are necessary and appoint the members at its discretion.

ARTICLE VII – CONTINENTAL ASSOCIATIONS

Members affiliated with WFDF and geographically situated on the same continent shall belong to their respective Continental Associations. WFDF shall have the following Continental Associations: Africa, Asia, Europe, Oceania and Pan-Americas.

The Continental Association Board shall assist, support and advise the WFDF Board of Directors and the Congress regarding the following issues:

1. The promotion and coordination of the development and activities of Flying Disc sports within the respective Continents;
2. Matters of common interest of the Members in their Continent;
3. Organization of Continental club and national teams' competitions;
4. Organization and coordination of development efforts across the Continent; and
5. Preparation of the budget and plan of action to be submitted to the WFDF board.

The Board of WFDF is allowed to delegate some of its duties and powers to any Continental Association in its discretion.

The President and the other persons on the board of the Continental Associations must be a national or resident of a country which is represented by the Continental Association they represent. The members of the Board including the President will be elected by the representatives of countries in the Continental Association and the President or designate shall serve on the WFDF Board of Directors.

In the case that a Continental Association President is already a member of the Board in another function, the Continental Association can send an alternate representative from their Board membership holding a right to vote.

ARTICLE VIII – GUIDING PRINCIPLES

WFDF operates under a series of key guiding principles, including:

1. **Olympic Movement**: WFDF commits and aspires to the principles of the Olympic movement as enshrined by the International Olympic Committee in the Olympic Charter and to its various guidelines, codes, and regulations as amended from time to time, particularly the:
    - Basic Universal Principles of Good Governance within the Olympic Movement
    - Olympic Movement Code on the Prevention of the Manipulation of Competitions
    - IOC Code of Ethics
    - IOC Safeguarding Guidelines for IFs
2. **Non-Discrimination**: WFDF adheres to a strict anti-discrimination policy with regard to race, color, religion, national origin, politics, sex, or sexual orientation.

3. **Neutrality**: WFDF is politically neutral and any kind of discussions or demonstrations of a political, religious or other similar nature are forbidden within WFDF.
4. **Gender Equality, Good Governance, and Sports Integrity**: WFDF shall promote on all levels the principles of gender equality, good governance, and sports integrity, and take appropriate measures to make sure that these principles are implemented in strategic decisions and in day-to-day work.
5. **Sustainability**: WFDF is committed to sound environmental, social and governance practices that respect and safeguard the communities in which Flying Disc sports are conducted. WFDF endorses responsible and sustainable decision-making across all operations, actively promoting sustainability awareness and engaging in meaningful consultation to support a more equitable and resilient future, guided by the UN Sustainable Development Goals
6. **Data Protection**: WFDF operates under the highest standards of general data protection and implements data protection policies ensuring that such standards are upheld.
7. **Fight against Doping**: WFDF strictly adheres to a no-tolerance Anti-Doping policy and is a signatory to the WADA World-Anti Doping Code in its current version. All WFDF Members accept the WFDF Anti-Doping Rules as the mandatory document in their fight against Doping and support WFDF in its actions against Doping.

The WFDF Board of Directors shall be entitled to review and to take appropriate final actions regarding non-adherence to these key guiding principles.

ARTICLE IX -– INDEMNIFICATION

Any person who shall at any time serve, or have served, as a Director, Officer, Commission or Committee member of WFDF, of any other enterprise at the request of WFDF, and the heirs, executors, and administrators of such person, shall be indemnified by WFDF against all costs and expenses reasonably incurred in the defense of, or paid in the settlement of, any claim, action, suit or proceeding, to the extent such indemnification is permitted by the Colorado Revised Nonprofit Corporation Act, as amended. WFDF may in its discretion, but shall not be required to, advance to any such person expenses reasonably incurred in connection with such claim, action, suit or proceeding, and may indemnify and advance expenses to an employee or agent of WFDF to the same extent as to an Officer or Director. The foregoing indemnification shall not be exclusive of any other rights to which those indemnified may be entitled to under any agreement, vote of Members, or otherwise.

ARTICLE X - FISCAL YEAR

The fiscal year of WFDF shall commence on January 1 of each year and end on December 31.

ARTICLE XI – COMMUNICATION WITH MEMBERS

WFDF shall maintain a website and emails which shall serve as the primary vehicle for the dissemination of information to the Members. The information shall be published to all Members as a benefit of membership in WFDF. WFDF shall be required to publish minutes of all meetings of the Board and the Congress, and shall be required to publish a financial report from the Treasurer not less than once annually, distributing the above to Members through such means as determined by the Board.

Each Member shall provide to WFDF an official contact address, including contact person, telephone number, full mailing address per international standards, and an electronic e-mail address, to be confirmed at least annually in the Census (and any time such information changes in the interim). Communications to such address shall be deemed to constitute due notice by WFDF to Members.

ARTICLE XII – BYLAWS AMENDMENTS AND DISSOLUTION OF THE CORPORATION

These Bylaws may be amended, repealed or altered in whole or in part by a by the affirmative vote of not less than two thirds (2/3) of the votes available to be cast at any duly held meeting of the Congress. Proposed amendments to the Bylaws may be submitted to the Board by any Member at any time at least seventy-five (75) calendar days prior to the Annual Meeting. A copy of all proposed amendments shall be forwarded to all Members not less than thirty (30) days prior to the date of such scheduled vote.

The Corporation may be dissolved by the affirmative vote of not less than three quarters (3/4) of the votes available to be cast at any duly held meeting of the Congress. If the corporation is dissolved, the assets shall be liquidated in an orderly fashion and distributed to a globally recognized charitable organization or organizations as designated by Congress.

ARTICLE XIII - DISPUTE RESOLUTION

The Board shall have the authority to establish policies to adjudicate disputes among Members or between Members and itself. Such disputes may include, but shall not be limited to, disputes regarding eligibility for membership, eligibility for individual participants in activities or Sanctioned Events, rulings with regard to world records, rulings involving anti-doping violations, and rulings with regard to disciplinary issues concerning activities, tournaments or events sanctioned by WFDF. The Board shall establish conduct policies for the on-site adjudication of disputes at tournaments or other events sanctioned by WFDF and for the off-site decision-making procedures for dispute resolution. In addition, such policies shall provide for a fair and appropriate appeal process within WFDF through the WFDF Appeals Commission. No matter what the difference between the disputing parties, no case may be taken to a court of law and, as a condition of membership, WFDF shall require Members to renounce the right to take a dispute before a court of justice. WFDF will only recognize and accept the decisions of the Court of Arbitration for Sport (CAS) in Lausanne, Switzerland using the code of sports-related arbitration should the necessity of an appeal against a WFDF decision arise.

BYLAWS OF THE WORLD FLYING DISC FEDERATION

(a Colorado Nonprofit Corporation, as approved by Congress effective ~~23 July 2025~~)

ARTICLE I – PURPOSES

The World Flying Disc Federation ("WFDF") is organized exclusively for educational purposes and to foster national and international amateur sports competition within the meaning of and pursuant to Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (or under the corresponding provision of any future United States Internal Revenue law). The activities of WFDF include, but are not limited to, such purposes as:

1. To serve as the international governing body of all Flying Disc sports, with responsibility for sanctioning world championship and other international Flying Disc events, establishing uniform rules, and setting standards for and recording of world records;
2. To promote and protect the "spirit of the game" and the principles of "self-officiation" as essential aspects of Flying Disc sports play;
3. To promote Flying Disc sports play throughout the world and foster the establishment of new national Flying Disc sports associations, advising them on all Flying Disc sports activities and general management;
4. To promote and raise public awareness of and lobby for official recognition of Flying Disc play as sport;
5. To provide an international forum for discussion of all aspects of Flying Disc sports play; and
6. Consistent with the above principles, to transact any and all other lawful business or businesses for which a corporation may be incorporated pursuant to the Colorado Revised Nonprofit Corporation Act, as it may be amended from time to time.

ARTICLE II – DEFINITIONS OF DISC SPORTS AND SANCTIONED EVENTS

1. A **Disc Game** is a game or event played with a flying disc that is recognized as a Disc Game by the WFDF Sport for All Commission. The list of Disc Games shall be maintained on the WFDF website and updated as necessary.

2. A **Disc Discipline** is a Disc Game which is played according to a set of rules approved by WFDF but for which there is no WFDF World Championship event. The designation as a WFDF Disc Discipline is recommended by the WFDF Sport for All Commission and granted and revoked in an Annual or Special Meeting or other vote of the Voting Members of WFDF ("Congress"). The list of Disc Disciplines shall be maintained on the WFDF web-site and updated as necessary.

3. A **Disc Sport** is a Disc Discipline which conforms to the following definition:

A. it is a Disc Discipline played according to a set of rules approved by WFDF;¶

~~B.~~

C. it is a Disc Game for which a WFDF Disc Sport Committee has been established; and¶

~~D.~~

E. it is a Disc Game for which a WFDF World Championship is played on a regular basis, meeting the standards for such tournaments as set forth in these Bylaws and as otherwise established by the Board of Directors.

4. The designation as a WFDF Disc Discipline or a Disc Sport is granted and revoked by Congress. The list of Disc Games, Disc Disciplines, and Disc Sports shall be maintained on the WFDF web-site and updated as necessary. Rules and regulations of each Disc Discipline and Disc Sport or the standards for World Records are governed by their respective standing or ad hoc Committees, must be written in the English language, and must be approved by the Board of Directors. Notwithstanding the foregoing, all amendments to the rules and regulations that impact the athletes' sole responsibility to make, and determine the final outcome of, a violation, foul, or other call during a competition has to be approved by Congress in accordance with Article III, Sections 4.2 and 4.3.

5. A **WFDF World Championship** is a Sanctioned Event that is a tournament or event designated by Congress as a "WFDF World Championship" for a particular Disc Sport. Such tournament or event may be held on a standalone basis or in conjunction with the WFDF World Championship for other Disc Sports. Such events must meet the minimum standards for determination of tournament formats, player and team selection processes, etc., as set by the policies established by the Board of Directors. Furthermore, for a tournament or event for a Disc Sport to be designated and maintained as a WFDF World Championship, it must be held on no less than a quadrennial basis and must regularly involve participants from at least eight (8) different countries from three (3) continents.

6. A **Sanctioned Event** is a tournament or event designated by the Board of Directors~~Congress~~ as a "Sanctioned Event" for a particular Disc Discipline or Disc Sport. Although it includes all WFDF World Championships, it may also include regional events or variations on the rules of play for a Disc Discipline or Disc Sport. A Sanctioned Event fee shall be paid to WFDF for each participating player in any WFDF Sanctioned Event, according to the schedule established by Congress.

ARTICLE III – MEMBERSHIP AND VOTING

1. **Membership Classes**. There shall exist the following classes of membership:

1.1. **National Member:** A National Member shall be a Flying Disc association that is the governing body for Disc Games solely within a single national boundary. There can be only one (1) National Member per country, with the definition of a country as per the terminology of the International Olympic Committee (IOC).

-To become a National Member and/or remain in good standing, a Flying Disc association must meet all of the following criteria, receive preliminary approval

from~~of~~ WFDF's Board of Directors, and be confirmed by Congress. If an incumbent National Member fails to continue to meet the membership criteria, their membership may be revoked by Congress. These criteria include ~~are~~ that a National Member must:

A. be organized with bylaws acceptable to WFDF;
B. operate under the rules, policies, and programs which are in compliance with all agreements to which WFDF is a party;
C. be open to participation without regard to race, color, religion, national origin, politics, sex, or sexual orientation;
D. represent a minimum of fifty (50) individual disc players who are members of its organization ("Constituents") in one (1) or more Disc Sports, unless this minimum requirement is waived by the Board in the case of countries with small national populations;
E. hold an annual meeting and/or have another representative mechanism for its Constituents to elect a board of directors;
F. regularly organize Flying Disc sports activities and national championships in one (1) or more Disc Sports;
G. fairly represent the interests of Constituents for all Disc Games within the country; and
H. pay dues to WFDF as established by the Congress, and report annually regarding the number of its Constituents per the requirements as established by the Board of Directors (the "Census").

Regarding (G~~f~~) above, a National Member's bylaws do not need to provide that they represent all Disc Sports in the country with regard to WFDF. However, if they do not represent all Disc Sports, they require a B~~b~~oard approved plan on how they address other Disc Sports if representatives of those Disc Sports express an interest in writing in becoming formally represented in WFDF and meet the minimum criteria for such representation.

An incumbent National Member can determine how best to accomplish such representation, whether through delegation to other Disc Discipline associations within their country or through formally defined committees within their own organization. A National Member is required to provide some form of representation of a Disc Sport once there is a critical mass of participation of no less than twenty-five (25) Constituents whose primary participation is with Ultimate, Beach Ultimate, or Disc Golf, or ten (10) Constituents whose primary participation is with other Disc Sports. If there is a second organization representing a Disc Sport with at least fifty (50) Constituents, then the organizations are expected to develop an umbrella organization or some other form of cooperation agreed by both which respects the incumbency of the original national Member within three (3) years of an application being submitted to the National Member and to WFDF.

1.2. **Provisional National Member:** Provisional National Members are Flying Disc associations that are the governing body for all Disc Sports solely within a single national boundary that have not met all of the qualifications of a National Member.

To become a Provisional Member and/or remain in good standing, a Flying Disc association must meet all of the following criteria, receive preliminary approval of WFDF's Board of Directors, and be confirmed by Congress. If an incumbent Provisional Member fails to continue to meet the membership criteria, their membership may be revoked by Congress. These criteria are that a Provisional National Member must:

A. be organized with bylaws acceptable to WFDF;
B. ~~be open to participation without regard to race, color, religion, national origin, politics, sex or sexual orientation;¶~~
C. operate under the rules, policies and programs, which are in compliance with all agreements to which WFDF is a party;
D. be open to participation without regard to race, color, religion, national origin, politics, sex or sexual orientation;
E. represent a minimum of fifty (50) individual disc players who are members of its organization ("Constituents") in one (1) or more Disc Sports, unless this minimum requirement is waived by the Board in the case of countries with small national populations;
F. hold an annual meeting and/or have another representative mechanism for its Constituents to elect a board of directors;¶
G. fairly represent the interests of all Constituents in the applicable sport, region and/or country;
H. regularly organize Flying Disc sports activities in one (1) or more Disc Sports; and
I. report annually per the Census requirements as established by the Board.

Provisional Members will have their status upgraded automatically to National Membership after two (2) years of provisional membership upon filing a report on activities and approval by the Board and payment of the membership dues as decided by Congress.

1.3. **Associate Member:** An Associate Member is an association with ties to Disc Sports that is not a national governing body for flying Disc Sports within a country. These may include not-for-profit organizations that provide services to Disc Sports or which represent particular Disc Sports organizations. Associate Members do not have any voting rights but may attend Congress. They must meet the requirements for membership set out by the Board of Directors and receive approval by Congress.

1.4. **Transition Phase:** Up until year end 2022, WFDF permitted more than one (1) Member per country as long as they represented different Disc Sports in that country, or Members who only represented the interests of athletes of one (1) Disc Sport within the country and not the others. It also permitted Disc Sport Organizational Members which were Flying Disc associations which were the governing body for a single Disc Sport across numerous national boundaries. From the date of the adoption of these Bylaws until December 2026, any current Members of WFDF shall be grandfathered in their membership, but should seek to conform to the new definition of membership outlined in this Article III of the Bylaws. Members not conforming to the updated definition of membership will be notified by WFDF of such non-conformance and will be required to provide an

action plan of how they intend to conform by June 2027 and complete their transition by December 2027. Any Member in non-conformance by June 2028 may, per a vote of Congress upon the recommendation of the Board, have their membership terminated.

1.5. **Resolution of Conflicts in Defining Responsibility:** There can only be one (1) Member representing Flying Disc sports~~each Disc Sport~~ in each country. Through the Transition Phase e~~E~~xpiration, there can be only one (1) Member representing each Disc Game per country. If there is a Member in a country, and a separate association in the country requests consideration as a Member in WFDF, the prospective Member's application must specifically address the issue of representation and the incumbent Member must also comment on the application. In case of such conflict, Congress will make the decision as to which association should be the Member within the country.

2. **Reporting by Members**. As a prerequisite of initial membership and as an ongoing requirement to remain in good standing, each Member shall report the number of Constituents in its association and the basis for such calculation to WFDF. Such number shall typically be the greater of the (a) the number of dues paying members in the Member organization or (b) the number of different individuals participating in the national Flying Disc championships sanctioned by the Member organization. WFDF reserves the right to review the basis for the calculation of members for a Member association and to require revisions in order to establish consistency among Members in the basis for such calculations. Such ongoing reporting shall occur in the form of an annual Census, the requirements of which shall be established and amended from time to time by the Board.¶

3. **Rights of Members: Voting and Play in Sanctioned Events**.

3.1. **Voting**. All National Members in good standing ("Voting Members") shall be entitled to vote on all matters coming before the Congress, including the selection of Board members and other O~~o~~fficers, fiscal matters of the Corporation, and on play related matters. Provisional National Members are not entitled to any vote.

3.2. **Play in Sanctioned Events**. National Members in good standing may designate Constituent players or teams to participate in Sanctioned Events, per the allocation rules established by the Committee responsible for the respective Disc Sport event and confirmed by the Board. Except as otherwise provided in Section 3.4 of this Article III, players represented by Provisional National Members are not eligible for participation in Sanctioned Events.

3.3. **Good Standing**. A National Member shall be considered in Good Standing for voting purposes or play in a Sanctioned Event if it has paid all of its membership fees prior to the Sanctioned Event or Congress, respectively, and has fulfilled all its other obligations to WFDF including submission of annual Census data.

3.4. **Provisional National Member Play Exemption**. To encourage participation in Sanctioned Events by players from countries or a Disc Game not previously represented by a National but by a Provisional National Member only, there is a one

(1) time exemption from the full membership payment requirement for the participation of a player or team in a Sanctioned Event. However, concurrent with such participation, representatives of that country will have the obligation to apply for National Membership as soon as practicable. Players from such countries will be precluded from participation in subsequent Sanctioned Events until such time as the Provisional Member becomes a full National member, up to a maximum of nine (9) years from the initial exemption event.

4. **Voting**. In matters requiring a vote of Congress, each Voting Member in good standing shall have a number of votes reflective of the number of Constituents that organization represents, as reported in the Census for the respective year, according to the following table (the "Voting Schedule"):

Number of Constituents	**Number of Votes**
From 0 to 200: Administrative	1
From 0 to 200: Base	1
From 201 to 400	2
From 401 to 800	3
From 801 to 1,600	4
From 1,601 to 3,200	5
From 3,201 to 6,400	6
From 6,401 to 12,800	7
From 12,801 to 25,600	8
From 25,601 to 51,200	9
51,201 and above	10

Votes of Members with more than one (1) vote may be split in favor of alternative choices on a whole number basis per the Member's discretion.

Notwithstanding the foregoing, the Congress may establish limits based on the number of Constituents for a maximum and minimum number of votes per Member, which must also be directly reflected in the dues required for such Member.

4.1. **Decisions by all Voting Members**. All Voting Members shall vote on matters affecting the general business and functions of WFDF, including:

A. electing the Ddirectors and Oofficers of WFDF;
B. reviewing and approving the previous year's financial statements and auditors' reports;
C. approving WFDF's annual budget and electing an Auditor;
D. setting membership dues and sanctioning fees for WFDF events;
E. ~~approving the WFDF event calendar;~~¶
F. ~~—~~authorizing the basic strategic direction and policies of WFDF;
G. approving new Members or terminating Members;
H. making amendments to the WFDF Bylaws;
I. adding new Disc Sports to the WFDF program; and
J. other matters affecting WFDF generally.

Each Voting member shall have the number of votes as per the Voting Schedule, adjusted by any such minimum or maximum caps as determined by Congress.¶
¶

4.2. **Voting by Representatives of Specific Disc Disciplines, Games and Sports**. For matters only involving a specific Disc Discipline, Game and Sport, as determined by the Board of Directors, only Voting Members with responsibility for that Disc Discipline, Game and Sport may vote. Each Voting Member with responsibility for a specific Disc Discipline, Game and Sport shall have the number of votes as per the voting Schedule (adjusted by any such minimum or maximum caps as determined by Congress) without consideration of the share of its Constituents involved with such Disc Discipline, Game and Sport.¶

4.3. **Requisite Majorities**. In most votes put forward before Congress, except as noted as follows, affirmative votes constituting a simple majority (50% plus 1) of the votes available to be cast are required to approve an action or motion. For (a) motions to revoke the membership of a current Member as provided for in Article III, (b) the removal of a Director as provided for in Article IV, Section 4, or (c) the amendment of the Bylaws as provided for in Article VIII, a two-thirds (2/3) majority of the votes available to be cast are required for approval. Approval of the dissolution of the corporation as provided for in Article VII requires the affirmative vote of a three-quarters (3/4) majority of the votes available to be cast. In all cases, notice must be duly given and the required quorum must be met for any such vote to be valid.

5. **Meetings and Voting Outside of a Meeting**. Annual or Special Meetings of the Members of WFDF, or votes by Voting Members held outside of an in-person meeting, shall be known as a Congress.

5.1. **Annual Meeting**. The Annual Meeting of the Members shall be held each calendar year at a place and time to be fixed by the Board of Directors. The purposes of the annual meeting shall be to:

A. review and approve the previous year's financial statements and auditors' reports;
B. ~~(b)~~ approve WFDF's annual budget and elect an Auditor;
C. ~~, (c)~~ authorize the basic strategic direction and policies of WFDF;
D. serve as a forum for discussion of general Disc Sports issues; and
E. to take such other action as may properly come before the Congress.

The Secretary shall cause to be given to each Member notice of the time and place of the annual meeting not less than ninety (90) days prior to the date of such scheduled meeting. Voting Members in good standing must submit all motions for consideration at the annual meeting to the Board of Directors not less than seventy-five (75) days prior to the date of such scheduled meeting, and the Board shall forward to all Members a meeting agenda, along with copies of all motions, reports and other relevant material for consideration at the Congress, not less than thirty (30) days prior to the date of such scheduled meeting.

5.2. **Special Meetings**. Special Meetings outside of the Annual Meeting may be called at any time by the Board of Directors. The Secretary shall cause to be given to each Voting Member notice of the time, place and purpose of such meeting, along with background materials requiring consideration, not less than thirty (30) days prior thereto. The Board shall also be required to call a Special Meeting of the Congress

upon the written demand of Voting Members in good standing representing twenty-five percent (25%) of the total Member votes.

5.3. **Votes Outside of a Meeting**. Votes outside of the Annual Meeting or a Special Meeting may be called at any time by the Board of Directors. The Secretary shall cause to be given to each Voting Member notice of the time, place and purpose of such meeting or required vote outside of a meeting, along with background materials requiring consideration, not less than thirty (30) days prior thereto. Whenever the Voting Members are required or permitted to take any action by vote outside of an Annual Meeting or Special Meeting, such vote shall take place through electronic or written voting mechanisms as established by the Board of Directors.

5.4. **Quorum**. So long as the Annual Meeting or a Special Meeting has been duly called as provided above, the presence, in person, by telephone or video conference, electronic correspondence, or by proxy, of any Voting Members shall constitute a quorum and shall be sufficient for the transaction of any business. For votes outside of an Annual or Special Meeting, the participation of no fewer than fifty percent (50%) of the Voting Members (before consideration of the actual votes per the Voting Schedule) shall constitute a quorum.

5.5. **Proxies**. Each Voting Member entitled to vote may authorize a person or persons to vote on behalf of such Voting Member by proxy. A proxy shall be in writing, signed by a duly authorized officer of a Voting Member, and revocable at the pleasure of the Voting Member executing it, and may be delivered electronically or in paper format. Such proxy must be delivered to the Secretary prior to the meeting or action and shall be valid only for the meeting or action named therein.

6. **Membership Fees**. The annual dues of Members shall be determined from time to time by the Congress, upon recommendation of the Board. Membership dues for each National Member are to be determined on the basis of the number of Constituents represented directly or indirectly by that organization, as reported in the Census for that year. Notwithstanding the foregoing, the Congress may establish limits for a maximum and minimum rate for dues per Member, which will be directly reflected in the Voting Schedule for such Member. In addition, the Congress, at the recommendation of the Board of Directors, may provide for a discounted rate for dues for Members in developing countries (the "Special Terms of Payment"), which shall not affect the Voting Schedule for any such Member.

   If a Member declines to report the number of players it represents in the Census, the Board is authorized to estimate the number for that Member at its discretion and set dues accordingly.

7. **Sanctioned Event Fees**. The Sanctioned Event fee schedule shall be determined from time to time by Congress upon the recommendation of the Board. Such schedule of sanctioning fees shall be reflective of the type of event, expected number of participants, and length of event, and shall be stated as a per participant fee collected by WFDF or the Sanctioned Event Organizer on behalf of WFDF.

In any case, the one (1) time exemption for provisional Members from the Membership requirement provided for in Article III Section 3.4 does not excuse the participants from being required to pay the Sanctioned Event fee in order to participate in the Sanctioned Event.

8. **Hold Harmless**. Each Member, as a condition of its membership, agrees to hold WFDF and its Dedirectors, officers, coordinators, agents and consultants harmless from claims of any kind, nature or description arising out of the Member's participation in or observance of any activity, game, tournament or event sponsored or sanctioned by WFDF.

9. **Meetings by Telephone or Other Electronic Means**. Members may hold or participate in a meeting of the Congress by means of conference telephone or other electronic means provided that all such persons participating in such meeting can hear each other at the same time.

ARTICLE IV - DIRECTORS

1. **Management of the Corporation.** WFDF shall be managed by the Board of Directors. Directors shall be selected without regard to race, color, religion, national origin, politics, sex or sexual orientation.

   The Board shall consist of the:

   - President;
   - Secretary;
   - Treasurer;
   - the current Chairs of each Disc Sport Committee;
   - the Chair of the Spirit of the Game Commission;
   - the Presidents of each of the Continental Associations;
   - the Chair of the Athletes' Commission
   - the Chair of Medical Commission Chair; and;
   - two (2) at-large directors.

   The Secretary General and Managing Director of Events shall also serve on the Board as a non-voting member.

   The President, Secretary, Treasurer, and the Chairs of each Disc Sport Committee and the Spirit of the Game Commission shall be elected by the Congress, the Chair of the Athletes Commission shall be chosen by the members of the Athletes' Commission, and the Chair of the Medical Commission and the two (2) at-large directors shall be appointed by the Board.

   In addition, the Board may appoint for a period of a two (2) year term up to two (2) independent Non-Executive Board Members to a non-voting position. In order to meet the independence criterion, a person must not have held been employed by or held any other volunteer position in any Flying Disc organization or engage in any Flying Disc competitive activity for at least three (3) years prior to the time of appointment, and desist from any such involvement throughout the duration of their tenure on the Board.

The Board may engage outside consultants or independent contractors to assist on a day to day basis with the management of the corporation, within the constraints of the budget approved by the Congress.

2. **Election and Term of Directors.** An annual election by Congress will be held during the final two (2) months of each calendar year to elect Dedirectors to hold office for the designated term of office. Each director shall hold office until the expiration of the term for which theyhe or she were elected and until theirhis or her successor has been elected and shall have qualified, or until theirhis or her resignation or removal. Directors shall serve for four (4) year terms, to be staggered as determined by the Congress. Elections are held electronically to accommodate all Members, and shall be open for no less than thirty (30) calendar days. Votes by Congress for Directors shall be via a commonly accepted voting mechanism as determined by the Board.

   Effective from and calculated only beginning January 1, 2025, all members of the Board can only be elected for a total of three (3) consecutive terms of four (4) years in one (1) role.

3. **Increase or Decrease in Number of Directors**. The number of Dedirectors may only be changed by Congress through an amendment to the Bylaws. No decrease in number of Dedirectors shall shorten the term of any incumbent director.

4. **Removal, Resignation, Replacement.** Any Dedirector or Dedirectors may be removed by Congress. A Dedirector may resign at any time by giving written notice to the Board. Unless otherwise specified in the notice, the resignation shall take effect upon receipt thereof by the Board. In the case of the resignation, death, or removal of a Board member, the Board in its discretion, may appoint a successor to serve in the position through the end of the scheduled term.

5. **Meetings.** There shall be no less than four (4) meetings of the Board annually, at such places and times to be fixed by the President. The Secretary shall cause to be given to each member of the Board notice of the time and place of athe annual meeting not less than thirty (30) days prior to the date of such meeting for an in-person meeting and seven (7) days for an electronic meeting. Such Board meetings may take place in person or by means of conference telephone or similar communications equipment, provided that all such persons participating in such meeting can hear each other at the same time.

6. **Special Meetings and Actions Taken Without a Meeting.** A special meeting of the Board may be called by a majority of the Board. The Secretary shall cause each Dedirector to be notified of the time, place and purpose of such meeting not less than thirty (30) calendar days prior thereto. A vote of the Board taken without a meeting may be called by the President or by a majority of the Board, with each Dedirector to be notified of the time, place and purpose of such vote not less than seven (7) calendar days prior thereto. Whenever members of the Board are required or permitted to take any action by vote without a meeting, such vote shall be conducted through electronic or written voting mechanisms as established by the Board of Directors.

7. **Quorum and Required Majority.** The presence of a number of voting members of the Board not less than fifty percent (50%) of the total members (rounded up to the nearest whole integer), plus one (1), shall constitute a quorum and shall be necessary for the

transaction of business. The consent of a majority of the Directors present at any meeting at which a quorum is present shall be required for passage of any measure before the Board. One (1) or more vacancies on the Board shall not change the required minimums for Quorum.

8. **Proxies and Alternates**. Each Board Member entitled to vote may authorize another Board Member to vote on behalf of such Board Member by proxy. A proxy shall be in writing, signed by the Board Member, and revocable at the pleasure of the Board Member executing it, and may be delivered electronically or in paper format. Such proxy must be delivered to the Secretary prior to the meeting or action and shall be valid only for the meeting or action named therein.

   The Chairs of each Disc Sport Committee, the Chair of the Spirit of the Game Commission, the Presidents of each of the Continental Associations, and the Chair of the Athletes' Commission may designate a Deputy Chair to represent them at Board meetings in their absence as an alternate. The designation of such alternate shall be in writing, signed by the Board Member, and revocable at the pleasure of the Board Member executing it, and may be delivered electronically or in paper format. Such alternate designation must be delivered to the Secretary prior to the meeting or action and shall be valid only for the meeting or action named therein. Any such alternate shall be subject to the same duties of confidentiality, care, duty, etc. as the primary board member.

9. **Committees.** The Board may designate such temporary or standing committees as it shall deem advisable and such committee or committees shall have such powers as may be specified by resolution of the Board. In addition to such committees as may be authorized by resolution of the Board, there shall exist the following standing committees:

   9.1. **Executive Committee.** The Executive Committee shall consist of the President, the Vice President, the Secretary and the Treasurer. The Secretary General and Managing Director of Events shall also serve on the Executive Committee as a non-voting members. The Executive Committee shall administer the daily affairs of WFDF and shall have and exercise the authority of the Board in the management of WFDF, except as may be limited by resolution of the Board or by law.

   9.2. **Disc Sport Committees**: A Disc Sport Committee shall be established for each Disc Sport with the responsibility to oversee the play-related activities of the specific Disc Sport. Each Disc Sport Committee shall consist of a Chair and a number of members. The Chair of each Disc Sport Committee will be chosen by Congress per the voting procedures established for Board elections for a four (4) year term and members of the Committee shall be nominated by such Chair, subject to approval by the Board.

   Each Disc Sport Committee shall address such issues as may affect participants in the specific Disc Sport, including:

   A. ~~(a)~~ maintaining and proposing revisions of the official WFDF rules for the Disc Sport;
   B. ~~(b)~~ soliciting bids for Sanctioned Events for the Disc Sport;

C. ~~(c)~~ overseeing the Sanctioned Events for the Disc Sport, determining tournament formats, player and team selection processes, all in accordance with policies established by the Board of Directors,
D. ~~(d)~~ arbitrating on any WFDF play-related issues within the Disc Sport; and
E. ~~(e)~~ maintaining world records, and proposing revisions to the standards for such world records, if relevant within the Disc Sport.

Although each Disc Sport Committee or a subcommittee designated for such purpose shall have the responsibility for soliciting bids for Sanctioned Events, the Board of Directors shall make the decision on which bid to accept. All decisions of a Disc Sport Committee may be appealed to the Board. Further, the Board will determine in advance which issues are subject to approval by all Voting Members of WFDF, which are subject to approval solely by Voting Members responsible for that Disc Sport, and which are issues subject to approval by the Board.

9.3. **Disc Discipline Committees**: A Disc Discipline Committee may be established for Disc Disciplines at the discretion of the Board, with the responsibility to oversee the play-related activities of the specific Disc Discipline. Each Disc Discipline Committee shall consist of a Chair and a number of members. The Chair and members of each Disc Discipline Committee will be chosen by the Board of Directors. The Chair of a Disc Discipline Committee need not be a member of the Board.

Each Disc Discipline Committee shall address such issues as may affect participants in the specific Disc Discipline, including:
A. ~~(a)~~ maintaining and proposing revisions of the official WFDF rules for the Disc Discipline;
B. ~~(b)~~ soliciting bids for Sanctioned Events for the Disc Discipline;
C. ~~(c)~~ overseeing the Sanctioned Events for the Disc Discipline, determining tournament formats, player and team selection processes, all in accordance with policies established by the Board of Directors;
D. ~~, (d)~~ arbitrating on any WFDF play-related issues within the Disc Discipline; and
E. ~~(e)~~ maintaining world records, and proposing revisions to the standards for such world records, if relevant within the Disc Discipline.

~~-~~Although each Disc Discipline Committee or a subcommittee designated for such purpose shall have the responsibility for soliciting bids for Sanctioned Events, the Board of Directors shall make the decision on which bid to accept. All decisions of a Disc Discipline Committee may be appealed to the Board. Further, the Board will determine in advance which issues are subject to approval by all Voting Members of WFDF~~, which are subject to approval solely by Voting Members responsible for that Disc Discipline,~~ and which are issues subject to approval by the Board.

If there is no Committee for a Disc Discipline, an official WFDF version of the rules may be proposed by any Voting Member responsible for that Disc Discipline and approved by the Board of Directors. If there is a proposal for a Sanctioned Event but no Committee has yet been constituted, the Board of Directors shall appoint an interim Disc Discipline Committee and Chair to oversee event discussions.

9.4. **Auditor.** The Congress shall elect a professional Auditor each year, who may not be a member of the Board. The term of the Auditor shall be approximately one (1) year, until the next annual Congress. The Auditor shall review the financial records of the Corporation, and report to the Congress no less than annually. If the Auditor resigns prior to the completion of the term, the Board shall designate a replacement to serve until the next Congress.

10. **Meetings by Telephone or Other Electronic Means**. Members of any Committee designated thereby may hold or participate in a meeting of the Committee by means of conference telephone or other electronic means provided that all such persons so participating in such meeting can hear each other at the same time, or by means of conference via email or similar communications such as electronic chat sessions provided that all such persons so participating in such meeting can participate equally. Whenever members of any Committee are required or permitted to take any action by vote without a meeting, such vote may be conducted through electronic or written voting mechanisms as established by the Board of Directors.

ARTICLE V – OFFICERS

1. **Election, Appointment, Term, Compensation.** Except as otherwise provided herein, Oofficers shall be elected by Congress and shall serve for the designated term. Effective from and calculated only beginning January 1, 2025, all Oofficers except for the Vice President can only be elected for a total of three (3) consecutive terms in one (1) role. No two (2) offices may be held by the same person.

2. **Removal, Resignation, Replacement.** Any Officer elected by Congress may only be removed by Congress. Any Oofficer appointed by the Board may be removed by the Board at any time with or without cause. In the event of the death or resignation or removal of an Oofficer the Board in its discretion may appoint a successor to serve in the position through the end of the scheduled term.

3. **President.** The President shall be elected by Congress and shall serve for a term of four (4) years. The President shall preside at all meetings of the Congress and of the Board, and shall act as Chair of the Executive Committee. The President shall be the chief executive Oofficer of WFDF. The Board of Directors may authorize the President to enter into or execute and deliver any instrument in the name of and on behalf of WFDF. Such authority may be general or confined to specific instances.

4. **Vice President.** The Vice President shall be elected by the Board from among the board members, shall serve on the Executive Committee, and shall serve for a term of twofourone (2~~1~~) years renewable without limitation. In the absence of the President, or in the event of his/her inability or refusal to act, the Vice President (if any) shall perform the duties of the President, and when so acting, shall have all the powers of and be subject to all of the restrictions upon the President. The Vice President (if any) shall perform such other duties as from time to time may be assigned to him or her by the President or by the Board of Directors.

5. **Treasurer.** The Treasurer shall be elected by Congress and shall serve for a term of four (4) years. The Treasurer shall serve on the Executive Committee and shall act as the

treasurer and controller of WFDF. The Treasurer shall have the care and custody of all the funds and securities of WFDF and shall deposit all such funds in the name of WFDF in such bank or trust company as the Board of Directors may elect. He or she shall keep an account of all monies received and expended for use of WFDF, and shall sign all checks, drafts, notes and orders for the payment of money authorized by the Board of Directors. The Treasurer shall also negotiate all loans and/or other financial transactions on behalf of WFDF at the direction of the Board. The Board may, in its sole discretion, authorize the Treasurer to make such payments as may be customary and normal in the ordinary course of business; all extraordinary disbursements must be approved by the Executive Committee, subject to the discretion of the Board. The Treasurer shall maintain an up-to-date list of members in good standing, shall present a report on the financial affairs of WFDF to the Annual Meeting and the Board of Directors, shall be responsible for the filing of all tax returns (if any) as may be required from time to time and shall prepare a report to the membership to be distributed by electronic mail and posted on the web site each year.

6. **Secretary.** The Secretary shall be elected by Congress and shall serve for a term of four (4) years. The Secretary shall serve on the Executive Committee and shall have the duty to see that all notices are duly given in accordance with the provisions of these Bylaws or as required by law, shall keep the minutes of the meetings of the Board of Directors and the Congress in a book or books provided for such purposes, and shall maintain a file of such other books and papers of WFDF as the Board of Directors may direct. The Secretary shall prepare, under the direction of the Board of Directors, periodic reports as may be required under applicable law.

7. **Secretary General.** The Secretary General shall act as the Chief Operating Officer (COO) of WFDF and its administration and shall be appointed by the Board of Directors on mutually agreed contractual terms. The Secretary General shall be responsible for implementing decisions passed by the WFDF Congress, Executive Committee, and Board of Directors, and managing the relations with the Continental Associations, Members, Commissions, and International Organizations. The Secretary General shall also serve as a non-voting member of the Executive Committee and Board of Directors.

8. **Other Officers.** The Board shall appoint such other Oofficers as may be necessary to conduct the business of WFDF. In addition, the Board may designate special consultants or agents at any time. Compensation, if any, for all such Oofficers, consultants and agents shall be fixed by the Board, so long as such Oofficers, consultants or agents are not Board members or affiliated with Board members.

¶

ARTICLE VI - COMMISSIONS

1. **Standing Commissions.** WFDF shall maintain a number of standing Commissions:

   1.1. **Athletes' Commission**. The Athletes' Commission shall:
   - Serve as a non-political group which can offer advice, feedback, and assistance to WFDF on matters and issues of relevance to all Disc Sport athletes;
   - Promote high standards of sportsmanship and ethical performance when athletes are competing/participating at the international level;

- Provide regular reports and recommendations to the WFDF Board on issues of relevance to athletes;
- Examine the WFDF business plan and give feedback to the Board on areas of improvement and/ or concerns that require input from athletes;
- Bring the athletes' point of view to the Medical & Anti-Doping Committee on issues concerning athletes' health and anti-doping issues;
- Relate directly to and represent athletes competing at the highest level and establish relationships to promote feedback to WFDF on matters concerning elite athletes; and
- Act as a promotional tool available for the purposes of promoting Disc Sport to sponsors, the media and the general public.

1.2. **Medical and Anti-Doping Commission**. The Medical and Anti-Doping Commission shall:

- Provide recommendations and support to WFDF on its anti-doping program.
- Provide recommendations and support to WFDF on medical-related matters.

2. **Selection of Members to Standing Commissions.** Members of the Athletes' Commission shall be selected in a direct election by elite athletes in a mechanism to be determined by the Board. The Chair of the Spirit of the Game Commission shall be elected by Congress and its members shall be selected and approved by the Board. The Chairs and members of the other Commissions shall be selected and approved by the Board. Members must meet the requirements set out in the Terms of Reference.▪

3. **Appeals Commission**. The WFDF Appeals Commission shall serve as an *ad hoc* internal second instance appeals body for any appeals related to decisions by WFDF first instance bodies. The Appeals Commission shall be composed of three (3) ordinary members. The party to the dispute looking to appeal a decision of first (1st) instance within WFDF notifies the WFDF Executive Committee in writing of the request for an appeal and nominates a qualified individual as arbitrator. Upon notice by the Executive Committee within seven (7) days, the other party to the dispute shall nominate the second (2nd) member of the Appeals Commission within twenty-eight (28) days of receipt of such notice. After notification by the Executive Committee within seven (7) days, the nominated arbitrators shall elect a third arbitrator as chairman within a further twenty-eight (28) days to chair the Appeals Commission. In the event of a tie, the nominees for chair shall be decided by lot.

The members of the Appeals Commission may not belong to or be affiliated with any organization whose activities are the direct subject of the dispute. The Appeals Commission shall reach its decision by a simple majority of votes after the arguments of both sides have been heard under the format defined by the Appeals Commission. The Appeals Commission shall decide to the best of its knowledge and belief under the principles of *ex aequo et bono*. Expenses shall be borne by the parties to the dispute as allocated by the majority decision of the Appeals Commission.

4. **Other Commissions.** The Board may establish any other Commissions it determines are necessary and appoint the members at its discretion.

ARTICLE VII – CONTINENTAL ASSOCIATIONS

Members affiliated with WFDF and geographically situated on the same continent shall belong to their respective Continental Associations. WFDF shall have the following Continental Associations: Africa, Asia, Europe, Oceania, and Pan-Americas.

The Continental Association Board shall assist, support and advise the WFDF Board of Directors and the Congress regarding the following issues:

1. The promotion and coordination of the development and activities of Flying Disc sports within the respective Continents;
2. Matters of common interest of the Members in their Continent;
3. Organization of Continental club and national teams' competitions;
4. Organization and coordination of development efforts across the Continent; and
5. Preparation of the budget and plan of action to be submitted to the WFDF board.

The Board of WFDF is allowed to delegate some of its duties and powers to any Continental Association in its discretion.

The President and the other persons on the board of the Continental Associations must be a national or resident of a country which is represented by the Continental Association they represent. The members of the Bboard including the President will be elected by the representatives of countries in the Continental Association and the President or designate shall serve on the WFDF Board of Directors.

In the case that a Continental Association President is already a member of the Board in another function, the Continental Association can send an alternate representative from their Board membership holding a right to vote.

ARTICLE VIII – GUIDING PRINCIPLES

WFDF operates under a series of key guiding principles, including:

1. **Olympic Movement**: WFDF commits and aspires to the principles of the Olympic movement as enshrined by the International Olympic Committee in the Olympic Charter and to its various guidelines, codes, and regulations as amended from time to time, particularly the:

- Basic Universal Principles of Good Governance within the Olympic Movement
- Olympic Movement Code on the Prevention of the Manipulation of Competitions
- IOC Code of Ethics
- IOC Safeguarding Guidelines for IFs

2. **Non-Discrimination**: WFDF adheres to a strict anti-discrimination policy with regard to race, color, religion, national origin, politics, sex, or sexual orientation.
3. **Neutrality**: WFDF is politically neutral and any kind of discussions or demonstrations of a political, religious or other similar nature are forbidden within WFDF.
4. **Gender Equality, Good Governance, and Sports Integrity**: WFDF shall promote on all levels the principles of gender equality, good governance, and sports integrity, and take appropriate measures to make sure that these principles are implemented in strategic decisions and in day-to-day work.
5. **Sustainability**: WFDF is committed to sound environmental, social and governance practices that respect and safeguard the communities~~environment~~ in which Flying Disc sports are conducted. WFDF endorses responsible and sustainable decision-making across all operations, actively promoting sustainability awareness and engaging in meaningful consultation to support a more equitable and resilient future, guided by the UN Sustainable Development Goals.~~WFDF endorses responsible and sustainable environmental practices in the planning and staging of events, and promotes awareness and community consultation on event staging issues.~~
6. **Data Protection**: WFDF operates under the highest standards of general data protection and implements data protection policies ensuring that such standards are upheld.
7. **Fight against Doping**: WFDF strictly adheres to a no-tolerance Anti-Doping policy and is a signatory to the WADA World-Anti Doping Code in its current version. All WFDF Members accept the WFDF Anti-Doping Rules as the mandatory document in their fight against Doping and support WFDF in its actions against Doping.

The WFDF Board of Directors shall be entitled to review and to take appropriate final actions regarding non-adherence to these key guiding principles.

ARTICLE IX -– INDEMNIFICATION

Any person who shall at any time serve, or have served, as a D~~d~~irector, O~~o~~fficer, Commission or Committee member of WFDF, of any other enterprise at the request of WFDF, and the heirs, executors, and administrators of such person, shall be indemnified by WFDF against all costs and expenses reasonably incurred in the defense of, or paid in the settlement of, any claim, action, suit or proceeding, to the extent such indemnification is permitted by the Colorado Revised Nonprofit Corporation Act, as amended. WFDF may in its discretion, but shall not be required to, advance to any such person expenses reasonably incurred in connection with such claim, action, suit or proceeding, and may indemnify and advance expenses to an employee or agent of WFDF to the same extent as to an O~~o~~fficer or ~~d~~Director. The foregoing indemnification shall not be exclusive of any other rights to which those indemnified may be entitled to under any agreement, vote of Members, or otherwise.

ARTICLE X - FISCAL YEAR

The fiscal year of WFDF shall commence on January 1 of each year and end on December 31.

ARTICLE XI – COMMUNICATION WITH MEMBERS

WFDF shall maintain a website and emails which shall serve as the primary vehicle for the dissemination of information to the Members. The information shall be published to all Members as a benefit of membership in WFDF. WFDF shall be required to publish minutes of all meetings of the Board and the Congress, and shall be required to publish a financial report from the Treasurer not less than once annually, distributing the above to Members through such means as determined by the Board.

Each Member shall provide to WFDF an official contact address, including contact person, telephone number, full mailing address per international standards, and an electronic e-mail address, to be confirmed at least annually in the Census (and any time such information changes in the interim). Communications to such address shall be deemed to constitute due notice by WFDF to Members.

ARTICLE XII – BYLAWS AMENDMENTS AND DISSOLUTION OF THE CORPORATION

These Bylaws may be amended, repealed or altered in whole or in part by a by the affirmative vote of not less than two thirds (2/3) of the votes available to be cast at any duly held meeting of the Congress. Proposed amendments to the Bylaws may be submitted to the Board by any Member at any time at least seventy-five (75) calendar days prior to the Annual Meeting. A copy of all proposed amendments shall be forwarded to all Members not less than thirty (30) days prior to the date of such scheduled vote.

The Corporation may be dissolved by the affirmative vote of not less than three quarters (3/4) of the votes available to be cast at any duly held meeting of the Congress. If the corporation is dissolved, the assets shall be liquidated in an orderly fashion and distributed to a globally recognized charitable organization or organizations as designated by Congress.

ARTICLE XIII - DISPUTE RESOLUTION

The Board shall have the authority to establish policies~~, subject to approval of the Congress,~~ to adjudicate disputes among Members or between Members and itself. Such disputes may include, but shall not be limited to, disputes regarding eligibility for membership, eligibility for individual participants in activities or Sanctioned Events, rulings with regard to world records, rulings involving anti-doping violations, and rulings with regard to disciplinary issues concerning activities, tournaments or events sanctioned by WFDF. The Board~~, with the approval of the Congress,~~ shall establish conduct policies for the on-site adjudication of disputes at tournaments or other events sanctioned by WFDF and for the off-site decision-making procedures for dispute resolution. In addition, such policies shall provide for a fair and appropriate appeal process within WFDF through the WFDF Appeals Commission. No matter what the difference between the disputing parties, no case may be taken to a court of law and, as a condition of membership, WFDF shall require Members to renounce the right to take a dispute before a court of justice. WFDF will only recognize and accept the decisions of the Court of Arbitration for Sport (CAS) in Lausanne, ~~(~~Switzerland~~)~~ using the code of sports-related arbitration should the necessity of an appeal against a WFDF decision arise.

Ultimate Committee

Including the Subcommittees of Championships, Events, Game Advisors and Rules

Members

- Brian Gisel (CAN), Chairperson
- Will Deaver (USA), Deputy Chairperson
- Shiellah Quintos (CAN)
- Simon Hill (GBR)
- Nicole Bulos (DOM)
- Emily Wong (SGP)
- Reuben Berg (AUS)

Purpose and Scope

Responsible for overseeing play-related activities, including maintaining technical rules and the WFDF Championship Appendix, overseeing Sanctioned Events, and arbitrating play-related issues.

Key Activities, Actions and Achievements

- Updates to the WFDF Championship for 2026. Highlights of discussions and changes include:
    - Monitoring Masters+ events for size considerations. Following 150 Teams and 3000+ athletes at Nottingham for 2026 WMUCC, expectation will be to split Open, Women's and Mixed Masters from all Grand Masters and above divisions into 2 separate events in 2030.
    - Starting in 2027, WFDF is ending the "Hybrid" setup of Continental Events where both "National" and "Club" teams competed in each division. 2027 AOUCC and PAUCC will be Club Team events. In 2029 AOUC and PAUC will be National Team events.
    - Changes to Rules governing Forfeits at WFDF events:
        - A7.3.7 - Forfeits are reviewed by the Tournament Rules Group. If they are determined to be made for a significant competitive advantage further penalties against the forfeiting team may be assessed.
        - A7.3.8 - In Forfeited games, no Spirit of the Game Scores will be recorded.
    - Clarification that repeated instances of delaying the game during foul call discussions, initiating contact with other players or infringement on the 3 meter safety line are actions which may be reviewed by the TRG for future penalty.
- Review of and suggested changes to the "Ultimate" Committee Structure
    - Position the current Ultimate Committee "above" Subcommittees for Ultimate disciplines (Grass 7x7, Beach, Indoor, Wheelchair) and tasks (Championship, Rules, Game Advisors)
        - The "Ultimate Ultimate" Committee will be made up of the Elected Chair, Elected Vice Chair and the Chairs of the related Subcommittees.
        - This change will create new "Grass Ultimate", "Indoor Ultimate" and "Game Advisor" subcommittees.
        - The Event Committee will be discontinued in favour of each ultimate discipline subcommittee being responsible for event bid review for their disciplines.
- Approval of in-event announcements using the Teams WhatsApp channel of participant suspensions by the TRG. Format of "A player in the EXAMPLE Divisions has been suspended for # of games for VIOLATION" followed by a reminder to participants of the expected

behaviour related to this issue. This announcement is meant to remind participants that the TRG will set sanctions for breaching tournament rules or standards. This could be for on or off field behaviour. Player and Team names will not be used for these announcements.
- Splitting of “Grass Ultimate” and “Beach Ultimate” World Ranking of Ultimate standings.

Planned Activities and Actions

- Restructuring of the Ultimate Committee structure as outlined above. Connected to this change, WFDF will run a special election for the following positions:
    - Chair of the Game Advisor Subcommittee
    - Chair of the Grass Ultimate Subcommittee
    - Chair of the Indoor Ultimate Subcommittee
- Special Election will be held in the fall 2026
    - September 1 - Call for Nominations
    - October 12 - Nomination Deadline
    - October 17 - Verification of Nominations/Candidates
    - November 1 - Election Start
    - December 1 - Election Close
- Updates of the Championship Appendix for 2027 Events
- Review and Update of the WFDF Forfeit Policy and Process for Events
- Division of the Championship Appendix into “General” and "Discipline" sections.

Game Advisor Working Group

The WFDF Game Advisor program continues to grow and develop. Game Advisors were part of most WFDF Ultimate Events to ensure that Ultimate and Spirit of the Game are upheld and showcased in the best way possible. WFDF Events are used as a way to get high level experience for GAs from across the globe, and to continue our push for regional and gender representation within the GA program.

The Game Advisor Manual continues to be updated to reflect learnings of the GA program, and progress the aim of consistency across GAs globally. The WFDF Academy is also being utilised as a tool to support GA Training, and complements the in-person GA Training sessions run across Europe, Asia and South America.

After more than 10 years of the WFDF Game Advisor program, the administration of the program is looking to be formalized with the establishment of a Game Advisor Subcommittee reporting to the WFDF Ultimate Committee.

Championship Subcommittee

Members

- Simon Hill (GBR), Chairperson
- Aishwarya Jayaprakash (IND)
- Andrew Portwine (CAN)
- Felix Nemec (AUT)

Key Activities, Actions and Achievements

- Supporting 2026 events with starting-bid allocation and waitlist; schedule; seedings; draw. The two club events were particularly challenging due to their size.
- We have been trying to automate / make these processes more systematic - some progress but still very much work in progress.

- Improving internal documentation on standard choices when determining preferred format/schedules - e.g. the target number of games for each division

Planned Actions and Activities

- Improve data management and automation
- Provide input to reviewing / improving bid allocation and seeding procedures
- Recruit more people to the subcommittee

Beach Ultimate Committee

Members

- Brian Gisel (CAN), Acting Chair
- Paul Bernier (ITA)
- Karen Cabrera (PHI)
- Will Christopherson (AUS)
- Corrine Doff (GBR)
- Peter Gitau (KEN)
- Alex Matovu (UGA)
- David Raflo (USA)

Purpose and Scope

Responsible for overseeing play-related activities, including maintaining technical rules and updates to the Beach Ultimate Appendix, overseeing Sanctioned Events and arbitrating play-related issues.

Key Activities, Actions and Achievements

- Updates to the Beach Ultimate Championship Appendix.
- Splitting of “Grass Ultimate” and “Beach Ultimate” World Ranking of Ultimate standings.

Planned Activities and Actions

- Appoint new Chairperson
- Updates of the Beach Ultimate Appendix for 2027 events.
- Review Bids for 2029 World Beach Ultimate Championships
- Review Beach Event Calendar and Bids for 2028 Continental Beach Championships (European, Pan-America & Asia-Oceanic)

Note: The Beach Ultimate Committee misses, remembers and honors the significant contributions of former Chair **Shiellah Quintos (CAN)**. Her dedication helped shape the development of Beach Ultimate within WFDF. Following her passing, **Brian Gisel (CAN)** is serving as Acting Chair until a new Chair is appointed.

Disc Golf Committee

Members

- Craig Sheather (CAN), Chairperson
- Laura Heikkila (FIN)
- Simon Feasey (NZL)
- Leonard Muise (USA)
- Luisa Bartolome (PHI)
- Maria Buitrago (COL)
- Aaronn Herman (USA)
- Sue Summers (AUS)

Purpose and Scope

The WFDF Disc Golf Committee supports the global development and promotion of disc golf within WFDF. Its scope includes discipline-specific advice to WFDF leadership, support for international competition, inclusive participation, event development, and stronger connections among national federations, athletes, organisers, and partners.

From June 2025 to June 2026, the Committee advanced disc golf through world-level competition, education, development pathways, and coordination with WFDF structures and member federations.

Key Activities, Actions and Achievements

Key Activities

- World Games: Disc golf returned to The World Games with 16 countries represented by 32 athletes.
- International development: Supported growth through engagement with member national federations and continental members, emerging disc golf communities, and continental structures.
- Education and skills development: Supported WFDF Academy learning opportunities, including collaboration with Pulsea Disc Golf Academy.
- Future event planning: Contributed to preparation for 2026 World Team Disc Golf Championships, 2027 Continental events, and the Disc Golf Global Forum.

Actions

- Maintained communication with WFDF leadership and staff on disc golf priorities, committee matters, and discipline-specific governance needs.
- Reviewed ways to increase international participation, especially for countries with developing disc golf programs.
- Supported coordination on event standards, team competition formats, mixed-gender participation, and disc golf's place within WFDF's sport portfolio.
- Encouraged education, coaching, and athlete development initiatives for new and developing communities.

Achievements

- Maintained disc golf's visible position within WFDF's global sport programme.
- Supported a successful 2025 The World Games.
- Reengaged the PDGA in formal partnership activities.
- Supported continued development of mixed-gender and masters team formats, reinforcing inclusive competition structures.
- Expanded education and development activity through WFDF Academy opportunities.

Planned Activities and Actions

- Committee operations: Confirm membership, clarify roles, and maintain regular communication with WFDF leadership.
- 2026 championship preparation: Support planning, technical guidance, and federation engagement for the WFDF World Team Disc Golf Championships.
- Federation development: Identify countries needing support and provide guidance on disc golf governance, competition formats, and participation pathways.
- Education resources: Promote accessible learning tools for athletes, coaches, organisers, and national federations.
- PDGA Partnership: Continue to grow the shared ground opportunities between WFDF and the PDGA. Both parties are working towards a formal MOU.
- Standards and communication: Review event expectations and provide periodic updates on committee activity, opportunities, and development progress.

Freestyle Committee

Members

- Maria Fernanda Meza Bonilla (COL), Chairperson
- Paul Kenny (USA), Deputy Chair
- Francesco Santolin (ITA), Member/Marketing director
- Jakub Koštel (CZE), Member/Membership director
- Bethany Sanchez (USA), Member/Treasurer
- Toby Künzel (GER), Member/Education director
- Tymek Wrotek (POL), Member/Competition director
- Charlene Powell (USA), Member/Anti-Discrimination director
- Andre Zaharia (GER), Member/IT director
- Daniel O'Neill (USA), Member/WFDF liaison
- Kevin 'Skippy' Givens (USA), Member/Historian

Purpose and Scope

Responsible for overseeing play-related activities, including maintaining technical rules, overseeing Sanctioned Events and arbitrating play-related issues.

Key Activities, Actions and Achievements

- Supported collaboration efforts between FPA and WFDF for organizing the 2026 World Freestyle Championships in Germany.
- Conducted Freestyle workshops at Vermont School to recruit new players, with a special focus on youth participation in different countries supported by FPA and Vuelo Colectivo in Colombia and Venezuela.
- Donated discs from FPA and WFDF to new players to encourage continued participation and retention within the sport.
- Delivered freestyle Workshops and demonstrations at Ultimate tournaments in the United States, introducing the discipline to new audiences by the FPA.
- Organized and implemented "Freestyle al parque" initiative, engaging park visitors and spectators in introductory freestyle activities.
- Established collaboration with the Colombian Federation to develop marketing and promotion strategies aimed at expanding participation in the sport.
- Supported the organization and judging operations of the "Juntos es Mejor" tournament in Medellín, Colombia.
- Developed partnerships with Antioquia Departmental League to provide workshops and educational activities for Ultimate Frisbee players.
- Proposed the first National Freestyle championship in Colombia for 2026.
- Successfully submitted and obtained approval for Colombia to host the Freestyle World Championship in 2027.

Planned Activities and Actions

- Expand the strategies in different places of Colombia and in other countries.
- Increase the numbers of school outreach programs and youth recruitment workshops.
- Strengthen collaboration with FecoDv and WFDF in marketing communication program.
- Support the planning, the promotion, and operational preparation for the 2027 Freestyle World Championship in Colombia.
- Develop digital content, social media campaigns, and promotional materials to increase

visibility and attract new participants.

- Develop and launch an online educational platform for Freestyle providing instructional videos and resources for players of all levels.
- Strengthen collaboration with FPA through the creation of additional digital content, educational resources and promotional campaigns.
- Formalize and expand partnership between FPA, WFDF and national federations to enhance freestyle educational platforms and increase global access to learning material.
- Support the planning, promotion and international participation efforts leading up to the 2028 Freestyle World Championship in Prague, Czech Republic.
- Encourage and facilitate participation of Colombian and Latin American athletes at the 2028 World Championships.

Guts Committee

Prepared by Steve Taylor (USA), Chairperson

2027 Tournament Planning

The Guts Committee met Sunday, July 5, 2026, and discussed the two international tournaments that will take place in 2027.

The Asian Flying Disc Federation will hold a combined Guts / Dodge Disc January 29 – 31, 2027 in Bangkok Thailand. The tournament committee will have details and a formal announcement at the end of this month.

I am involved in the planning of this event, and the Dodge Disc folks are as interested in joining these two disciplines as we are. The Dodge Disc tournament will be a national championship format, and Guts will be a Club Championship event. The USA can participate in the Guts event. There will be opportunities to explore each discipline.

We expect to attract a Guts team from Hong Kong. I expect that the US will attend this event. I will have a clearer picture of both tournaments in the next couple of days as we are at a tournament starting this Friday.

WFDF AOUGCC is of course planned for the end of July 2027. It appears that both Chinese Taipei and Japan prefer this event because of the short notice of the Bangkok event. I believe the US can send a team to this tournament, but it is at about the worst possible time for us. Thailand has said they believe they can attend also, but probably one team. We have some contacts in Malaysia and would expect we can help them organize a team.

Korean Guts is disconnected from the WFDF their Federation so we are going to see if we can swing them towards the AFDF event to lower any hurdle with the added benefit of a lower cost. The same for the Philippines as they are just starting to play, and we would accept even a player or two of theirs to get them the experience they need to boost their efforts back home.

Overall Committee

Members

- Robert McLeod (CAN), Chairperson
- Anneli André (SWE)
- Sam Kaye (USA)
- Michael Hu (TPE)
- Ebrahim Dortaj (IRI)
- Tomas Burvall (SWE)
- Yarden Borkow (ISR)
- Peter Henriksson (SWE)
- Conrad Damon (USA)

Purpose and Scope

The Overall Committee is responsible for overseeing play-related activities for Overall Flying Disc, including competition formats, sanctioned events, play-related issues, promotion of Overall disciplines, and the maintenance and development of world records and standards where relevant. This aligns with the WFDF Bylaws, which state that each Disc Sport Committee oversees play-related activities for its sport, including rules, sanctioned events, tournament formats, play-related matters, and world records.

Key Activities, Actions and Achievements

- **WOFDC 2025:** Supported the 2025 World Overall Flying Disc Championships in Ängelholm, Sweden, held August 10–15, with roughly 130 players from 13 countries.
- **Youth participation:** Welcomed a junior team from China, whose participation added strong energy to the event and helped build connections with junior players from Sweden and other countries.
- **Event sponsorship and innovation:** Worked with Supersonic Discs as an event sponsor and began discussing a possible "Supersonic Overall" format using a small set of discs to make Overall more accessible.
- **WOFDC 2027 planning:** Began host discussions with several countries, including Sweden, Germany, Italy, Finland, Chinese Taipei, and Japan. Japan/JFDA has since stepped forward as the likely host, and the Tournament Director manual has been shared with them.
- **Disciplines Video Project:** Completed all 10 discipline videos and sent them for posting and future sharing. These videos will help explain and promote the disciplines to new players, organizers, and Member associations.
- **Committee expansion:** Added Yarden Borkow from Israel and Ebrahim Dortaj from Iran, strengthening committee representation and adding members with experience in youth development, school programming, national events, and Overall growth.
- **Continental development:** Explored the creation of Pan American Overall Flying Disc Championships and discussed adding Overall representation within PAFDF and other continental federations.
- **Accessible event formats:** Shifted planning toward smaller 3- or 5-event competitions over 1–3 days, without DDC or Freestyle, to make events easier for new players and local organizers.
- **Asia-Oceania development:** Continued supporting Michael Hu's work toward an Asia Oceanic Overall Flying Disc Championships, with interest from players in China, Japan, and Chinese Taipei.
- **Records and competition:** At the 49th Annual Virginia State Frisbee Tournament, three WFDF world records were tied or broken: O70 Open Accuracy, O70 Women's Distance, and O70 Women's MTA.

- **Strategic alignment:** These activities support WFDF priorities around growing participation, increasing visibility, strengthening international and continental pathways, supporting youth engagement, and promoting the broader frisbee lifestyle.

Planned Activities and Actions

- Continue supporting Japan/JFDA in preparation for WOFDC 2027.
- Provide event resources, technical guidance, and planning support to future Overall hosts.
- Work toward continental Overall pathways, including a possible PAOFDC in 2028.
- Encourage other continental federations to explore Overall representation and event development.
- Support smaller local and national Overall events using accessible 3- or 5-event formats.
- Publish and share the Disciplines Video Project through WFDF platforms, discipline pages, and Member associations.
- Continue supporting Asia-Oceania Overall development, including discussion around WFDF sanctioning or endorsement of AOOFDC.
- Maintain and promote WFDF Overall world records.
- Support more single-discipline record opportunities, including Distance, Accuracy, MTA, and other field events.
- Improve committee engagement by involving members in continental development, event planning, athlete outreach, and communication with local organizers.

Sport for All Commission

Members

- Dan Roddick (USA), Chairperson
- Rob McLeod (CAN), Deputy Chair
- Jim Elsner (USA)
- Calvin Cheng (HKG)
- Catherine Fidd (USA)

Purpose and Scope

Responsible for advising on issues regarding Sport for All and unrepresented disciplines and coordinating efforts to increase the sport's impact for different groups. Its duties include developing initiatives and advocating for Sport for All within Flying Disc sports.

Key Activities, Actions and Achievements

- **Flying disc taxonomy:** Developed a simple taxonomy to organize flying disc disciplines using Teaching Games for Understanding categories, helping clarify the relationships and differences between disciplines.
- **Participation indicators:** Created three indicators — Reach, Demand, and Access — to describe participation in a more consistent and transparent way across different flying disc contexts.
- **Strategic clarity:** Used the taxonomy to help WFDF better explain the breadth of flying disc sport to external audiences, including schools, communities, partners, sponsors, and sport organizations.
- **Sport-for-all positioning:** Framed the taxonomy as a way to align emerging disciplines within WFDF's broader structure and present a more coherent picture of WFDF activities.
- **Education and development support:** Identified the taxonomy as a foundation for future resource development, coach and teacher education, and introductory flying disc programming.
- **Grassroots focus:** Emphasized that long-term participation is built locally through teachers, coaches, organizers, clubs, schools, and community leaders.
- **Local delivery:** Reinforced that WFDF resources and National Federation support must connect to local communities that can introduce, teach, and sustain participation.
- **Major event impact:** Recognized that major events, such as the World DodgeDisc Championships, can increase visibility, generate excitement, and introduce new audiences to flying disc.
- **Visibility to participation:** Highlighted the need to convert event visibility into accessible programming, teaching resources, and local participation opportunities.
- **Executive/Board engagement:** Proposed sharing the taxonomy and participation framework with the Executive Committee or Board at an appropriate time.

Planned Activities and Actions

- Present the flying disc taxonomy and participation indicators to the WFDF Executive Committee or Board.
- Continue refining the taxonomy so it can support WFDF communication, development, and education efforts.
- Use Reach, Demand, and Access as simple indicators to describe participation across different disciplines and contexts.
- Explore how the framework can support visibility, sponsorship positioning, Olympic engagement, and emerging discipline development.

- Support future coach, teacher, and grassroots resource development using the taxonomy as a foundation.
- Help National Federations connect WFDF resources to local clubs, schools, coaches, teachers, and community leaders.
- Identify ways major events can lead to stronger participation pathways before, during, and after the event.
- Encourage local programming that creates positive first experiences for new participants.
- Continue aligning Sport for All work with WFDF's broader goals around access, participation, visibility, inclusion, and long-term growth.
- Build stronger links between global WFDF strategy and practical grassroots delivery.

APPENDIX

Information Technology Report

Submitted by: Luke Tobiasiewicz - IT Administrator

Purpose and Scope

The Information Technology (IT) department oversees the technological infrastructure, platform administration, and digital support services for WFDF. Covering the period from June 2025 to July 2026, the scope of IT operations included managing website hosting and security, supporting the WFDF staff, members & users via the IT helpdesk, migrating users to the WFDF Academy, restructuring internal Google Workspace environments, and supporting the technological needs of WFDF championship events

Key Activities, Actions and Achievements

- **WFDF Academy & Rules Accreditation Migration:** Assisted in migrating approximately 56,000 users to the new Moodle-based WFDF Academy. We have tested and are implementing an API endpoint to allow for automated validation of accreditation certificates. This will greatly assist external partners and National Federations including WFDF and other events to validate a participants accreditation status.
- **Website Taskforce & Revamp:** worked as part of the Website Taskforce to address broken links, outdated content, and mobile optimization. The taskforce proposed and has just launched a new website design. It is retaining a lot of the old site structure in the background for governance, but has a new, simplified public-facing layer optimised for fans, events, and commercial partners.
- **Internal Infrastructure & Security:** Helped to reorganise the Google Workspace environment, consolidating 33 Shared Drives down to 12 to improve data governance and simplify access management as well as standardising the internal and external mail groups to improve communication.
- **Event IT Support:** Provided comprehensive backend support, email routing, and web hosting administration for major upcoming events, including WBUC 2025, WMUCC 2026, WJUC 2026 and WUCC 2026 .
- **Emerging Technologies:** We facilitated the testing of third-party technological integrations, such as partnering with ThirdEye AI to test automated computer vision performance analytics at WBUC.
- **System Maintenance & Monitoring:** Actively managed server health and performance, mitigating resource exhaustion issues that caused load spikes on Cloudways, and overseeing routine security updates and maintenance on our older Hetzner hosting.

Key Metrics and Results (Optional)

An analysis of the IT Helpdesk ticket logs spanning July 2025 to July 2026 reveals the following trends:

- The rules accreditation system generated a large volume of routine support requests dedicated to basic account access, with a small minority of users frequently submitting tickets for forgotten passwords, locked accounts, and difficulties logging in. These users also consistently reported errors when attempting to load, download, or print their accreditation certificates.A number of tickets required manual intervention for profile updates, such as name and email changes
- Infrastructure uptime and maintenance alerts were actively tracked through the ticketing system, logging numerous automated Hetzner and StatusCake alerts to ensure any server downtime was minimal and immediately addressed

This precipitated a migration of the Rules Accreditation System to the WFDF Academy, a process that is still ongoing.

Planned Activities and Actions

- **Federation Management System Integration:** Evaluate and implement a comprehensive sports management platform. We are currently analyzing solutions from numerous companies such as Sport:80 and GameDay to serve as a centralized hub for managing staff, game advisors, volunteers (Rosterfy), member federations, and event registrations, ultimately aiming to integrate seamlessly with live scoring systems. Providing a centralised database for all our stakeholders is key to improving operational efficiency and providing a platform on which we can build future workflows, as well as query for key data that can be used across the board.
- **Complete Website Redesign** Following the launch of the new public-facing website there is a lot of snagging and optimisation to be completed. Following this and further development we plan to create event microsite templates to assist with delivering events in a more cohesive manner.
- **Enhanced API & Data Standards:** Continue advancing the Ultimate Open Data Alliance (UODA) standards and launch the Rules Accreditation API as well as expanding it to encompass other WFDF Academy courses.
- **Cybersecurity:** To improve our cybersecurity posture we plan to enforce Multi-Factor Authentication (MFA) across accounts and have begun drafting a mandatory Digital Security Mini-Course for staff and commission members
- **AI Tools:** We plan to expand the use of AI tools across the organization, such as deploying AI note-takers for all meetings and utilizing NotebookLM or similar tool to instantly query governance documents and historical archives

Athletes’ Entourage Commission

Members

- No active Members

Purpose and Scope

Responsible for advising the Board on entourage-related questions to ensure the entourage serves the athletes' best interests. Its duties involve monitoring and developing guidelines and resources while promoting relevant WFDF Rules, Policies and Procedures.

Key Activities, Actions and Achievements

- Management Staff has supported drafting clear Terms of Reference.

Planned Activities and Actions

- Reestablish the Commission.

Ethics Commission

Members

- Ana Paula Provenza (BEL-BRA), Chairperson
- Holger Preuss (GER)
- Robert "Nob" Rauch (USA)
- Martin Schnitzer (ITA)
- Benoît Séguin (CAN)

Purpose and Scope

Responsible for advising the Board on sports ethics. Its duties involve monitoring, developing, and ensuring the presence of ethical principles within WFDF governance structures.

Key Activities, Actions and Achievements

- **Promote Ethical Standards:** Uphold and foster integrity, fairness, respect, inclusion, and good governance across all WFDF activities.
- **Review and Address Ethics Matters:** Assess ethical concerns, conflicts of interest, and complaints in accordance with the WFDF Code of Ethics and established procedures.
- **Promote Ethics and Good Governance:** Lead initiatives that strengthen ethical standards, integrity, transparency, and accountability throughout the World Flying Disc Federation.

Planned Activities and Actions

- **Continuous Policy Monitoring:** Continue to review, monitor, and develop the WFDF Code of Ethics to ensure it aligns with the evolving legal and ethical standards of the international sports community, the IOC and the IPC.
- **Advisory Support on Governance Operations:** Provide ongoing counsel to the Board of Directors and the Conduct Committee regarding newly surfacing ethical complaints, conflicts of this interest, and member federation compliance issues.
- **Oversee Ethics Compliance and Case Review**. Guide the review of ethics matters, conflicts of interest, and disciplinary issues, ensuring fair, impartial, and independent decision-making in accordance with WFDF regulations
- **Advance Ethics Education and International Collaboration** Support the development of ethics policies, educational initiatives, and collaboration with international sports organizations to foster a culture of integrity and respect across the global flying disc community.

Para Sport Commission

Members

- Dillon Richardson (CAN), Chairperson
- Berenice Naiva (MEX)
- Alessandro Somaini (ITA)
- Lourdes Osores (PER)

Purpose and Scope

Responsible for advising the Board on Para Sport issues, this commission's duties include coordinating global efforts to increase participation among athletes with impairments. It handles developing initiatives and advocating for Para Sport across all continents.

Key Activities, Actions and Achievements

Competitions and Events

- **2025 WWUC:** Successfully hosted the 2025 World Wheelchair Ultimate Championship in Druskininkai, Lithuania, from September 18 to 21, bringing together 5 teams.

Governance, Rules and Classification

- **IPC Compliance:** Submitted the Para Sport Classification Code Compliance and Implementation Self-Assessment Survey to the International Paralympic Committee to safeguard WFDF's recognized status and advance the disciplines.
- **Rules and Regulations:** Developed and published the initial Classification Rules and Regulations, alongside updated Technical Rules and Regulations, following consultation and feedback from the Para Sport community.
- **Para Disc Golf Advancement:** Made significant progress in the conceptualization and development of the Para Disc Golf Classification System and Technical Rules.
- **Commission Membership:** Reconstituted the Commission's membership to ensure active global representation and engagement, appointing Berenice Naiva as the Head of Classification.

Strategic Partnerships

- **World Abilitysport:** Engaged with World Abilitysport, regarding the inclusion of Para Sport disciplines in future multi-sport events.
- **Special Olympics International:** Advanced relations with Special Olympics International, progressing the development of both Disc Golf and Ultimate specifically adapted for athletes with intellectual impairments.
- **International Paralympic Committee:** Actively maintained communications and the relationship with the International Paralympic Committee as a Recognized Federation, participating in various meetings, webinars and engagement opportunities.
    - Applied for Classification Research Grant in collaboration with NF ITA and research institution.

Planned Activities and Actions

- **2027 WWUC:** Initiate the planning and preparations for the hosting of the 2027 World Wheelchair Ultimate Championships.
- **Classification Rollout:** Finalize and fully implement the Classification Systems to standardize international competitions.
- **Special Olympics Activation:** Continue to develop and formally launch joint initiatives with Special Olympics International to drive grassroots growth for athletes with intellectual impairments.

School, University and Youth Commission

- Surbhi Kuhwelkar (IND)
- Vanessa Rincones (MEX)
- Ali Nasser Ssenfuma (UGA) *Provisional*
- Andy Wambua (KEN) *Provisional*
- Brian Kaswa (UGA) *Provisional*
- Davide Morri (ITA) *Provisional*
- Maria Al Homsi (RWA) *Provisional*
- Noam Lasker (ISR) *Provisional*
- Patrick Milky (LBN) *Provisional*
- Pulkit Singla (IND) *Provisional*
- Sam Gunbie (KSA) *Provisional*

Members contribute through three standing subcommittees: University Sports, School Sports, and Youth Development.

Purpose and Scope

Our overall purpose is to coordinate global efforts to increase young people's participation in Flying Disc sports. We do so by:

- Advising the Board on university, school, and youth sport issues;
- Developing initiatives to promote and strengthen disc sports for young people on all continents; and
- Delivering advocacy on youth questions.

To make this mandate actionable, the Commission organizes its work around three pillars. University Sports and School Sports focus on competition structures, pathways, as well as coach and player development; while Youth Development focuses on curricula, teacher and coach training, and skills development. This structure keeps the Commission focused on tangible projects and programs, and makes performance easier to measure through clear KPIs.

Key Activities, Actions and Achievements

1. **Reactivated the Commission.** Recruited a geographically diverse global membership and held the first full Commission meeting on 15 April 2026, reorienting the Commission's emphasis to be more broad reaching across the three pillars.
2. **Established a three-pillar operating structure.** Created University, School, and Youth Development subcommittees, assigning members to the area (or two) where each can contribute most; and set a meeting cadence (full Commission three times per year; subcommittees as needed three to six times per year). All three subcommittees convened in late June 2026 to scope 2026–2027 projects, assign lead-up and research projects, and nominate subcommittee chairs.
3. **Launched a global activity inventory.** Built a Google Form and a live data dashboard to map university, school, and youth programs worldwide, as well as identify gaps; all so that we may better prioritize and develop projects. Began collecting baseline submissions across multiple member federations, with wider distribution planned.
4. **Began building shared resources.** Started compiling national curricula and teacher-training materials (led by Australia, Canada, and USA) and conceptualized a multi-tiered WFDF Coaching Certification System.

Planned Activities and Actions (2026–2027)

University Sports

- Develop a more in-depth WFDF coaching certification program, preceded by a SWOT analysis on current WFDF resources and a youth-to-university skill and strategy progression map.
- Research FISU and ISSF opportunities (including a clearer understanding on WFDF's engagement to date) and create a 3-8 year plan to include Disc Golf, Ultimate, and other Flying Disc disciplines.
- Explore the installation of more disc golf courses on campuses worldwide through resource creation and grant research.

School Sports

- Standardize safeguarding including: background checks, concussion protocols, misconduct and abuse training, and first-aid training.
- Create an in-school/after-school program template for organizers, and launch a girls' participation initiative combining mixed Physical Education curricula (in-classroom) with girls-only after-school programs.
- Create and pilot an SEL curriculum which focuses on youth-wellbeing, mental health, and crime-prevention (a collaboration with the Youth Development subcommittee)
- Create templates for intra-school competition that feature gender-inclusive formats (e.g., Bologna's 6v6 model).

Youth Development

- Develop a simple long-term player-development (LTAD) framework with clear age and program definitions.
- Create a self-assessment rubric; and explore a gamified global skills challenge with leaderboards (modeled on the USA Ultimate Skills Challenge).

Cross-cutting

- Complete and widen distribution of the global youth inventory through WFDF staff.
- Develop and embed pre- and post-program assessments in all programs to support grants and partnerships through data-driven analysis.
- Consolidate and prioritize project proposals in the Commission project tracker.
- Prioritize disc donations and grants; engage manufacturers on disc cost and accessibility.
- Refer player visa and travel barriers to the Sustainability Commission.
- Finalize the three subcommittee chairs.

Sport Development Commission

Members

- Dillon Richardson (CAN), Chairperson
- Steve Baker (AUS)
- Ping Bautista (PHI)
- Conslate Koyo (KEN)
- Ulrike Lehmann (GER-SUI)
- Langa Nindie (ZIM)
- David Raflo (USA)
- Vanessa Rincones (MEX-VEN)
- Gabriele Saini (ITA)

Purpose and Scope

Responsible for advising the Board on development issues, this commission's duties include coordinating efforts to increase global participation and promoting the sport on all continents. It handles advocating for grassroots development and ensuring Continental Associations are represented in these matters.

Key Activities, Actions and Achievements

- **Commission Reconstitution:** Reconstituted the Commission membership following a public call for volunteers, ensuring a representation of regional expertise and diverse perspectives.
- **Impact Program Evaluation:** Established evaluation system and process to more objectively score applications. Successfully supported the evaluation of Impact Program applications (+164% increase in the number of applications from 2025 to 2026), ensuring funds were directed toward high-impact, sustainable projects.
- **Project Feedback and Monitoring:** Actively provided guidance and feedback to selected projects, helping to refine their scope and ensure alignment with WFDF's strategic goals.

Planned Activities and Actions

- **Impact Program Optimization:** Continue to lead the evaluation of submitted Impact Program applications, further streamlining the process.
- **Project Mentorship:** Provide ongoing strategic feedback and mentorship to selected projects, ensuring they meet their milestones and deliver measurable impact.
- **Continental Strengthening:** Enhance coordination with Continental Associations to better address regional development needs and improve the pipeline for applications.
- **Additional Engagement:** Create additional opportunities for engagement beyond the Impact Program.

Sustainability and Legacy Commission

Members

- Dillon Richardson (CAN), Interim Chairperson
- Catherine Alungwa (KEN)
- Lubomir Botev (BUL)
- Rolando Gaspar Jr. (PHI)
- Stefan Ignjatović (SRB)
- Aishwarya Jayaprakash (IND)
- Brian Kaswa (UGA)
- Patrick Milky (LBN)
- Davide Morri (ITA)
- Donia Nasr (EGY)
- Gervon Williams (USA)

Purpose and Scope

Responsible for advising the Board and coordinating efforts to increase global awareness of sustainability and legacy within the sport. Its duties involve developing ideas and initiatives to promote these values across all continents.

Key Activities, Actions and Achievements

Governance and Strategic Planning

- **Commission Reconstitution:** Successfully reconstituted the Commission, ensuring global membership, diverse expertise and active engagement.
- **Strategy and Action Plan:** Finalized the publication of a Sustainability Strategy and Action Plan, providing a clear roadmap.

Education

- **UN Course Integration:** Successfully integrated the United Nations' self-study courses into WFDF Academy, specifically the "Introduction to Sports for Climate Action Mini-Course" and the "Sports for Climate Action Mini-Course" to educate the community.

Strategic Partnerships and Advocacy

- **Sport for Nature:** Deepened our engagement as an active member of Sport for Nature, attending the Annual Meeting and participating in ongoing consultations.
- **Best Practice Webinar:** WFDF was featured as a "best practice" during a Sport for Nature webinar in December 2025, highlighting the environmental sustainability efforts executed by the Local Organizing Committee at the Pan American Ultimate Championships.
- **Case Study Publication:** Following the webinar feature, the Commission coordinated the publication of a written case study with Sport for Nature.
- **Ongoing Commitments:** Maintained active engagement with external sustainability relationships, fulfilling ongoing reporting, meeting and advocacy requirements.

Planned Activities and Actions

- **Strategy Implementation:** Support the advancement of the Sustainability Strategy and Action Plan.
- **Continued Advocacy and Case Studies:** Maintain active collaborations and identify new sustainability success stories to capture and publish as future case studies.
